Christie Indian Residential School

Kakawis, B. C.

(WEST COAST VANCOUVER ISLAND)

SCHOOLS BRANCH APR 24 1934

DEPT. OF INDIAN AFFAIRS APR 23 1934 RECORDS

April 15, 1934.

The Secretary,
Department of Indian Affairs,
Ottawa.

Dear Sir:

Replying to your letter of the 28th ultimo, file number 159-0-11, I am submitting the following report on vocational training at Christie School as there-in requested:

(a) Instruction: (1) Instructor in the mechanics of gasoline engine: Mr. Don Stevens, age 25; five years with the electrical contractors Hawkins & Hayward, Ltd., of Victoria, B. C., two years with the boat-builder and marine engine expert, R. F. Stephens of the same city.
(2) Instructor in Manual Training: August Berlage, age 27; served his full time as an apprentice in Germany;
(3) Assistant to above: August Olthoff, age 35; holds several certificates and diplomas of courses taken in Germany.

(b) Industries: (1) Industries taught: mechanics of gasoline engine & manual training;
(2) Number of pupils in these classes: 13;
(3) Number of hours weekly each pupil engaged: about an average of 10 hours, explanation of which is contained in information requested as to how the school is carrying out instructions of March 18, 1931.

(c) General Remarks: Our experience has been that the average pupil is very much interested, realizes the advantage such instruction means to him, and is eager to reap profit from his opportunity. I am convinced that results obtained justify the expenditure that is being made, and I could not help but look upon it as being most unfortunate as far as the Indians of this portion of the West Coast are concerned, should the Department decide to discontinue the course. A relative proficiency in the use of carpenter tools and a working knowledge of the mechanics of the gasoline engine is as indispensable to the male Indian, and, therefore, as necessarily a part of his education, as a knowledge of cooking, house-keeping and sewing are to the Indian women. To teach him to farm would be wasted effort, farming being out of the question for him because of the nature of the terrain and the climate. Even so much as keeping a milk-cow is quite impossible because of his prolonged absence from the village in which he lives the greater part of the time to secure his staple article of food in the inlets where fish abound. But his dwelling must be erected, and repairs to it and to his trolling-launch upon which he must depend to a great extent for his livelihood must be made by himself. The care of, and very frequently the repairs to, the engine in his launch, are details he himself must, because of his poverty, take care of.

For the explanation to "(b)", and a reply to your inquiry as to the carrying out of the instructions contained in the circular letter of March 18, 1931, permit me to submit the following:

Certain conditions at Christie School were so deplorable, and the need for their correction so imperative, that something simply had to be done about them, and done immediately. During the summer of 1932, on a visit to Ottawa, I presented the state of affairs to the late Mr. Ferrier with a view to obtaining assistance from the Department. I was made to realize the financial crises existing precluded for some years hope of assistance in any form. Taking counsel with myself on returning to the school, I decidéd that the only course left for me to pursue was to strive for a solution of my problems by directing to the task every available bit of energy on the premises, and by economizing to the bone in every department so that funds for materials might not be lacking. I had recourse principally to the teachers of the industries, and gave them instructions to proceed co-operatively in the work to be done with not only the members of their classes, but with all the boys available during the half day period set aside for other than class activities; but so arranging the work that as much compensation as circumstances permitted might be made to the former for the work that would have been done in the training classes. That an idea may be gained as to what form that compensation took, and to what extent, consequently, the plan can merit your approval, a detailed list of the work accomplished follows:

(1) Buildings erected: sheep-shed, bakery and engine house, seating stand and dressing rooms at football field, excavation and concrete floor and walls for coal storage;

(2) Machinery, etc., installed: bake-oven, dough-mixer, gasoline engine;

(3) Repairs made: to roof, floors, steps and stairs; parts of water main replaced and others mended; freight launch caulked, overhauled and painted; engine over-hauled, freight boat overhauled, caulked and painted;

(4) Improvements made: faulty electric light wiring throughout entire building removed (the fire hazard was appalling) and replaced with a system that leads via porcelain tubes and loom through joists between ceilings and floors and within walls and all wire joints welded; remodelling of building: boys' bath room and rain-apparel room, bread-store room, girls' cloak and shoe room, boys' clothing room, boys' class room, chicken house; fire alarm installed; entire incline at front of building cleared of stumps and underbrush (necessary to locate certain sewer outlets); entire drainage system of surrounding grounds inspected and mended; (necessary as basement and boys' wash room continually being flooded); concrete floor laid in front of kitchen; all board walks on premises replaced and added to; tubs and clothes racks in laundry and necessary piping installed; painting: entire exterior of all buildings given a first coat (work interrupted by rain season) and large part of interior (work still in progress); football and play-ground filled in with dirt, evened off, seeded with grass, and draining ditches dug (heavy work previously performed by paid help); board walk at field, drinking fountain, mens' and women's toilets, fencing made from cedar logs and fence therefrom round football field constructed; bread-proofer and accompanying heating system made and installed; fences constructed: around sheep enclosure, chicken run, garden.

Indian Affairs. (RG 10, Volume 6441, file 879-11, part 1)
PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES
POOR COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

(5) Cabinets, tables, etc., constructed: Girls' dormitory: 86 feet of lockers, towel racks; boys' dormitory: 16 feet of lockers; private rooms: 5 clothes lockers; sewing room: 2 lockers and large table with drawers; girls' dining room: cabinet for dishes and utensils, combination sink and cabinet, 7 tables; kitchen: elaborate 5'3" x 8'2" combination table and cabinet, sinks remodelled; bakery: 8'7" x 7'7" combination cabinet and table, dough trough, store room; Sisters' community room: community table with drawers; boys' dinning room: 3 tables, ten benches, combination cabinet and sink.

In the same manner I propose to do the following: (1) replace hot water boiler in laundry with steam boiler (necessary because with present arrangement impossible to dry clothes); remodel and re-adapt clothes drier; (3) excavate space for a boys' toilet, construct same of concrete and install a range of 6 toilets; (4) lay three to four hundred feet of sewer pipe of a diameter large enough to take all sewerage and drain conduits (now finding outlet at several places); (5) repair slip and track, construct freight house at the terminal on beach and house for hoist at upper end; (6) repair workmen's house; (7) wrap all main pipes of heating system with asbestos insulation; (8) replace floors of large part of main building; (9) cover with sufficient earth large portions of exposed main water line to provide necessary protection. This we wish to accomplish before the termination of this school year, and our hopes are that routine training classes can be resumed at the opening of school after the summer holidays. Of course, continuing in this manner is contingent on the Department's approval. School inspector Barry has written me his intentions to inspect the school on April 25th. A copy of this letter will be given him and a check-up of its statements invited.

As regards the girls' department, we feel that, judging from the encouraging manner in which the homes of ex-pupils in the villages are being conducted, the course of instructions and practical work given the girls in sewing, cooking, housekeeping, cleanliness and the rudimentary knowledge of caring for the sick, is quite satisfactory.

Yours very truly,

Victor Rassier

159-0-11.

Ottawa, February 26, 1934.

Rev. Sir:

As soon as possible after March 31st next, you should forward to the Department a detailed report regarding the vocational training that is given at the Christie Residential School. This report should contain the following information:

(a) Instruction: Name, age and qualifications of instructor or instructors.

(b) Industries: Under this heading you should specify the industries taught, the number of pupils in each industry, number of hours weekly that each pupil is engaged, and list of work accomplished during the period April 1, 1933, to March 31, 1934.

(c) General Remarks: Under this heading you should state if the pupils are interested, and if you consider the results that are being obtained justify the expenditure that is being made.

If you feel that the value of the course could be improved, you should state in what manner you believe this could be done.

In addition to the above, you should let me know what is being done at your school to carry out the instructions contained in circular letter of March 15, 1931, a copy of which is enclosed.

Your obedient servant,

A. F. Mackenzie,
Secretary.

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE
P.O. BOX 666
VICTORIA, B.C., August 8, 1934.

Sir,

I have the honor to transmit herewith a letter in duplicate, dated July 28th, ultimo, received from Mr. Indian Agent Frost of West Coast Agency, in which he recommends the purchase of lumber for the purpose of manual training classes at the Christie Indian Residential School, Kakawis, B.C., as requested by Reverend Principal Rossiter. An Abstract of tenders, in duplicate, is sent herewith which will indicate that I have obtained tenders for this material from firms on the local list for consideration, the tender of Messrs. Cameron Lumber Company Ltd., of Victoria, being the lowest at $72.48. I would recommend the Department's favourable consideration of this requisition and tender.

Your obedient servant,

C. C. Perry,
Asst. Indian Commissioner for B.C.

Sir:

EX'D.

I have the honour to attach Voucher No. 708, favour of Christie Indian Residential School, for grant towards Manual Training Service.

On a previous inspection of this school I found that the regular instructor had left and that the work was being carried on by Rev. Father Tunner and Rev. Leo Walsh, who are members of the staff of the school.

It is the wish of the Reverend Principal that this arrangement be continued, with the approval of the Department. This is quite satisfactory is so far as the training is concerned, as these gentlemen are quite capable of giving instruction, and I would respectfully recommend that this allowance be made.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

1 a letter

Mr. C. Camsell,
Deputy Minister,
Department of Mines & Resources,
Ottawa, Can.

Dear Sir :

In reply to your letter of March 3rd. with reference to a building for Manual Training.

We are pleased to note that you have awarded us $2500.00 for this purpose. At present I cannot just see how we can construct the building I have in mind for this amount on money, but we will do the best we can.

I am drawing the plans, but do not contemplate building until some time in June when the boys will have returned to school. It is our intention to use the construction of this building in the practical course of carpenter work for those who are old enough to benefit by it. Our regular working staff will also assist, but, together with this, it will be necessary to employ at least one competent carpenter who can remain constantly on the job. Without this last arrangement the construction would drag on through too long a period of time.

We have already communicated with Mr. Ashbridge, and we will be pleased to follow your instructions in referring all details to him. Again I thank you very kindly for this material assistance. We only hope that our children will be able to derive the benefits from this development that we now contemplate.

Yours very truly,

Hildebrand Melchior

E.H.D.

Ottawa,
April 8, 1938.

Reverend Sir:

I have recently received a copy of Inspector Barry's report regarding his inspection of the Christie Residential School on March 21.

The Inspector reported very favourably on general conditions at the school but I feel that a more competent person could be secured as manual training instructor.

I trust that you will be able to advise me in the near future that you have found it possible to replace Mr. Leslie by someone who has a better general knowledge, at least, of the duties of manual training instructor.

Yours truly,

R. A. Hoey
Supt. of Welfare & Training.

Rev. H. Melchior, O.S.B.,
Principal,
Christie Residential School,
Kakawis, B. C.

159-0-11

Extract for 159-0-11

Original on 159-0-6

April 7, 1938.

Extract from Inspector Barry's report of March 21, 1938:

As previously reported Scientific Manual Training is not taught here. The boys just carry out various repairs around the school.

The present Manual Training Instructor if he may be called this is a Mr. J. P. Leslie, who describes himself to me as a carpenter and farmer from Alberta.

I am informed by the Reverend Principal that the Department has sanctioned the erection of a modern Manual Training Shop. I certainly hope that when this shop is built there will be some attempt at the teaching of Manual Training as far as the construction of those articles which are needed around the school and homes of the Indians. I pointed out to Mr. Leslie that he could at least teach the repair of the broken chairs now in the Manual Training Shed. He did not appear to me to understand what was required of him.

The statement of the Reverend Principal with regard to Manual Training which I have added to this report as Page 6 would lead the Department to believe that much good work was being done in this Department. This is not so in my opinion. I think the Indian Agent might well keep his eye on the Manual Training at this school and later in 1938 report to the Department what steps have been taken to improve this part of the school activities. I know that he is not at present satisfied with the work being done and I agree with him.

The girls have a much better course in Vocational Work as they of necessity must learn to cook, wash, iron, mend, darn, patch, sew etc.

Gerald Barry,
Inspector of Indian Schools, B.C.

Indian Affairs. (RG 10, Volume 6441, file 879-11, part 1)

Dear Sir:

Enclosed, for your information, is a copy of my letter of the 2nd instant which has been forwarded to the Principals of the Ahousaht, Christie and Coqualeetza Indian Residential Schools.

I consider that the suggestions made by Indian Agent Ashbridge are very timely and have, therefore, brought them to the attention of the three Residential Schools at which there is the largest attendance of Coast Indian pupils. I would appreciate if you would show my letter to Inspector Barry and on the occasion of his next visit to these schools he should ascertain what steps are being taken to carry out the suggestions contained in the enclosed letter.

Yours truly,

R. A. Hoey,

Ottawa,
May 2, 1938.

Reverend Sir:

The following is an extract from the annual report of Mr. P. B. Ashbridge, Indian Agent for the West Coast Agency:

"Due to existing conditions on the Coast making it imperative that Indians seek other than their natural source of livelihood, it is respectfully recommended that manual training and domestic science be conducted on more practical lines. At present the girls are taught fancy sewing and are employed in kitchens, both admirable in their way, but they should be taught how to make fishing nets and the operation of canning machinery, also how to wash without the aid of electric washing machines, and the baking of bread without electric bakeries. They should also be taught simple home nursing, hygiene, and kindred subjects.

"Boys should be taught practical boat building and operation of marine engines. These Indians are natural mechanics and could very easily be taught under a competent instructor. Every year these Indians lose hundreds of dollars owing to shipping furs not properly prepared, and this art could be taught to advantage."

I expect that you will give these your careful consideration as their adoption would result in the pupils receiving the practical training that they require.

Rev. H. Melchior, O.S.B.,

It will not be possible for the Department to continue indefinitely paying per capita grant unless we receive definite assurance that the curriculum has been arranged in a manner that will ensure the pupils being taught those subjects which will best fit them for their after-school life.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Extract from Indian Agent Ashbridge's
annual report for the year 1937-38:

Due to existing conditions on the Coast making it imperative that Indians seek other than their natural source of livelihood, it is respectfully recommended that manual training and domestic science be conducted on more practical lines. At present the girls are taught fancy sewing and are employed in kitchens, both admirable in their way, but they should be taught how to make fishing nets and the operation of canning machinery, also how to wash without the aid of electric washing machines, and the baking of bread without electric bakeries. They should also be taught simple home nursing, hygiene, and kindred subjects.

Boys should be taught practical boat building and operation of marine engines. These Indians are natural mechanics and could very easily be taught under a competent instructor. Every year these Indians lose hundreds of dollars owing to shipping furs not properly prepared, and this art could be taught to advantage.

Christie Indian Residential School

Kakawis, B.C.

(WEST COAST VANCOUVER ISLAND)

May 6, 1938.

Mr. R. A. Hoey,
Supt. of Welfare & Training,
Department of Mines and Resources,
Ottawa, Canada.

Dear Mr. Hoey :

In answer to your communcation of April 9, 159-0-11, relative to Manual Training Instructor at Christie Indian Residehtial School.

I would say that in compliance with your request and on recommendation from Inspector Barry, and also some complaint from the Indian Agent, Mr. Ashbridge, we have, with the close of school, released Mr. Leslie.

However I would say for Mr. Leslie that we found him to be a very fine man around the boys and very patient. We believe that he did his work very well with the facilities with which he had to work. Futhermore he was not alone in this work, but others of the faculty bridged it over on occasion.

I am in hopes that our next man will be able to carry on in the new building in a way that will be completely satisfactory to the Department.

Yours sincerely,

Fr Hildebrand O.S.B.

(Rev.) Hildebrand Melchior, O.S.B.,
Principal.

Sir:

I have the honour to enclose herewith requisitions for materials necessary for the building of a vocational training building at the Christie Indian Residential School, for which there is a grant of $3000.00 in the current year's estimates.

Rev. R. Perkes, Principal, has requested this material, and will supply the necessary common labour as agreed, but will be obliged to employ a master carpenter to lay out and supervise the building, the estimated cost ... $200.00. Further requisitions for heating and other appliances will be submitted as soon as possible.

Should these be approved, it is respectfully requested that I be informed as early as possible, in order to proceed with the building before the wet weather sets in.

Copy sent to Indian Agent Ashbridge

Ottawa,
December 23, 1938.

Reverend Sir:

I am in receipt of your letter of the 15th instant with reference to the vocational training that you are inaugurating at the Christie Indian residential school. Your actions in this regard are in full accord with the wishes of the Honourable the Minister who is continually impressing upon us the necessity of making the courses in Indian residential schools more practical.

I regret that it is not possible to allow a grant toward the salary of two vocational instructors. However, the Department wishes to assist you as far as possible and consequently from January 1, 1939, we will allow a grant of $60.00 a teaching month for the vocational instructor at this school instead of the amount of $40.00 which has been previously allowed.

A copy of this letter is being forwarded to Indian Agent Ashbridge for his information.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Rev. C. Forbes, O.M.I.,
Principal,

159/6/11

Christie Indian Residential School

Kakawis, B.C.

(WEST COAST VANCOUVER ISLAND)

Dec.15th,1938

Mr R A Hoey,
Director of Welfare and Training,
Ottawa,Ont.

Dear Mr Hoey:

All of us here wish you a merry Christmas and a happy New Year.

Things in general seem to be going smoothly although there is the occasional jolt and bump.The children are in good health and apparently satisfied.If we can keep this up,we should have a full school before long.

We have had to do a good deal of repair work,to install another boiler, etc and have been working steadily on our celebrated trail.It is about half a mile long and when it is completed it will help solve some of our freighting problems.We have no tractor,horses or scraper and all has therefore to be done by hand.The work is fairly well advanced.Rain has kept us from doing more.

I am very pleased that the Department has found it possible to give us the necessary materials to put up a manual training shop.It will be divided into two main rooms,the one for carpentry and the other for machine work.The boys need to know a little about carpentry and even more about repairing and adjusting engines. I have been unable to find a man who was both a qualified mechanic and a competent carpenter and have,therefore,had to employ two men.I hope that the Department will able to grant $10.00 per month towards the salary of each.This request may seem a bi odd but one should remember that we are not in the Cariboo where the boys could and did work both inside and outside during the winter.Here,during the rainy season,ther can be no outside work and,so,they have hitherto had to neglect manual training on rainy days and spend the morning and afternoon in the classroom.If we have only a carpenter or a mechanic,he cannot efficiently supervise and train twenty or thirty boys.The solution is to have both a carpenter and a mechanic and to divide the boys between them.

Another thing that I hope to do is this:when everything is organised, the Indians could bring their engines,etc here and work on them under the directio of the mechanic or leave their engine to be attended to by the mechanic and the bo and thus save them money.

I have further plans with regard to fishing and to train the boys alo this line but there are certain angles which I wish to discuss withe the Indian Agent(who,by the way,has been very courteous and helpful) before mentioning it to the Department.

We have a small canning machine but our boiler was in such a state th I have not yet set up the machine.I hope to give the girls a little training in ca ning.I have discussed the question of making nets with the Indians and find that i is not practical.It may be practical to have the pupils learn to mend fishing nets

Again wishing you the best of everything at Christmas and during the coming year,

Yours sincerely,

(Sgd) F Forbes RCM

Ottawa,
November 30, 1938.

Dear Sir:

I desire to refer to your letter of November 9 in connection with the erection of a vocational training building at the Christie Indian Residential School.

The Purchasing Agent is being requested to secure the lumber and hardware requested in your letter.

It is noted that the school management will supply the necessary common labour without cost to the Department. Mr. W.E. Bond of Tofino should be employed as carpenter-foreman. It is noted from your letter that the estimated cost of his services will be $200.00.

Yours truly.

R. A. Hoey,
Supt. of Welfare & Training.

EX'D.

Ottawa,
November 17, 1933.

[redacted]

W. BAILEY

I enclose purchase requisitions for lumber and other materials required for the erection of a new vocational training building at the Christie Indian Residential School.

The closest source of supply to this school is Port Alberni, B.C., from which point there are direct boat connections to the Christie school.

As it is desired to erect this building before the rainy season starts I should appreciate it if you would arrange for the immediate purchase and shipment of the articles listed on the attached requisitions.

159-0-11

Ottawa,
November 17, 1938.

DEPUTY MINISTER

Re: Christie Indian Residential School, West Coast Indian Agency, Electoral District of Nanaimo-Alberni.

The amount of $2,500.00 was included in the current year's appropriation for the erection of a new vocational training building at the Christie Indian Residential School.

A competent carpenter-foreman is required to supervise the erection of this building and the Principal estimates that he will have to be paid approximately $200.00 for the period his services are required. The balance of the labour is being supplied free of cost to the Department by the school management. I should, therefore, appreciate it if you would let me know as soon as possible whom you desire employed. The Indian Agent advises that the erection of this building should commence immediately in order that it may be completed before the rainy season starts.

The requisitions for materials are going forward to the Purchasing Agent.

For your information I may add that P.C. 321 of April 23, 1938, authorized the expenditure of the amounts provided in the current year's appropriation for repairs, improvement and purchasing new equipment at Church owned Indian Residential Schools. The Christie Residential School comes in this class and the amount specifically provided for this school, namely $2,500.00, was included in the Order-in-Council just mentioned.

Jan.4th, 1939

1-Pubblic
2-Gen Res Off

Dear Sirs,

Supt. Welfare and Training Division,
Dept. of Mines and Resources.

Dear Boys:

I wish to thank you for your recent letter and also for the increase of the grant towards the salaries of the instructors in manual training. We are ready to begin work on the vocational shop as soon as the material arrives.

Two of our older girls are engaged and will be married at Easter. On that account, I would like to exempt them from further attendance in the classroom so that they may devote all their time to cooking, sewing, mending and similar things. I used to do that while in charge of the Cariboo School and I had the permission of the Department to do it. Would you please let me know if the Department approves of my plans?

We had an enjoyable Christmas with toys, nuts, candy, etc. The children had two concerts, a party and other amusements which kept them happy. I am pleased to say that all appear to be in good health and seem to be doing fairly well in class.

With every best wish for the New Year,

Yours very truly,

Indian Affairs. (RG 10, Volume 6441, file 879-11, part 1)

EXD.

Ottawa,
February 4, 1939.

[redacted]

DEPUTY MINISTER

I am in receipt of Mr. Pratt's memorandum of February 1 with reference to the erection of the new vocational training building at the Christie Indian residential school.

As requested, a record of Mr. Bond's pay list will be forwarded to your office as soon as received.

The material supplied up to the present time was secured from the following firms:

Messrs Mitchell & Towler, Tofino, B.C., purchase order No. 9340, December 29, 1938.

Alberni Pacific Lumber Company, purchase order No. 9367, December 29, 1938.

Ottawa,
February 4, 1939.

Dear Sir:

I desire to refer to your letter of November 9, 1938, in connection with the erection of the vocational training building at the Christie Indian residential school.

In the second paragraph of that letter you stated that the school management would supply all the common labour but that it would be necessary to employ a master carpenter the estimated cost of whose services was $200.00.

In official letter of November 30, 1938, you were instructed to employ Mr. W.E. Bond of Tofino as carpenter-foreman.

Please let me know how this work is progressing and if Mr. Bond is still employed you should state the approximate length of time his services will have to be retained.

When forwarding request for payment for his work a detailed pay list should accompany your voucher giving the exact dates on which he was employed.

As mentioned in my letter of November 30 the Department understood that the only labour for which we would be obliged to pay would be Mr. Bond's services. Please let me know at once if I was correct in this inference.

Yours truly,

H. A. Hoey.
Supt. of Welfare & Training.

P. E. Ashbridge, Esq.,
Indian Agent,
Port Alberni, B. C.

Minister's Office

159-0-11

MEMORANDUM

THE DEPUTY MINISTER

Feb. 1, 1939.

Christie Indian Residential School,
West Coast Agency.
re- new Vocational Training Building.

I understand the new Vocational Training Building is now under construction, Mr. W.E. Bond of Tofino, carpenter-foreman, supervising the work.

When the work is completed, will you please have the Indian Affairs Branch furnish this office with the following information:

(a) A record of Mr. Bond's paylist, including his own and any others he may have employed.

(b) Names of firms from whom materials and other supplies were purchased, with amounts paid.

Dr. McGill -

For information as requested.

W.J.F. Pratt
Private Secretary.

Ottawa,
January 17, 1939.

Reverend Sir:

With reference to your letter of the 4th instant regarding certain girls at the Christie school who will be discharged at Easter it is considered that it would be advisable to exempt them from further attendance in the class room. They should devote all their remaining time in the school to vocational training.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Sir:

I have the honour to refer to your letter of February 4th in connection with labor employed on the erection of vocational training building at Christie School.

As instructed, Mr. Bond was engaged as carpenter-foreman, and the cost of his services should not exceed $200.00 as originally estimated.

There should be no other labor charges, as the school now has a qualified carpenter on the staff, and the work can be done by the boys as part of their training.

I have communicated with the Reverend Principal today requesting his progress report, which I will submit upon receipt.

Your obedient servant,

P. B. Ashbridge

Sir:

I have the honour to submit a request of the Reverend Principal, Christie Indian Residential School for a complete supply of tools for manual training purposes.

As there will be a credit against the appropriation for the manual training building now under construction, he suggests that he be allowed the tools to the extent of the surplus.

I obtained quotations from Messrs. Marshall-Wells, and McLennan, McFeely & Prior of Vancouver, which I enclose, but think these could be purchased to better advantage in the East.

Kindly inform me if this request meets with the approval of the Department, and instruct me in any further assistance I can give in the matter.

EX'D.

Barkley Residential School

A great improvement in vocational training was noted.

At time of inspection, the senior boys were being taught in class room the method of planning a house, estimating costs and preparing plans and specifications. They are also being taught carpentry, machine shop practice, and boat building. Girls were usefully employed darning, mending and making their own clothing, cooking and bread baking.

Copy to be signed and returned.

Ottawa,
July 26, 1928.

Dear Mr. Neill:

I am in receipt of your letter of July 14 regarding the erection of a manual training building at the Christie Indian residential school, Kakawis, B. C.

The lumber, shingles, windows and doors were purchased by the Department from the Alberni Pacific Lumber Co., Ltd., Port Alberni, B. C. The total cost of the material, including delivery to the school, was $867.09.

Bricks, lime, cement and hardware were purchased from Fowler & Mitchell, Tofino, B. C., at a total cost of $143.02.

As one of the members of the staff of the Christie school is a qualified carpenter he did a great deal of the work assisted by the older boys who thereby obtained valuable training. No charge was made to the Department for their services.

The only labour for which the Department paid was the services of Mr. W. K. Neill who was employed from March 6 to March 31 and was paid a total amount of $140.00.

The building is now completed and in use.

Yours sincerely,

Signed W J F Pratt

W.J.F. Pratt,
Private Secretary.

Memorandum:

DEPUTY MINISTER

I am in receipt of Mr. Pratt's memorandum of July 19 enclosing copy of letter received from Mr. A. W. Neill, M. P., regarding the erection of a vocational training building at the Christie Indian residential school.

I enclose a letter addressed to Mr. Neill giving the information which he requests.

You will note that the expenditure for labour was comparatively small. This is explained by the following extract from a letter dated February 14, 1939, from Indian Agent Ashbridge:

"As instructed Mr. Bond was engaged as carpenter-foreman and the cost of his services should not exceed $200.00 as originally estimated. There should be no other labour charges as the school now has a qualified carpenter on the staff and the work can be done by the boys as part of their training."

Dear Mr. Neill:

I am in receipt of your letter of July 16 regarding the erection of a manual training building at the Christie Indian residential school, Kakawis, B. C.

The lumber, shingles, windows and doors were purchased by the Department from the Alberni Pacific Lumber Co., Ltd., Port Alberni, B. C. The total cost of the material, including delivery to the school, was $827.09.

Bricks, lime, cement and hardware were purchased from Fowler & Mitchell, Tofino, B. C., at a total cost of $143.09.

As one of the members of the staff of the Christie school is a qualified carpenter he did a great deal of the work assisted by the older boys who thereby obtained valuable training. No charge was made to the Department for their services.

The only labour for which the Department paid was the services of Mr. N. Z. Bond who was employed from March 6 to March 31 and was paid a total amount of $140.00.

The building is now completed and in use.

Yours sincerely,

TFFM

MEMORANDUM

July 19, 1939

THE DEPUTY MINISTER

Erection of vocational training building at Christie Indian Residential School. File 159-0-11.

In a letter to this office, Jan. 26, 1939, Mr. A.W. Neill, M.P., requested the following information concerning Mr. W.E. Bond of Tofino, B.C., carpenter-foreman employed to supervise construction of the above building, quote:

> "Will you please make a note to let me have - when the work is completed - a record of his paylist, including his own and anyone else's time that he employed. I should also like to know where he got the material and other supplies for the building, showing the amount paid."

This letter was acknowledged on Feb. 1st, but no information concerning Mr. Bond has been sent Mr. Neill.

Mr. Neill has now written further, a copy of his letter, dated July 14th, being attached.

Will you please furnish a draft letter - replying fully - for the Private Secretary's signature.

Dr. McGill -
For draft reply as requested.

OTTAWA, Canada.

Dear Mr. Pratt:-

I would refer you to my letter of January 26th asking for information as to the cost, etc. of a building to be erected at Kakawis Indian School and your reply dated February first, promising to give it to me later on. Has the job not been completed yet?

Yours faithfully,

sgd) A.W. NEILL

DEPARTMENT OF INDIAN AFFAIRS
CANADA

T221/40/C.

OFFICE OF
INDIAN AGENT

West Coast Agency,
Port Alberni, B.C.,
November 14, 1940.

Sir:

I have the honour to submit request of the Reverend Principal, Christie Indian Residential School for various items, most of which were included on my annual estimates. The items he requests are as follows:

Vocational Training.	One woodworking lathe, 30" between centre. One bench saw table, 10"x14", 45".
Boat Slip.	200' 3x4-16' long Oak. 250' 3x6-22' Com. Fir. 20 pcs. 3x4x14' Com. Fir. 20 " 3x4x12' " "
Repairs to Roof of Main Building.	75 gals. 6X shingles. 6 pcs. 6x6x18' Com. Fir. (beams)
Interior and Exterior painting.	90 gals. Barrett shingle varnish 2 " Red copper paint 4 " Yacht white paint 1 gal. Marine green paint 1 gal. Deck grey paint 5 gals. floor paint, medium grey. 5 gals. flat wall paint, white 1 gal. flat wall paint, grey.

I attach hereto merchants' quotations and analysis of same for your convenience. It will be noted that quotations cover in some cases all items obtainable from the firm quoting, irrespective of the purpose required for. This would effect some saving in freight and handling charges.

Your obedient servant,

P. E. Ashbridge,
Indian Agent.

Ottawa,
January 4, 1941.

Dear Sir:

With reference to your letter of the 11th instant enclosing quotations for material required for the Christie Residential School I wish to advise you that the woodworking lathe and bench saw table are being ordered by our Purchasing Branch. The balance of the material required may be purchased locally by yourself. I wish to draw particular attention to the following items on the requisition:

1. 250 Ft. 8" x 8" - 25' Common Fir

   Your requisition did not state whether the school required 250 ft. board measure or 250 lineal feet. All three firms tendering quote on a different quantity.

2. In securing paint a good grade should be ordered.

3. There is some doubt as to whether 250 ft. board measure of oak is needed or 250 lineal feet. The price quoted for this appears high. Possibly a less expensive hardwood would answer the purpose.

When forwarding the accounts your purchase orders should be attached.

Yours truly,

Major D.M. MacKay,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

MEMORANDUM

Mr. [illegible] Hoey

With further reference to my memorandum of the 27th instant, I may say that purchase order has been issued for the Delta lathe and table recommended by Mr. Doucet.

The balance of the material required, including the lumber and paint, may be purchased locally by Commissioner Mackay in accordance with your suggestion. I would again call your attention to some of the points raised in my memorandum of the 27th instant, particularly regarding the paint. Quotations should be secured on a suitable grade of paint before the order is placed.

I am returning herewith your file with the quotations on lumber and paint.

Memorandum:

Mr. R. A. Hoey.

With reference to your requisition of the 20th instant, your file H.159-0-11, with attached quotations on material for the Christie Indian Residential School, Kakawis, B.C., I may say that the following additional data is needed to assist us in placing the order for same:-

H 1460 (p31) H 860

1. Items 1 and 2 - lathe and table

There is considerable variation in the price and kind of machinery offered by the two Vancouver firms quoting. It would assist us in dealing with these two items, and in securing additional competition, if you could send us a description or more exact specification of the type of lathe and bench table needed.

2. 250 feet 8" x 8" x 25' common fir.-

How many lengths are required? Do you require 250 feet board measure, or 250 lineal feet? All three firms tendering quote on a different quantity.

3. Paint.-

The firms quoting do not advise definitely as to the brand, grade, or name of manufacturer of the paint they offer. I consider that a good grade, manufactured by a reliable paint firm should be supplied. There is no information on the requisition or tenders as to whether some of the items will be used for inside, or outside, work.

Indian Affairs. (RG 10, Volume 6441, file 879-11, part 2)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

Pour copy

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

4. Oak.- Item 3.

Only one quotation was received on the 200 feet of rough oak, 2" x 4" x 16'. Here, again, there is some doubt as to whether 200 feet board measure, or 200 lineal feet, are actually required. The price, $450.00 per thousand feet board measure f.o.b., Kleecoot, B.C., seems rather high. Would a less expensive hardwood answer the purpose?

5. From information available, it does not appear that Commissioner MacKay made any recommendation regarding this proposed purchase. This is regrettable, particularly regarding the lathe and table, which he could have inspected at Vancouver with a view to standardizing, in so far as possible, on machinery of uniform type and make for use in Vocational Training Schools.

In telephone communication with your office, the question of the advisability of authorizing Commissioner MacKay to make the best possible arrangements for local purchase of the material requisitioned was considered. Before authorizing this method of procedure, however, I should appreciate your views. If the additional information outlined above is supplied this office, I shall be pleased to arrange to complete the purchase.

W. M. Bailey

INDIAN AFFAIRS
BRANCH

P.O. BOX 70
VANCOUVER, B.C. 11th Dec., 1940.

Dear Sir:-

I am enclosing herewith an application and tenders received from Mr. Indian Agent Ashbridge, of the West Coast Agency, for manual training supplies and repairs to buildings of the Christie Indian Residential School. The best prices quoted on this material amount to $371.56.

In the 1940-41 Estimates, Mr. Ashbridge asked for a new track for this School at $615.00, and a gas engine for $150.00. He now states that the new track will not be necessary this year and that, therefore, the $515.00, if available, could be used for the purchase of the above material. The gas engine asked for will be required, but the cost should not exceed $100.00 laid down at the School. I would, therefore, recommend that the above expenditures be allowed in place of the new track requested.

If the paint in the above requisition is allowed this year, the shingle stain in 1941-42 Estimates amounting to $195.75 desired for this School could be cancelled.

Yours faithfully,

D.M. MacKay.
Indian Commissioner for B.C.

PLEASE QUOTE
FILE 5920/40/C.

15/15/8940.

West Coast Agency,
Port Alberni, B.C.,
December 10, 1940.

Sir:

I have the honour to refer to your letter of 25th November in connection with application of Christie School for supplies, and to report that the material requested for truck in the 1940-41 estimates will not be required, which would possibly make the amount $615.00 available, no material having been supplied.

A gas engine would be required for operation of lathe and machinery, and the Reverend Principal suggests a 1.5 Briggs & Stratton air cooled, or a Johnson of the same power. Such an engine could be purchased for about $80.00, but am unable to obtain same locally.

Re 1941-42 estimates, items shingle stain and 8 x 8 cedar may be cancelled.

I regret having confused the estimates when making this application.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

EXTRACT

31-159

West Coast Agency.
Port Alberni, B.C.

Sir:

I have the honour to submit the regular Agency Letter, covering conditions within this Agency during the month ending January 31st, 1941.

x x x

Schools:

Christie Residential School was throughly inspected and found to be in first class order.

Fire drill was carried out very satisfactorily. All fire fighting appliances were in good order.

The pupils were all in splendid health and were clean, well clothed, well fed, attentive and industrious. Splendid progress is being made in vocation training.

Girls were being taught wool combing, carding, spinning and knitting, and are producing first class sweaters socks, etc. through every process from sheep shearing to the finished article. In addition they are being taught needlework, cooking etc.

The boys are being instructed in boat building and repairs, marine engine operation and repair, carpentry etc. Splendid progress is also shown in physical training, and both boys and girls gave a creditable display of gymnastics.

Outhouses, boiler room and laundry were all in first class order. General condition of the school was very good.

x x x

WHEN ORDERING FROM THIS QUOTATION OR WHEN WRITING REGARDING IT PLEASE MENTION DATE OF QUOTATION. COMPLIANCE WITH THIS REQUEST WILL AVOID MISTAKES IN THE FILLING OF ORDERS AND ERRORS IN PRICE

Department of Mines & Resources,
Indian Affairs Branch,
West Coast Agency,
PORT ALBERNI, B. C.

Att'n. Mr. F. B. Ashbridge,
Indian Agent.

Dear Sirs:-

With reference to the first two items on the enclosed quotation, - Woodworking Lathe and Bench Saw Table, - we would advise that we do not stock same.

However, we would be pleased to pick these up for you, and are sending you catalogue of the Beise-Crane line of this type of tools, and the addition to the list prices shown on the enclosed price list would be plus 8% to the machine prices, except planers which take a plus of 15%. This also includes planer parts and accessories, and also motors.

We have tendered on the balance of the materials listed, and hope that you find our prices attractive.

The approximate freight to Kakawis on this shipment, exclusive of the lathe and table, would be $4.45. Our quotation is F. O. B. our warehouse, Vancouver, net 30 days.

Looking forward to receiving your valued order, we are,

Yours very truly,

MARSHALL-WELLS B.C. LIMITED

Reverend Sir:

Your request of last June has been in my hands for some time and steps have been taken so that you may receive the woodworking course which you have requested. As regards the course in mechanics it is not quite ready at present. As soon as it is I will see that you receive a copy. Along with the courses in woodworking I am sending a suggestive outline for a course of study hoping that this will be of some benefit.

If there is any other way in which I may be of any help please do not hesitate to write to me.

Yours truly,

A.J. Doucet.

Dear Sir —

I received a letter a few days ago from Father Fouhse at the Chamberlain School. He spoke of the visit of your Mr. Dennett and the courses he carried out in Manual Training.

He said that the Carpentry course given by him was excellent. A Carpenter who saw the course said that even without an instructor a boy following that course could become proficient in that line.

Would it be possible for you to send me a copy of this course and one in Mechanics. We certainly need all the assistance we can get in this line - because it is almost impossible to procure a skilled workman War-work must be done and all the Mechanics and Carpenters

If you cannot procure

Ottawa,
December 29, 1941.

Dear Sir:

I have your letter of the 22rd instant requesting that a sewing machine be supplied to the Christie Residential School.

This is a Church-owned school and an amount of $1000.00 was provided in the current year's appropriation for repairs, improvements and purchase of new equipment. Present regulations do not permit our exceeding the amount that was specifically provided. For your information I may say that we have already expended the following amounts at this school during the current fiscal year:

Batteries	$ 497.70
Paint and hardware	258.00
Lumber and shingles	249.44
Total	$ 963.54

You will note from the above that there will not be sufficient remaining to purchase a sewing machine.

Yours truly,

Mr. P.E. Ashbridge,
Indian Agent,
Port Alberni, B.C.

Sir:

I have the honour to submit for consideration a request of the Reverend Principal of Christie Residential School. He requests for the use of the girls sewing room one sewing machine.

Some of their machines are very old and almost beyond repair and, as such good and useful work is being done by the girls' sewing class at this school, I would respectfully recommend that this request be granted if at all possible.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

Dear Sir —

When I was in your office last Summer you kindly to see a certain party in charge of Indian native arts. I am enclosing a sample of supplies that were on hand at that time. Would you be so kind as to forward this request to the proper authority that is to whom you write this trivial matter but know of no other way to get in touch with that department.

With best regards
I remain
Yours truly
J.P. Mulmulhill ons.

EXTRACT ORIGINAL ON 76-157

REPORT ON WEST COAST INDIAN AGENCY FOR THE MONTH OF MARCH, 1943.

Schools.

Christie Residential School was also found in first class order.

New classrooms and addition to dormitory have been completed, and make a decided improvement. All classrooms, dormitories, kitchens, etc. were clean and tidy. Also basements, outbuildings and grounds.

Health of the School is excellent, and all pupils are happy and contented.

Excellent training is being given both boys and girls. Boys are being taught boat building and practical carpentry, and girls are taught needle and bead work, darning and mending, also the making of their own dresses, while all are given instruction in cooking and general domestic science.

Children are very clean and well fed. Meals are substantial, well balanced and well prepared. This school will close for annual summer holiday in April.

P.B. Ashbridge,
Indian Agent.

Dear Sir —

In reply to your letter of Jan 7th — We have continued Manual Training instruction but due to sickness and lame on the part of the staff we have been short handed and as a result the practical have not been filled out. It will commence again in February to have these reports sent in.

Yours truly
J.P. Mulvihill

I am forwarding Mr. Acting Agent Garrard's letter of October 3rd in connection with a proposed expenditure of $145.47 for the purchase of vocational training equipment and material for the Christie Residential School.

The expenditure is recommended for approval and the Singer Sewing Machine Company's quotation of September 23rd covering the supply of two sewing machines is enclosed in the event that the Department would prefer to have this order placed by the departmental purchasing agent.

The other articles are obtainable locally in Port Alberni and orders will be placed through this office if approved.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

Your file 159-0-11 (W.T.1)

I have to refer to Mr. Neary's letter of October 25th advising the Department had approved various expenditures for the Christie Residential School, and in particular, the purchase of two sewing machines. Following receipt of Mr. Neary's letter an order for these machines was placed with the Singer Sewing Company, Victoria, B.C. and the machines were supplied to the school. The Vancouver office of the Singer Company have been in communication with this office advising that under authority of Purchase Order No. 15149 dated December 4th three additional machines were shipped to the school from Vancouver. It is not known whether the Department intended to provide five sewing machines for the Christie school, but if not, I would appreciate advice as to what disposition you would like made of the surplus machines now at the school. It is thought that if the number of machines now at the Christie School is in excess of their requirements arrangements can be made to transfer some of them to another school.

AIR MAIL

1st February, 1949.

Mr. N.W. Garrard,
Superintendent, Indian Agency,
Port Alberni, B.C.

I am returning your Voucher No. 59. The allowance towards the salary of the manual training instructor is paid from a different appropriation than the one from which we pay the allowance for the night watchman. Consequently, you should issue separate Vouchers for these services. Both Vouchers should, of course, be issued in favour of the Reverend Principal.

When issuing the Voucher for the night watchman, it should read "Allowance towards salary of night watchman at Christie Residential School for the month of -- at $60.00 per month".

The Voucher for the payment towards the allowance of the manual training instructor should read "Allowance towards salary of manual training instructor at Christie Residential School for the month of -- at -- per month".

You will note that you are being authorized to issue the Voucher for the night watchman at $60.00. This is due to the fact that we have increased the allowance from $40.00 to $60.00 per month.

Re: Christie Indian Residential School

I am enclosing a memorandum dated October 12th from District School Inspector Davey with regard to the proposed construction of a boat-building shed at the above-mentioned school. The proposal is covered fully in Mr. Davey's memorandum and it should be unnecessary for me to enlarge on the proposal here.

I would emphatically state, however, that instruction in boat building will be of the greatest value to the West Coast Indian pupils and I feel that we should endeavour to make the funds required available, either from the Education Vote or, if necessary, from the B. C. Special Vote.

What is amount required -ed

MEMORANDUM TO THE INDIAN COMMISSIONER FOR B.C.

Re: Christie Indian Residential School

On the occasion of my recent visit to the above-mentioned School I discussed with the Reverend Principal the possibility of the establishment of a more comprehensive course for boat building. You are aware that this School has previously constructed three launches, one a deep-sea troller which is now used by the School as a freight boat and two smaller light cabin launches.

The Principal states that, in order for work of this nature to be carried on efficiently and so that boats of the size required for fishing on the west coast of Vancouver Island might be constructed, a boat shed would be required located so as to give easy access to the water. He has submitted a list of the materials required for this work amounting to $680, a copy of which is attached. This appears to be very reasonable. The present boat shed is too small to permit the construction of the type of boat which would make this project practical. It is also located behind the School some 200 or 300 yards from the water. The finished boats have to be moved this distance down a very steep incline to the water's edge. This is both a difficult and dangerous operation. The construction of the shed will be undertaken by the boys under the direction of the boat builder now in the employ of the School. I believe that this scheme will provide useful instruction and will be self-supporting as there should be no difficulty in finding a ready market for the boats. The Reverend Principal has had considerable dealings with the fishing industry before his

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

PHOTOCOPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

appointment to his present position. I understand he was primarily responsible for the organization of the Indian Co-operative known as the "Nootka Trollers" and supervised its operation during the initial period. He, therefore, knows the requirements and the possibility of marketing the boats.

In view of the past success of the School in this type of work and the fact that nearly all the boys graduating from the Christie School will either own or operate a fishing boat on graduation, it is recommended that the Department authorize the purchase of the required materials as requested by the Reverend Principal.

I have previously forwarded pictures of the boats constructed at this School but, if the Department so wishes, I can send additional prints.

DEATH OF PUPILS.

B. STATEMENT OF THE PHYSICIAN WHO ATTENDED THE DECEASED PUPIL

I attended Clara Andrews from Dec. 1/34
to Feb 12/35. The immediate cause of death was...
Pulmonary Tuberculosis
The contributory cause of death was Pulmonary Tuberculosis

Do you consider that the Principal of the School, and the members of the School staff exercised reasonable care and judgment in regard to the illness and death of this pupil? Yes

Did they follow out your professional instructions? Yes

If in either respect, you consider them to have been at fault, it is required that you express your carefully considered views as follows:

I was always informed of the girls condition since I first saw her on Dec 1/34
The authorities of Christie School are very careful
This girl died at home on Negeanagan Reserve
never saw, seen a Dr. during any of my visits

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of

Clara Andrew, Pupil No. 0171

of the Christie Indian Residential School at Kakawis, B.C.,

who died at Hesquiat B.C. (place) on May 20-22 1935

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

Form No. 414.

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

A. STATEMENT OF THE PRINCIPAL OF THE RESIDENTIAL SCHOOL

1. On what date did this pupil fall sick or suffer injury? Left school Feb. 15

2. At what time of day? 1 p.m.

3. When and to whom did he or she report this illness or accident? Principal

Feb. 14.

4. What means were taken to afford relief? Doctor called and consulted.

5. What medicines were used for this purpose and in what dose or quantity? Iron Tonic

Marinol. Small quantities after meals.

6. When was the doctor called? Feb. 10th.

7. If the pupil was removed to hospital, at what time was this done and by what means of transport? Advised to go home to her folks by the doctor. By boat.

8. If the pupil was not removed to hospital, what measures were taken for his or her care at the school?

9. Add any other useful information here.

The girl was examined on two different occasions and when she left here it was at the advise of the doctor. She seemed to improve somewhat at home but the change was only temporary.

Bertrand McLaughlin.
Principal.

NOTE: If the deceased pupil dies in hospital at a distance from the school, under the care of the physician or surgeon who attends him at the hospital, a clinical report of the patient's illness and death in the hospital is to be secured and attached to this memorandum.

1. On what date did this pupil fall sick or ~~suffer injury~~? Feb. 8, 1937

2. At what time of day? 6:30 a.m.

3. When and to whom did he or she report this illness or ~~accident~~? Sister in charge Sister M. Columba & Sister M. Monica

4. What means were taken to afford relief? Kept in bed

5. What medicines were used for this purpose and in what dose or quantity? Laxative only (Thursday, Feb. 11, 1937)

6. When was the doctor called? Thursday Feb. 11, 1937

7. If the pupil was removed to hospital, at what time was this done and by what means of transport?

8. If the pupil was not removed to hospital, what measures were taken for his or her care at the school? Kept in infirmary. Doctor called as soon as possible

9. Add any other useful information here.

Doctor was absent at time pupil fell ill. Doctor was sent for.

Rev. B. McLaughlin
Principal.

Note: If the deceased pupil dies in hospital at a distance from the school, under the care of the physician or surgeon who attends him at the hospital, a clinical report of the patient's illness and death in the hospital is to be secured and attached to this memorandum.

Re. IGNACE, Joseph - Death of - Inquiry for Indian Dept.

H'QRS. REF.

DIV'L. REF.

DIST. REF.

DET REF.

On February 15th, 1937, the above named Indian boy died at the Christie Residential School, Kakawis, Clayoquot Sound, B.C.

Mr P.B.Hobbridge, Indian Agent, at Port Alberni, requested me to act as Chairman on a board of inquiry to be held, at the Christie School, into the death of this boy.

Members of the board were Rev B. McLaughlin, C.S.B. Principal, Christie School and Doctor John G.Robertson of Tofino, B.C. On February 20th, 1937 the inquiry was held and Rev B.McLaughlin stated that the boy first complained of being sick on February 8th, he was put to bed in the school infirmary. The Doctor was absent at the time this pupil became sick but was called on February 11th and prescribed for the boy. He died on February 15th, 1937.

Dr Robertson stated that he had attended this boy from March 14th, 1936 until his death. The immediate cause of death was Thrombosis of middle meningeal artery and the contributory cause was possibly syphilitic. Everything possible had been done for the boy by the school authorities.

Death of Joseph Ignace was due to natural causes.

Copy of this report and report of inquiry direct to the Indian Agent at Port Alberni.

Concluded.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of Stanley Joseph, Pupil No. 224

of the Christie Indian Residential School at Kakawa B.C.,

who died at Ogilvie B.C. (place) on June 6 1939

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

Form No. 414.

Sir:

I have the honour to forward Form 414 in respect to the cause of death of Stanley Joseph, Pupil 284, Christie Residential School, who died at his home June 6th, 1939.

Upon receipt of Dr. Robertson's report on the condition of this boy, I visited him at his home and found that it would not be advisable to transport him to the hospital during the rough weather, and the mother also wisely refused to send him. He was provided with extra nourishment and had good [illegible].

While this boy was always a T.B. suspect, it is thought that his condition was aggravated by influenza contracted at the school, and which at the time was prevalent.

A. STATEMENT OF THE PRINCIPAL OF THE RESIDENTIAL SCHOOL

1. On what date did this pupil fall sick or suffer injury? As reported by father, Towards beginning of April

2. At what time of day?

3. When and to whom did he or she report this illness or accident? To father & mother - The boy was at home for Summer Vacation - had been home sick part of June before school closed (on 16th)

4. What means were taken to afford relief? As I suggested, Taken to Dr. Robertson -

5. What medicines were used for this purpose and in what dose or quantity? — Unfortunately, Dr. Robertson has gone - He prescribed Cam Salts - & perhaps other Medicine

6. When was the doctor called? Very Good after boy fell ill.

7. If the pupil was removed to hospital, at what time was this done and by what means of transport?

8. If the pupil was not removed to hospital, what measures were taken for his or her care at the school? He was at home for the Summer Vacations -

9. Add any other useful information here.

When school opened (June 16th), I asked Dr Robertson whether Andrew Tom & Alex Moses (both at home) should be discharged - He replied in the negative stating that, if his directions were carried out, both pupils would recover - I understood the doctor to say that he did not think his instructions were being carried out in the case of Andrew Tom although the father realized that the illness was serious - That graduating element is mine & not the doctor's. His boy was never strong but seemed to be in good health -

G. Jones Owen
Principal.

NOTE: If the deceased pupil dies in hospital at a distance from the school, under the care of the physician or surgeon who attends him at the hospital, a clinical report of the patient's illness and death in the hospital is to be secured and attached to this memorandum.

1. On what date did this pupil fall sick or suffer injury? Sept. 30/59

2. At what time of day? Early morning -

3. When and to whom did he or she report this illness or accident? He asked the dis - ciplinarian to let him stay in bed when the others got up as he had a stomach ache.

4. What means were taken to afford relief? - Allowed to stay in bed & infirmarian notified

5. What medicines were used for this purpose and in what dose or quantity? - Milk of Magnesia was given, later, enemas - also, when headache started, aspirins (1/2 Tabs) as needed -

6. When was the doctor called? Oct 4th when headaches became severe -

7. If the pupil was removed to hospital, at what time was this done and by what means of transport?

8. If the pupil was not removed to hospital, what measures were taken for his or her care at the school? The Doctor was called again, Oct 6th, & allowed the boy, as the father's request, to go home - In the meantime the Dr's orders were followed.

9. Add any other useful information here.

Later, The father asked the Doctor or Priest to go to Abenaki (where the boy was) as the boy's ear hurt him & the father wanted permission to send the boy & the Pl. Alberni Hospital - The boy vomited occasionally during illness & was constipated. This had occurred several months ago but the boy recovered after a rest of one week.

E. Jones Oms
Principal.

NOTE: If the deceased pupil dies in hospital at a distance from the school, under the care of the physician or surgeon who attends him at the hospital, a clinical report of the patient's illness and death in the hospital is to be secured and attached to this memorandum.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of Alice George, Pupil No. a 246

of the Christie Indian Residential School at Kakawis,

who died at Tofino BC (place) on 18th of Oct 19 9

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

Dear Mr. Ashbridge,

Father Huber has asked me to make a special report on George Johnson. He seems to be quite worried that the school might be blamed in some way for the deaths that have occurred there. However, as I said in my other letter, Father Huber always tries to be very thorough, and has always followed any of my instructions carefully.

With regard to George Johnson, I first saw him at the school on Oct. 4th. At that time, he was running a temperature, with occasional headache and vomiting. Physical examination was negative, except for a slight stiffness of the neck, an

PHYSICIAN, SURGEON, ~~ACCOUCHEUR~~.

TOFINO, B. C.

handing his head. I made a note on his card, suspecting him of T.B. meningitis.

The next day the boy further aggravated the desire to take him home, and I agreed.

On Oct: 9th I was called to Ahamakit to see Hanya, as he was complaining of severe pain in the left ear. The left ear drum looked suspicious, although it was not bulging, and he was very tender over the left mastoid. He also had some weakness of the right arm. I washed the ear drum but did not obtain any pus. As I could not make up my mind whether this was a mastoid, a meningitis, or both, I decided to send him to Port Alberni. The next year there.

As for conditions in the school at present, there is nothing out of the ordinary there to indicate an epidemic of any sort, and it is my opinion that the cases of T.B. meningitis which occurred were entirely unrelated to one another.

Yours truly,

H. Winter

OFFICE OF
INDIAN AGENT

4554/22/6.

West Coast Agency,
Port Alberni, B.C.,
October 23, 1922.

Sir:

I have the honour to inform you of a serious matter in connection with the health of Christie Residential School, and to urgently request your advice as to procedure.

On September 8th, pupil Andrew Tom died, his case being diagnosed as Tuberculer Enteritis. On September 14th, pupil Cecil Williams died, diagnosis T. B. Meningitis. On October 19th, pupil Alice George died, diagnosis T.B. Meningitis. Pupil, George Johnson, whom I had brought to Port Alberni hospital, is not expected to live, diagnosis T.B. Meningitis.

In all these cases, the School authorities have permitted the patient to go home, none having died at the school. While I am satisfied that all due care was taken in each case, I feel that they should not have been sent to their homes, and would appreciate your ruling as to the responsibility of the school, morally and financially.

The more serious aspect of the case is the possibility of this not being tuberculous meningitis, which is not contagious, but that it may be a different type, say Meningococcus Meningitis, which may be contracted from a "Carrier".

When on my inspection last week, I endeavored to see Dr. Canter at Tofino to talk over this matter, but was unfortunately unable to do so and was obliged to leave on account of violent weather. I have requested him to forward me a complete report on the situation but feel that you should be informed, and that Dr. McQuarrie should advise me, by wire if necessary, should he consider an autopsy and pathologic report warranted.

This series of deaths has naturally caused considerable consternation among the Indians, and may lead to attempts being made to burn the school, as has been done on other occasions. I have informed the Indians that the school is in no way responsible for the disease, but as you know it is difficult to convince them.

October 28, 1939.

Sir:

I have the honour to forward herewith memorandum of inquiry into the cause of death of school pupils, Alice George and George Johnson, both of Christie Residential School.

Owing to this being four consecutive deaths from Meningitis over a period of six weeks from the same school, I considered it advisable to refer the matter to Mr. Commissioner D.M. MacKay and Dr. A. L. McQuarrie, as per copy of my letter attached, and desire to report that Dr. McQuarrie conducted further inquiry into the matter.

He does not consider that there is any doubt as to its being Tuberculous Meningitis, and that the four deaths occurring were coincidental, and not due to any contagion.

April 29, 1941

Dear Sir:

re: Death of Rose Johnson

The Department is in receipt of Form #414 regarding the inquiry into the cause and circumstances of the death of Rose Johnson, which occurred at the Christie Residential School, April 10, 1941.

The Department would like to know whether or not you actually saw this child before she died. Travelling conditions in that area are known here and it seems quite possible that you did not have time to see her between the time you were notified and the time of her death.

In a case such as this, where cause of death is unknown, and where the patient dies so suddenly as this child did, it would probably be advisable to report the circumstances to the Provincial coroner, who would probably deem it necessary to hold an inquest.

This letter is not meant as any criticism but rather for future guidance and the Department would be pleased to receive from you as full a report of the circumstances surrounding this death and as to your impressions of the cause of death, as you are able to give us.

Yours truly,

F. H. Moore, M.D., D.P.H.

Sir:

I have the honour to forward form 414 concerning the death of Rose Johnson, Pupil No.0273, at the Christie Residential School. This enquiry was conducted by Mr. C. W. Sharp, S.M., at my request as I was unable to be present.

With respect to remarks of Mr. Sharp, I would say that he is not aware that there are no restrictions in any case where X-ray would be indicated. In this particular instance it was not indicated, as apparently the girl was in good health until a few hours before her death.

Dear Sir;

re: Death of Rose Johnson

I am in receipt of your letter of April 29, in the matter of the above.

I did not see this child before she died. The Christie School authorities first called me at around 3:00A.M. and described the onset of a sudden dyspnoea and attendant symptoms which seemed at the time to be on an asthmatic basis. Since such episodes are not an infrequent occurence among these local Indian children, and since I was not requested to see the child, I asked for a further report should the child not react favorably to small repeated doses of Adrenalin which I had given to the School. Around 7:00 A.M., a school messenger called at my house and asked me to return with him since there had been no improvement. We called (telephone) before starting and were informed that the child had just died. The additional circumstances you are acquainted with.

On two or three occasions since December 1940 when I first to Tofino, I examined this child and apart from Dental caries and a multiple extraction of deciduous teeth, there was nothing abnormal to be detected . There was no history of illness up to and immediately preceding the sudden onset of this episode. After considering the facts at hand, it would occur to me as reasonably feasable that this represents a possible acute Influenzal Pneumonia. During this past winter, there have been several cases in B.C. with similar histories and terminations. The absence of other cases of Influenza at the School must be considered for what it is worth.

I regret my failure to do the necessary thing by calling the Provincial Coroner but can assure you that such steps will be taken in the future where required.

Yours very sincerely,

S. Evans

Nov. 27, 1944.

In regard to Lorena Thomas, she complained of some pain in the stomach the first time on Sunday, and after dinner I put her to bed. Gave her a laxative pill and hot water bottle. She was up and around every day but as she still complained of pain and I thought she had no movement therefore I gave her a slight enema but had no results. On Thursday morning I told her to stay in bed and after breakfast I gave her another enema and had some results mostly bile. Thereafter she said she had no more pains, but Friday morning about seven o'clock she began to cry and scream with pain, all located in the center of the abdomen. I immediately decided to take her to the doctor.

Her highest temperture was 102 degrees. Friday morning.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of

Lorena Thomas, Pupil No. 0291

of the Christie Indian Residential School at Kakawis,

who died at Tofino Hospital (place) on November 23, 19 44.

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

A. STATEMENT OF THE PRINCIPAL OF THE RESIDENTIAL SCHOOL

1. On what date did this pupil fall sick or suffer injury?

2. At what time of day?

3. When and to whom did he or she report this illness or accident?

4. What means were taken to afford relief?

5. What medicines were used for this purpose and in what dose or quantity?

6. When was the doctor called?

7. If the pupil was removed to hospital, at what time was this done and by what means of transport?

8. If the pupil was not removed to hospital, what measures were taken for his or her care at the school?

9 Add any other useful information here.

Principal.

NOTE: If the deceased pupil dies in hospital at a distance from the school, under the care of the physician or surgeon who attends him at the hospital, a clinical report of the patient's illness and death in the hospital is to be secured and attached to this memorandum.

C. STATEMENT OF INDIAN AGENT

1. Having heard and read over the statements of the Principal and the Physician, do you consider that all essential circumstances relating to the death of Pupil No. 0291 Lorena Thomas have been recorded? Yes If not, you are required to add here any further particulars which strike you as essential.

This enquiry was conducted in the presence of the Rev. Principal, Dr. Karsgaard, attending physician, Hippolite Thomas, father of the deceased, and myself.

I am quite satisfied that everything possible was done for the child, in which all concur.

2. In this space record any recommendations which the Board consider should be made to the Department in relation to the health or safety of the pupils of this School.

Autopsy was conducted with the consent of father of deceased, copy of findings is hereto attached.

Recommended: That in similar cases where a doubt exists, Doctor should be consulted before applying heat and administering cathartics and enemas.

A. T. Karsgaard, B.A., M.D.
Tofino, B.C.

Nov. 27.1944.

REPORT ON LORENA THOMAS, age 8, of CHRISTIE SCHOOL.

I first saw this girl on Nov. 24th at 10:15 when she was brought into my office. She was complaining every so often of severe abdominal pain which seemed to radiate across the lower abdomen being as bad on the right as on the left. The sister said that she had had some pain in the midline, lower abdomen for 5 days off and on, with vomiting once only. But on the morning of the 24th she awakened and screamed with the pain. Patient said that bowels had moved in the a.m. of 23rd. She had no complaints referable to the respiratory or urinary tract.

Examination: young girl, slightly thin, lying on her back with her knees flexed, skin hot and dry, breathing rapidly, and moving no more than absolutely necessary: pain seemed aggravated by movement. T.101 2/5 oral and 105 (rectal). P. 65, P. 144. Lungs: clear to auscultation and percussion. Abd.: lower portion held quite rigid, upper portion moved with respiration. Palpation was attempted, but she was so tender that she would not allow a hand to do any more than be placed on the abdomen. Tenderness appeared to extend all over the abdmmen.

LAB. Owing to the rapid respirations- similating pneumonic breathing- and the history of old tuberculosis, an x-ray plate was attempted. The plate was blurred by rapid breathing, but the right lung appeared slightly denser than the left.

She was admitted to hospital, given sulfonamides, clear fluids only. Her temperature fell to 102 3/5 rectally, but the respirations and pulse remained rapid. The abdomen did not change that day. On the 25th she commenced to vomit dark greenish fluid at intervals. An intravenous of 5% dextrose in Saline was given which alleviated the vomiting for a time, but when it returned she a Wangansteen suction was connected to a Levine tube in the stomach. This stopped the vomiting, and reduced the distension which had begun to appear in the epigastrium. However, at about 9:30 a.m. she began to fail and despite coramine passed away at 10:15 p.m.

POST MORTEM: Heart normal. Lungs: considerable adhesions to right upper lung and evidence of healed tuberculosis. Lower lobes of both lung had considerable hypostatic edema. Abdomen: about 1½ quarts of greenish thin pus flowed out of the cavity on opening. The intestines were matted together by a thick layer of pus, odor definitely faecal. The appendix was found tied down under the caecum, with a hard faecolith in it and a definite perforation in a gangrenous area.

CONCLUSIONS: This child had a perforated gangrenous appendix which led to a generalized peritonitis. The appendix had had a smoldering infection all week and apparently perforated

Friday morning 24th. As the child had been active enough to take part in a concert on Wednesday night at her own request. and did not complain of severe pain until Friday morning, no blame is to be attached to anyone that medical attention was not sought earlier. When seen she had a peritonitis and her condition was not suitable for operation. Her old history of tuberculsosis left her with no resistance to fight the infection.

PLEASE QUOTE
FILE 907/44/D.

West Coast Agency,
Port Alberni, B.C.,
November 28, 1944.

Indian Affairs Branch, Department of Mines and Resources,
Ottawa.

Attached hereto please find memorandum of enquiry re the death of Pupil No. 0291, Lorena Thomas, of Christie Indian Residential School. I wish to report that I had no Forms 414 with me at the time of the enquiry, and I have therefore attached the reports of the Reverend Principal and Dr. Karsgaard to the form.

On the recommendation of Dr. Karsgaard, I agreed to an autopsy after obtaining consent of the child's father. I am quite satisfied that the child received every attention and that Dr. Karsgaard made every endeavour to save the life of this child. A study of the report on the autopsy indicates that she was fighting a losing battle. The child's father is quite satisfied with the care and treatment she received.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

File No.3[illegible]

NEW WESTMINSTER, B.C.
March 10th, 1932.

SIR:-

I beg to forward you herewith Agency Voucher No.819 in favour of the Reverend G.H. Raley, Principal at Coqualeetza Indian Residential School, and amounting to $208.26.

This represents a refund of various sums expended in building repairs at the School.

I am enclosing a letter of explanation, in duplicate, from the Principal, from which it would appear that there was no authority for this expenditure, but that apparently the Department have been paying such items direct, and not through this office, in the past.

I have, therefore, signed the Voucher provisionally, as the expenditure appears to be one, which has heretofore met with the approval of the Department.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

Encl.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

In explanation let me say the expenditures have not been authorized by the Department and have been paid out of the school funds. Inasmuch as they are unauthorized the school is responsible.

However, there are reasons why I might present the voucher and receipted accounts, trusting the Department for the following reason might consider a refund.

The reason I would advance is the urgency of the work undertaken. Our repairs which are of a minor character are kept up to date without being allowed to wait or accumulate, thus avoiding general deterioration. The wisdom of this is obvious. The total expenditure in a building of this size by the government (since it was opened) is far below a very moderate estimate generally allowed for such a purpose. The stationary equipment and fixtures of light, water, drainage and power are kept in good repair and not allowed to remain out of order. The accounts represent a certain amount of skilled labour, the bulk however is for material, all used in the school and out-buildings. It was necessary to do a little plastering and to build a cement trough, making the necessary water connections with the barn. The metal partitions, separating the compartments of the shower baths on the boys side became loose and had to be taken down and rebuilt. This necessitated the employment of skilled labour. On account of the mumps, which commenced in October, in order to provide sufficient isolation, we relined the annex dormitory, so that its warmth and comfort could not be questioned; lining also at the same time the top story of the technical building, thus making a room for the manual training instructor. This emergency work was in good order. The carpentry work was done as a good project by the manual training teacher and the senior boys. It has served two purposes, giving us the extra accomodation and practical instruction.

I should like to be perfectly clear that inasmuch as, there was no request sent in to the Department, I do not consider there is any obligation. So I send the voucher and accounts along for consideration. If favourable consideration is given to the payment, we shall be very grateful.

I have the honour to be,

Sir,

Your obedient servant,

D. J. K. Bailey

Agent
Sec Hobbs under

Ottawa, April 4, 1932.

Rev. Sir:

I have your letter of the 24th ultimo, relative to the cutting of a door between the boys' infirmary and the boys' corridor at the Coqualeetza Indian Residential School, in order to give a direct approach to the infirmary on the boys' side of the building. In this connection I have to say that the Department will approve of you arranging to have this door installed. It is noted the cost will be approximately $30. After the work has been completed, please forward an account, in duplicate, properly certified, covering the expenditure incurred.

The account which you forwarded under cover of your letter of the 23rd ultimo for the fire hose purchased will be paid in due course.

The account which you submitted through the office of Mr. Agent Daunt to the amount of $208.26 in payment for materials, etc., for repairs during the December quarter last, together with your explanation regarding this expenditure, has been received. As our funds are extremely limited, the Department is allowing payment to the amount of $150 only, this being the full amount that can be provided, and a cheque will be sent you in due course. The balance of the expenditure incurred will have to be met from school earnings or other receipts. Owing to recent orders for strict economy, it will be necessary for you to limit all costs for repairs, etc., to the lowest possible point, and in cases where any expenditure of a large amount is contemplated in carrying out repairs, etc., you should report the matter fully to the Department and receive authority before undertaking the work.

Your obedient servant,

A. F. MacKenzie,
Secretary.

T. L. R. McInnes, Esq.,
Acting Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:

With reference to your letter No. I53-0-5 dated Ottawa March 21st. 1931.

When the school was built in 1923, the matter of a door being cut between the boys' infirmary and the boys' corridor was fully considered and it was considered undesirable for various reasons. It was not a fault of the architects plan.

It was then considered wise to have as little connection as possible between the boys' and girls' side. The character of the students has changed so greatly in the years that they are not so irresponsible. They have improved morally and are more trustworthy.

We have dicussed the question at a couple of staff meetings and are now unaminous it would be a great convenience, for the following reasons.

I. It would give a direct approach to the infirmary from the boys' side of the building for the visitors whom it was not desirable should not pass through the girls' side.

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 1)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

PHOTOCOPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

2. If it was necessary to bring in a stretch case from the boys' side, it could be done more easily than under the present arrangement.

3. In case of fire, it would give an exit to the boys' side from both boys' and girls' wards in the infirmary without having to go through the main corridor to the boys' side.

My opinion is that it would be better to have the change made. The cost would be about thirty dollars.

Thanking you for your interest,

Yours very truly,

G.H.RALEY,
Principal.

T. R. L. McInnes Esq.,
Acting Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir: Re: Your file 153-0-5 dated March 21, 1931

I beg to enclose voucher and receipted accounts in duplicate, covering fire hose. With reference to this, you will notice I purchased more than was authorized. In my opinion this was justifiable. Last August a neighbors house was burnt down in the middle of the night. It was situated 200 yards from the barns and 300 yards from the house. Fortunately the night was wet, though sparks and bits of burning shingle were blown over our out buildings. It is the first time a fire has been so near. Watching the barns, we, considering the matter felt we should meet such a situation with more of the larger hose.

We have only a small pipe leading from the school supply with a small hose and little presseure, so I purchased sufficient of the three inch hose to reach from the main water supply of the school, to the large barn, the little barn and the new piggery. With this attached to the main water supply, we get good pressure.

I submit we are entitled only to the payment of the two lengths authorized, but trust the Department with regard this as a justifiable expense.

In connection with installing the two extra iron fire-escapes, leading from the small girls and small boys dormitories, we had the iron landings and

ladders from the old building. These being in first class condition we utilised and repainted. A first class job was done by a carpenter and the senior boys at no cost to the Department. Mr. Inspector Barry saw the finished work and was satisfied it was substantial and complete. We now have direct communication from each of the ten dormitories to an iron fire-escape without having to go into a corridor.

I delayed forwarding the accounts in this connection until the fire escapes were completed, thinking it might be necessary to employ a bricklayer. This was avoided. Hoping this explanation is satisfactory

Mr. A.O'N. Peanut

Re: Building & Repair Accounts.

Dear Sir:

In explanation of these accounts let me state the Farquharson & Eckel account #1, was some very necessary plumbing that required a skilled mechanic.

Robertson Bros, # 2, and E. F. Mower, # 3, it has been thought necessary for some time we should build an incinerator. The one we had was an open iron work one between the barn and the mail building. It required constant watching inasmuch as a gale of wind might take a piece of cloth, which keeps fire a long time, and blow it to some dangerous place. I talked the matter over with Col Pragnell, Inspector of Agencies, and he told me of the style he thought we should build. An opportune time occurred and we did not delay construction.

Trusting these expenses will meet with your approval.

These are not the Repair expenses of the school for the quarter but all that we feel we are justified in presenting to the Department for payment. We feel, in these times, that where we can, we should bear as much of the Building and Repair expenses as we can without crippling any other legitimate expenses of the per capita grant.

Signed:

G.H. Raley, Principal

Ottawa, April 30, 1932.

Rev. Sir:

Mr. Barry, Inspector of Indian Schools for the Province of British Columbia, in a report on his inspection in January, last, of the Coqualeetza Indian Residential School, recommends that a hydrant be placed in front of the main building and one at the rear, to complete fire protection.

In this connection I would request that you state whether you consider these hydrants should be installed or if the present fire protection facilities are sufficient. While the Department is desirous of providing ample fire protection at residential schools, our funds this year are extremely limited. If you are of opinion that it is necessary to install the two hydrants, you should furnish an estimate of the cost, when same will receive consideration.

Your obedient servant,

A. F. Mackenzie,
Secretary.

153-0-5

E X T R A C T from Inspector Barry's Report regarding his visit to the COQUALEETZA INDIAN RESIDENTIAL SCHOOL on January 28th, 29th and 30th, 1932.

Original on File 153-0-6.

Fire Protection:-

There are eight stand pipes with hose, ~~situated~~ in various parts of the building, inside; but no hydrant outside. One new hydrant should be placed in front of the main building and one new hydrant should be placed at the rear of the building. There are sufficient fire escapes in good condition; there are 12 fire extinguishers placed a various points inside the school building. The pressure in the mains for fire fighting would be about 60 pounds. This is reported by the Principal as sufficient to throw water over the roof of the main school. The water is from the Elk Creek Water Co.

Further instructions have been received from the Department with regard to fire protection since I made my inspection of this school. A number of details will be taken up with the Principal on my next visit.

Extinguishers were tested in January, 1932.

Laundry:-

Over 3000 articles per week pass through the laundry. There is very great need for a drying room or some other method of drying clothes, sheets, etc. It is due to the great difficulty of drying articles that such a condition of things as is reported under the heading of Dormitories, can arise. Better provision should be made for the washing and drying of sheets, pillow slips, etc. These should certainly be changed much more frequently than is being done now. The reason given for their rather dirty condition was that the laundry was holding up the articles. In the laundry, the whole difficulty was put down to the lack of proper drying facilities.

I beg to recommend that a drying room with a cement floor, steam heated, and with drying racks, be added to the S.W. corner of the present laundry. If this room were built, there would be no necessity to have a steam mangle; which, in the absence of such a room, is now necessary and should, in my opinion, be supplied. Some sort of steam ironer is also badly needed.here. All the machines are now guarded. This applies to belts, cog wheels, etc.

- -

E X T R A C T from Indian Commissioner Ditchburn's letter of April 6th, 1932, submitting above report. - Original on File 153-0-6.

There is a recommendation that authorization for the expenditure of $30.00 be given for the purchase of material for the boys' manual training room. /In connection with the girls' sewing room, it is recommended that two new sewing machines be provided due to the fact that the machines at present on hand are now pretty well worn out./ Two outside hydrants are recommended to add to the efficiency of the fire fighting equipment. Hot and cold water and a sink should be installed in the dressing room connected with the informary and also a two-burner electric stove is required for the heating of water.

A. F. MacKenzie, Esq. Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir:

With reference to your letter # 153/0/5, dated April 30th, let me say we are looking very seriously into the matter of placing the fire hydrants to which you refer.

I have not replied as a new main was being laid in front of the building, which we thought might make a difference in the pressure. The main was completed a few days ago and I have tested out the water pressure which is about the same as before. I am getting estimates of the cost of the necessary fire protection but think considerable money can be saved by installing the Chicago Valve which can be obtained in this country, instead of the hydrants.

I am having a man from Chilliwack and another from Vancouver look over the ground. When I have received a report from them as to the best method to install this additional fire protection at least expense, I will write again.

Yours very truly,

G. H. RALEY.

Ottawa, July 7, 1932.

Reverend Sir:

I have your letter of the 24th ultimo, with reference to adequate outside fire protection at the Coqualeetza Indian Residential School. You may provide this protection for the main building, at a cost of approximately $14.44. The Department notes that this will give protection to the Principal's residence and garage also and even to the manual training building. Do not continue the service to the barns, hog-pen and implement shop at the present time. You should purchase the material from indicated sources. If you are not sure who are on the list, please communicate with Mr. Indian Agent Ball, who is informed in the matter.

Your obedient servant,

[illegible]
Secretary.

DEPT. OF INDIAN AFFAIRS
JUN 28 1932
RECORDS

A.F. McKenzie, Esq.,
Secretary, Department of Indian Affairs,
OTTAWA.

Your Ref. 153-0-7.

Dear Sir:-

With further reference to your letter dated April 30th., let me state that we have made a thorough investigation of the needs of the case in order to give what Capt. Barry might consider adequate fire protection.

He was here this week and went over the ground thoroughly with me and I showed him the proposed plan of increasing protection, not only from the outside but within the building. The rough sketched plan shows the existing fire lines and main. It shows the proposed line for the school, the proposed line to the barn and outbuildings and also what might be considered good precaution for the future.

The total cost for material for outside fire protection for the school building is $249.44. The skilled labour, including plumbing would be $65.00, making a total of $314.44. This also gives protection for the Principal's Residence and the garage and,until water was laid on in the Manual Training Building with sufficient hose available, it could be used there also.

314 44

Included in this cost is material to increase the supply of water to the fire lines or standpipe in the boys' wing. At present there is only a two inch pipe to serve three one and a half inch hose lines, which is impossible. This is bushed into the main which also retards the flow of water.

By the time the main supply which enters the building in the boys' wing reaches the fire line or standpipe in the girls' wing, it has had so much drawn from it and has been reduced in size that it is inadequate to supply flow enough to the three hose lines on the girls' side.(It is not, of course, supposed that there would ever be three lines attached and in operation at the same time).

You will see the plan includes a booster line from the proposed main to this fire line. Everything is covered in this cost of material as shown in figures A.B.C. and D. At

point C. provision is made to continue the lines on to the barn. The fire service to the two barns, piggery and implement shop would cost $195.14 for all the material. This line could be used as water service also, thereby keeping the water fresh and eliminating the dead end. The cost of installing this, apart from the digging and excavating, which would be done by the school, would be $20.00 to $25.00. We have water in the barn but this only a three quarter inch pipe.

Fittings would also be placed on the line, to pipe over to the cottage and also to the clubhouse, and annex, if found necessary in the future.

Capt. Barry and I did not go thoroughly into the matter of continuing the protection to the barn and annex. The Main Building, however, we were agreed upon as to outside protection being advisable.

If the Department favours this suggestion, we would have the matter undertaken immediately.

Thanking you for your interest,

Yours very truly,

EX'L.

Ottawa, August 27th, 1932.

Sir,-

I beg to acknowledge the receipt of your Voucher No. 297 for $91.76, in connection with building repairs at the Coqualeetza Indian Residential School during the quarter ended June 30th, last.

This account is being paid. However, I would appreciate your pointing out to the Principal that our funds this year are so limited that the Department finds it necessary to request him to secure authority, in future, before incurring any expenditure for which the Department is expected to pay.

Your obedient servant,

A. F. [illegible]
Secretary.

Mr. A. F. MacKenzie, Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir:

Enclosed please find voucher in quadruplicate, and receipted certified accounts, all in good order, for expenditure in connection with the annual camp held at Ocean Park this year, from July 13th to August 31st, for the students of Coqualeetza Residential School, who are unable, on account of distance and otherwise, to go to their homes for summer holidays.

This holiday by the sea was very beneficial for the pupils. It broke the regularity and monotony of school life and gave them the open air for six weeks.

When the holiday camp commenced in 1915 a grant of $200.00 was made by the Department annually; that being insufficient, it was increased to $300.00 which amount was paid up till last year. This year I understand the grant is to be cut. I sincerely hope it will not be less than the amount requested as this does not represent one-third of the cost of giving this holiday to the children. Trusting the grant will be made as it is all legitimate expenditure and reduced to the minimum.

Thanking you for your interest.

Yours very truly,

G. H. RALEY

Ottawa, January 19, 1933.

Sir:

I have your letter of the 10th instant, enclosing a communication which you received from the Principal of the Coqualeetza Indian Residential School, regarding matters that need attention in the wiring of the various buildings, and enclosing a report received from the Chilliwack Electric Company, Limited, setting forth the repairs required and giving their quotation for the carrying out of the work.

In this connection I have to say that your letter became mislaid in the Department, and the Principal was therefore written on the 17th instant and authorized to have the repairs required carried out, at a cost for materials and labour not to exceed $62. The Principal was requested, after the work had been satisfactorily completed, to obtain an account, in triplicate, showing in detail the work done, to certify and forward it to the Department for payment.

Your obedient servant,

A. F. MacKenzie,
Secretary.

DEPT.
JAN 16

SIR:-

I beg to forward you herewith a communication received from the Reverend G.H. Raley, Principal of the Coqualeetza Indian Residential School, in which reports having had the wiring system at the School carefully checked by a competent Electrician.

As a result of the report received by him some changes are advocated, which will apparently amount to $62.00. The Reverend Principal requests that this amount be authorized by the Department.

If the Department could possibly do so, I would recommend that this request be met, as defective wiring can very easily cause a fire, which would be a serious matter in a large school of this description.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

A. O. N. Daunt Esq.,
Indian Agent,
New Westminster, B. C.

Dear Sir:

Since the fire at an Indian Residential School on the Prairies recently, which the papers said was caused by defective wiring, I have had Mr. Marsh, electrician of Chilliwack, inspect and report to me any defects or necessary repairs which should be attended to without delay, and I herewith enclose his report. The repairs are of a minor character but important. We have been carefully watching and checking our lighting and heating, and every night a double check is made. We fully realize that nothing can be left undone and constant vigilance is the price we have to pay for security of life and property.

A matter that is referred to in Mr. Marsh's report was the collection of the material over the joists of the carpenter's shop. The danger of this was that the boards which rested on the joists might have been pushed aside and have rested on the wire and perhaps broken it. The material has been removed. In the printing shop the motor connections should be permanently wired and the motor will not be used until this is done. The cost of supplies for the work in these changes will be $62.00 and I would advise this expenditure and request the approval of the Department for the same.

I called on Friday with these papers but unfortunately it was the lunch hour and I had to go on to Vancouver. Trusting this may have your approval,

Yours very truly,

G. H. Raley

Ottawa, January 17, 1933.

Rev. Sir:

The Department has received a communication addressed to you by the Chilliwack Electric Co. Ltd., Chilliwack, B.C., setting forth the matters, electrical, that need attention in the various buildings at the Coqualeetza Indian Residential School, and giving an estimate of the cost of having the work carried out. No covering letter from you appears to have been received regarding this matter.

I may say that we will have certain unexpended funds in our present year's appropriation, and if you can arrange to have the work as mentioned in the list which is being enclosed herewith carried out in time to have the account forwarded to the Department not later than March 20th, next, the Department will approve of you having the work done, at a cost not to exceed the estimate submitted by the above mentioned firm, including materials and labour, of $62. After the work has been completed, please obtain an account, in triplicate, showing in detail the work carried out. This account you should certify in the usual manner and forward for payment. You should see that this account reaches the Department by the date mentioned above, as it may not be possible to provide the funds after the close of the present fiscal year.

In future, in forwarding quotations which you receive regarding repairs, etc., I would request that you forward same under cover of a communication from yourself as to the necessity for having the work done.

Your obedient servant,

Rev. G. H. Raley,
Principal,
Coqualeetza Res. School,

Dear Sir

Please find enclosed list of necessary changes and additions that should be made to eliminate the risk of fire and danger which exists at the present time in various buildings.

The cost of supplies and work for these changes would be $62.00.

Awaiting your

Yours truly

The Chilliwack Electric

Matters electrical that need attention in the various buildings

Hazen Parish. Locks mended.
Blair Rae. Fire alarm painted.
Baker block. Pad lock for motor panel.
Flag pole. Plate to protect wires.
2 receptacles.

Barns. Porcelain painted.
Pad lock for main panel.
" " " frames.

Potatoe Basement. Wire painted.
Swanson Bay. Painted complete. 1 plugs and socket.
Carpenters shop. Two lights should be permanently installed instead of temporary drops over machines.

Painting shop. Motor connections should be moved in permanently. Dangerous.

Compressor shop. Drop light in place of extension.
Motor mechanics. Two plugs on benches for electric iron. Extension cords are used at present.

Blacksmith shop. Control panel should be changed to protect side of wood, at present wires are too near together.

Paint a collection of conduit that has been painted over the joints above the compressor shop.

This should be removed, as later wires are threaded through joint, and the above conduit is apt to damage wires.

COQUALEETZA RESIDENTIAL SCHOOL.

[redacted]

At the commencement of the influenza epidemic from which the schools of British Columbia have suffered in common with the Province generally, we had a number of cases of pneumonia. In order to keep down the expenditure of sending them to the hospital, we increased accommodation in the infirmary by taking a radiator from the store-room, where it was not needed, and installed it in the sun porch of the infirmary, where there had been previously no heat, thus increasing our accommodation by making use of the sun porch.

By this expediency we were able to look after the less serious cases of pneumonia. This emergency measure was considered desirable by the Department's Doctor, not only to increase our accommodation during the epidemic, but as economy as he would only take to the hospital severe cases where there was danger and when he considered it absolutely necessary.

While this expenditure was not authorized by the Department, and I understand it is their policy not to pay, for obvious reasons, any vouchers and receipts not previously approved: I trust the Department will consider this bill favourably in the light of emergent conditions, which made the work a necessity.

COQUALEETZA INDIAN RESIDENTIAL SCHOOL

SARDIS, B.C.

March 23, 1933.

EXPLANATION

We had a few cases of chicken pox last Fall which we isolated in a cottage we use when necessary, as an isolation hospital. As this cottage we did not have the conveniences necessary for the Nurse and we felt it imperative there should be a toilet built adjoining the house and septic tank installed at a proper distance.

In order to effect this improvement as economically as possible with efficiency, we purchased some of the material at a second hand junk store in Vancouver, and lumber for the lean-to and septic tank in Chilliwack. I obtained the assistance of one skilled plumber who, together with the Manual Training Instructor and boys, made the septic tank and did all the wood work. The total cost of the material and installing the toilet and septic tank and connecting waste pipe was $64.43. The job complete, if by contract and new material throughout, would have cost $100.00.

It is complete and modern. We have been using this building without this convenience for a couple of years and we just completed it when we had one case of dysentery which was immediately isolated and the Nurse in charge of the case during the colder months had the benefit of this improvement, which, I am sure the Department will consider a very necessary and legitimate expenditure.

File No.3-8-B.

NEW WESTMINSTER, B.C.
March 15th, 1933.

SIR:-

I beg to forward you herewith Voucher No.844 for the sum of $31.51 in favour of the Reverend G.H. Raley, Principal of Coqualeetza Indian Residential School, and representing expenses of installing a radiator in the sun parlour of the infirmary of the School, during an epidemic of Influenza and pneumonia.

There is no authority for this expenditure, but in view of the circumstances of the case, and the fact that without this work, the hospitalization of patients would have amounted to a good deal more than the present bill. I have certified it, and would recommend that it be paid.

A full explanation from the Reverend Principal, is attached for your information.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

1-8-B.

Ottawa, January 31, 1934.

Sir:

I have your letter of the 24th instant, enclosing a communication which you received from the Principal of the Coqualeetza Indian Residential School, in which he requests that repairs be made to the eave troughs and fire ladders.

In reply I have to say that, provided this work can be carried out and the accounts reach the Department before our books close at the end of the present fiscal year, March 31st, next, the Department will approve of an expenditure of approximately $62.00 in having the repairs made. After the work has been completed, itemized accounts, in triplicate, properly certified, should be forwarded, covering the expenditure incurred. A blanket encumbrance, authorizing the expenditure for these repairs, has been obtained here.

I have also your letter of the 22nd instant, with reference to the request made by the Principal, to be supplied with 8 refills for Pyrene extinguishers and two new fire extinguishers. You may purchase, locally, from a firm on the approved list, the refills required and also two new extinguishers. It is considered that two 1½ quart Pyrene extinguishers would meet requirements. After the purchase has been made, please obtain account, in triplicate, covering the cost. This, you should attach to proper voucher forms, certify in the usual manner and forward for payment.

Your obedient servant,

A. F. MacKenzie,
Secretary.

VOUCHER IN QUADRUPLICATE FOR EXPENDITURE INCURRED INSTALLING RADIATION IN THE SUN PARLOUR OF THE INFIRMARY AT COQUALEETZA RESIDENTIAL SCHOOL, EXPENDITURE BEING CONSIDERED NECESSARY IN ORDER TO MEET THE EMERGENCY CREATED BY INFLUENZA & PNEUMONIA.

Date	No. of Receipt	Name	Amount
October	1	Alcock, Downing & Wright	$ 6.[illegible]05
October	2	A. N. Charlton	22.00
November	3	C. A. Dunham Co. Ltd.	3.46
			$ 31.51

I hereby certify the above, in quadruplicate, is a true voucher of the expenditure incurred installing radiation in the sun parlour of the infirmary at Coqualeetza Residential School. Further, that the receipted accounts accompanying this voucher are correct and in good order and the above is a fair and just charge on the Government of Canada.

Signed: J. F. W. Parkyn

Ottawa, January 31, 1934.

Sirs

I have your letter of the 24th instant, enclosing a communication which you received from the Principal of the Coqualeetza Indian Residential School, in which he requests that repairs be made to the eave troughs and fire ladders.

In reply I have to say that, provided this work can be carried out and the accounts reach the Department before our books close at the end of the present fiscal year, March 31st, next, the Department will approve of an expenditure of approximately $62.00 in having the repairs made. After the work has been completed, itemized accounts, in triplicate, properly certified, should be forwarded, covering the expenditure incurred. A blanket encumbrance, authorizing the expenditure for these repairs, has been obtained here.

I have also your letter of the 22nd instant, with reference to the request made by the Principal, to be supplied with 8 refills for Pyrene extinguishers and two new fire extinguishers. You may purchase, locally, from a firm on the approved list, the refills required and also two new extinguishers. It is considered that two 1½ quart Pyrene extinguishers would meet requirements. After the purchase has been made, please obtain account, in triplicate, covering the cost. This, you should attach to proper voucher forms, certify in the usual manner and forward for payment.

Your obedient servant,

A. F. MacKenzie,
Secretary.

SIR:-

I beg to forward you herewith, a request received from Reverend Doctor Raley, Principal of the Coqualeetza Indian Residential School, to have repairs made to the Eave Troughs and Fire Ladders, owing to the damage caused during a severe ice storm.

The estimated cost is $62.00, and I would recommend that, if possible, authority be given to have this attended to by the Reverend Principal.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

Mr. A. O'N. Daunt,
Indian Agent,
New Westminster, B. C.

Dear Sir:

I beg to request permission and make requisition for the following:

1. REPAIRING of EAVE TROUGHS, during the late ice storm we find the eave troughs were so damaged that they do not carry off the rain water from the roof as they should, consequently the brick work may suffer. The approximate cost for repairs, soldering, etc. would be.... $35.00

2. LADDERS. The ladders which were attached by iron hooks to the peak of the house in several places should be renewed.
The approximate cost would be..... 27.00

Trusting these repairs may meet with your approval.

Yours very truly,

G. H. Raley,
Principal

Dear Sir,-

I have your letter of the 19th instant, with reference to the heating system at the Cowichan Institute. There are no funds available at present to make any changes in the heating system, but sufficient money can be found for the installation of the additional 200 gallon tank for a more adequate supply of hot water. It is noted that the cost will be approximately $195.00. This work may be done, providing the accounts are forwarded before the end of March. Please be guided by your approved list in having this installation made.

Yours very truly,

D. F. MacKenzie.

Mr. A. O'N. Daunt,
Indian Agent,
New Westminster, B. C.

Dear Mr. Daunt:

In reference to your letter dated November 20, 1933, file # 1-8-B, enclosing copy of letter dated Ottawa, November 6, 1933, #153-0-5, the following repairs were carried out as suggested by the Inspector of Boilers:

Boiler # 12358. The blow down pipe and cold water supply pipe to the boiler, and new fusible plug, etc, renewed, installed and repairs made.

With reference to Boiler #12369, the new fusible plug has been installed.

Regarding Boiler #43804, the Boiler has been re-tubed throughout as recommended.

With reference to the Inspector's report on the difficulty in the circulation of the whole plant, I had a heating expert go over the matter and am enclosing a copy of his recommendation for changes in the system. He recommends that all traps on radiators be sent to the factory and the installation of a 2" P.R. valve with controller and a 4" P.R. valve with controller, and the installation of an 8000' vacuum pump. He also states that the cost could be cut down by using the Vacuum Sub Atmospheric System.

With reference to the domestic water suppay, it is suggested the installing of a 200 gallon tank, in addition to what we have would be sufficient for the needs of the school. This would be linked up to the High Pressure boiler and

the water heated with steam through copper coils.

Properly installed, the total cost of new boiler, copper coils, installation and labour would be approximately $195.15.

Trusting this information will be helpful to you.

Yours very truly,

re: Change of HEATING SYSTEM

At COQUALEETZA RESIDENTIAL SCHOOL, SARDIS, B.C.

To change to Differential Vacuum System, would require no change in sizes of piping now in use, but whole system would have to be checked over to make it absolutely tight to draw high vacuum necessary.

All traps on rads at present should be sent to factory to have bodies inspected and seated; caps and discs renewed.

Cost per trap, approximately $3.00

Where rads are at present wet dripped with no trap, cost of new traps would be approximately $4.75 each.

Install 2" P.R. valve with controller
" 4" P.R. " " "

Approximate cost $ 260.00

Install 8,000' Vacuum pump, approx. cost $ 800.00

These are just material costs, not labour.

This is the ultimate in heating: working on ½# pressure or less with automatic balanced vacuum maintained; low steam consumption; less fuel used.

The above cost can be cut down by not going so far in changing system, using Vacuum Sub Atmospheric System. Where vacuum is not so great your present traps and piping might be satisfactory and tight enough to save cost of overhauling and trap repairs, thereby eliminating much labour and material costs.

Vacuum Pump would be approx. $100.00 less

2" and 4" P.R. valves would be the same cost. Any new traps required would be same cost as above.

This is a good system, just one step removed from the Differential System. Flexible, giving full control from maximum to minimum needs in heating on low pressure.

At this season of the year it may not be possible to have your heating plant closed down even for a day, to have any changes made, so I suggest you do this:

Have your Engineer check up on any radiators that do not heat, making a note of where they are located; whether they are partially heated, or not at all; if supply pipe to radiator is hot; if not, how far back from radiator before pipe feels hot to the touch. What is outside temperature at this time and positively what is steam gauge pressure at the boiler.

If pressure is high, I suggest cutting it down as it is possible that you have developed back pressure on your return line, thereby flooding the Air Eliminator and getting the system air bound.

Should reducing the boiler pressure fail to relieve the system of air, I suggest taking the radiator farthest from the boiler which gives trouble, and venting it. Should there still be trouble, take the next radiator in line, which is not heating, and vent it, and so on until you have proper circulation, only doing one at a time and no more than is necessary. In fact, I want to stress that it is better to get your circulation through manipulation of boiler pressure, keeping it low, rather than by too much venting of rads.

Dear Sir:

I, the undersigned, agree to do the repairs to the electrical equipment, as follows:

Annex:	Run new line from barn to annex, place one new pole and repairs to light and switches inside Annex.....	
Yard Light:	Repair and run new wire from pole to switch at building.....	
Between Main Building and Manual Training Building:	Repairs to wire and new wire where necessary; new insulators on pole and take all slack out of wire....	
Barn:	Repairs to switches and lights as required.....	
Above repairs complete, for the sum of		$ 32.50
One staff bedroom new switch.....		
Boys private room, new switch.....		
Bake Shop motor overhauled and new brushes.....		6.00
Overhauling and repairing Ironer.....		10.00
Installing one duplex plug in Manual Training Dept. for speed drill		2.50
Wires between Principal's residence and School to be renewed.....		
Private telephone line slack to be pulled in.....		5.00
		$ 56.00

153-0-5.

Ottawa, November 6, 1933.

Sir:

The Department has received the report of the inspection of the boilers and machinery at the Coqualeetza Indian Residential School, made by Mr. T. J. Arnall, Engineer of the Public Works Department. He states that certain repairs and equipment are required in connection with the maintenance and safety of the boilers.

Regarding Boiler No. 12368, the Inspector states that he found it in good condition, with the exception of the blow-down pipe and the cold water supply pipes to the boiler, which should be renewed, and he reports that a new fusible plug must be installed. He found a few small leaks showing around the packing nuts but stated that these would be attended to by the engineer.

With reference to Boiler No. 12369, the Inspector states that he found this boiler in very good condition but that a new fusible plug should be installed.

Concerning Boiler No. 43804, he states that upon giving the hydrostatic test, when the pressure reached 60 lbs., that 12 tubes began to leak around the top plate. He found that many of the tubes were badly corroded and in places quite thin, and he recommends that this boiler be retubed.

The Inspector's attention was called to the fact that the circulation of the whole plant was poor - in some parts of the building it was very difficult to get any heat. He made an inspection of the runs and found that the returns were very flat. The boilers were set so high, that there is just sufficient grade to prevent the lower radiators from being flooded. He states he pointed out to the school engineer that, if five or six automatic air valves were installed on the slow radiators, it would help the circulation considerably but that the only permanent solution was to install a new vacuum condensate pump in the boiler room.

He states that his attention was also called to the fact that the domestic hot water was insufficient for the purposes of the school. He recommends that a new water heater be installed outside the tank and steam supplied to it from both the vertical boiler and the steam heating boilers, and by passed with valves so that each could be used when required. I would request that you

-take this matter

A. O'M. Daunt, Esq.,
Indian Agent,

take this matter up with the Principal of the school and instruct that he have his engineer carry out the recommendations of the Inspector as far as possible.

The Department has no funds available to pay the costs, and, from the Inspector's report, we are not aware as to the amount involved. I shall be pleased to have a report from you on the present situation in connection with the heating plant at this school. You should state what repairs, if any, were carried out upon the recommendation of the Inspector and also state in detail the cost of retubing the boiler, improving the circulation of the heating and the installing of a new water heater. It is expected that the school authorities, themselves, will make every effort to carry out the improvements as recommended by the Inspector, paying the cost of same from their per capita allowance or other receipts.

Your obedient servant,

A. F. MacKenzie,
Secretary.

August 31st, 1933.

C.F. Dawson, Esq.,
Dist. Res. Architect,
Dept. Public Works, Canada,
Ottawa, Ont.

DEPT. OF INDIAN AFFAIRS
SEP 19 1933

Dear Sir: Re: Inspection of Boilers and Machinery,
Indian Residential School, Sardis, B.C.

On July 11th, 1933, I made an inspection of the mechanical equipment of this school, which consists of:

Two very large sectional cast iron boilers

One vertical tubular boiler

A full and complete laundry

A wood cutting plant.

BOILER NO. 12368.

I gave this boiler a careful inspection and found it in good condition except the blowdown pipe and also the cold water supply pipes to the boiler which must be renewed. Also a new fusible plug must be installed.

I gave this boiler a Hydrostatic Test of 25 lbs. and found it quite tight, only a few small leaks were showing around the packing nuts. These will be attended to by the Engineer.

I set the Safety Valves to blow at 8-1/2 full, at 10 lbs. cold water pressure and have issued a certificate allowing a pressure of 10 lbs. and condition good. This boiler was built in 1922.

BOILER NO. 12369 B.C.

On the same day I gave this boiler a careful inspection and found it in very good condition. I then gave it a hydrostatic test of 25 lbs. and found every part quite tight. A new fusible plug must be installed. The steam gauge is 1 lb. light. The Safety Valves are set for 8-1/2 full, 10 lbs. steam pressure.

I have issued a certificate allowing a steam pressure of 10 lbs. and condition good. This boiler was built in 1924.

BOILER NO. 42364 B.C.

On the same day I inspected this boiler which is a vertical tubular and is used to supply steam to the laundry. This boiler has been well kept.

This boiler calls for a hydrostatic test of 200 lbs. and a working pressure of 140 lbs. Upon giving the hydrostatic test, when the pressure reached 60 lbs. 12 tubes began to leak around the top tube plate. I did not increase the pressure, but emptied the boiler and

. . . . ..

SEP 6 1933
VICTORIA, B.C.

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

POOR COPY

gave it an internal inspection and found that as many of the tubes as I could see were very badly corroded and in places quite thin, so I would recommend that this boiler be retubed.

I did not issue a certificate as another inspection will be required when the repairs are completed. Also a new fusible plug must be installed.

The whole of this plant is well kept, but the type of boilers is very uneconomical and at some time should be changed to some of a more economical type.

My attention was called to the fact that the circulation of the whole plant was very poor. In some parts of the building it was very difficult to get any heat. I made an inspection of the mains and found that the returns were very flat. The boilers were set so high that there is just sufficient grade to prevent the lower radiators from being flooded. These are placed high on the wall to prevent it happening.

I pointed out to the Engineer that if he installed five or six automatic air valves on the slow radiators that it would help the circulation considerably, but the only permanent solution is to install a new vacuum condensate pump in the boiler room.

An experiment had been tried to use less coal, which has proven successful in other plants, that is by building a bridge wall across the furnace, but in this case the whole back of the furnace had been allowed to fill up with burnt ashes, which more than defeated the possible saving and which, in this case, I am very doubtful would take place as these boilers are high instead of long and the heat passages have a short travel.

My attention was also called to the fact that the domestic hot water was insufficient for the school and a proposition had been made to install a steam coil in the large storage tank and supply this coil with steam from the vertical boiler.

I suggested that steam could also be taken from the heating mains and used during the winter months, but upon examining the storage tank I found that it would be necessary to cut a manhole in it to allow for the installation of the coil and as this tank had been installed for some time, I do not recommend cutting into the plates, as if this is done it is quite possible a new tank would be required.

I would recommend that a new water heater be installed outside the tank and steam supplied to it from both the vertical boiler and the steam heating boilers and by passed with valves so that each could be used when required. At present the tank is heated with a cast iron jacket heater.

I then inspected the laundry machinery which I found in good condition. All moving parts are well protected with substantial wooden guards.

The same also applies to the wood cutting plant.

. . . . . .

DEPARTMENT OF PUBLIC WORKS OF CANADA.

Certificate of Inspection of Steam Boilers.

This Certificate expires ...July 10th, 1934.....

I hereby certify that I have this day inspected the steam boilers No. ...4290 B.C.....
of ...INDIAN RESIDENTIAL SCHOOL, SARDIS, B.C.....
in the Province of British Columbia, where the Engineer, whose certificate has been recorded, is in charge, and having carefully examined the said steam boilers have found the same in ...Poor.....
condition, and therefore authorize a steam pressure of
.....125..... pounds per square inch, and no more.

Dated this ...11th..... day ...July, 1933.....

Type of boilers ...Vertical Tubular.....

Horse-power .....8.....

Inspection No. ....1933.....

153-0-5.

Ottawa, May 13, 1933.

Reverend Sir:

Mr. Inspector Barry, in a report on his inspection of the Coqualeetza Indian Residential School in March, last, has drawn attention to the condition of the floors in the boys' and girls' play-rooms in the basement, which, he states, require to be renewed. He states, further, that the roof of the laundry needs renewal and that four toilet bowls on the boys' side should be renewed at once. In addition to the repairs required to the roof of the laundry, he recommends that some facilities be provided for drying clothes. The Inspector reports, also, that the water guage on the high pressure boiler needs to be renewed and he recommends that this boiler be attached by steam coils to the hot water tank.

In connection with the repairs and alterations at your school, I have to say that there is an item in our Estimates for the current year to the amount of $400, which is all that is available. I would request, therefore, that you inform the Department which repairs, etc., including the supplying of the water guage for the high pressure boiler, you consider to be the more urgent this year. You should give full details as to any materials, outside labour, and the approximate cost of the work which you recommend be carried out, not exceeding approximately the above stated amount. When we have this information, consideration will be given as to what work can be authorized.

I may add that our Appropriation is so greatly reduced, that the above amount is all that we will be able to provide for your school for carrying out repairs, etc., this year.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Rev. G. H. Raley, D. D., F.R.G.S.,
Principal,
Coqualeetza Residential School,
Sardis, B. C.

153-0-5

E X T R A C T from Inspector Barry's Report regarding his visit to the COQUALEETZA INDIAN RESIDENTIAL SCHOOL on March 20 & 21, 1933.

Original on File 153-0-6.

Dormitories:- The dormitories are in very good condition. The bed linen appears to be kept cleaner than was the case last year. Some of the mattresses should be renewed and I would recommend that 125 should be provided before the opening of school in the Fall. The matter of who should pay for these outworn mattresses will of course have to be decided by the Department. All I ask is that they be placed in use as soon as possible.

Buildings:- The floors in the Boys' and Girls' Play Rooms in the basement need renewal. Some sort of lasting material should be used when this is done. The roof of the Laundry needs renewal this summer. After snow comes this roof leaks. About $100.00 will be required for this. A covered playground for the small boys and girls is very badly needed. These children should be out in the fresh air as much as possible, and under cover in poor weather of which there is much in the Lower Fraser Valley. It is most important that the health of these children should be attended to as well as is possible under the circumstances. Please see under Health below.

Sanitary Conditions:- Four toilet bowls on the Boys' Side need renewal at once. The general sanitary condition of the school is very good. Repairs to the basement floors mentioned above are very necessary, in fact new floors will have to be placed in these basements and adjoining rooms, if the proper sanitary condition of the school is to be preserved.

Laundry:- In addition to repairs to the roof, mentioned above, some facilities for drying clothes are needed here. I made a recommendation last year, and beg to refer the Department to my report after my inspection of January 1932. Nothing has been done. It is impossible to keep the bed linen in proper condition if there is no proper way of drying sheets after washing them.

Boiler Room:- The water guage in the high pressure boiler needs to be renewed. I beg to recommend that the high pressure steam boiler be attached by steam coils to the hot water tank. This will cost about $75.00. My recommendation is made after a conference with the Principal and the boiler inspector who were present in the boiler room at the time of my inspection there. Such an addition will give a better supply of hot water for domestic use, at no extra cost, beyond that of the pipes now recommended.

Preservation of Fruit and Vegetables:- I should like to recommend that the school be supplied with a small canning plant of the same make and size as that now in use at St. George's School, Lytton. Of those in use at the school now, one is too old, and one is too small. The cost of such a plant as I recommend is small, and the use to which it could be put is very great.

SIR:-

With reference to your letter, File No. 153-0-5, of April 9th, I now beg to enclose herewith, a communication from the Reverend Doctor Raley, Principal of the Coqualeetza Indian Residential School, in which he gives an estimate in detail, to the total amount of $175.00, for the necessary redecorating and minor repairs of the Residence at the School.

Will you kindly favour me with your instructions in due course.

Your obedient servant,

A.O'N.Daunt,
Indian Agent.

SARDIS, B.C.

April 30, 1934

A. O'N. Daunt, Esq.,
Indian Agent,
New Westminster, B. C.

Dear Mr. Daunt:

With reference to your letter #1-8-B, dated April 16th, re painting and redecorating the Principal's Residence, in which you ask for definite and absolutely necessary requirements and a reliable and fair estimate of the amounts of cost. In this regard I have had Mr. Max Wilson, who is an old, established, reliable and competent painter and house decorator, and who has previously done any necessary work for us, make an estimate.

We found the following to be absolutely necessary:

Three bedrooms to be repainted,

Upper hall front, lower hall and back hall, kitchen and two pantries, also front and porches of the house require paint,

Four bedroom floors and the study floor should be varnished,

Worn spots of woodwork, such as window ledges, should be patched up and renewed,

Two bedroom floors require a little repairing before being varnished.

$175.00 would cover the cost of this work. This includes replastering of one wall of the kitchen and the repairing of the plaster on the kitchen ceiling.

II

April 30, 1934

This is really and essentially necessary in order that my successor, Captain Scott and his wife, may have some sense of comfort. There has been nothing spent on the house by the Department for ten years and the charge is very reasonable.

Trusting the requisition will commend itself to your valuable attention,

Yours very truly,

G. H. RALEY
PRINCIPAL.

[redacted]

I beg to acknowledge receipt of your letter of the 31st ultimo, with reference to painting and redecorating the Principal's residence at the Coqualeetza Indian Residential School.

It is noted that Mrs. Raley estimates the cost at $150 or $200. However, I would appreciate your making further enquiries with a view to ascertaining definitely the amount that would be required for this purpose. It should be kept in mind that only the painting and redecorating that is absolutely necessary should be done.

Your obedient servant,

A. F. MacKenzie,
Secretary.

SIR:-

I beg to forward you herewith a communication received from Mrs. Raley, wife of the Reverend Doctor Raley, Principal of Coqualeetza Indian Residential School, in which she requests the Department to redecorate the Principal's residence at the school for the benefit of their successors.

I remember that about ten years ago Doctor Scott had the residence done over for Doctor Raley, but, as I do not know what the obligations of the Department are in connection with this matter, I should be much obliged to receive your instructions so that I may reply to Mrs. Raley.

Your obedient servant,

A.O'N. Daunt,

D. O'N. Daunt Esq.
Indian Agent
Kamloops B.C.

Dear Mr Daunt You know we expect to
withdraw from Coqualeetza after twenty years
been interested in my successor as regards
the Principal's Residence.
The interior of the house should be done
up completely. It requires papering,
varnishing and some painting.
I feel it will be quite unwise to let
new comers, if there are any desirable
applicants, I shall have to wait about two
years before I could get anything and it-

Was disbelieving and annoying.
I brought out the Twenty years there has been much real work done but at no time a complete renovation.
I do think it would be good for you to give Mr Matters consideration and try to have some grant made, which would be available as soon as Mr Scott comes in Coqualeetza, $100.00 or $200.00 might set the place in order.
Hoping am writing from a woman's point of view.

Yours Sincerely
G. H. Raley

Ottawa, July 25, 1934.

Sir:

I beg to acknowledge receipt of your letter of the 13th instant, enclosing accounts in connection with expenditures incurred by Rev. Mr. Raley at the Coqualeetza Indian Residential School.

The sum of $400, to which Mr. Raley refers, was available for expenditures made during the fiscal year ended March 31st, last. As you are aware, new authority should have been obtained after April first. However, as it was possible to find funds, the account of $79.21, in connection with repairs to the building, is being paid.

However, the Department is not prepared to pay the account of $4.84 in connection with the classroom supplies purchased from Clarke & Stuart. Such supplies must be secured by the Department through the Government Stationery Office, and Mr. Raley should have forwarded a requisition to the Department. This account will have to be paid from school funds.

INDIAN OFFICE
NEW WESTMINSTER
JULY 31 1934

Dear Mr Daunt:

May I present to you a situation which I feel to be of importance both to the School and the Department as well as to myself.

I refer to the contemplated marriage of Mr P.F.Pirie, our Farm Instructor, of whose work Dr Raley, the retiring Principal speaks in the highest terms. I am trying to get along with as litte change in the personell of the Staff as possible, knowing the efficient and loyal group of wokers whom Dr Raley has secured over a period of years. As you may know, Mr Pirie has been with the School as Farm Instructor for the last ten years, having joined the Staff in January 1925. He has proed himself to be a loyal and painstaking employee in his particular department, and is splendid in handling the boys both in the period of their work outside, and during those hours when staff duties bring them under his care. In addition, he is the Instructor of the Cequaleetza Cadet Corps, and the leader of our Boy Scouts, and I have been depending upon him for the coming year in all these departments of work.

It will be difficult, however, to continue him as a member of the Staff unless we have some house accommodation for him. He could not continue, when married, to reside in the School building as he does at present, and it would be difficult for him to carry on his duties and live off the School property.

If the Depastment could see its way clear to assist us with a small grant, we could build a suitable cottage, and solve the problem of accommodation for such a worker, for the present and also for the future. I understand this matter has been before the Department before, and that at one time a suggestion for a grant upon their part, was forthcoming in an amount greatly exceeding that which I beg liberty to suggest.

I have the figures from a local Carpenter who has done a lot of work for the School. He offers to build a six-room cottage by superintending the work of our larger boys, and asks only .40¢ per hour, for a maximum time of four weeks, for his own labour. This would be of great practical benefit to our boys, as Mr Mower, the Carpenter mentioned, is a fine workman, thoroughly efficient, and would be able to give them a training in this work which would be of real help to them when they go back to their homes upon Graduation. The estimate includes cost of supplying all materials, and doing all work, inside and out, namely: Cement foundation blocks, Dimension and finishing lumber, doors and windows, hardware, lath and plaster-2 coats, bath room complete, chimney-16 feet, and painting inside and out. I feel that both the figure itself, and the idea of using the labor of the boys will appeal to the Department, as it practically means they are supplying materials, and wages only for the Superintending carpenter. His figure, by the way for his own work in this connection, was 192 hours at .40¢ making a total of $76.80. Personally, it will mean much to me in my first year of service at Coqualeetza, if I were able to continue Mr Pirie happily in his position, and I think the Dppartment would have secured the solution of a problem which is bound to recur from time to time.

I trust that you may see your way clear to recommend this expenditure, and trust that, even though the financial stringency makes it necessary to scrutinize each item of expense, the Department may be able to grant the request as above. With all good wishes and hoping for a favorable reply, I am,

Yours sincerely, R. C. Scott PRINCIPAL

Ottawa, August 17, 1934.

Sir:

I beg to acknowledge receipt of your letter of the 11th instant, enclosing communication received from the Principal of the Coqualeetza Residential School, requesting the Department to assist in the erection of a cottage for the farm instructor at the school.

No provision was made in the current year's Appropriation for this expenditure, and it is therefore regretted that the Department cannot authorize the erection of the building mentioned.

The Principal's request will receive further consideration when we are preparing our Estimates for the fiscal year 1935-36.

Your obedient servant,

D. C. Scott

A. F. MacKenzie,
Secretary.

File No.1-8-B.

NEW WESTMINSTER, B.C.
August 11th, 1934.

SIR:-

I beg to forward you herewith a communication received from Reverend R.C. Scott, Principal of the Coqualeetza Indian Residential School, in which he requests the Department to assist the School with a grant to build a suitable cottage for the residence of their Farm Instructor, who has recently been married.

Noted for Estimates 1935 36 E.W.M. (68)

This grant you will perceive, from the detail I have obtained, amounts to $820.80.

You will note from the letter of the Reverend Principal, that the Department have been considering some such proposition in the past, although we have no record of it here.

If this matter is in order and in accordance with your policy, I would recommend that it receive consideration.

Your obedient servant,

A.O'M. Daunt.
Indian Agent.

Encls.

I trust that the Department may see its way clear to grant us this equipment, as repairs are out of the question, and there is no use of renewing the furnace and leaving the present arrangement of hot and cold air pipes as it is. The weather is liable to turn cold at any time, and I trust that the Department will give favorable consideration as soon as possible.

Thanking you in anticipation, I am,

Yours sincerely,

J. P. C. Scott

P. C. SCOTT,
Principal.

153-0-5.

Ottawa, Sept. 25, 1934.

Reverend Sir:

The Department is in receipt of the report of the Engineer, Department of Public Works, Victoria, on his inspection, in June, last, of the boilers and machinery at the Coqualeetza Indian Residential School. He reports as follows:-

Boiler No. 12368 B. C. - The Engineer reports this boiler was found in good condition. He suggests that the fusible plug be renewed and states that two new firebars will be required.

Boiler No. 12369 B. C. - This boiler was found in good condition. The blow-down cock was leaking and will need regrinding. The fusible plug must be renewed.

Boiler No. 12804 B. C. - The Engineer reports that he found all rivets, plates and tubes in good condition. This boiler had been re-tubed since previous inspection, but the tubes were too long and not properly beaded and rolled, which allowed them to leak at the top plate. Since then, he states he has received a letter that they have been rerolled and beaded and are now quite tight. However, a new fusible plug is required.

With reference to the auxiliary machinery, the Engineer states that the whole of this machinery is in very good condition, that new guards have been installed and there was a considerable improvement of the whole plant.

The Department understands that the certificates of inspection have been forwarded to you, and I would request that you will see that they are posted in a conspicuous place in the boiler-room.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Public Building,
Victoria, B.C.,

August 11th, 1934.

E.F. Dawson, Esq.,
Dist. Res. Architect,
Dept. Public Works, Canada,
Victoria, B.C.

Dear Sir: Re: Inspection of Boilers & Machinery, Indian Residential School, Sardis, B.C.

Boiler No. 12369 B.C.

On June 12th, 1934, I gave this boiler a careful inspection and found it in good condition.

I then gave it a hydrostatic test of 25 lbs. and found it quite tight. I set the safety valves to blow off at 10 lbs. water pressure. The fusible plug is to be renewed. The steam gauge is correct. Two new firebars will be required.

I have issued a certificate allowing a steam pressure of 10 lbs. and condition good.

Boiler No. 12368 B.C.

On the same date I gave this boiler a similar inspection and found it in similar condition as Boiler No. 12369.

I gave it a hydrostatic test of 25 lbs. and found it perfectly tight, except the blow-down cock which was leaking slightly and will need regrinding.

I set the safety valves to blow off at 10 lbs. water pressure. The steam gauge is correct. The fusible plug must be renewed.

I have issued a certificate allowing a steam pressure of 10 lbs. and condition good.

Boiler No. 43804 B.C.

On the same date I gave this boiler a similar inspection and found all rivets, plates and tubes in good condition.

This boiler has been retubed since my last inspection but the tubes are too long and not properly beaded and rolled which allowed them to leak at the top plate, so I could not give it a hydrostatic test. Since then I have received a letter stating that they have been rerolled and beaded and the[illegible] quite tight.

. . . . . .

www.collectionscanada.gc.ca

Boiler No. 43804 B.C. (Cont'd).

The steam gauge is 10 lbs. light. A new fusible plug is required. The safety valve works freely.

I have issued a certificate allowing a steam pressure of 130 lbs. and condition good.

Whilst I was there my attention was called to the large amount of fuel which was being used. There are two methods to partly remedy it without installing new boilers; that is to install new electric driven condensation pumps on the very flat returns and to install some type of underfeed automatic stokers where a cheaper grade of coal could be used and a much more efficient and economical operation of the plant acquired.

Auxiliary Machinery.

The whole of the machinery is in very good condition. New guards have been installed and a considerable improvement of the whole plant is apparent.

Yours respectfully,

T. J. Arnall

Sir,-

Your voucher of the 3rd instant (No. 800), amounting to $200.00, in favour of the Principal of the Coqualeetza Indian Residential School, included an item of $85.00 covering the cost of a furnace purchased from Metals Limited, Vancouver.

At the top of this account, the following appears:-

"2% cash discount if paid before 15th of month following purchase"

Present regulations require that, when such an entry is made on the account, the discount must be deducted. Consequently, a deduction of $1.70 is being made from the account which you submitted.

Ottawa, December 12, 1934.

Sir:

I have your letter of the 4th instant, enclosing a communication from the Principal of the Coqualeetza Indian Residential School, requesting assistance in repairing the heating system in the manual training building at that institution.

In reply I have to say that the Department will approve of the Principal incurring an expenditure, to an amount not exceeding $200.00, for the purpose of supplying the equipment to carry out the work of installing satisfactory heating arrangements in the manual training building. After the work has been completed to the satisfaction of the Principal and yourself, you should forward detailed accounts, in triplicate, properly certified, covering the cost. The amount authorized above is all that is available for repairs, etc., at this school during the current fiscal year.

Your obedient servant,

A. F. MacKenzie,
Secretary.

NEW WESTMINSTER, B.C.
December 4th, 1934.

SIR:-

I beg to forward you herewith a communication addressed to the Department from the Reverend R.C. Scott, Principal of the Coqualeetza Indian Residential School, in which he requests assistance in repairing the heating system in the manual training building at that Institution.

I do not know what funds are available for such services, but if it is at all possible, I would recommend that the Department favourably consider this request, which would appear to involve an expenditure of $200.00.

Your obedient servant,

A.O'M. Daunt.
Indian Agent.

INDIAN OFFICE
NEW WESTMINSTER
NOV. 21 1934

Dear Sir:

In order to provide room for our boy pupils this year, we are using a Dormitory in the Manual Training building. This adds urgency to the need of proper heating in that building. The instructor informs me that last year the heating was very inadequate and the classes in Motor Mechanics were scarcely able at times, to continue, because of the cold, and the smoke which poured up out of the register. On investigation I found that the furnace was beyond repair.

I had Messrs Farquharson & Eckel Ltd., who installed it, come in and look it over and they reported that it was not worth repairing. I do not feel that this firm gave us a satisfactory job in the first place, because we found the check, which should have been installed on the smoke pipe, lying under the furnace, never having been put in place at all. The cold air leads were quite inadequate, and two of them were brought down out of the one conduit. This made a vicious circle from the furnace up through the conduit and back, so that no fresh air was drawn in, and I feel it was a potent factor in the breaking down of the furnace, as well as rendering it inefficient when in operation. There was no cold air conduit taken off the Manual Training room whatever, and neither hot air or cold air pipes to the Dormitory stove at. Heat for this latter had been supplied by use of a stove; I do not feel that it is in adequate or safe in a Dormitory like this.

I have had an estimate from Mr. Locke of Chilliwack, who, I believe has done Government work before, and he will undertake to run hot air pipes through to the Dormitory, and take off cold air pipes from both the Dormitory and the Manual Training room. He will also rectify the vicious circle, mentioned previously, and see to it that the supply of cold air is adequate. He will do all this work, supplying the material, in addition to installing the furnace, for the sum of $115.00. The cheapest way to renew the furnace, which was thoroughly burned out, is to install a similar one, since we would not need to buy ducts, or anything more than the bare furnace body itself. This can be done for $85.00. For the sum of $200.00, then, we can install an adequate heating equipment in the Manual Training building, which will take care of the class rooms used for Manual Training, Motor Mechanics and Boot building, as well as the Dormitory stove.

Ottawa, March 29, 1935.

Sir:

The enclosed account has been received from the Principal of the Coqualeetza Indian Residential School. Apparently these recharges were ordered direct by the Principal and the Pyrene Manufacturing Company has been paid by him. If you consider this amount should be refunded to the Principal, you should attach the account to proper voucher forms.

You should, however, point out to the Rev. Mr. Scott that when refills are required, which he considers should be paid by the Department, a formal request should be made, and, if it is decided to supply same, the order will be placed from here.

Your obedient servant,

ENC.

Ottawa, March 16, 1936.

Sir:

The Department is informed that certain damage was done, by the recent severe ice and rain storm, to the property and out-buildings at the Coqualeetsa Indian Residential School.

No provision was made for this unforeseen expenditure, but funds, to an amount not exceeding $300, will be provided from our coming year's appropriation.

You may therefore advise the Principal that he may arrange to carry out necessary repairs, to the amount mentioned. Itemised accounts, in triplicate, should be obtained, and these, you should attach to proper voucher forms, certify in the usual manner and forward for payment.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Reverend Sir:

I have your letter of the 12th instant, addressed to Mr. Sutherland, of this Department, relative to a communication you received from the Principal of the Coqualeetza Indian Residential School, regarding the damage done to the school property and outbuildings by recent weather conditions.

In this connection I have to say that the Department is informing Mr. Agent Daunt, New Westminster, B. C., that he may authorize the Principal to incur an expenditure not exceeding the sum of $300.00 in carrying out the repairs. This is the full amount that will be available for this unforeseen expenditure.

I note that Captain Scott and yourself will likely be visiting Ottawa at the end of April, next.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dr. J. D. Sutherland,
Department of Indian Affairs,
O t t a w a, Ontario.

Dear Mr. Sutherland: Re: Repairs Coqualeetza Residential School.

I have a letter from Captain R. C. Scott, the Principal of the Coqualeetza Residential School, in which he expresses real distress because of the damage done to the school property and out-buildings by the recent severe ice and rain storm. Is there likely to be any balance to the credit of your Department in the 1934-35 appropriations out of which a sum of money could be granted to Captain Scott for the making of these repairs? Otherwise, it looks as if the Department will have to face a very substantial outlay for repairs during 1935-36.

I realize that the Department has been very fair in its treatment of Coqualeetza, but none of us could foresee the tremendous damage which was to be inflicted upon the whole Fraser Valley by the recent unprecedented storm, and I know that if there is any way in which you can divert five or six hundred dollars to help make good these losses, you will give the request every consideration.

I am hoping that Captain Scott will be in Toronto towards the end of April and that I shall be able to bring him to Ottawa for at least a day, in order that he may meet Dr. McGill and the other members of the Department staff.

Yours very sincerely,

KJB.:LT

The Secretary,
Department of Indian Affairs,
OTTAWA, Can.

Dear Sir:

I have your letter of the 21st, Numbered 173-0-5, enclosing accounts for Stanley Brock Limited and Pilkington Brothers.

I am quite at a loss to understand why these accounts were sent, as Stanley Brock Limited account was paid by us early this month. I am taking the matter up with them regarding the claim for Pilkington Brothers, it was due to misunderstanding that they sent the account to you. I instructed them to make this particular account out in quadruplicate and send it on to me for endorsement. All claims for repairs, etc., are paid out of school funds, but this particular shipment was for use in the building of the boat, which was authorized by the Department. I regret that Pilkington Brothers misunderstood my instructions, as these accounts are forwarded through Mr. Hunt, Indian Agent, in the regular way. I shall advise them.

Hoping this is satisfactory, I am,

Yours very sincerely,
J. R. C. Scott

Ottawa, February 21, 1935.

Reverend Sir,-

The enclosed have been received by the Department.

We do not know what account the statement from Stanley Brock Limited covers. In connection with the account from Pilkington Brothers for glass, minor replacements of this kind have always been made by the school from its own funds. I am, therefore, forwarding both accounts for your kind attention.

Your obedient servant,

A. F. Mackenzie.

1-8-B.

Ottawa, April 25, 1935.

Sir:

I have your letter of the 12th ultimo, enclosing a communication from the Principal of the Coqualeetza Indian Residential School, enumerating the repairs and alterations to the various buildings, which he wishes carried out during the coming summer.

The Rev. Principal visited the Department yesterday, and this matter was discussed with him. The sum of $1,200.00 only is provided in our Estimates for the current fiscal year for repairs, alterations, painting, etc., at this school. The sum of $300.00 has been authorized to carry out repairs occasioned by an ice and rain storm last winter. This would leave approximately $900 still available.

Before the Department can deal intelligently with this matter, I have to request that, after consulting the Principal, you will state definitely, in order of importance, the repairs, etc., that you would recommend be carried out, to an amount not exceeding the sum available, as mentioned above. It will be necessary, also, to give an estimate of the cost and state what, if any, outside labour would be required and the approximate cost. It is understood that the boys, under the oversight of the manual training instructor, would be able to perform the greater part of the work.

The Principal was authorized to undertake the work of remodelling the pantries of the kitchen in the basement and to purchase two stoves. He estimated the total cost to be $260. This expenditure will be over and above the amount mentioned as being available for further repairs.

The Department will arrange, also, to supply a quantity of linoleum for the upper halls and landings of the main building and to purchase a new cylinder for the washing machine.

Please give the information requested, as soon as possible, when the necessary authority for incurring the expenditure, etc., will be obtained from the Honourable the Superintendent General.

Your obedient servant,

A. F. Mackenzie,
Secretary.

EXIM.

Ottawa, March 19, 1935.

Sir:

I beg to acknowledge receipt of your letter of the 12th instant, enclosing communication received from the Principal of the Cequaleetsa Residential School, with reference to certain repairs and alterations which, he states, are required.

For your information, I may say that, in our Appropriation for the fiscal year 1935-36, provision has been made for the sum of $825, to cover the cost of the erection of a cottage for the farmer, and also $375, for miscellaneous repairs. With reference to the latter amount, I would refer you to official letter of the 16th instant, in which you were informed that $300 of it could be used for repairs to the outbuildings which were damaged by storms during the past winter.

It is expected that the Principal will visit the Department about the end of next month, and one of the officers of the Schools Branch expects to visit this school in June. Under these circumstances, the Principal's requests can be left in abeyance for the time being.

Your obedient servant,

A. F. MacKenzie,
Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

INDIAN AGENT

File No. 1-R-B.

NEW WESTMINSTER, B.C.
March 12th, 1935.

MAR 12

SIR:-

I beg to forward you herewith, a letter addressed to the Department, brought in today by the Reverend Mr. R.C. Scott, Principal of Coqualeetza Indian Residential School, in which he points out many repairs and alterations which he wishes attended to at that Institution.

Estimates of most of these expenses are given, and total approximately $2,700.00, so that including work not estimated for, an outlay of about $3,000.00 is indicated.

In view of the large sum involved, I hesitate to make any recommendation and am forwarding the letter as it stands for the general consideration of the Department.

The following brief comments however are, I think, in order:-

The Linoleum generally is in very bad condition, being badly chipped and worn away in many places.

The windows are draughty and the sashes do not appear to set properly in the brickwork.

The composite floors in many places in the corridors and play rooms have broken up and certainly need patching. This also applies to the walls in the Junior Boys' room, where the wire netting on which the plaster is set, has also been broken. It is a question here, whether wooden wainscoting would not be more serviceable than the plaster.

The waste-pipe from the Senior Boys' lavatory has damaged the ceiling of the Senior Boys' class-room by leaking. Both leak and ceiling should certainly be attended to as soon as possible.

Main Roof repairs should, if possible, be attended to, so that possible leaks be averted, and the moss removed, thereby preventing fire hazard. The Shingles should be stained to prevent decay.

In connection with the electric lighting etc., the repairs indicated should be carried out. I do not like the idea of a high voltage wire crossing the girls' play ground, and this should be eliminated.

The items, repairs to Heating System, Laundry Room, window screens, dairy wash-room and Farmer's cottage, total a considerable amount, and while no doubt of advantage to the School, do not appear to be as urgent as other repairs.

I would suggest that the Department after perusing the letter, inform me what sum will be available for repairs,

The Secretary,
Department of Indian Affairs, Ottawa, Ont.

Phones
SCHOOL ——— CHILLIWACK 4602
RESIDENCE — CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

DEPARTMENT OF INDIAN AFFAIRS:

I beg to apply for the following repairs to Coqualeetza Residential School. In doing so I would point out that the Main Building has been in use for eleven years and has reached the time when repairs are necessary. In addition, the extreme weather conditions and the ice storm in which it culminated, have rendered certain of the repairs, herein set forth, vitally necessary.

A. IN THE MAIN BUILDING:

1. Renew Linoleum in halls throughout, The linoleum has "perished" and has become brittle. It is ragged and broken. Not having been cemented down it allows dust and small gravel to get underneath. Recently we had to have it nailed down along both edges for the extreme length of the corrider of the Main floor, as the children were tripping over its broken and curled up edges. Estimate attached. "B" quality would be less expensive and might last a goodwhile if rightly laid.

2. Windows: The frames seem to have shrunk away from the sides of the opening, so that when the East wind blows it is impossible to heat the front of the building. The wind blows through around the sash and behind the casings and it will be necessary to have the latter taken off and the space between the frames and the brick filled with some liquid preparation, which will harden The casings could then be replaced. This should be done, preferably, during the summer vacation. For days at a time, we had to nail blankets over the windows to try and keep out the cold. Even then, with both furnaces going, we had to dismiss the Primary Room the day Inspector Barry was here. The Dormitories were not warm and the Infirmary was cold; it was hard to see sick children in a room so cold, they had to be covered up in bed and electric lights on all day because all windows were covered with blankets. I trust this may be rectified.

3. Repairs to Heating System: Under advice from a Government Heating Inspector, our engineer informs me that an electric vacuum pump installed on the return line, near the furnace would greatly increase the efficiency of our heating system. The size of the Return pipe is too small and condensation takes place, pockets are formed and it is impossible to force steam through some radiators. Results - extreme fuel consumption-cold-and in some instances frozen radiators. Estimated cost of Pump installed not over $250.00

3. LAUNDRY ROOM: New cylinder for washing machine; the present one will not last much longer. Estimated cost, $125.00. (1) A new and larger "Thor" Ironing Mangle, the present one is very inadequate.

(2) Remove Electric Motor from ceiling and hang it on wall above washing machine. Bearings are constantly burning out and it is impossible to lubricate them properly with the motor in its present position. A new 3 Phase Motor, installed as suggested would be much the better unit, as compared with the present single phase one.

(3) A drying room is urgently needed and could be economically built into the end of the Laundry Room. This would lessen the work now laid upon the girls, shorten their hours of labor, reduce fuel consumption, and give room for other purposes, now taken up by improvised clothes drying racks. Steam heat is conveniently available. Cost of material the main one.

BURRITT BROS.

Carpet and Linoleum Layers

Repairing and making over by thoroughly practical experts. ◆ ◆ ◆ ORIENTAL RUGS A SPECIALTY

Rear of 570 Hornby Street

VANCOUVER, B.C., March 5th, 1935.

Rev. R. C. Scott, B.A.,
Principal, Coqualeetza Residential School,
Sardis, B.C.

Dear Sir,

We have gone carefully over the halls and landings and find that you will require 232 sq. yds. of linoleum to renew the runners and cover the landings.

We would recommend A quality, brown, as per sample for quality and color. We recommend that the goods be given a coat of special linoleum varnish in the factory in Montreal, and that we cut and cement down the linoleum and then put on an oak molding as pr. sample. In this way you will have a good looking and finished job.

This would come to

A Quality	232 yds.	$2.16	$ 501.12
or if we laid the same quality without the varnish and without molding, the order would come to	232 yds.	$1.90	$ 440.80

We are,

Yours faithfully,

BURRITT BROS.

Per Edmund Burritt

"B" Quality would be somewhat less and make a fairly good job.
R. C. Scott
Examined

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

5. (a) Kitchen: Rebuild one kitchen table and cover it with zinc.

(b) Renew zinc covering on Serving Table between kitchen and serving pantry. Cost $ 7.60.

6. Basement:- Boys' Side-

(a) Repairs to floors in corridors and Play Rooms.

(b) Renew plaster and put on wainscotting in Junior Boys lavatory. There are large holes in the walls. Renew baseboards.

(c) Renew plaster on broken places in walls in hallways.

7. Ground Floor:

(a) Repair or renew ceiling in Senior Class Room, now rusted through by leak from No. 2 Boys' Lavatory.

8. First Floor:

(a) Renew floors in Boys' Lavatory, No. 2, over Senior Class Room. Composite covering very badly broken-wooden floor exposed.

(b) Overhaul waste pipe leaving Basins. Water runs back and comes up through vent in floor and leaks down into Senior Class Room. Ceiling rusted through-unsightly and unsanitary.

(c) Paint Infirmary - Boys' and Girls' sides. Estimated cost, two coat work, $80.00.

(d) Remove "slop" sink from main kitchen, and install same in Infirmary Kitchen. Extend hot and cold water and waste pipes to connect with same. Estimated cost, $45.00. Very essential, as Infirmary has no sink and all water has to be carried up from the basement for washing dishes and carried down to Main Kitchen to be emptied out.

B. OUTSIDE THE MAIN BUILDING:

1. Roofs:

(a) Roof over Laundry and Kitchen needs to be renewed. Tar and sand might repair it for a time, but the roofing itself is in poor shape.

(b) The roof of the Main Building needs to be scraped, to remove the moss and then be stained. The moss creates a fire hazard in dry weather and stain applied now, will insure several years life to the shingles. Approximate cost $85.00.

(c) Window screens on all lower windows of Main Building need new wire. Many frames need repair.

(d) Small building to be attached at wall of cow stable to (dairy and) provide a wash room for the boys before milking, a place for their clothes and milking gowns. This is very important in view of the conditions of the milk marketing Act, to which we must conform or lose the best price for our milk, sold during Spring and holiday months. It is also, decidedly in the interests of cleanliness and health during the school year. Space for cooling milk would also be provided, by cement trough, and milk for sale would be kept in it until cooled.

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA
FOR COPY

Library and Archives Canada / Bibliothèque et Archives Canada

(Cont'd.- Estimated cost of Wash Room:- and Dairy:-

30 Bags, Cement	$30.00	
6 Loads, Gravel	7.50	
Lumber	65.00	
Hardware	5.00	
Water Pipe	3.00	
Labor/Overseeing Carpenter	32.00	(10 Days)
(All other labor to be done by the school)		
Paint	6.00	
	$ 148.50	

Painting:

All roofs, especially that of the Main Building and of the Principal's Residence should be scraped clean of moss and treated with a stain of some kind to preserve the shingles and prevent growth of moss. During the warm summer months this moss increases the fire hazard, on the Main Building, especially.

Estimates of Cost as follows:

MAIN BUILDING:	Roof - remove moss and apply stain	$ 85.00
	Paint windows and trim - one coat.	150.00
MANUAL TRAINING BLG:	Roof - remove moss and apply stain ----	16.50
	Paint walls and trim - one coat ------	52.50
BIG BARN:	Roof - remove moss and apply stain	17.00
	Paint walls and trim - one coat ----	71.00
SMALL BARN:	Roof-remove moss and apply stain ----	10.00
	Paint walls and trim - one coat ---	35.00
PIG PEN:	Roof - remove moss and apply stain --	8.00
	Paint walls and trim - one coat ----	31.50
TWO OUTSIDE DORMITORIES:	Roof - remove moss and apply stain -	5.00
	Paint walls and trim - one coat -	44.00
TWO COTTAGES:	Roofs - remove moss and apply stain	15.00
	Paint walls and trim-one coat	55.00
1 TOOL SHED & 1 CHICKEN HOUSE:	Roofs - remove moss and apply stain	6.00
	Paint walls and trim - one coat.	29.20
PRINCIPAL'S HOUSE:	Roof - remove moss and apply stain ----	15.00
	Paint walls and trim - one coat	50.00

If only part of this work can be done, I would suggest that the roof of the Main Building be done, as it is very necessary. Then the Manual Training Building, roof, at least and the walls, and following this, the Principal's House, roof;then walls of the Main Building and of the Principal's House. The barn and out buildings could be done later.

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 1)

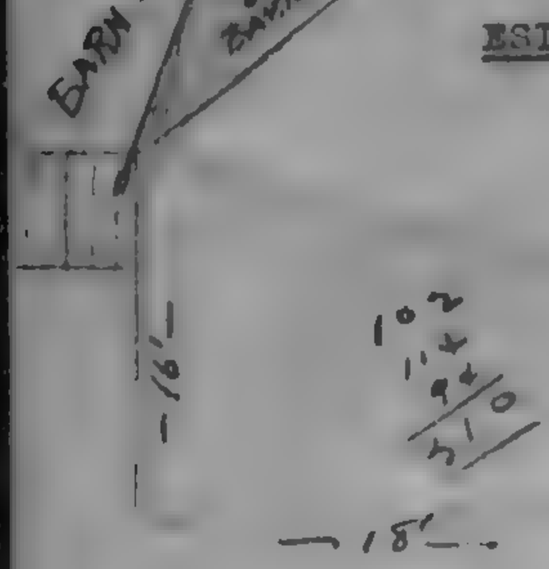
Wo[illegible]shed:

A lean-to woodshed, attached to the old barn collapsed under the weight of snow during the storm in January. It needs rebuilding badly as there is no storage room for dry wood and in winter time the boiler room is used at times, something which ought not to be, but under the circumstances has to be resorted to. This new woodshed would give storage room for 50 cords of wood, and provide a place for the boys to cut and split wood during wet weather. This has to be done at present, outside, and in bad weather cannot be carried on at all. The motor and circular saw are being installed in the old barn alongside the proposed shed.



ESTIMATE:

Lumber - 4380 Ft.	@	$14.00	$ 61.32
Shingles - 7½ M	@	2.25	17.00
Nails			4.70
Labor(Supervising Carpenter only)			19.20
Size of Shed - 45' X 18'			$ 102.22
Height of back wall - 8'			
" " wall at Barn - 16'			
(As per Sketch)			

Storm damage

Electric Lighting:

Certain repairs were necessary even before the ice storm. The pole upon which the transformers are placed is unsafe. There is little doubt that all that kept it from falling during the ice storm was the heavy iron conduit down one side into the ground. The cross arm to which the transformers are attached, is loosened away from the pole and the bolts have been pulled into the wood. The B.C. Electric Co. advised moving the transformer back beyond the edge of the girls' playground owing to high voltage wires crossing same. As the pole carries, at least, 700 pounds weight and has to be renewed anyway, the only cost to the school would be the extra heavy wire necessary to carry the low voltage across the playground and into the building, plus the new pole. The company will undertake the actual work of moving the transformers. ESTIMATED COST - labor and materials, to school $125.00.

which is Rotten at this point

WIRE. #114.00 Contingent

In addition to the above all electric light wires were carried down in the recent storm and had to be replaced. This being necessary, two of the poles which were out of line were moved into line, resulting in a much stronger and better looking job.

?93.65 Storm damage

LABOR #40.05

MATERIALS #36.05

The motor for cutting wood, which has up to now, been hung in the large barn, with considerable fire hazard, owing to dust and chaff, I have moved to the floor of the old barn, contiguous to the proposed woodshed. This will allow a roomy and dry place, affording good footing to the boys during wood cutting, as compared with the old position, where the saw was outside, the ground uneven and often muddy and slippery. The saw has been placed upon new timbers and we have now, a much safer unit for the boys to work with. The only cost to the school will be the few yards of extra wire and the time spent in moving and setting up the motor. All other work has been done by the boys under supervision of Staff members.

Storm damage

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 1)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

PC/R-COPY

Fire Equipment:

All large fire extinguishers have been refilled at a cost of $43.20. Five extra fire lanterns have been provided and two extra fire axes, all of which have been placed in glass fronted cabinets at a cost of $25.45 for labor and materials. I would strongly advocate the provision of two sets of iron steps to be placed on low wheels on the lowest landing platform of fire escapes at the rear of the school on both boys and girls sides. This would more than double the efficiency of present escapes, as it would make possible a continuous exit. At present the delay is caused by pupils having to go down through the opening in this lower platform by a ladder attached to the wall. I am quite sure this affords possibility for tragedy in case of fire.

On Route No. 1, down the stairway and out the front door we can empty the building in three minutes, but down the above fire escapes it took the boys 9 minutes and the girls 13 minutes owing to the congestion, caused as above. I have plans drawn for this suggested improvement, but have not yet been able to get estimates as I have not been able to locate a firm doing this sort of work.

Farmer's Cottage:

I beg to re-submit estimates for a farmer's cottage as contained in my letter to Mr. Indian Agent Daunt, under date of August 6, 1934, at $820.00.

As an alternative we have a cottage which, last year, was moved, at school expense and might be re-conditioned for a farmer's residence. It would need re-plastering in some rooms; re-papering, painting inside and out, verandah and roof and chimney repairs. Water laid from barn across to cottage, with sink and bathroom installed. estimated cost $475.00.

Bridge:

The Bridge over the Lukakuk has sunk down on one side at the west end owing to embankment being undermined by the recent freshet. This resulted in one of the cement pillars being pushed away, out of position, allowing bridge to sag. As this bridge is on the Main Road between the barns and the back farm and all farm traffic passes over it, I am having it repaired at once. Estimated Cost - Replace cement pillar-
Jack up Bridge and repair
abutment and under structure. $25.00

RESPECTFULLY SUBMITTED;

STATEMENT CONCERNING EXPENDITURE OF THE ENCLOSED ITEM.

April 4, 1935.

Dear Mr. Daunt:

With regard to the enclosed invoice from the Pyrene Manufacturing Company, I beg to say that these were Re-Charges for our Fire Extinguishers in the Main Building of the School.

The engineer reported to me that they were in need of re-charging and I sent for materials at once. The delay was occasioned, largely because two of the containers which they forwarded were damaged and had leaked out, and I had to send them back again for others to take their place.

The last time they were re-filled was in January 1932, so you can see there was need for the re-charging.

SIGNED: H. Scott

Mr. A. O'N. Daunt,

Indian Agent,

New Westminster, B.C.

Dear Mr. Daunt:

I have your letter of April 2nd, with copies of Invoice from the Pyrene Manufacturing Company, attached.

Yes, these were paid by me and I had intended submitting them along with the statement of Repairs which you have. You will notice that this is one of the items listed therein. I sent the invoice to the company, asking them to return it to me, receipted, but apparently they went ahead on their own account and sent the invoice to Ottawa for payment. Perhaps they have been in the habit of doing this.

I was not sure that this is one of the items which the Department would reimburse us for, consequently I was holding it over, as I thought. However, I am enclosing the invoice in quadruplicate, herewith, and I would certainly appreciate it very much if you feel that you can recommend it for payment.

Thanking you for your interest in the school, I am,

Yours sincerely,

O.T. Scott

Letter No. 3-6-3

Office of the New Westminster *Indian Agency,*

May 30th, 1935. YF

Sir,

I enclose herewith Vouchers Nos. 150 ,

amounting to $ 300.00 *in favour*

of Reverend E.C. Scott,
Principal, Coqualeetza Indian Residential School,
Sardis, B.C.

for Repairs etc., in connection with storm damage at the Coqualeetza IndianResidential School.

This expenditure was authorized by Departmental

Letter No. 153-0-5 *dated* March 16th, 1935.

Your obedient servant,

880

Indian Agent.

The Secretary,
Department of Indian Affairs,
Ottawa.

Form No. 101

5. Cont'd.
C - 12005 N.P. Mueller Marine Type Closet flush Valves with push button and tail piece @ $10.40 each. sales tax included. $ 93.60

(As the floors in # 2 and 3 Lavatories have been renewed and it was decided that the acid from urine on the floors was largely responsible for the destruction of the previous floors, I trust that the Department will sanction the installation of these urinals. If it is impossible to do the whole job, then I would suggest that the two #112, 3 stall urinals be put in the basement lavatories, and one each in # 2 & 3 lavatories upstairs. The installation of the Mueller Valves will do away with the inconvenience and the unsanitary conditions resulting from the poor functioning of the present automatic system of toilet flushing.

6. To take down and remove transformers from pole outside the Laundry building, to a pole just beyond the girls' playground, estimated cost. $ 125.00

(This work is absolutely necessary as the cross arm from which the transformers are hung, has pulled away from the pole. The pole, itself, is rotted at the ground and has to be renewed. The cost, as above, is made up of $114.00 for heavy wire to bring the low voltage current in across the girls' playground from the new location of the Transformers and the remaining $11.00 is for labor. When repairing damage from the ice storm of last winter, I had preparatory work done, which accounts for the low labor cost in this estimate. Locating the Transformers as suggested above will remove the danger from high tension wires crossing the girls' playground.

7. To renew waste pipe in basement lavatories on boys' side from basins to drain, with all connections and labor for same, $18.75. $ 18.75

8. To building fire wall in the furnaces and cutting clean-out ports in back lower wall, as advised by Mr. Arnauld. $ 25.00

(This change was also suggested by the combustion engineer of the Canadian Collieries and is absolutely essential, if we would increase the efficiency of the furnaces and at the same time save our fuel costs.)

LAUNDRY:

1. To renewing belts as follows:

1 pce. leather belting 3" wide, 13'10" long.
1 " " " 2" " 13'6" "
1 " Rubber belting 4" " 25' "
Estimated Cost ?

PAINTING & ROOM:

1. To 1 roll 8/4 "D" Plain Brown Farnham Linoleum. 60 Sq. Yds. @ 72¢ — ape enclosed $ 43.20

To 7 sheets - 104 lbs. 18 x 12 x 98 Sheet brass. @ 24.50 C. ape enclosed $ 25.48

(These items are part of the expenditure authorized by Mr. Phelan on his recent visit to the school. As the total amount was $75.00 there will be $6.32 remaining and coming to the school. As the invoice for the brass was addressed to the school, I have paid it and enclose invoices in quadruplicate. The invoice for the linoleum ,

ESTIMATES OF REPAIRS: Cont'd. (3) COQUALEETZA RESIDENTIAL SCHOOL

(DINING ROOM:)

1. Cont'd.
I have endorsed, and it can be paid to Alexander Murray Co. direct. I beg to say that I have covered the tables with the linoleum and have had the brass cut into strips and bent at a right angle. This makes a strong, neat looking job. I have had two coats of flat white paint applied and am giving it final coat of quick drying enamel. In addition, I have had the walls of the dining room re-painted a lighter color and the total result is most pleasing. As the above figures, with the exception of the balance of $6.32, are for brass and linoleum only and the school has had to pay for cutting and bending of these strips, soldering of joints and corners, in addition to all painting, the total cost will amount to at least $100.00. If there is any possibility of securing this by the increasing of the authorized expenditure, I would appreciate it very [illegible])

(If you cannot have some of these authorized at present, kindly have them put on the 1936 estimates, as I am not including them in my report to Mr. Daunt.)

July 27, 1933.

Dear Sir,-

Replying to your letter of the 19th with reference to the necessary repairs required to the Cowichan Indian Residential School, I beg to say that the department approves of the repairs as recommended, at a cost not exceeding $200.00.

All materials and labour required should be purchased by firms on your approved lists, and if your lists do not contain names of firms supplying materials and labour required same will be forwarded to you on application.

Under no circumstances should the amount of $200 be exceeded.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

File 153-0-5-B

NEW WESTMINSTER, B.C. July 10th, 1935.

SIR:-

With reference to your letter dated the 25th of April last, File No.153-0-5, in which you instructed me to obtain estimates within an amount of $900.00 for various repairs at the Coqualeetza Indian Residential School.

I beg to forward you herewith, a communication received from the Reverend Principal supplying this information. You will note that in paragraph one, floor repairs amount to $665.00. This however, took up too large a proportion of the available credit, and in paragraph nine, the Reverend Principal reduces the amount to $338.00, which gives a total for immediate and necessary repairs of $836.75, leaving a balance of $63.25 to be applied on redecorating in the dormitories and classrooms.

I should be much obliged if you would have the necessary authority furnished as soon as possible, in order that the work may be undertaken during the holidays, as you will appreciate that it will be very difficult to perform when the children return to the School.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

Mr. A. O'K. Daunt,
Indian Agent,
New Westminster, B. C.

INDIAN OFFICE
NEW WESTMINSTER
JULY 9 1935

Dear Mr. Daunt:

I have been wrestling with the matter of repairs to the school building for some time. It has been very difficult to get estimates for the various jobs and has taken much more time than I would have thought possible. There are some I shall just have to let go, after waiting for more than two weeks for figures from the parties concerned. I shall have to submit alternative plans, as, if the Department persists in allowing only $900.00 of the $1200.00, it will bequite impossible to have all that really ought to be done, attended to. I shall list only those which are essential and beg to submit the following:

1. (a) Take off present San-san on two boys' playrooms and one boys' cloakroom in basement and re-lay with cement and sand.

   (b) Take off present San-san and re-lay with San-san, floors in #2 & #3 Boys' Lavatories.

   (c) Patch two girls' playrooms and passage way with San-san.

   TOTAL cost of above ---------- $ 665.00

2. Renew Walls in basement lavatory and patch walls in boys' cloakroom and in hallway in basement. Build up from floor with sheer cement instead of present baseboard finish in basement lavatories and lavatories #2 & #3 on boys' side.

   TOTAL cost of above ---------- $ 60.00

3. Take out wash basins and toilets in lavatories #2 & #3 on boys' side to enable contractor to lay floors with San-san. Instal and raise all connections to waste pipes, toilets and baths above new flooring.

   TOTAL cost of above ---------- $ 60.00

4. Renew materials for waste pipe to lavatory, basement, boys' side, using galvanized iron piping and re-connect same.

   TOTAL cost for materials and labor ---------- $ 18.75

5. Construct hood over kitchen stove and carry outlet through the roof and into stack, of galvanized iron, at least 25' high, to insure draft.

   TOTAL cost of above ---------- $ 60.00

6. Removal of slop sink from kitchen and instal same in Infirmary kitchen. Extend hot and cold water pipes and connect waste pipe with same.

   TOTAL COST of above ---------- $ 45.00

7. Scrape moss from roof of main Building and stain same.

   TOTAL cost of above ---------- $ 85.00

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

8. (a) Renew roof over laundry with traffic deck built up of one ply heavy base sheet,nailed to boards. Then mop solid,two layers of asphalt felt on top using 170)degrees melting point asphalt and a heavy mopping of same materials on top. renew sump in roof also counter flashings at walls,and flashings over division walls.

(b) Repair weak spots and recoat roof over kitchen. Install new water hoppers through wall,and head outsideof wall.

Total cost for (a) and (b) $ 150.00

9. The total of above repairs amounts to $1,143.75 so I have been again in touch with the contractor for the floor job and have asked him to tender only on renewing floors in the Boys' cloakroom,renewing floors in no's 2 and 3 Lavatories on the Boys' side,and patching floor in Junior girls' playroom with San-San and the price for this will amount to----------$358.00
This will leave the floors in the boys' playrooms for another year,but it seems the best thing to do under the circumstances.
Recapitulating then, we have:

New figure for repairs to floors -		$ 358.00
Cost for walls as in 2.---		60.00
" for remove plumbing fixtures- 3-		60.00
" " renew plumbing,basement boys' Lavatories,as in -4-		18.75
" " Hood over kitchen stove as in-5-		60.00
" "Remove slop sink etc as in -6-		45.00
" " Scrape roof,main building as in -7-		85.00
" " Renew roof over laundry etc as in -8-		150.00
Total for repairs as per new figure-	$ 836.75	
balance of $900.00 grant for repairs to be used to redecoratedormitories and class rooms etc	$ 63.25	$ 900.00

I may say that the above repairs are absolutely necessary to my mind.There is a regular flood of water coming down the rear wall of the laundry during a heavy rain,and the roof over the kitchen will not last much longer without extensive repairs or renewal. This list,even if granted by the Department will leave several items to be cared for by the School such as taking off window casings and caulking space between them and the brick wall,and the above figure for redecorating will not much more than cover the cost of materials- if it does that. I regret that this matter has dragged into July,but it has really been considerable trouble to get these figures. Some that I have asked for weeks ago,I have not received yet,as for instance estimate for recaulking windows.In view of the cold during the winter,I shall make an attempt to take care of this item by using our boat builder.Being able to stop water entering so well as he does, I think he will make a good attempt at stopping the entrance of these cold winds.
I trust that you will be able to approve these estimates and to forward them to the Department so that we may undertake the work during the holidays. I shall of course,submit exact accounts in quadruplicate for each of the above repair jobs,the total not to exceed the figures as given above.
I hope to be p assing through New Westminster- perhaps on Tuesday of this week and shall call to see you.

Yours sincerely,

RCS/ R. C. Scott PRINCIPAL.

FOUR ALLEN OF REPAIRS AT COWAL...A

August, 1935.

Attention Mr. Phelan.

PAINTING:

Two coats on Infirmary complete, $ 75.00
Paid invoice enclosed

(As the walls of Infirmary were quite dirty and as we had had a lot of sickness during last year it was necessary to have these rooms with nurses quarters completely renovated.)

[redacted]: etc.

1. To four: lengths new fire hose. Cost ?

   (Size 50' X 2½")

2. Two grates for furnace, # 48-118.
   Two left hand shaker bars, # 48-43 Cost ?
   For Ideal C.I. Boilers S 48-7
   (American Radiator Co.)
   One set grates for Hot Water Boiler.
   C -182.

   (Grates in the other furnace had to be renewed last year and cost $54.00. As these repairs are absolutely essential, I shall proceed with them and hope that the Department will authorize the same.)

3. Re-grade return pipes to heating plant in the basement and change traps where necessary. $ 250.00

   (This is the estimate submitted by Mr. Arnauld, in conversatin in Victoria Last week and the work is considered essential to the better functioning of our heating system.)

4. To Caulk Windows. 118 windows.
   Estimate for material - 10 gals. @ 4.35 per gal.
   Gun - 7.75 $ 51.25

   (It is impossible to heat the building in the dead of winter owing to the wind which blows right through and around the windows. I had our Boat Builder take off all window casings on the inside and fit in pieces of wood and then smear the whole of these joints with liquid asphaltum. This ought to help, but an expert, who has done many schools declares that it will not keep the wind out. I have had one window caulked with the material listed above, forced in by a gun and the makers guarantee a permanent, air-tight job. As the cost is relatively small I trust the Department will authorize this expenditure in order that we may have the advantage for the coming winter.

5. To install 2 #112 - 3 stall Urinals in boys lavatories in [redacted]:

   To 3 #415 - one stall urinals for boys' lavatories, # 2, 3, 4. Complete with all pipe and necessary labor, as per illustration, attached for sum of $ 937.

REV. R.C. SCOTT, B.A.
Principal

Phones
SCHOOL ———CHILLIWACK 4602
RESIDENCE —CHILLIWACK 4407

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

August 26, 1935.

Dear Mr. Phelan:

I am enclosing, herewith, estimates of repairs, which we discussed, during your visit to Coqualeetza last month.

I am sorry to be a bit late in sending it in, but it has been an almost interminable job, between finding the best methods and materials and waiting for estimates and then having tohave them revised or re-submitted. As stated on the Repair Sheet, the floors in # 2 & 3, boys' lavatories have been renewed with San san, and I have no doubt that the installation of the proposed urinals will safe-guard them greatly. I have had these floors treated with raw linseed oil and am taking every precaution to make the job lasting and satisfactory.

I do not know whether you will be able to increase your suggested expenditure for the dining room, but as intimated in the estimates, the cost to the school, will be at least $100.00. In addition to this, there will be the extra cost above the amount allowed by the Department for kalsomining, which the school will have to absorb. Then we shall also have to face the cost of laying the linoleum and a good many other items which mean that the school will be carrying its full share of repairs. I have gone very thoroughly into thematter of the improvement of our toilet system and am convinced that some such equipment as these Mueller Valves will have to be installed. They are the most fool-proof and simple of all equipment I have seen.

I want to thank you most heartily for that authorization of $75.00 and only wish you could the transformation it has worked in the dining room. Any consideration you may be able to give to my suggestion in the estimates now submitted will be deeply appreciated.

Yours very sincerely,

R. C. SCOTT,
Principal.

SCHOOL ——— CHILLIWACK 4608
RESIDENCE — CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

August 29, 1935.

Dear Mr. Delaney:

Day before yesterday, I handed to Mr. Daunt, a list of estimates for repairs, and included equipment, for the year, 1936. This included estimate for refrigeration plant by Marshall-Wells, B.C. Ltd., which amounted to $852.00 complete.

It is a job, similar to the one done at Alert Bay, by this firm recently, only somewhat smaller. I am at present negotiating, through Mr. Daunt's office for a supply of dried salmon.

We find that the smoked fish, which we get from Westminster Distributors, is not relished by the children, in fact a very great deal of it is left on the plates and wasted, and some of it, I know, has not been very palatable. I think Mr. Anfield has found that the native cured fish has a decided advantage as food for these children. If I am successful in getting a supply of it, I will need cold storage for it. Then there is the matter of the care of our milk, which has always been a source of concern to me. We have a dairy drain in the space allotted at present and it is exceedingly difficult to keep it clean and sweet. If we had a Refrigeration plant such as proposed, it would be wonderful for the school and I am quite sure, would pay for itself in saving of food and betterment in the quality of the meals.

If we decide to put in the dividing wall, in order that we might take care of fish in a separate place from the other food, it would mean an additional $76.00 to the price above quoted. This, however, is just about the same as that submitted by McLennan, McFeely & Prior Ltd., although their box is 2' shorter. We stand to save over $100.00 for the price of the Marshall-Wells, through doing the carpenter work ourselves and this is a consideration. I would be glad, however, to have either one, if the Department saw fit to install it, but it looks as though the Marshall-Wells one would be a little more economical.

I am writing you because I included this in the estimates for next year and if there is any possibility of our getting it in this year, I would certainly appreciate it if you were to help in any way to that end. With all good wishes and thanking you for your interest in the school, I am,

Yours sincerely,
R. C. Scott

Reverend Sir:

With reference to your letters of August 26th and 29th, I beg to say that arrangements have been made to pay the account of Metals Limited, amounting to $25.42, and W. G. D. Harper's account of $33.90. Cheque for payment of these two accounts will be forwarded to you. A cheque is also being forwarded to Alexander Murray & Company, in payment of their account of August 12th, for $43.20.

In connection with the attached accounts, it will be necessary to supply additional information. In view of present regulations, it will be necessary to show, on the account of C. F. Prosser, the number of days employed and the rate per day. Similar information will have to be given in connection with Mr. Prosser's account for painting, and the account should be receipted in a better manner than the enclosed. I mean by this that Mr. Prosser should certify on the account, in his own handwriting, that he has received payment.

Your obedient servant,

EXTRACT FROM REPORT OF W. E. COLLISON, INDIAN AGENT,
PRINCE RUPERT, B. C., for month of October, 1935.

Original on 75-168

xxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxx

COQUALEETZA:

Before leaving Vancouver, Mr. Scott, Principal of the Coqualeetza Residential School, kindly drove me to Sardis, where I looked over the school and met a number of pupils from this agency. Frankly, I was disappointed with conditions, particularly so far as the dormitories were concerned, these appeared to be ill kept and shabby. The classrooms left little to be desired, being bright, cheerful and clean. Naturally, having so many children from this agency in residence at that school, I was very much interested in conditions there.

Ottawa, December 12, 1935.

Dear Miss

The following is an extract from a report received from Inspector Primeau with reference to his inspection of the Coqualeetza Residential School:

"The fire fighting apperatus appeared to be in good order, but I still don't like the want of communication between the two sides of this building on the top floor, in case of fire. I have mentioned this before and I recommend that a door be cut through the partition wall, which can be locked, but with a fire axe in a case on each side."

Please discuss the Inspector's report with the Principal, and advise the Department what action, if any, you consider should be taken.

Yours truly,

A. F. MacKenzie,
Secretary.

E X T R A C T from REPORT of Geo. S. Pragnell, Inspector of Indian Agencies, Kamloops, B. C., with reference to his inspection of the New Westminster Agency during the months of September & October, 1935.

Original on File 77-153.

The fire fighting apparatus appeared to be in good order, but I still don't like the want of communication between the two sides of this building on the top floor, in case of fire. I have mentioned this before and I recommend that a door be cut through the partition wall, which can be locked, but with a fire axe in a case on each side.

E X T R A C T from letter of November 4th, 1935, from C.C. Perry, Asst. Indian Commissioner for B. C., Victoria, B. C., forwarding above report.

Original on File 77-153.

CO-QUALTZA INDIAN RESIDENTIAL SCHOOL:-

The Inspector's observations on the subject of fire protection at this Institution will no doubt receive the attention of the Schools Branch. I would recommend that instructions be given the Principal or Indian Agent with a view to preventive measures in this regard. This would also apply to the other requests involving expenditures as cited by the Inspector.

As the curricula of the School, as well as arrangements for the medical treatment of pupils, are directed from Ottawa, I can make no suitable comment upon the observations of the Inspector. I would suggest, however, that the Inspector of Indian Schools be consulted should the Department desire advice in regard to the matter cited by Inspector Pragnell.

1-8-B

Ottawa, December 7, 1935.

Dear Sir:

I have your letter of the 28th ultimo, enclosing a communication from the Principal of the Coqualeetza Indian Residential School, reporting the breakdown of the cylinder and case of the washing machine in the school laundry and stating the new parts required in placing the washing machine in good condition and the cost of same.

In this connection I have to say that the Department will approve of an expenditure, not exceeding the sum of $255.00, in supplying the new parts required and the freight charges on same. The Principal or yourself may therefore place an order with Stanley Brock, Limited, for the supplying of a new cylinder complete without the metal trimmings, and also the outer case woodwork. An account, in triplicate, should be obtained, covering the new parts, with a receipt for the freight charges. This account, you should attach to proper voucher forms, certify in the usual manner and forward for payment.

The Department will have no funds to purchase a new washer for this school.

ER 3936

Yours truly,

A. F. MacKenzie,
Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

DEC 2 1935

[redacted], B.C.
November 28th, 1935.

File No. 1-8-B.

SIR:-

I beg to forward you herewith, a communication from the Reverend Principal of Coqualeetza Indian Residential School, in which he reports the break-down of the Cylinder and Case of the Washing Machine at the School Laundry.

He also sets forth the nature of the temporary repairs which have been made, but it is evident that this is only a very temporary measure and cannot be expected to last for more than a short time.

This machine was shown to Mr. P. Phelan, when he visited the School, and it was then agreed to make an attempt to carry on for the balance of the year. From the attached report, however, it seems very doubtful if this can be done and as a complete breakdown would be disasterous, I would recommend that if it is at all possible, a new cylinder and case be obtained without delay. The quotation for these, as given by Messrs. Stanley Brock Limited, is $143.50, to which would have to be added $56.00 freight from Toronto to Chilliwack, or $200.00 in all.

Kindly advise me at your earliest convenience what action may be taken in the matter.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

INDIAN OFFICE
NEW WESTMINSTER
NOV 27 1935

Mr. A. O'N. Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr. Daunt:

I regret to inform you that our Washing Machine has gone completely out of business. Strangely enough, it is not the end of the cylinder which we expected would go, but the other end, at the left hand side, as you face the machine.

We tested this end last summer, when Mr. Hutchinson, of the Canadian Laundry Machinery Company was here and decided it would have to be the end on the right hand side which would have to be renewed. I presume the machine had been standing for 4 or 5 weeks and had not thoroughly dried out and had hardened up, which would account for our not realizing the state it was in. Last week, however, it gave out entirely. The wood along the seams in the end is thoroughly rotten. I had to make some sort of shift in order to get along and had our Boat Builder build in a new end, which we have bolted through the old one and have also spiked through the seams. We are getting along after a fashion, but this new end is so heavy, that it throws the cylinder out of balance and increases the load on the gears and the motor and I am in fear and trembling lest we have a mechanical breakdown. We get along by putting in a very light load of washing, and this, of course, means that the laundry is kept working for a much longer period than would otherwise be necessary and interferes seriously with the carrying out of our work [illegible].

If you will refer to the Repair Sheet which I sent in last August, you will notethat under the Laundry I asked for one new cylinder for the washing machine at a price of $82.00 F.O.B. Vancouver, if [illegible] I have asked [illegible] Limited, and their advice is that we secure a new cylinder end a new tube from the Factory in Toronto. The cost for the new cylinder complete, without the metal trimmings, would be $73.00. The outer case, woodwork only, would cost $7.50. The approximate freight on these parts from Toronto to Chilliwack would be $56.00. This is all in accordance with the estimate which I received from Stanley Brock, last September. These prices, of course, mean that we would use all our own trimmings, to be taken from the present cylinder. In conversation with Mr. Kowat, representative of the Canadian Laundry Machinery Company, in the Offices of Stanley Brock Ltd., last week, I was informed that the life of one of these cylinders is 5 years. As this present one has

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

been in operation continuously for the last 10 or 12 years, you can see that it owes us nothing.

I trust that the Department will authorize the expenditure for the new cylinder and new outer case immediately, as we cannot get along the way we are and it is impossible to finance sending laundry for an Institution like this, to outside concerns. If the machine gives out again, I do not know what we can do and hope that the Department will deal with this with all possible expedition. The main bearings will also have to be renewed. Referring again to my Repair Sheet of last August, there was an item of $15.00 included. There seems to be a discrepancy between the figures as given in my Repair Sheet of August, as compared with the ones I have set down in this letter, but these latter figures, I am quoting from a letter of Stanley Brock Limited, under date of September 21st, over the signature of Mr. D. J. Hutchinson.

Thanking you for your kind assistance in this urgent matter, I am,

Yours very sincerely,

R. C. SCOTT,
Principal.

RCS:EM

P.S. I have also received a figure on a Champion Cascade Washer, of a size to do the work of our present Globe Wood Washer. It is composed of monel metal and practically without wear in continual service. Some of these machines have been in use in big city Laundries, for 10 years or more and do not show any appreciable signs of wear. The cost, I fear, however, is prohibitive, namely $2,440.00 F.O.B. Toronto.

Mr. J. D. Sutherland,
Department of Indian Affairs,
O t t a w a, Ontario.

Dear Mr. Sutherland:

I am enclosing part of the correspondence which has taken place between this office and Captain R. C. Scott, the Principal of Coqualeetza Indian Residential School, concerning a bill presented by the British Columbia Electric Railway Co. on July 12th. Will you please be good enough to go through this and discuss it with Dr. McGill and your Solicitor in the Department of Indian Affairs.

It will not be necessary to acknowledge this communication, as I expect to be in Ottawa for a couple of days before the end of next week and we can discuss the matter at that time.

Yours very sincerely,
Kenneth J. Beaton

KJB.LLT

Encls.

Discussed this matter with Mr Beaton and Mr Williams. Mr Beaton is having this lawyer investigate claim. No action by us at present.

Sardis, B. C.,
August 15th, 1935.

Rev. K. J. Beaton,
299 Queen St. West,
Toronto 2, Ontario.

Dear Mr. Beaton:

I am enclosing copy of a letter received from the B. C. Electric Railway Co., with references to back charges on our lighting account.

The letter is self-explanatory. A year ago, when I came to the school, I went to the office in Chilliwack and did my best to get information as to the different meters and the cost respectively, for power and light, in order that I might have some way of checking up and they informed me then that they had no way of telling which bill was for which meter and after a second attempt I had to let it go. You may imagine the shock which this letter gave me. I do not see how they have any legal claim, as we have paid the accounts which they have rendered from month to month. I took the matter up with Mr. Daunt, the Indian Agent and his suggestion was that I write you, and that if you would take it up at Ottawa, it may be that the Department would make a "love gift" or something of that kind.

You may understand that if we have to pay this back charge, even though it is spread over a considerable period, it is going to mean a considerable handicap, especially in view of the developments I had hoped to undertake here this year. So far as the moral obligation is concerned I feel that such an obligation is much greater on my part, towards our girls, some of whom, will be putting in their last year at school this year. If they do not get that training in home economics as planned this year, they will not get it at all, so I have to decide between the moral obligation between them and this company. In the latter case it seems like adding money, which would be found money, to their profits; while in the case of the girls it is a case of personal loss and I think this is the obligation which ought to obtain.

You will note that the corrected K.W. hours in each case, add practically an amount equalling one month's salary, so that in any case, this year I must, without any back payment at all, provide for what amounts to another member of the staff, then if I put someone in charge of the Home Economics Department it is like adding two members, which you will understand, needs serious consideration. I would be glad if you could do something at Ottawa but I feel that the negligence of the company is quite inexcusable and that the blame rests squarely upon them.

In talking to the Manager in Chilliwack this week, he said that he would write you and doubtless you will hear from him in this connection.

With all good wishes, I am,

Yours sincerely,

'Signed' R. C. Scott, Principal.

P.S. Many thanks for your letter received yesterday in connection with my obtaining a Matron for our Girls' Department. I shall see these people in the order suggested in your letter.

"C O P Y"

BRITISH COLUMBIA ELECTRIC RAILWAY CO., LTD.

Chilliwack, B. C.,
July 12th, 1935.

Rev. R. C. Scott,
Principal,
Coqualeetza Institute,
Sardis, B. C.

Dear Sir: Re: Coqualeetza Institute - Lighting Account

I regret having to advise that a recent check of our electric meter No. 125L150 indicates that you have been underbilled for energy consumed since December 1933 (when a change of meter was made) due to the omission of the multiplying constant 10 in computing the monthly kilowatt hours resulting in our billing only one-tenth of the actual consumption.

An analysis indicates that over a period of seventy-eight months you have been short billed 107,433 kilowatt hours, value $3,493.93, or an average of $44.80 per month.

With these facts in front of you I have no doubt you will desire to make some arrangement for the payment of the underbilled amount, which is what the company would have to do had you been overbilled. The effect on your future accounts is illustrated by taking the past two months for example:-

Month ending May 18 -	K.W. Hours billed 140 -	Amount	$7.00
	Corrected K.W.hours 1400	Corrected bill,	39.70
Month ending June 19-	K.W. Hours billed 130 -	Amount	$6.50
	Corrected K.W. Hours 1300 -	Corrected bill,	37.70

I shall be pleased to call and discuss this matter with you at your early convenience with a view to arriving at some satisfactory basis of settlement.

Yours truly,

'Signed' L. McPhee,

Sardis, B. C.
September 3rd,
1 9 3 5

Rev. K. J. Beaton,
209 Queen St. West,
Toronto, Ontario.

Dear Mr. Beaton:

I am enclosing herewith, copy of a letter recently received from the B. C. Electric Railway Co., regarding their account for underbilled consumption of light in Coqualeetza. They have made a substantial reduction. At the same time, I feel that they have no legal right upon us, as we paid their bills from time to time, upon presentation, and the meters are their own property and supposed to be kept in shape by them.

So far as the moral obligation goes, it seems to me that my moral obligation to these children, outweighs any which may exist towards the B. C. Electric. In the one case, if we have to shoulder the extra payment monthly, over and above the increased cost, as per their corrected meter, it means that we shall have to forgo the plans we have in mind for practical instruction for our Senior Girls, and they will be girls graduating this year, who will never have the chance of getting that instruction. On the other hand, it is simply a question of adding to the profits of the Company. It seems to me, as I have said, that my moral obligation to these children would preclude any compromise with the B. C. Electric Co., which would be likely to infringe upon the rights of the children.

At the same time, I would be quite agreeable, if you can influence the Department of Indian Affairs to make a settlement in this connection.

I am just starting north this evening on a trip to bring in children from the Nass River.

With all good wishes,

I am,

Yours very sincerely,

'Signed' R. O. Scott, PRINCIPAL.

Rev. E. C. Scott,
Principal,
Coqualeetza Institute,
Sardis, B. C.

Dear Sir: Re: Coqualeetza School Lighting Account.

Further to my letter of July 12th., re our claim for underbilled consumption due to oversight in omitting multiplying constant, I beg to advise that on instructions from Mr. E. E. Walker, Sales Engineer, I am revising the account on the basis of the present rates of 5 and 2 cents.

The account rendered was based on the rates existing at the time current was consumed, namely 7 and 3 cents from January 1928 to April 1931 and 6 and 3 cents from April 1931 to December 1933. The present rates of 5 and 2 cents became effective January 1st, 1934.

This means a reduction in our claim of Nine Hundred, Ninety-five Dollars and Eighty cents ($995.80). The amount we are now billing you is $2,498.13.

Yours truly,

'Signed' L. R. McPhee,

DISTRICT REPRESENTATIVE.

Rev. M. C. Scott,
Principal,
Coqualeetza Institute,
Sardis, B. C.

Dear Mr. Scott:

My letter to you on August 30th, in connection with our claim for underbilled amount reduced the amount of this claim nine hundred, ninety-five dollars and eighty cents ($995.80). In compiling the statement on the basis of the 5 and 2 cent rate, one month was overlooked and I wish to correct that reduction from Nine hundred, ninety-five dollars and eighty cents ($995.80) to nine hundred, fifty-five dollars and ninety cents ($955.90). The amount we are now billing you is Two Thousand, Five Hundred, Thirty-eight dollars and three cents, ($2,538.03). I feel this reduction is a very generous one on our part and it is hoped that it may expedite settlement.

Yours truly,

'Signed'

L. M. McPhee,

Rev. R. C. Scott, B.A.,
Indian Residential School,
Sardis, B. C.

Dear Mr. Scott:

Re: Claim of B. C. Electric Ry. Co.

Mr. Beaton is to be absent until the end of the month, as he has been detained on the Labrador coast by fog and storm. In consequence, I have been reading the correspondence in connection with the claim made against the Coqualeetza Residential School by the B. C. Electric Railway Co. for power for which they neglected to bill the School in the past. We have heard nothing directly from the Company.

My judgment at the present moment is that you should take legal advice in regard to the matter. If the Company rendered bills from time to time and they were settled and receipt given in full, I question whether they can legally collect anything from you now. At least, I think we should find out what our legal position is before we open up negotiations with the Company. In any event, I do not think you need to worry about paying the money until you can do so without embarrassing yourself financially. Before any settlement is made, we will certainly discuss the matter with the Department of Indian Affairs and have them make representations to the Company too. If we hear anything from the Company, we will let you know immediately.

With very kind regards,

Believe me

Very sincerely yours,

'Signed' D. J. Scott,

Sardis, B. C.
October 12th,
1 9 3 5.

Rev. M. J. Beaton,
Wesley Buildings.
299 Queen St. West,
Toronto 2, Ontario.

Dear Mr. Beaton:

I am enclosing, herewith, a summary of our Per Capita Earnings for the past quarter. You will note that our pupilage is down considerably.

From the total as indicated herewith, we are asking for discharges for 40 pupils, in addition we have 46 absentees and a list of new comers of 31. We have actually in residence at the moment 169 pupils. There will be others coming in no doubt, in fact I have the assurance of 6 more coming in today or Monday.

You can see that it is going to be impossible for us to do anything in connection with the B. C. Electric light bill for the past 6½ years shortage and must again say that I do not feel that there is any moral obligation extending towards this company, in comparison to the moral obligation to give these boys and girls the very best opportunity possible. If our pupilage does not come up within the next week or ten days, I shall start out on a tour to see what we can do, because we must have at least 200 to break even. The 10% raise is going to help us tremendously and I think we shall be able to get by; we shall do our best. I hope that you will get the best advice possible with regard to the B.C. Electric Company Account. I shall enclose herewith a copy of the Account such as we have been receiving from the company. These have always been paid monthly. This may enable your legal advisor to come to some conclusion.

With all good wishes, I am,

Yours sincerely,

(Signed) R. C. Scott,
PRINCIPAL.

Dear Mr. Scott: Re: B. C. Electric Ry. Co. Account

Our solicitor has been going over the correspondence which you have forwarded in regard to this matter. There is apparently more law involved than appears on the surface. He would like to have you forward at your earliest convenience -

(a) A copy of the original contract.

(b) A sample bill.

(c) One or two sample receipts for the payments which have been made.

I expect to go to Ottawa in the near future and will have a preliminary conversation with officials of the Department in regard to the matter.

Yours very sincerely,

(signed) K. J. Boston.

Sardis, B. C.,
November 6,
1 9 3 5.

Mr. K. J. Beaton,
299 Queen St. West,
Toronto 2, Ontario.

Dear Mr. Beaton:

Replying to your letter of October 22nd, regarding the B. C. Electric Claim, I beg to say that from all enquiries I have been unable to find any original contract between the School and the Electric Railway Co. Mr. Haley says there was no original contract. I have interviewed the local manager in Chilliwack and he informs me that there could be no original contract, as he has no record of it in his office. In all probability, all that would be between the school and the Company would be the signing of a card requesting service. In conversation with Mr. McPhee, the local Manager, I inferred, very clearly, from his that he felt we were under moral obligation only.

Just to make it clear let me repeat that this claim for back payments rests only, and altogether on the fact that their meter was not registering the full amount of power that we were using. It is not a case of us not paying in full, the accounts they rendered. We paid in full all accounts rendered by the Company upon presentation. The shortage is due to the fact that their meter was not properly registering. The meter was their property and supposed to be kept in order by them. I may also say that I went twice to the local office after I first undertook the Principalship, and sought to find just which meter was for which particular service, in order that I might know how much we were paying for power in the laundry, how much for light in the main building and how much for power to the barn and the manual training building. They were not able to give me any information and said that it was all looked after from Vancouver. It was not until after the meter was found to be wrong that our Engineer and myself were able to get a line on these meters.

I am enclosing a copy of the bills rendered regularly by the Company. These have been paid by cheque each month. We have sent the coupon upon several occasions, along with the cheque, but these coupons were never returned to us, marked "paid", so we discontinued attaching them. Trusting this will be of some help, I am,

Yours sincerely,

'Signed' R. C. Scott,
Principal.

P.S. Their manager informed me that the same thing occurred with the Chilliwack Hospital and the Board had made a settlement. The claim in that instance, $600. was not paid in full.

DEC 23 1935
REGISTRY

OFFICE OF THE
INDIAN AGENT

File No.1-8-B.

NEW WESTMINSTER, B.C.
December 18th, 1935.

SIR:-

I beg to forward you herewith, Ageney Voucher No.742 in favour of the Coqualeetza Indian Residential School, amounting to $155.20, and representing changes in the electric transformers and high voltage wiring at the School.

This situation was explained to Mr. Phelan, at the time he visited the School, and there is no doubt that the work undertaken was imperative.

I am also attaching a letter of explanation from the Reverend Principal upon the subject.

While no authority was given by either the Department or this office, I feel that the work was really necessary, and would recommend the account, for your favourable consideration, should funds be available.

Your obedient servant,

A.O'N. Deunt.
Indian Agent.

ENCLS.

Principal

Phones
SCHOOL——CHILLIWACK 4602
RESIDENCE—CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

December 16, 1935.

Mr. A.O'N. Daunt,
Indian Agent,
New Westminster, B. C.

INDIAN OFFICE
NEW WESTMINSTER
DEC. 17 1935

Dear Mr. Daunt:

Enclosed please find account for J. Snow, of $155.20, for removal of transformers and supplying and running heavy wire across the girls' playground to the School. You will remember I discussed this with Mr. Phelan, when he was here last August, and showed him then, the way in which the support had pulled away from the pole, so that it was imperative that these transformers be moved. I pointed out to him also, that last winter when there was a short in one of the circuits, we could light an electric lamp, by making contact with the pole, which carried the transformers; also, by making contact with any of the piping in the Laundry and a switch.

I had the matter rectified at once, but it still left the high voltage wires coming across the playground and in proximity to trees, which in some cases had worn the insulation off these wires and made it dangerous. I sent the account in the first place, to Mr. Phelan, seeing I had discussed it with him. I think the item was included in the estimates for Repairs for $125.00 for this work. Mr. Phelan sent the accounts back to us for more detail; this has been added and I trust that it is in order. We have only last week received it from Mr. Snow. I would be glad if you would send it forward and if you think best, for Mr Phelan's attention, once more.

The account for painting the Infirmary and for removal of moss, which I also sent to Mr. Phelan, were returned for further detail and I am sending them to you, under separate cover. None of these items have been authorized, except that they were discussed with Mr. Phelan, when he was here, and that is the reason I sent them on to him. Evidently he sent them to the Department and the Department, apparently, gave them some consideration, seeing they were sent back to me for details.

I am also enclosing Mr. Harper's account for the heating installation of the Preventorium and trust that you will find them in order. We have tried to be careful, the figures seem to be correct, and the detail is apparently in this time. This is the contract price which he gave us in the very beginning. I am enclosing a second account, however, from Mr. Harper, because we found that we simply had to have some protection from the water running off the roof, which made it quite impossible to go in and out of the doors when it was raining, as streams of water from both the kitchen and main roofs poured down over the platform and the entrance. I thought at first, putting a short piece of trough in, just to take the water beyond the platform, would do, but this would not have been satisfactory, as it would have left the water within easy access to the

furnace room, consequently I had to have troughs run right along the sides, taking the water to the extreme ends of the building. His account, as enclosed, for this work is $15.42, and I trust that you will find this in order.

With all good wishes, I am,

Yours sincerely,

R. C. SCOTT
Principal

Dear Sirs:

This will acknowledge receipt of your cheque 33716 for $78.07 in settlement of our invoices of Nov. 4th. and 14th. and for which kindly accept our thanks.

Discount $1.59 paid 21/1/36 92

In applying your cheque to the account we find that you have deducted a cash discount of $1.59. This evidently has been due to some oversight as the invoices in question are now 30 days past the discount period. Under the circumstances, we are attaching herewith debit note covering this discount and which we hope you will be good enough to include in your next settlement.

Again thanking you for this nice payment,

we are

Yours very truly,

SARDIS, B.C.

February 25, 1936.

Mr. A. O'N. Daunt,
Indian Agent,
New Westminster, B.C.

INDIAN OFFICE
NEW WESTMINSTER
FEB. 26 1936

Dear Mr. Daunt:

I am now in a position to give you the details of the proposed improvements to our fire escapes.

First of all, I had Mr. Brock of Chilliwack out, and have gone into the matter of the door in the upper corridor, between the boys' and girls' sides, and it does seem, after considerable deliberation, that it would be quite unwise and quite unsatisfactory, to have the doorway through the clothes closets in the teachers' rooms, and have them go through these rooms and out into the corridor. There is no doubt, that in case of fire, this round about way would result in confusion and so, would not be satisfactory. Mr. Brock, who has done a good deal of work satisfactorily for the school, would undertake to supply all materials and do the work of cutting the door through and hanging same in the partition between the boys' and Girls' sides on the upper floor for the sum of $15.00.

Regarding improvements to our fire escapes, I think I have pointed out the difficulty caused in readiness of exit, when the children come down the fire escapes. When they reach the lower platform, which is still 8' above the concrete floor of the yard, they have to come down through a manhole, one by one, on an iron ladder, which is attached to the brick wall. In our fire drills, down the front and out the front door, where we have readiness of exit, we can clear the school in less than one and one half minutes. But when they have to come down these fire escapes, progress is good until this lower landing is reached and then there is a blockade, with children standing waiting upon the steps all the way up. I feel sure that this would result in tragedy, if we ever have a fire and have to use these fire escapes. It took the boys 6 minutes to get out of the school and down the fire escape, and it took the girls 9 minutes, owing to congestion, as the children went down, one by one, on this ladder, through this manhole.

I had a long talk with the Deputy Fire Marshall in Vancouver, and he advised me that it would be necessary to have several improvements and that our present system was certainly inadequate. He advised me to see the Pearson Wire and Iron Works, who have done a lot of this sort of thing for the city schools and not one of whose contracts has been unsatisfactorily filled. While there are other firms, he said he never had to turn back any work which this firm had done. I have s own the Manager of this firm, the sketch prepared by Mr. Williams, and from it the Pearson Wire and Iron Works have agreed to provide two counterbalance stairs complete, with weights, sheaves and cable, delivered at Coqualeetza for $243.00.

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 1)

PUBLIC ARCHIVES CANADA
ARCHIVES PUBLIQUES CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

There would be some small expense extra in having these fixtures attached, but I think we could perhaps attend to that at the school, or certainly by getting one man up from the city, it could be done with two days' work and help from ourselves. There would be 1054 lbs. weight in the two stairs and counterbalance weights; the stair stringers to be ¼" x 6" iron. The chairs to be 1½" x 1½" x 3/16". 5/8" flexible cable used, supposed to be good for 25 years. 3/8" x 2" stirrup, and 28 checker plate treads.

While a counterbalance stairs is not admitted in some schools in the city, it is still used in hospitals and in certain schools and other public buildings. I think you know the type. The stair remains suspended until the first child begins to come down, when it lowers to the ground and remains in that position until the last child has come down the escape. If we had these, we could empty the school in practically the same time, down the fire escapes, namely 1½ minutes. It does not seem possible, owing to there being an exit in the way, to bring the stairs down right to the ground.

I would be glad if you would forward this estimate to the Department. We ought to have also, stairway fire escapes of the type, on the back of the school, one on each end of the building, allowing exit through the lavatories. As you know, apart from the stairway escapes on the back of the building, there is nothing but the ladders attached to the front. Even if two new fire escapes were not given us, I feel there certainly should be one new one on the girls's side. One could take a chance on the boys getting out, perhaps, down the present ladder, but it would be exceedingly difficult for the girls and certainly not adequate for either boys or girls.

Two new stairs, with two landings and counterbalance stairs, at the bottom, would cost $465.00; if we ran the stairs right to the ground, the cost would be $90.00 less. This is an approximate estimate. I trust that at least you may be able to get the two counterbalance stairs to complete our present equipment.

Thanking you for your interest and assistance, I am,

Yours very sincerely,

R.C. SCOTT,
Principal.

1-8-B.

EX'D.

Ottawa, March 10, 1936.

Dear Sir:

I have your letter of the third instant, enclosing a communication from the Principal of the Coqualeetza Indian Residential School, giving details of improvements which he recommends be carried out in connection with the fire escapes.

In reply I have to say the Department will approve of the expenditure required - approximately $15.00 - in having a door installed in the partition wall, between the two sides of this building, on the top floor. You may arrange, also, for the purchase of two fire axes and have one installed in a case on each side of the partition. Please forward an itemized account, in triplicate, properly certified, covering the expenditure.

The Department has noted the Principal's request, that stairway fire escapes, of the same type as those on the back of the school, be provided at each end of the building. While there are no funds available in our Appropriation for the balance of the current fiscal year, it will be possible to provide for this expenditure from the appropriation for the coming fiscal year. The Department will therefore approve of you taking up this matter with the Principal and arranging for the installation of a stairway fire escape at each end of the building, allowing exit through the lavatories. These fire escapes should include counterbalance section, as outlined in the Principal's letter. It is noted that the cost of the two new stairs, with two landings and counterbalance stairs at bottom, would be approximately $465. The school authorities, themselves, should perform as much as possible of the labour in carrying out the work.

The accounts covering the cost of installing the two stairways should not reach the Department until after the middle of April, next, when funds are available to pay the cost of the work. At that time, you should forward accounts, in triplicate, giving in detail the amount of labour required, the number of hours employed and the rate paid. Should there be any freight charges on materials for same, a receipt should accompany the vouchers.

The Department will leave in the hands of the Principal and yourself the matter of installing the fire escapes, and all work should be satisfactorily carried out. It is hoped that when these escapes are installed it will overcome the present danger of the existing ladders and provide ample means of escape in case of fire, with the least possible loss of time.

Yours truly,

A. F. MacKenzie,
Secretary.

File No. 1-8-B.

RECEIVED
INDIAN AGENCY MAR 9 1926
NEW WESTMINSTER, B.C.

New Westminster, B.C.
March 3rd, 1926.

SIR:-

I regret that your letter dated the 12th of December, File No.153-0-5, should have remained so long unanswered, but on taking the matter up with the Reverend R.C. Scott, Principal of Coqualeetza Indian Residential School, further possible fire hazzard was pointed out, and I wished to obtain an idea of the cost of some of Mr. Scott's suggestions before laying the matter before you.

I am enclosing a communication from the Reverend Gentleman, from which you will see that the original change suggested by Colonel Pragnell can be made for approximately $15.00, and I would recommend that this be authorized.

In connection with Mr. Scott's remarks on the fire-escapes, there is no doubt a distinct slowing up in the evacuation of the children from the School occurs at the lower platform, as indicated. This might easily cause the rear of the departing line of pupils to be endangered by a fire.

What is, to my mind, worse, is the system of up-right ladders from the top story attached to the wall outside the windows, on to which children would have to swing. In reasonable weather these could be negotiated by the boys, but would be very dangerous for girls. In weather, such as we have had during the past month, with low temperatures accompanied by northerly gales, they would be impossible for anyone.

The first proposition outlined by Mr. Scott and estimated to cost $243.00 would do away with the congestion on the existing fire-escapes.

The second proposition estimated to cost $465.00 would eliminate the dangerous ladders and provide extra facilities for rapid evacuation.

The cost being considerable, I hesitate to make a recommendation, for immediate purchase, but I wish to emphasize the danger of the existing ladders and I do think it would be most desirable to install a better system of evacuation at the earliest possible moment.

Your obedient servant,

A.J.N. Daunt.
Indian Agent.

Ottawa, March 24, 1936.

Dear Sir:

I have your letter of the 17th instant, enclosing a communication from the Principal of the Coqualeetza Indian Residential School, requesting that a steam ironer be supplied, for use in the laundry, and setting forth the need for this equipment, together with an estimate of the cost.

In reply I have to say that the Department will have no funds during the coming fiscal year to cover the cost of supplying an ironer. The Department has noted the large amount of laundry work required and the work performed by the girls. It is thought that the Principal should add another member to the staff, to assist in the heavier part of the work in the laundry, if he considers that too much time is taken up by the girls in doing the work.

Yours truly,

A. F. MacKenzie,
Secretary.

DEPARTMENT OF INDIAN AFFAIRS

File No.1-8-B.

OFFICE OF
INDIAN AGENT
NEW WESTMINSTER, B.C.
March 17th, 1930.

SIR:-

I beg to forward you herewith, a communication from the Reverend Principal of Coqualeetza Indian Residential School, in which he sets forth the need for a Steam Ironer in their Laundry.

Apparently, the cost of such a machine, new, is $3,000.00, but there is a good used one available at $1,000.00.

This seems a great deal of money, and I refrain from comment, other than to remark that there would appear to be two sides to the school situation:-

On the one hand we have the fact that undoubtedly the ironing at this Institution is very heavy, and done in the present manner takes up a great deal of the girls' time, besides exposing the present machinery to a heavy steam strain. The proposed installation would do away with both these drawbacks.

On the other hand, having their future welfare in mind, it appears to me that too much machine help in these schools, useful as it is in operating the Institution, is not the best kind of preparation for life in a shack on a Reserve, where the ability to carry on domestic duties with plain everyday appliances will count more than academic proficiency, or a knowledge of steam ironers and electric stoves. That appears to me, to be one place these big schools fail to function.

Under the circumstances and conditions there is no doubt this machine would be very useful, and if the money is available would probably warrant the expenditure.

Your obedient servant,

J.O'N. Daunt.
Indian Agent.

New Westminster, B.C.

INDIAN OFFICE
NEW WESTMINSTER
MAR 16 1936

Dear Mr. Daunt:

I would be grateful if you would bring to the attention of the Department, my request of last August, for a Steam Ironer for our Laundry. I pointed out at that time, the urgent need.

With about three thousand pieces going through, per week, with our present equipment, the girls are kept working from four to five days weekly. It is not only hard on them physically, but it renders it almost impossible to find time, outside the classroom periods, for instruction along Home Economics and Handicraft lines, which is vitally necessary for the practical training of these children. I pointed out also, how wasteful our present system is, by using live steam to bring the water in our washer, up from cold to washing heat. It is also hard on the cylinder itself, and in view of the fact that the Department has just installed a new washer, I would like again, to point out that using steam in this way creates a pressure, which is hard on the cylinder.

A new Ironer, 100", two roll, one pass, belt driven machine, would cost in the neighborhood of $3,000.00, but I pointed out, that Stanley Brock Limited could supply a used ironer, passed by the Inspector and in good condition, two roll, one pass, 100" machine by a city laundry installed for $1,000.00. This machine has been discarded, not because of any deficiency or breakdown in it, but simply because it had become too small and required four attendants, two putting the goods through and two taking them away. The new machines have a return apron, which enables the two workers who feed the machine, to take away also, and thus saves 50% of their labor cost.

By installing a hot water tank, which could be secured second-hand, for two hundred dollars, with heating coil complete, we could use the exhaust steam from the ironer, to create a plentiful supply of hot water, which could be piped direct to the washing cylinder. In view of the fact that the Department will be asked to furnish a high pressure steam boiler this coming year, I would like to emphasize again, the gain that there would be in having this equipment, from the standpoint of decreased fuel consumption.

The main thing, however, is the fact that our present system keeps our girls too long in the laundry. If they could get rid of doing all the heavy flat work, such as sheets, towels pillow cases,

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

etc., it would speed up the process, as these articles could go direct from our tumbler, or dryer, through the steam mangle and be finished with. The training of the girls in ironing, would not at all be interfered with, because all articles of personal clothing would still be washed and ironed individually.

I have been going through our roll of pupils and beg to point out, as showing that we have fewer and fewer girls available. Six years ago we had three girls from 6 to 8 years; today we have 15. Six years ago we had eighty-six girls from 9 to 16 years of age; today we have only seventy. Six years ago we had 16 girls who were over 16 years of age and today we have three. The proportion of Grade VIII and High School girls is very much the same, so that it does not effect the depletion of available labor. Six years ago there were seven girls in Grade VIII and High School and today we have five.

This will make clear, I am sure, the need for doing something to lessen the time that our girls spend in the laundry. I am most anxious to do even more than we are doing this year, for these girls, in the way of a practical training in house keeping and home making, dress making and handicrafts such as spinning, carding, dyeing and knitting wools into all kinds of articles for clothing. Of course if the Department felt like giving us a new machine, well and good, but I feel that this second hand machine, if passed by the Government Inspector, would be adequate, and in view of the necessity mentioned above, of installing a new High Pressure steam boiler, I feel that the Department might well give the matter consideration.

Thanking you for your interest, I am,

Yours sincerely,

R. C. Scott.

Dear Mr. Walker:

This will acknowledge receipt of your communication of April 13th. In harmony with your request, I have forwarded a copy of your letter to the Superintendent of Indian Education in the Department of Indian Affairs at Ottawa.

I have no doubt that Captain K. C. Scott, Principal of the Coqualeetza Residential School, has explained to you that he closed the year 1955 with a very considerable deficit on current account as it was and that for [redacted] he has already given you nothing can be done in the matter without working a hardship on innocent persons.

As to how the Department of Indian Affairs will deal with your letter it is for the permanent officials of the Department to determine and I have no doubt you will hear from them in due course.

Yours very sincerely,

(Sgd.) Kenneth J. Beaton

EX'D.

Ottawa, May 1st, 1936.

Dear Sir,-

With reference to your letter of the 25th ultimo regarding fire extinguishers at the Cequaleetza Indian Residential School, the Pyrene Manufacturing Co. advises us that, unless the 1½ quart extinguishers have been used or are damaged, it is not necessary to refill them. Under these circumstances, the eight (8) refills for the 1½ quart size will not be ordered unless we hear further from you.

An order is being placed by the Department with the Pyrene Manufacturing Co. for three (3) new 1½ quart extinguishers, complete with liquid.

Yours truly,

A. F. Mackenzie.
Secretary.

"C O P Y"

Vancouver, B.C.,
April 16th, 1936.

Rev. K. J. Beaton,
Associate Secretary,
United Church Home Missions,
299 Queen Street, West,
Toronto 2, Ontario.

Dear Sir: Re Coqualeetza Institute, Cardis - Lighting account arrears, $8,598.03.

On Thursday, March 26th, the writer and in interview with the Reverend Scott, Principal of the above Institute, regarding the aforementioned arrears, due to our having billed you on a half the correct consumption for several years past.

No doubt Mr. Scott has explained to you that this arose on account of the fact that the meter registers only one-tenth of the current passing through it and therefore has a multiplying constant of 10 to arrive at correct result. This was inadvertently omitted when billing you. It explained that had the reverse been the case and you had been overbilled, we would have immediately issued a credit for whatever was due to you.

The stand taken by Mr. Scott is that the Institute is provided with a certain definite proportion of the expense by the Government Department of Indian Affairs; that no further funds are available and therefore the debt can not be recovered. We, on the other hand, are endeavoring to meet the Institute in a liberal way by 2 cents, instead of 7 and 5 cents and 6 and 3 cents, which rates have prevailed during the major portion of the time. Not only have I suggested that as the increased lighting expenses over a period of six and one-half years that if the Institute was short of funds we were willing to accept payment of the arrears over the same period during which they had been incurred, which would add approximately $20.50 per month to your regular lighting account.

It would appear to the writer that as the Government bear the major portion of the cost of this Institution, which according to the annual statistics is in the neighborhood of 95 per cent, that they have benefitted to this extent in connection with the arrears, and it does not seem unreasonable that they should pay this amount. I shall, therefore, be glad if you will take this matter up with your Board, especially the suggestion I have made that the debt be liquidated over the same period in which it was incurred, which I believe you will agree is a very reasonable proposal.

Yours very truly,

(sgd.) Edmund E. Walker,
SALES ENGINEER.

Dear Sir:

I beg to acknowledge receipt of your letter of April 15, File 153-0-5, enclosing invoice from Kirkland and Rose for $1.96, for goods delivered to Coqualeetza Residential School. I am at a loss to understand how this account came to be sent to the Department, as we hold their receipted invoice for this amount, under date of December 20 last. We send in all our accounts in the regular way through the Indian Agent's office and it is a rare occasion when anything is sent in direct in this way. I am advising Kirkland and Rose by this mail and doubtless you will hear from them. In any case the account is paid and should never have been submitted to the Department. Thanking you for your communication, I am,

Yours sincerely,

Rev. Sir:

The Department is in receipt of a statement from Stanley Brook Limited, Winnipeg, with reference to a balance of $47.25 which they claim is due them in connection with goods supplied to the Coqualeetza Indian Residential School.

On March 5th, last, Mr. Agent Daunt submitted a voucher in favour of Stanley Brook Limited. The firm's account was dated February 1, 1936, and amounted to $294.11. There is a notation on the account in red "Less freight absorbed by school - $47.25". The Department issued and forwarded to Stanley Brook Limited a cheque for $246.86. Apparently you have not yet forwarded the firm a cheque for $47.25, and I would appreciate your doing so as soon as possible.

Your truly,

A. F. Mackenzie,
Secretary.

Reverend Sir,-

The Department is in receipt of your letter of the 4th instant, with reference to the claim of the British Columbia Electric Railway Company for arrears of lighting account at the Coqualeetza Indian Residential School. From the information before the Department, it appears that the school management is in no way to blame for the mistake made in the lighting accounts.

As you are aware, this Department is not responsible for paying the cost of electric current at Indian residential schools.

Very careful consideration has been given to the letter of the British Columbia Electric Railway Company. The Department cannot see any reason why we should favourably consider making any payment to them.

Yours truly,

D. J. Scott

REV.R.C.Scott, Principal,
Coqualeetza Residential School,
Sardis, B.C.

Dear Sir: Re Fire Escapes.

We are pleased to quote you the sum of Nine Hundred and Forty Eight Dollars ($948.00) Sales Tax included, for the supply and delivery of two fire escapes, from the third floor to the ground, as shown on enclosed sketch. You will note that this price is considerably higher than the price which we first quoted you, as there is an additional stair from the third to the second floors, together with extra third floor landings and the landings are all double width in place of single as was originally intended when the stairs would have continued in one direction.
We quote you the sum of Seventy Two dollars ($72.00) for the erection of these fire escapes, and the board and lodging for two men for one week would be extra.
We also quote you the sum of One Hundred and Seventy Dollars ($172.00) Sales Tax included, for the supply and delivery of two stairs from the existing balconies, and the sum of Eighteen Dollars ($18.00) for the erection of same.
All work would be constructed in the best possible manner and woul be painted two coats.
Hoping we may be successful in obtaining your order on this work which will receive our best attention,

Yours very truly,

INDIAN OFFICE
NEW WESTMINSTER
APR 20 1936

April 16th, 1936.

Mr A.O'N.Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr Daunt:

I am enclosing herewith Blue Print of suggested Fire Escapes for the end of our Main School Building. I am sorry that the amount now submitted is so much in excess of that which the firm gave to me as a rough estimate. That is largely due to the fact that the sketch which was made for me by Mr Williams took account only of the first two stories, and left the upper story unprovided for. It is this, as stated in the letter from The Pearson Company which has increased the cost.
The windows on the third floor are set back from the wall, so that the platform has to extend over a part of the roof in order to get clearance for the stairway to the second floor windows. The flight of steps is a long one also.
I had the quotation made for stairs going right to the ground. Otherwise it would have had to be a counterbalance unit from the ground floor down. This would have been much more costly, and there is the unsatisfactory element of upkeep to be sure that it would always be ready for use. The other fire escapes come practically to the ground, by means of the ladder from the lower landing. This is very unsatisfactory so far as utility and ready exit is concerned. These ladders should be replaced by stairways as suggested in the second part of the Pearson Co's quotation, but so far as allowing access to the dormitories from the outside, the ladder is almost as big a menace as would be the stairways proposed. I think we can eliminate the Counterbalance unit. We have had no trouble for some years, so I am informed, through use of fire-escapes to obtain entrance to the building. Locks and seals, on the inside are all we use, and they are sufficient.
The ladders on the front of the building, and again from No 5 dormitories on both boys' and girls' sides, are quite inadequate and unsafe for use. The proposed units, would allow exit through the Lavatory windows as shown in the sketch. These would need to be made into casement windows, to allow ready exit, but that is not an expensive undertaking. It should, however, be provied for. The new sash would be the main, and likely the only expense as we could change them ourselves.
Our present system of fire escapes is entirely inadequate and would not pass inspection by a fire marshall. These proposed additions, especially if supplemented by the additional sections from the main floor landings to the ground on our present escapes at the rear of the School, would give us equipment that would be adequate. We would then have three exits, namely:

1. By the stairways and through front and rear entrances;
2. Down fire espaces at the rear of the building,
3. Down fire escapes (as proposed) at the end of the building.

If the Department is unable to meet the cost of the proposed new units at $ 948.00, plus cost of erection, then I trust that they will undertake the extra unit, from the lower landing to the ground, on the unit now on the rear of the School. We might do the work of installation in this case, as there would be no new

RESIDENCE—CHILLIWACK 1607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

A.O'N.D. (2)

braces required. It wouldbe only a matter of cutting the present platform, and attaching the new stairs to the present landing. In our last fire drill, the boys took 6 minutes and the girls 9 minutes to get out and clear of the fire escapes. This was due to the congestion on the lower landing through having to go down the ladder one at a time. The new addition would give us ready exit right to the ground and I cannot too highly recommend its being granted. The matter of the units on the end, as proposed in the enclosed Blue Print might wait for further consideration, but are vital to greatest degree of safety.
If the work were done on the new units during the summer vacation we would supply board for the workmen.
Regretting the increase of cost for the proposed new units, but emphasizing once more the need of some such further protection,
I am,

Yours sincerely,

R. C. Scott

RCS/ PRINCIPAL.

P.S. I am really up the Coast on a visit to the villages in hope of stimulating recruiting of pupils, and shall call to see you early in May upon my return.

In looking more carefully at the sketch, I do not see why the lower landing might not be single, and the stairway continue straight to the ground. The stairway from the third floor would naturally land on the outside of the platform on the second floor landing. Thus the continuation over the ground floor landing might well be straight down to the ground across a single width landing there. This would lower the cost some I have no doubt.

R. Lads.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

MAY 27 1936

File No.1-8-B.

NEW WESTMINSTER, B.C.
May 23rd, 1936.

SIR:-

With reference to your letter dated the 10th of March, File No.153-0-5, in which you authorize an expenditure of $465.00 for improvements to the Fire Escape System at Coqualeetza Indian Residential School, and which figure was based on a Report and plan submitted by the Reverend Principal.

I now beg to forward you another letter from Mr. Scott, together with a blue print, from which it would appear that he failed to take the third story of the building into consideration when working out the original cost submitted.

A quotation in connection with the new plans, to make a complete job, of $948.00 for material plus $72.00, together with one week's board for two men in erecting them is submitted by the Pearson Wire & Iron Works Limited, Vancouver. The Reverend Mr. Scott, however, offers to absorb this cost of labour and board, which leaves the estimate at $948.00.

A proposal to improve the foot of the present escapes at a cost of $172.00, plus $18.00 for erection costs is also enclosed. This latter solution, however, does not improve the third story situation, which, at present, is undoubtedly dangerous.

It is apparent, therefore, that in order to fully cope with the situation an expenditure of $948.00 is called for. The alternative expenditure of $190.00 will adequately take care of the first two floors, but will leave the top floor unprotected, as the existing up-right ladders could not be used in bad weather, or indeed at any time except by strong and active pupils.

I have advised the Reverend Principal to allow the matter to remain in abeyance pending your instructions.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

Dear Sir:

With reference to your letter of the 4th instant, you may authorize the Principal of the Coqualeetza Residential School to incur an expenditure of $56.00 in reshingling the Principal's residence. It is noted that the amount mentioned includes both material and labour.

You may also authorize the Principal to expend $50 in purchasing material for reshingling three of the out buildings in connection with the school. It is noted that the work of shingling these three buildings will be done by the members of the manual training class.

Yours truly,

A. F. MacKenzie,
Secretary.

SIR:-

Refer Dept.

I beg to forward you herewith, a request from Reverend Principal of the Coqualeetza Indian Residential School, for an expenditure of Fifty six dollars, ($56.00) with which to reshingle the Principal's residence.

This work should, I consider be done, and I would recommend it to the favourable consideration of the Department.

Recommended

The Principal also requests that another Fifty dollars be expended for the reshingling of three other buildings connected with the school. If at all possible, I would like to see this done also, not only for their preservation, but the experience will be of practical value to the Manual Training Class.

Your obedient servant,

A.O'N.Daunt,
Indian Agent.

NEW WESTMINSTER
JUNE 4 1936

Mr. A.O'N. Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr. Daunt:

I have received estimates for shingling our house amounting to Thirty-six dollars ($36) for twelve thousand No.1 shingles; Ninety cents (.90) for fifteen pounds of nails; Nineteen dollars and twenty cents, ($19.20) for six days labour to lay the same. Total, Fifty-six dollars, ($56).

There are three other buildings which are badly in need of shingling, and I would say that another Fifty dollars would do all three. These include the building now used as Boat Shop, the extra dormitory near by, and the cottage, which I hope some time to have fixed up for a Manual Training proposition. The amount of Fifty dollars extra would be for the shingles for all three buildings. This work could readily be done by our own Manual Training boys, as the roofs are low, but I would not care to put these boys up on the roof of our house. I shall get estimates for the materials necessary to recondition the cottage mentioned, which could be used as a residence for married staff members.

Yours very sincerely,

R.C. SCOTT
Principal

The Secretary,
Department of Indian Affairs,
Ottawa, Canada

Dear Sir:

We are beginning to have a lot of trouble with the drainage system at Coqualeetza. It is now some thirteen or fourteen years since the School was built. I have hunted everywhere for plans of the drainage system and have enquired from Baynes and Horrie, whom I understand were in charge of the building of this School. I have made all possible enquiries locally as well, but can get no trace of these plans. I have plans of the heating and plumbing, but these do not go farther than the connection with the drain. The drainage system itself is not shown. In endeavouring to clear the drains from the boy's lavatories in the basement we can get only so far with a "worm" or with the fire hose, but cannot tell whether this drain continues under the building or whether it goes our around.

I understand copies of these plans are filed in Ottawa, in the Public Works Department, and if so, I would greatly

[redacted]

The Honourable the Superintendent General,-

Mr. A. O'N. Daunt, Indian Agent, New Westminster, B. C., has reported on the improvements which it is recommended be carried out in connection with the providing of proper fire escape facilities at the Coqualeetza Indian Residential School, Sardis, B. C. At present, there are ladders on the front of the building, from both boys' and girls' dormitories, which are inadequate, unsafe for use and would not pass inspection by a fire marshall. There are 123 children in residence. At a recent fire drill, it required six minutes for the boys and nine minutes for the girls to get out of the building and clear of the fire escapes, due to the congestion through having to go down the ladders one at a time. This would be a serious condition in case of outbreak of fire, the building being only semi-fireproof.

The Agent has forwarded a sketch plan for the installation of the new fire escapes required, to be located at each end of the building and to extend from the third storey to the ground. This would give three exits, viz.:

1. Present fire escape at rear of building;
2. Fire escape (as proposed) at each end of building;
3. If necessary, by the stairways and through front and rear entrances.

The Agent has forwarded, also, a question received

• by the rrincipal

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 1)

by the Principal from the Pearson Wire and Iron Works, Limited, Vancouver, manufacturers of fire escapes - who offer to make a complete job, supplying the material and labour in installing the equipment, to the amount of $1,080.

Funds for the purpose are available in the Appropriation for Indian Education for the current fiscal year, and I would request your authority to incur the expenditure and to have the Pearson Wire and Iron Works, Limited, Vancouver, supply the material and make the installation. This firm has done satisfactory work of a similar type for the Department in connection with other schools. Both the Agent and the Principal strongly urge that adequate fire escape facilities be installed.

Deputy Superintendent General.

153-C-5.

Ottawa, May 30, 1936.

Gentlemen:

I have your letter of the 27th instant, enclosing a list showing the number of Thermane extinguishers supplied Indian residential schools during the past few years. I wish to thank you for this list, which will be of future use in keeping the fire equipment at the schools in good, serviceable condition.

Regarding the Thermane extinguishers supplied the Coqualeetza Indian Residential School, Sardis, B. C., we find that refills were last ordered from your firm on January 17th, 1935 - at which time 8 Karbaloy recharges were supplied.

I understood from your Mr. Snarr, during his recent visit, that it would be possible to install certain equipment and recharges at an expenditure of approximately $4.80 each, which would overcome the necessity of having the extinguishers recharged yearly. In this connection, would it be necessary to have these machines returned to the factory, or could the work be done by the staff at the school? I should be pleased to have full information, together with an estimate of the cost per extinguisher.

Yours truly,

A. F. Mackenzie,
Secretary.

153-0-8.

Ottawa, June 11, 1936.

Reverend Sir:

In October, 1929, nine 1½ gallon Thermene fire extinguishers were supplied for use at the Coqualeetza Indian Residential School. In order to keep these extinguishers in serviceable condition, it is necessary that they be recharged each year. To overcome this condition, we are placing an order with the Pyrene Manufacturing Company, Toronto, to supply carbon dioxide cartridges complete with new cage and firing pin, to be installed in these extinguishers. By the use of this new method, the annual recharging is done away with, it only being necessary to periodically weigh the carbon dioxide cartridge and check this weight against the weight stamped on the side. The above company will forward full instructions for making the change and installing the cartridges in the extinguishers.

The account, in triplicate, covering the cost, will be forwarded to you, with receipt for freight charges attached. When the materials are received, you should certify the account in the usual manner and forward to the Department for payment.

Yours truly,

A. F. MacKenzie,
Secretary.

Attention Mr. A. F. MacKenzie, Secretary.

Dear Sirs,-

We acknowledge your letter of May 30th, and with reference to the last paragraph, undoubtedly Mr. Snarr was talking about the recent improvement which we have made in our 1 3/4 gallon Thermene Extinguishers.

After considerable experimenting, we have perfected a carbon dioxide cartridge, which complete with a new cage and firing pin, is attached to the old extinguishers. This does away with the use of an acid, and eventually decreases the aggregate cost of recharging over a period of time.

Formerly, this extinguisher to comply with the Fire Underwriters', and in order to give adequate protection, had to be recharged annually. By the use of this new method this annual recharging is done away with, it only being necessary to periodically weigh the carbon dioxide cartridge, and check this weight against the weight stamped on the side.

As pointed out to you in our letter of May 11th, 1935, under your file No. 55996-9, we are prepared to supply you with this conversion unit, complete with the carbon dioxide cartridge, and recessary Karbaloy for recharging the Extinguishers, at a cost of $8.50 each net, F.O.B. Toronto. We feel certain that if you adopt this type of charge to your various units, it will do away with a lot of extra work in regard to recharging, and also will over the next few years pay for itself through your not having to purchase new recharges annually.

Yours very truly,

DEPARTMENT OF INDIAN AFFAIRS
CANADA

May 4th, 1926.

Memorandum:

MR. ORR,-

The Estimates for Indian Education for the current fiscal year provide for the following work at the Coqualeetza Indian Residential School:-

1.	Supplying and installing two vacuum pumps in boiler room -	$1,500.
2.	Supplying one - 15 h. p. high pressure boiler -	500.
3.	Purchase of one hot water tank -	400.
4.	~~Re shingling and [illegible] roofs of buildings~~ -	~~[illegible]~~
5.	Miscellaneous repairs -	400.
		3,175

Approved
[illegible]

Mr. Agent Daunt, in forwarding his Estimates, last fall, states that the installation of the two vacuum pumps in the boiler room is rendered necessary because the steam return from the upper radiators back to the boilers is so slow that condensation takes place too rapidly and pockets are formed. To overcome this, the Engineer has to resort to forcing his furnaces at full capacity. This waste of fuel does not bring results and, in consequence, the building is cold on its exposed side and radiators are frozen.

Re high pressure boiler, the Inspector of Boilers of the Public Works Department condemned the present boiler in use and stated it could not be used after the end of the present school year, June next. A new hot water tank - capacity 500 gallons - with heating coil, is required for laundry purposes.

H. Buthuen

$1,000.00 required for this purpose

Minister's Office

HC.

MEMORANDUM

June 9th, 1936.

Dr. McGill.

I am returning, herewith, Departmental memorandum of the 29th ultimo. You will note that the Minister has approved your recommendation that fire escape facilities should be provided at the Coqualeetza Indian Residential School.

Before deciding which firm shall be given the contract it is suggested that tenders should also be requested from the Vancouver Art Metal Company, 16 West 2nd Avenue, Vancouver. If their tender is lower than the one submitted by the Pearson Wire and Iron Works, Limited, it will be acceptable to place the order with them. However, if they are higher the price submitted by the Pearson Wire and Iron Works, Limited can be accepted.

Enc.

V. P. Pratt

Private Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

May 29, 1936.

[redacted]

The Honourable the Superintendent General,-

Mr. A. O'N. Daunt, Indian Agent, New Westminster, B. C., has reported on the improvements which it is recommended be carried out in connection with the providing of proper fire escape facilities at the Coqualeetza Indian Residential School, Sardis, B. C. At present, there are ladders on the front of the building, from both boys' and girls' dormitories, which are inadequate, unsafe for use and would not pass inspection by a fire marshall. There are 225 children in residence. At a recent fire drill, it required six minutes for the boys and nine minutes for the girls to get out of the building and clear of the fire escapes, due to the congestion through having to go down the ladders one at a time. This would be a serious condition in case of outbreak of fire, the building being only semi-fireproof.

The Agent has forwarded a sketch plan for the installation of the new fire escapes required, to be located at each end of the building and to extend from the third story to the ground. This would give three exits, viz.:

1. Present fire escape at rear of building;
2. Fire escape (as proposed) at each end of building;
3. If necessary, by the stairways and through front and rear entrances.

The Agent has forwarded, also, a quotation received

- by the Principal

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 2)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

by the Principal from the Pearson Wire and Iron Works, Limited, Vancouver, manufacturers of fire escapes - who offer to make a complete job, supplying the material and labour in installing the equipment, to the amount of $1,020.

Funds for the purpose are available in the Appropriation for Indian Education for the current fiscal year, and I would request your authority to incur the expenditure and to have the Pearson Wire and Iron Works, Limited, Vancouver, supply the material and make the installation. This firm has done satisfactory work of a similar type for the Department in connection with other schools. Both the Agent and the Principal strongly urge that adequate fire escape facilities be installed.

approved
HLM.

Harold McGill

Deputy Superintendent General.

153-0-5.

Ottawa, June 16, 1936.

Dear Sir:

I have your letter of the 23rd ultimo, enclosing a communication which you received from the Principal of the Coqualeetza Indian Residential School, together with a quotation from the Pearson Wire and Iron Works, Limited, Vancouver, for the supplying and installing of fire escapes, to be located at each end of the building and to extend from the third story to the ground. The sketch plan, showing the location of the fire escapes, was also received. It is noted that the above company quote the sum of $948.00 for material, plus $72.00, together with one week's board for two men in erecting the escapes. The Department has noted, further, that the Principal will absorb the cost of the labour and board, which leaves the estimate at $948.00.

The Honourable the Minister has approved the expenditure in connection with the installing of adequate fire escape facilities but has directed that tenders should be requested, also, from the Vancouver Art Metal Company, 16 West Second Avenue, Vancouver. If their tender for the installing of similar equipment is lower than the one submitted by the Pearson Wire and Iron Works, Limited, it will be acceptable to place the order with them. However, if they are higher, the price submitted by the Pearson Wire and Iron Works Limited can be accepted. You should be guided by these requirements and place the order for the installing of the fire escapes with whichever one of the above firms quotes the lower price.

The work should be carried out at an early date, and, when completed to the satisfaction of the Principal and yourself, you should obtain itemized accounts, in triplicate, showing in detail the work performed. These accounts should be attached to proper voucher forms, certified in the usual manner and forwarded for payment.

Should the Vancouver Art Metal Company quote the lower price for the equipment, no doubt, the Principal would be willing to absorb the cost of labour and board, as he agreed to do if the Pearson Wire and Iron Works were given the work.

Yours truly,

A. F. MacKenzie,
Secretary.

A. O'N. Daunt, Esq.,
Indian Agent,

Ottawa, July 13, 1936.

Gentlemen:

I have to refer to the order, dated June 15th, last, to supply nine 1½ Thermens recharges, complete with conversion units, to be shipped to the Principal, Coqualeetza Indian Residential School, Sardis, B. C. The Principal has forwarded your account, covering the cost. This account contains an item - "Prepaid charges - $8.04". Before payment of the account can be made, it will be necessary for you to forward the receipt in payment of the freight charges, to the above amount. I would request that you forward this, direct to the Department, as soon as possible, when payment of the account will be made.

In a communication from the Principal, he states that no instructions for installing the conversion units were supplied, but he is writing you in the matter. I would request that you furnish him with full information for installing the equipment in the extinguishers.

Yours truly,

A. F. MacKenzie,
Secretary.

Ottawa, September 11, 1936.

Dear Sir:

I have your letter of the third instant, enclosing a communication which you received from the Principal of the Cequaleetza Indian Residential School, regarding the expenditure incurred in reshingling the Principal's residence. It is noted that the cost of the work exceeded the amount authorized. In view of the reasons stated by the Principal for the extra expenditure, the Department will pay the costs, and you may forward the accounts, in triplicate, properly certified.

Yours truly,

A. F. MacKenzie,
Secretary.

File No. 153-B.

[illegible], B.C.
September 3rd, 1936.

SIR:-

Under date of June 10th in your letter No.153-0-5, you gave authority to incur an expenditure of $56.00 in reshingling the Principal's Residence at Coqualeetza Indian Residential School.

On the 8th of July, I forwarded Agency Voucher No.277 for $43.89 in favour of the Sardis Lumber Company, covering shingles and nails for this purpose. This left a balance of $12.11.

I have now received two further accounts from the Reverend Principal, one in favour of the Sardis Lumber Company for more material to the amount of $21.86 and one for Mr. E.E. Mower, covering labour amounting to $22.40, making a total of $44.26, which means that your authority has been exceeded by $32.15.

I am enclosing herewith, a copy of a letter received from Reverend Mr. Scott in this connection and am holding these accounts pending your instructions.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

INDIAN OFFICE
NEW WESTMINSTER
AUG 26 1936

Dear Mr. Daunt:-

I beg to enclose herewith vouchers to complete the account for shingling the Principal's Residence at Coqualeetza. I very much regret that the amount has exceeded the estimate which I sent in to you for $56, for both materials and labour. This is wholly due to the mistake which Mr. Mower made in his estimate. It now turns out that instead of twelve thousand shingles it took sixteen thousand. This was due to the character of the roof. Each of the "hips" on the roof were shingled and also the "hips" on the front verandah, and this made very much more loss through cutting than he had estimated. The cost of nails was also almost double his estimate, due to using 1½" size instead of 1". I think this is the first time an estimate has exceeded the amount first sent in. Under the circumstances in which we find ourselves financially, I do not see that I can absorb the extra cost. At the same time I am loath to ask the Department for the balance. Consequently I would suggest that some of the $50 authorized for shingling the out buildings at the School, be used to pay this balance. Then by taking a Number 2 shingle for these buildings and exercising care in putting them on, we could get by with a minimum expenditure. I shall leave it to your own judgement as to whether you adopt this suggestion or ask the Department for the amount required.

The first account for materials, which should have been the only one, was for $43.89. This left $12.11 of the $56.00 remaining. The balance for the shingles and nails amounts to $21.86. The bill for work is $22.40, a total of $44.26. This leaves $17.85 of the other $50 allowed for shingling. It is not very much and I would appreciate it if the Department would pay the extra for shingling as above, and leave us the full $50 for the out buildings,

Ottawa, August 19, 1936.

Dear Sir:

I have to acknowledge receipt of your voucher, dated the 6th instant, in favour of the Vancouver Art Metal Works, Limited, Vancouver, B. C., covering the cost of installing fire escapes on the Cequaleetsa Indian Residential School building, as per contract, to the amount of $637.00.

Before payment of this account can be made, it will be necessary for you to forward a copy of the contract from the above firm. Besides the cost of making and installing the fire escapes, the contract should definitely cover the amount of freight, cartage, transportation and board of men and also the wages paid. If these latter items are not included in the contract, then it will be necessary to receive receipts, covering the freight, cartage, transportation, board and wages paid. I would request that you give this matter your immediate attention and forward the contract, as stated above, when payment will be made.

Yours truly,

T. R. L. MacInnes,

NEW WESTMINSTER
NOV. 9 1936

Mr. A.O'N. Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr. Daunt:

I am now able to present to you certain facts in connection with an increase of equipment for boys and girls handicrafts. I have a competent Dress-Maker undertaking instruction for our girls over and above the work that is done in the Mending Room, where repairs to clothing are made. In addition, Mr. Peake, who is Boys' Supervisor and a tailor by trade, has undertaken to do the repairs for all boys clothing. I have had to take a machine from the girls' side and give it to Mr. Peake in order that he might do this satisfactorily. He is training boys in this work which I feel is a very practical thing. The difficulty is that we have not enough machines to do this work properly. I need at the very least one new machine for the boys' side. I have taken the matter up with the Singer Sewing Machine people, and they have an up to date machine which would be satisfactory at $108. Applying the usual discount of 15% and a special discount of 45%, this leaves the price of the machine to the Department at $50.49.

I would like also to bring the matter of increased equipment for our Shoe Repairing to the favorable consideration of the Department. This is a very practical training and something which a boy can take hold, and put to practical use in his home village. In order to give adequate training, using only tools necessary for Hand work and one machine, which the average boy would be able to secure for himself, it would require $135. I have secured prices from the Singer Machine Company and from Denby Brothers with regard to cost of supplying a satisfactory machine. The price from the Singer people is $103 while that from the Denby people is $90. In addition to the saving in money, I feel that the Denby machine would be more satisfactory. The lower part of the machine is adjustable and could be renewed if necessary, while the same part on the Singer is cast in one piece as part of the body of the machine. The Denby machine is heavier also. It is practically impossible for anyone doing Shoe Repairs to get along without one of these stitching machines, as the stitching is not only a very slow process by hand, but in some cases can not be done by hand. Mr. Forddred, our instructor, is a Shoe Maker by trade and he intends to have each of the boys now working at shoe repairing, actually make a pair of shoes complete this year in addition to doing the repair work for the School. If the Department would be agreeable to securing the Stitching Machine from Denby Brothers at $90, I would take care of the $35 for hand tools out of School funds by applying the balance from our Manual Training Prize money for that purpose. You will remember that last year the Department allowed Allan Young to remain for a year to take further training on condition that he buy his own tools.

PUBLIC ARCHIVES ARCHIVES PUBLIQUE
CANADA

COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

It happened that he was able to do so, but when he went home last Summer, he took his tools with him, hence the need for extra tools if we are to keep two boys employed as we hope to do. I trust that the Department will give this their favorable consideration, as I am sure it will put our Shoe Repairing on an adequate basis for training of these boys. With all good wishes, I am,

Yours sincerely,

R.C. Scott

EX'D.

Ottawa, November 3, 1936.

Dear Sir:

I have your letter of the 29th ultimo, enclosing a communication from the Principal of the Cequaliseta Indian Residential School, requesting the purchase of a Diesel engine, to be used for demonstration and instruction purposes in connection with the motor mechanics department and in operating the laundry, the total cost involved being approximately $450.

As our funds for the balance of the present fiscal year are extremely limited and as there are many more urgent requests, the Department is not prepared, at the present time, to favourably consider the supplying of the engine.

Yours truly,

A. F. MacKenzie,
Secretary.

153-0-5.

1-8-B.

Ottawa, November 3, 1936.

Dear Sir:

Referring to your letter dated September 18th, last, regarding the installing of mechanical stokers, repairs to playroom floors, etc., at the Coqualeetza Indian Residential School, I would say that the Department is not prepared to favourably consider the installation of the mechanical stokers. It is considered, if the Principal desires to have these stokers installed, that he should arrange for payment of same from the saving that would be effected in the cost of fuel.

The Department will approve of the repairs being carried out to the playroom floors, and the contract for carrying out the work may be given to Mr. H. D. Leyfield, 3617 West Third, Vancouver, B. C., to lay a three-quarter inch "Fremco" heavy duty mastic floor. The cost should not exceed the sum of, approximately, $950. You should arrange to have this work carried out at an early date. The Principal and yourself should see that a satisfactory job is completed.

The Department will approve, also, of an expenditure of $50.00 in sealing the windows on the outside of the north and east faces of the building.

The Department will approve of an expenditure to the amount of $75.00 in the building of a milk-house.

We are not prepared to authorize the repairs and painting of the farmer's cottage at the present time.

When the above authorized work has been completed, you should forward itemized accounts, in triplicate, properly certified, covering the expenditure incurred.

Yours truly,

A. F. MacKenzie,
Secretary.

INDIAN AGENT

File No.1-8-B.

NEW WESTMINSTER, B.C.
October 26th, 1936.

DEPT. OF INDIAN AFFAIRS
NOV 2 1936
RECEIVED

SIR:-

I beg to forward you herewith, a communication received from Reverend R.C. Scott, Principal of Coqualeetza Indian Residential School, regarding the purchase of a Deisel Engine for that Institution.

The Deisel Engine is required to complete the motor mechanic training of the boys and it can be used by a slight extension of the shafting to operate the laundry. This will not only reduce the cost of laundry operation, but it will also be a safe-guard against any possible break down of the power due to ice storms in the Winter time.

The cost of a suitable Engine, such as has been installed in St. Michael's Residential School at Alert Bay, is $410.00 to which would be added an expenditure of $40.00 for extending the main line laundry shaft, making a total of $450.00.

The idea appears to be an excellent one, and if funds are available I would recommend it to the favourable consideration of the Department.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

Dear Mr. Daunt:-

I have been going into the matter of a Deisel engine with some care and I am now able to give you certain facts in this connection. From all I can learn the full Deisel put out by the Vivian Engine Works of Vancouver is giving good satisfaction on the Coast. I have talked with engineers who have had them in charge and also with officials of the Canadian Fishing Company, and they are well pleased with the performance of these engines. The cost however, of purchasing a Vivian engine seems to me too great. I do not feel like asking the Department for an expenditure sufficient to get one at this time. I have received specifications and prices on their Marine and Stationary units. One 3 cylinder 30 H.P. Vivian four cycle full Deisel complete would cost, along with the auxiliary compressor unit, $2349.00 after a 10% discount. This same engine in a stationary type would cost $1989.00. A single cylinder marine unit, 11 H.P. complete, would cost $775.00 exclusive of Sales Tax in each case.

It is possible for us however, to secure a 7 H.P. Lister four cycle, full Deisel, the same as has been installed in St. Michael's School, Alert Bay, for $410. These Lister engines have given fine satisfaction at Alert Bay. If we had one I think it would be sufficient for demonstration purposes, as it has the Bosch fuel injection system just the same as the Standard Vivian or Atlas Imperial machine, thus we would have in this unit all that is necessary for instruction purposes. In addition, by expending $40 we could extend our main line Laundry shaft through the partition of the adjoining room. The engine could be set up there and used to run our Laundry. This is the same engine they have been running at Alert Bay to supply Laundry power with perfect satisfaction for the last six years.

In view of the fact that it seems likely we shall have to make some compromise with the B.C. Electric Company in connection with their account for back power, if we had this engine we could supply that power for 1½¢ per K.W. hour as compared with nearly 4¢ taken to run the big 7 H.P. motor at present supplying that power. Thus this engine would fill a double need and I would strongly recommend its being installed. I might add that the year of the Ice Storm we had to rent a gasoline engine to provide power for over three weeks, and having this unit it would insure against a repetition of that kind.

Our Motor Mechanics Department seems to be doing good work, and the boys are interested. Several of them who are at present attending School this year, have been on Seine boats and packers, and if we can give them

September 22, 1936.

[redacted]:

The Honourable the Superintendent General,-

The Principal of the Coqualeetza Indian Residential School, Sardis, B. C. (Electoral District of Fraser Valley), has forwarded a request, through the office of A. O'N. Daunt, Indian Agent, New Westminster, B.C., that the floors in the playrooms of the school be repaired. A quotation has been received from the Fred M. Beatty Company, Vancouver, to lay a three-quarter inch (¾") "Fraseo" heavy duty mastic floor on these rooms for $941.45.

As funds are available in our Estimates to carry out these repairs, I would request authority to incur an expenditure of approximately $1000.00 in installing new floors. I shall be pleased to be advised if it will be in order to give the work to the Fred M. Beatty Company, Vancouver.

Deputy Superintendent General.

INDIAN AFFAIRS
SEP 29 1936
RECORDS

OFFICE OF
INDIAN AGENT

File No.1-8-B.

NEW WESTMINSTER, B.C.
September 18th, 1936.

SIR:-

Would you kindly inform me what credit will be available for repairs at Coqualeetza Indian Residential School this year.

I included various items in the Estimates for the current year, to the amount of $9,218.75, amongst which was the sum of $1,800.00 for two return Vacuum Pumps in the boiler room.

From the Boiler Inspector's Report, which, no doubt, will have reached you by now, the installation of Mechanical Stokers is recommended, and we have obtained a quotation of $1,147.00 for two Stokers, which is a saving of $653.00 on the pumps.

The calculated saving in fuel, based on the average expenditure is estimated at $764.00, being about $350.00 for price of fuel and the balance in more efficient stoking.

Another urgent item, having a bearing on heating efficiency is $50.00 for sealing the windows on the outside on the North and East faces of the building. These items of stokers and window sealing call for an expenditure of $1,197.00 and represent the item of $1,800.00 for vacuum pumps, placed in the Agency Estimates for the current year.

The Reverend Principal also requests that repairs may be made to the Play-room floors, for which an item of $2,468.25 was provided for in the Estimates. In this connection we have received a bid from the Fred. M. Beatty Company of Vancouver, to lay a three-quarter inch "Fremco" Heavy duty Mastic floor on these rooms for $241.65, which is only a fraction of the original bids made last year.

Repairs and painting of the Farmer's Cottage at the School, is also asked for by the Principal. This building has been removed to a new location and set up on a foundation of cement blocks, but needs repairs and painting outside and the inside also needs reconditioning, plastering in some rooms and painting. Mr. Scott requests $650.00 for this work and would make it a Manual Training project for the boys, if the Department will supply material to the above amount. I would, however, point out that no provision was made for this in the current year's estimates. A milk house at $75.00 is further requested. This was shown in the Estimates for the year.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

REGD.

Ottawa, December 10, 1936.

Dear Sir:

The Department is in receipt of a letter from the Principal of the Coqualeetza Residential School in which he requests the erection of a fence to extend from the barn to the bank of the creek just beyond and at right angles to our Preventorium.

Mr. Scott states that the cost of the posts and lumber will be $66 and that the work will be done by the school staff without expense to the Department. Please arrange for the purchase and delivery of the lumber and posts that are necessary.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

December 4, 1936

The Secretary,
Department of Indian Affairs,
Ottawa, Canada

Dear Sir:

I would like to bring before you the need of a fence to extend from the barn to the bank of the creek just beyond and at right angles to our Preventorium. This would shut off the breeding pen for our hogs and cattle and give us a runway for them. As it is at present all that goes on there is visible to the children in the Preventorium and also to children on the Girls' Playground. The fence which is there is beyond repair and by building a new strong, close board fence we would do away with the objectionable features just mentioned, and provide adequate runway for both our hogs and cattle.

The cost for posts and lumber would be $66. I pointed this out to Colonel Pregnal when he was here and doubtless you have heard from him. I have also explained it to Captain Barry but he said it was not in his department. We would of course do all the work. I would appreciate it very much if we might have this assistance given as soon as possible so that we could get the work done before the Spring work on the farm absorbs the activities of our boys.

Thanking you in anticipation, I am,

Yours sincerely,

R. C. SCOTT

December 2, 1936

The Secretary,
Department of Indian Affairs,
Ottawa, Canada

DEC 7 1936

Dear Sir:

May I again call to your attention the matter of the extension to our Fire Escapes on the rear side. As I pointed out, the children go down the regular stairway to the landing platform just above the rear door, from which they descend on a ladder through a manhole. This is really dangerous. It extends the time at least double in getting the children out. When Captain Barry was here three dormitories came down the new Fire Escapes in just under two minutes, while it took two dormitories with fewer children more than four minutes to come down these rear escapes through the manhole.

I have a figure from the Vancouver Art Metal Company agreeing to put one stairway on each side from the lower balcony to the ground with necessary alterations to railing to make it complete and safe at a cost of $106 Sales Tax included. In addition they will fix a ladder, at present the only exit out of No. 5 dormitory on the Boy's side, making it 6" from the wall instead of close in as it is at present.

I would strongly advise this expenditure. If undertaken it would give us two complete sets of Fire Escapes, one on the end and one at the rear of the building on both Boy's and Girl's sides.

Awaiting your reply, I am,

Yours sincerely,

J. R. C. Scott

EX'D.

Ottawa, November 28, 1936.

Dear Sir:

Mr. Inspector Barry, in a report on his recent inspection of the Coqualeetza Indian Residential School, has drawn attention to the old fire escapes. He states that fire drill was carried out during his visit and that it took two minutes to clear the old escapes, due entirely to the fact that about 10 ft. from the ground the children have to pass through an opening in the escapes and reach the ground by an iron ladder, with the help of the members of the staff to catch them.

The Inspector has recommended that authority be granted to incur the expenditure required - $106.00 - in providing iron extensions to extend the present escapes to the ground and eliminate the present short iron ladders. He states he was told that this could easily be done by the firm which supplied the two new escapes this summer.

The Department will approve of you arranging, at an early date, with the Vancouver Art Metal Works, Limited, Vancouver, to install the iron extensions from the present old escapes to the ground. You should see that this work is completed in a satisfactory manner,

at an early

at an early date. Please forward an itemized account, in triplicate, properly certified, covering the cost, which, it is hoped, will not exceed the above mentioned amount. The Department desires to have the fire escape facilities at this school placed in a thoroughly satisfactory condition and, as far as possible, free from any danger to the pupils during their fire drills or in case of fire.

Yours truly,

A. F. MacKenzie,
Secretary.

DEPT. OF INDIAN AFFAIRS
NOV 28 19[illegible]
RECORDS

EXTRACT from Inspector Barry's Report regarding his inspection of the COQUALEETZA INDIAN RESIDENTIAL SCHOOL on the 12th & 13th November, 1936.

Original on File 153-0-6.

The Fire Drill carried out while I was at the school was from the dormitories down the old and new escapes. It was well carried out. The children on the new escapes were clear of the school in about one minute, but it took another two minutes to clear the old escapes DUE ENTIRELY TO THE FACT THAT ABOUT TEN FEET FROM THE GROUND THE CHILDREN HAVE TO PASS THROUGH AN OPENING IN THE ESCAPES AND REACH THE GROUND BY AN IRON LADDER AND WITH THE HELP OF SEVERAL MEMBERS OF THE STAFF TO CATCH THEM. EVEN THEN ONE FELL AS I WATCHED THE GIRLS.

I would strongly recommend that the sum of one hundred six dollars be authorized expended on the provision of iron extensions to take the present escapes to the ground and eliminate the present short iron ladders. This, I am told, can easily be done by the firm which supplied the last two escapes and would only cost the sum of one hundred six dollars. This recommendation is with regard to the old Fire Escapes at the back of the school.

Ottawa, November 23, 1936.

Dear Sir:

I have your letter of the 10th instant, enclosing a communication which you received from the Principal of the Cequaleetsa Indian Residential School, requesting that a sewing machine and a shoe stitching machine be supplied and giving an estimate of the cost at which he can obtain these machines.

In reply I have to say that the Department will approve of the Principal or yourself arranging for the purchase of the machines mentioned. It is noted that the sewing machine can be obtained at a net cost of $60.49 and the shoe stitching machine, at a cost of $90. An account, in triplicate, covering the cost of the machines, should be obtained, and, when the machines are delivered at the school, you should attach the account to proper voucher forms, certify in the usual manner and forward to the Department for payment.

Yours truly,

A. F. MacKenzie.

OFFICE OF
INDIAN AGENT

NEW WESTMINSTER, B.C.
November 10th, 1936.

File No.1-8-B.

SIR:-

I beg to forward you herewith, a communication received from the Reverend R.C. Scott, Principal of Coqualeetza Indian Residential School, in which he requests a sewing machine for the boys' side at a net cost of $50.49, and a Shoe Stitching Machine costing $90.00.

1 Tailor
1 Shoemaker

These Machines would probably save the School money, but I am not prepared to say how far the Department should go in this respect.

I would, however, remark that St. Mary's Mission Indian Residential School installed its own shoe-making Plant complete, considering that the saving to the School in shoe repairs and manufacturing warranted the expenditure.

April 22, 1937

The Secretary,
Indian Affairs Branch,
Department Mines & Resources,
Ottawa, Canada

Dear Sir:

For a long time I have been anxious to secure a better Moving Picture outfit, but up to the present have not seen how we could possibly finance it even if we were able to buy the machine itself. We have a small 16 mm.-Silent machine, and while it is a great deal better than nothing, still it does not allow much scope for either educational or purely entertainment films. We are reduced to using the same ones over and over. In the standard 35 mm. machine we would have the one for which films are being made and we would have access to a large and constantly growing library of educational, travel and other films. As I have said, I could not see up to now how we could finance it, but if we could get some assistance from the Department in buying the machine, I think now we could handle it to great advantage.

It is the more necessary that we secure a machine with sound reproducing apparatus because each year we are reduced to our own resources to provide entertainment for our pupils. This is due to the Quarantine which our Medical Officer places us under. Some times we have contagious diseases in the School. This year in the first part of the term it was Mumps, but ever since last Fall Measles have been rampant in the surrounding community. Consequently our children have not been allowed to go to the Picture Show in Chilliwack, and it has aggravated the problem of School discipline in addition to the loss of education in such things.

In conference with Mr. Williams, our Manual Training Instructor, we have devised a scheme whereby pupils at the beginning of the term would take out a Season Ticket. In this way we would be assured of paying for film rentals and perhaps something towards the cost of the machine. We have gone into this matter in detail and we feel sure that the best offer received yet is for a second hand Soundon machine with a guarantee of first class condition with the sound apparatus completely new. The cost of the machine is $150. If the Department could see its way clear to make us a grant of $75, the School could handle the remaining amount.

I am sure this would help immensely, as I have heard when out on the Reserves, echoes of considerable dissatisfaction especially among the older pupils over the Quarantine. In view of the tragic happenings in some other Schools this year, I feel that the action of our Medical Officer is warranted, but I do feel at the same time that we should do something to make the life at Coqualeetza as self-contained and happy as possible.

Trusting you will be able to grant us this consideration, I am,

Yours sincerely,

R.C. SCOTT

July 15th, 1937.

MEMORANDUM:

The Deputy Minister.

A refrigerating system is required at the Coqualeetza Indian Residential School and funds for its purchase are available in the current year's appropriation.

I enclose quotations received from Marshall-Wells B. C. Limited, and from McLennan, McFeely & Prior Limited.

I recommend that the business be awarded to McLennan, McFeely & Prior Limited at their quotation of $455.00, plus $77.00 for cork and hydrolene; and $47.00 for door and jam; or a total cost of $579.00. The school management will do the necessary work mentioned in the second paragraph of the firm's letter.

In connection with Mr. Pratt's memorandum of July 5th, requesting that Menzies Hardware Co. Ltd., Chilliwack, B. C., be given an opportunity to quote on this work, the Indian Agent wires, as follows:-

"Your telegram twelfth Menzies Hardware are authorized agents for McLennan McFeely whose tender you have and would participate in any installation for that firm - Stop - Letter from McLennan McFeely stating this being mailed you tonight"

I would appreciate receiving authority, at an early date, to proceed with the installation of the refrigerating system as this is the holiday period at the school and the work can be done more easily.

When replying, please return the quotations which I am attaching to this memorandum.

JRLM
Acting Director.

EX'D.

Ottawa, May 18th, 1937.

Dear Sir,-

The Department is in receipt of your letter of the 11th instant, enclosing a communication received from the Principal of the Coqualeetza Indian Residential School with reference to the installation of a refrigerator.

Provision was made in the current year's appropriation for an amount of $2,000 for repairs and improvements at the Coqualeetza School during the present fiscal year. Our funds are so limited that this amount cannot be exceeded.

You may so inform the Reverend Principal and, if it is considered that the refrigerator is more necessary than other repairs and improvements, you may arrange for its purchase from a firm on the approved list, at a cost not to exceed the estimate given in your letter of the 11th instant. It is noted that the insulating of the room can be done by the school authorities at a cost not exceeding $124.00.

It should be distinctly understood with the Principal that the total cost of the refrigerator and its installation will be deducted from the amount available in this year's appropriation. At the same time, you might discuss with him and report to the Department the manner in which you recommend that the balance of the funds be expended. It is understood, of course, that only necessary work will be undertaken.

Yours truly,

D. A. Keey,
Supt. of Welfare & Training.

DEPARTMENT OF INDIAN AFFAIRS

OFFICE OF INDIAN AGENT

File No.1-8-B.

NEW WESTMINSTER, B.C.
May 11th, 1937.

SIR:-

I beg to forward you herewith, a communication received from the Reverend R. C. Scott, in which he makes a request to be supplied with a Refrigerator at Coqualeetza Indian Residential School.

A quotation and specification from Messrs. McLennan, McFeely and Prior Limited, is also attached, from which it would appear that the installation of the Refrigerator would cost $455.00. In addition to this the insulating of the room would cost a further $188.00, unless the School perform the work themselves, in which case the estimated cost of the insulation would apperently be $124.00.

I do not know what funds are available for work of this nature, so the matter is passed to you for your consideration.

Your obedient servant,

J.O'N. Daunt.
Indian Agent.

Phones
SCHOOL——CHILLIWACK 4602
RESIDENCE—CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

April 20, 1937

Mr. A.O'N. Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr. Daunt:

I believe you have on file a letter from the Frigidaire people, McLennan, McFeely and Prior, with regard to installing a refrigerator in our School. I think too that the Kelvinator people through Marshall-Wells B.C. Limited put in a bid some time ago. On looking up our files I find the Marshall-Wells quotation was put in under date of August 26, 1935, at a total cost of $852 complete. Davies and Logan of Chilliwack are the local representatives. You will be able to compare this figure with the one handed in by the Frigidaire people, for whom Menzies Hardware is the local representative.

I would like to emphasize again our need of such a plant. With four hundred pounds of milk a day to be taken care of and most of it used in the School, it is essential that we have proper facilities for taking care of this and other perishable foods. Now that we have a Milk House at the Barn, I intend to put in a Aerator by means of which the milk would be brought down at once from 95 degrees to a temperature as near 50 degrees as possible. Then if it were put at once into our refrigerator it would mean that the milk would be kept at a temperature below the point where bacteria spread freely. This would mean a great deal to us, as there will be days within the next two months and for the first two months following the opening of School, when we will lose milk. All through the Summer this is of course particularly true.

If it is at all possible I would appreciate it very much if the Department would give this installation their favorable consideration. This matter was first referred to in an estimate prepared in August 1935. I would be glad if you would forward this letter to the Department.

Thanking you I am,

Yours sincerely,
R.C. Scott

Vancouver,B.C.

April 7th.1937

Department of Indian Affairs,
New Westminster,B.C.

Attention Mr.Daunt

Dear Sir:

We take pleasure in making quotation on refrigeration requirements for room 6' wide 12'6" long 7'6" high outside measurements insulated with 3" corkboard, to be installed in Coqualeeza School, Chilliwack,B.C.

In this room we will install a heavy duty air conditioning unit capable of maintaining a constant temperature of 38-40 degrees and humidity of 80-84%. Hooked up to and running this unit we will install a heavy duty twin cylinder reciprocating Frigidaire compressor. This compressor will be cooled by water and powered by a 1/3 H.P. repulsion induction Frigidaire motor. This job will be engineered to give you a constant temperature on a 100% defrosting cycle. The new highly efficient F-12 refrigerant will be used. This gas is non inflamable, absolutely non-toxic and odorless. A 100% discharge will not damage food.

We will make this installation complete and running, you giving us the wiring and plumbing at the units, for a price of Four hundred and fifty five dollars ($455.00)

This job will be installed under the direct supervision of G.W.Hambling, Frigidaire Engineer for B.C. and nothing but genuine Frigidaire fittings and evacuated tubing will be used.

Our unconditional guarantee on parts and operation for a period of twelve months will apply. This guarantee is given you not only by McLennan McFeely & Prior Limited, distributors of Frigidaire for British Columbia, but is backed by the Frigidaire Division of the General Motors Sales Corporation.

In reference to insulating the room this can be done two ways: First: We can send out Case-builder Mr.Alex.Gair to Chilliwack and he will insulate the room with 3" of cork

EX'D.

Ottawa, May 5th, 1937.

Reverend Sir,-

The Department is in receipt of your letter of the 22nd ultimo and we have carefully considered your request for a grant to assist you in purchasing a moving picture outfit for use at the Coqualeetza Indian Residential School. I regret that we have no funds available for this purpose at the present time. I am, however, considering the installation of two or three equipments somewhat similar to the one you mention in some of our schools as an experiment but such action will have to be delayed until next year.

I may add that great care should be exercised before placing a second hand machine in any residential school.

Yours truly,

H. A. Hoey.
Supt. of Welfare & Training.

EX'D.

Ottawa, July 30th, 1937.

Dear Sir:

With reference to your letter of the 20th instant, the Department approves the following repairs and improvements at the Coqualeetza Residential School: -

1. Lining 4 washrooms, 1 cloakroom and 1 passage 4' high with lumber, complete with labour .. $ 51.00;

2. Reshingling two outbuildings, 16,000 shingles, No. 1, estimated cost 54.00;

3. For new kitchen drain: Move one sink, if necessary, all materials, fittings, and labour to be supplied by the plumber (Exclusive of manual labour to make cutting for the drain)..... ~~15.00~~ 25.00;

4. Two new water fronts for kitchen range, pipe, all fitting and labour 35.00;

5. Refit sink in serving pantry for washing dishes by steam, fittings and plumber's work..... 15.00;
Provide 22 wire baskets for this @ $1.50 each ... 33.00;

6. Sump in student dining-room 15.00;

7. Many of the seats on the Girls' side of the playgrounds are in bad repair. Some of them are rotten and will have to be replaced. Swings must be replaced also. Estimated cost 10.00;

A. O'M. Daunt, Esq.,
Indian Agent,
New Westminster,
B.C.

Department File No.153-0-5.

SIR:-

With reference to your letter dated the 18th of May, in which you inform me that provision has been made in the current year's appropriation for an amount of $2,000.00 for repairs and improvements at the Coqualeetza Indian Residential School, during the present fiscal year.

I beg to forward you herewith, a communication received from Reverend Mr. Scott, in which he gives estimates of various necessary repairs to the total amount of $568.00.

I have gone into this matter with him, and I would recommend that authority be given to have the work undertaken as indicated.

Allowing the sum of $579.00 for the installation of a refrigeration project, the authority now requested would account for $967.00 out of the $2,000.00 appropriated for the present year at this School.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

Principal

Phones
SCHOOL ——— CHILLIWACK 4602
RESIDENCE — CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

July 17th, 1937.

Mr A.O'N.Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr Daunt:

I beg to ask for authority from the Department, for the following expenditure, to be a charge against the $2000.00 allotted for Repairs etc to Coqualeetza Residential School for the current School year.
The figures are based upon estimates secured from men doing the work along the lines indicated. All labour, other than that necessary for oversight, or for technical lessons, to be supplied by the School.

1. For lining 4 Wash Rooms, 1 cloak Room, and 1 Passage 4 feet high with lumber, complete with labor: $ 81.00

The walls referred to above are those in the Lavatories on the Boys' Side, in the basement and in the two first Floor Wash Rooms, on the same side.
These walls were repaired by Robertson Brothers two years ago; the regular Plaster materials were used, but they have not stood up. I am sure, after conferring with others on this matter, that nothing but a wooden Wainscotting will be satisfactory. Vouchers for materials and labor will be submitted in detail. Cost not to exceed the above amount.

2. For Re-shingling two outbuildings, 18,000 [illegible] 54.00

One of these outbuildings is used as our Boat Shop. The other is one which we keep ready for Quarantine purposes in an emergency, and it is used also for Boy Scout, or other activities for the time being. Estimate is for materials only, all work to be done under our Manual Training Instructor, and to be carried out by Senior Boys.

INDIAN OFFICE
NEW WESTMINSTER

RESIDENCE — CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

A.O'N.D. (2)

From Page One, ---------- $ 135.00

3. For new Kitchen Drain; Move one sink, if necessary, all materials, fittings, and labor to be supplied by the Plumber. (exclusive of manual labor to dig trench for the drain) - ---------- 75.00

The above work is rendered necessary by the breakdown of the old drainage system. We have had great difficulty in carrying on until the end of the School year last month. It is impossible to get at these old drains, and the only way we could keep them open was by continuously blowing them out with steam. This we cannot do for another year. These old drains run in to the walls, and cannot be followed, as we have been unable to secure plans of the same. All we know, is as far as we are able to explore with the steam hose. Apparently one of these drains runs under the Boiler Room floor.
The new drain will run cross the Kitchen floor in front of the Kitchen Range, right to the outside wall. It will go through at a point opposite the Range, and then turn in to the outside drain which at present takes away the wash water, and Kitchen refuse, and leads to the main drain to the settling tanks.
There will be clean out plugs on the inside, of the kitchen, and on the outside, at the point where it comes through the wall. This will enable us to insert a clean out rod both inside the building and out, for the entire length of the drain. The pipe used will be four inch cast iron and should obviate all trouble for years. The present pipe inside the building is only 2".

4. For 2 new water fronts for Kitchen Range, Pipe, all fittings and Labor ----------35.00

At present we cannot get hot water although the fires are on from early morning. After consultation with Mr Arnall, there seems nothing to do but to install two new water fronts, as above. The old ones have been in for over twelve years, so far as I can learn. The range concerned is, of course, that in the main kitchen, a two fire box, two oven one.

Carried forward---------- $ 245.00

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 2)

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

A.O'N.D.

(3)

From Page Two.---------- $ 245.00

5. Refit sink in Serving Pantry for washing dishes by steam, fittings and Plumber's work ---------- 15.00
Provide 22 wire baskets for this @ 1.50 each -- 33.00

The above project entails the item under 3.
At present dishes are washed on each of the tables in the dining room. In the process, in spite of our supervision, food scraps, bits of dish cloths etc find their way into the dishpans, and are carried out and emptied down the outside drain mentioned under Item 3. In spite of triple screens, much of this waste, at least in pulverized form, gets into the drain and plays havoc with its functioning.
In addition, flies are attracted by food particles left in these screens; the smell, at times is very objectionable, and the whole system is not in the best interests of the children for health reasons.
Under the new system, all dishes will be placed in wire baskets, and hosed off with steam into which a small quantity of water has been introduced. They will then be carried direct to the tables and the tables will be set for the next meal. All scraps of food will be scraped off before dishes are placed in the baskets, and will be taken in containers direct to the barrels in which our table scraps are kept until used for the pigs.
Thus, dishes will be sterilized, they will not be subject to improper digestion from the clogging of the present drain, smells, and fly breeding, will be obviated.
I have discussed this scheme with Mr Arnell, and he assures me that it is quite feasible. Adequate care and supervision will be given during the washing of the dishes. Steam is at present laid to this sink, but the pipes lead to the bottom of the tube, and is utilized to heat cold water until it is hot enough for washing purposes. Under the new system, valves will be placed on each of these pipes, and the water introduced in a common pipe leading to a short length of rubber hose which will be used to direct the steam and water to the dishes in the basket. The hot water and steam pressure as may obtain in the mains will find its way into the drain.

Forward---------- $ 293.0

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 2)

RESIDENCE -CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

A.O'N.D. (4)

Brought Forward from Page 3----------		$ 293.00
6.	For Sump in Student Dining Room.----------	15.00

At present we have no way of washing the Dining Room floor but by scrubbing.Much of the time this is done by small boys,and they do not get their scrub cloths properly rinsed during the work.This is not in the best interests of good health.Under proposed conditions, the floor would be sluiced off with the hose,and the excess water conveyed by means of the sump to the drain leading to the outside and to the settling tank just beyond the dining room wall.
Expenditure is necessary for floor fittings,pipe and pipe fittings.All labor to be undertaken by the School.(Other than that needed for Plumber in installing fittings as above.)
Scrubbing would then be done by the boys using Deck brooms,and it could be done oftener as well.

7. For Playgrounds:

Many of the seats on the Girls' Side are in bad repair.Some of them are rotten and will have to be replaced. Swings must be replaced also. Estimateed cost-- 10.00
On the Boys' Side I would like to build a Hand Ball board 21' by 30'. It has been very hard to find ways to keep the boys' busy during play hours.Ball playing near School buildings is prohibited.It will give a fine opportunity for Team Play and be a fine form of exercise,and the use of the Board could be allowed for "Kick ball", a form of play which is at present indulged in against the end of the Boilyer Room.This is close to the Girls' side,and makes a problem of discipline. It also results in broken windows. Hand Ball could be played by boys of different ages,and at times when foot ball is not possible. Estimate for Hand Ball Board,Lumber only--- 20.00
Total Estimates of above Repairs-------
Carried forward---------- $ 38 5.00

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 2)

SARDIS, B.C.

A.O'N.D. (5)

Bro't' forward---- $ 338.00

8. For repairs to Plumbing in Lavatories and Toilets

There are a lot of repairs needed on both Boys' and Girls' sides. Connecting pipes to wash basins, and to toilets are leaking and will have to be replaced. Estimate for fittings and Plumber's wages ..).00

Total for above repairs-------- $ 388.00

The above amounts do not take into consideration painting, both inside and out of the main, building and of the outside of Manual Training, Principal's House, Barns and other outbuildings. I shall make suggestions as to these items later, after further conference with those who can advise upon them.

Respectfully Submitted:

SIR:-

With reference to your telegram of July 12th, in which you instructed me to obtain a quotation from the Menzies Hardware Company, of Chilliwack, in connection with the proposed installation of a refrigeration service at the Coqualeetza Indian Residential School,

I beg to inform you that I telephoned Mr. Menzies, and asked him if he wished to submit an individual tender. He informed me that he did, which I may say, I could not quite understand, as I knew he was the Agent for McLennan, McFeely & Prior, who had already made a tender. He apparently got in touch with this Firm, and I had a visit from their Sales Manager, who brought in the attached letter, and I accordingly telegraphed you tonight, as follows,

" Your telegram twelfth, Menzies Hardware are
" authorized agents for McLennan McFeely whose
" tender you have and would participate in any
" installation for that Firm. Letter from McLennan
" McFeely stating this being mailed you tonight."

I trust the matter is now in order.

Your obedient servant,

A.O'N.Daunt,
Indian Agent.

Gentlemen:

We take pleasure in making quotation on refrigeration requirements for a room 6' wide 12'6" long and 7'6" high outside measurements insulated with 3" of corkboard, to be installed in Coqualeeza School, Chilliwack,B.C.

In this room we will install a heavy duty air conditioning unit capable of maintaining a constant temperature of 38-40 degrees and humidity of 80-84%. Hooked up to and running this unit we will install a heavy duty twin cylinder reciprocating type Frigidaire compressor. This compressor will be cooled by water and powered by a 1/3 HP repulsion induction Frigidaire motor. This job will be engineered to give you a constant temperature on 100% defrosting cycle. The new highly efficient F-12 refrigerant will be used. This gas is non-inflammable, absolutely non-toxic and odorless. A 100% discharge will not damage food.

We will make this installation complete and running, you giving us the wiring and plumbing at the units, for a price of Four hundred and fifty five dollars ($455.00).

This job will be installed under the direct supervision of Mr.G.W.Hambling, Frigidaire Engineer for British Columbia and nothing but genuine Frigidaire fittings and evacuatedituing will be used.

Our unconditional guarantee on parts and operation for a period of twelve months will apply. This guarantee is given you not only by McLennan McFeely & Prior Limited Distributors of Frigidaire for British Columbia but is backed by the Frigidaire Division of the General Motors Sales Corporation.

With reference to insulating this room this can be done in two ways i.e. We send out case builder Mr.Alex Gair to Chilliwack and he will insulate the room with 3" of corkboard lining with Sitka spruce and will build a door jam and doors in his factory in Vancouver

JUL 16 [illegible]

KELVINATOR AUTOMATIC REFRIGERATION SYSTEM
FOR COQUALEETZA SCHOOL, SARDIS, B.C.

Gentlemen:

We have pleasure in offering our detailed figures and recommendations, as follows:-

We believe you still desire a complete storage system, suitable for preserving your food and dairy products, as well as an isolated section for keeping fish.

Our previous plans involved a finished storage room 5' wide x 12' 3" long and 6' 8" high (interior dimensions), built into the space between your jam pantry and staff kitchen, with a thin insulated partition to divide the main storage and fish section. A door entering from each end, giving actually two rooms, one 7' long for main storage and one 5' long for fish.

We still recommend this arrangement, but since we understand that the present budget is limited, we would complete the main storage box this year, and the fish section at a later date, when more funds are available.

We would instal a KELVINATOR Model H-350 ½ h.p. air-cooled compressor of ample capacity to handle the whole ultimate load, together with cooling coil and equipment for the main storage room.

The necessary corkboard insulation, insulating paper and liquid asphaltum, and one standard walk-in door, fully equipped with hardware. This would also include the cork for the partition.

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 2)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

July 7, 1937.

We would also supply the conduit and wiring materials (about 120 feet) necessary to connect the ½ h.p. motor.

All the above delivered f.o.b. your premises:

Kelvinator installation, including labor	$435.00
Insulation and door	122.00
Wiring materials	29.00
Lumber	29.00
	[illegible]

You would supply the necessary carpenter and electrician labor.

If you wish to supply your own lumber and wiring materials, these two items may be deducted from the above quotation.

At any future date, within two years, we would supply and instal the balance of the insulating material and lumber necessary to complete the fish room, for an additional sum of $255.00.

If this plan meets with your approval, we can proceed immediately. If you desire some alternative method, please instruct us, and be assured of our careful attention to your requirements.

Our KELVINATOR equipment would all be new and of the highest grade obtainable for the purpose; fully automatic, guaranteed and service free for one year from date of completion of installation.

Yours respectfully,
MARSHALL-WELLS B.C. LIMITED

JUL 16 '37

Gentlemen: RE: COQUALEETZA SCHOOL, SARDIS, B.C.

We present herewith our tender for Kelvinator (made in Canada) full automatic refrigeration system, to be installed in your premises.

Present room dimensions, 6' wide x 12' 3" long x 10' high, to be insulated as follows:-

SIDES & END WALLS:

2" pressed corkboard laid in hot asphaltum, one layer of odorless insulating paper, 3/4" strapping laid horizontally on 24" center, and interior finish kiln-dried T. & G. spruce, shellac-ed and varnished.

[illegible]

Two layers 2" pressed cork (4") sealed with asphaltum, one layer paper and finish of kiln-dried T. & G. fir.

[illegible]

Interior finish T. & G. spruce on 2 x 4 joists, one layer paper and filled from above with 6" dry hardwood shavings.

Asbestos pipe covering on warm water return pipes, where they lay in close proximity to shavings.

Finished interior dimensions: 5' wide x 12' 3" long x 6' 8" high.

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 2)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

July 7, 1937.

[redacted]

Supply and instal Kelvinator large-size, double crossfin type, non-frost cooling coils of ample capacity, two automatic thermostatic expansion valves and suitable insulated "L" type baffles and drain pans.

All connected according to Kelvinator of Canada standard engineering practice to:

1 - Model H-350 heavy-duty, twin-cylinder, air-cooled condensing unit, with ½-h.p., single-phase 220-volt motor.

All necessary tubing, fittings, hand valves, pressure and temperature controls and high-pressure safety cutout.

Methyl Chloride refrigerant (odorless and harmless).

[redacted]

38 to 42 degrees F. to be maintained continuously with full normal load of foodstuffs in storage.

Operating cycle not to exceed 16 hours per 24, at peak load.

PRICE, INSTALLED:

Refrigeration	$565.00
Power Wiring	47.00
Insulation & carpenter work	175.00
4" cork-insulated walk-in door, with heavy hinges and double-acting latch	65.00
	$852.00

Full service guarantee for one year.

[redacted]

If room is divided into two compartments--one 5' x 5' for fish storage and one 5' x 7' for general foods and dairy storage, this would require a 4"

July 15th, 1937.

MEMORANDUM:

The Deputy Minister.

A refrigerating system is required at the Coqualeetza Indian Residential School and funds for its purchase are available in the current year's appropriation.

I enclose quotations received from Marshall-Wells B. C. Limited, and from McLennan, McFeely & Prior Limited.

I recommend that the business be awarded to McLennan, McFeely & Prior Limited at their quotation of $486.00, plus $77.00 for cork and hydrolene; and $47.00 for door and jam; or a total cost of $570.00. The school management will do the necessary work mentioned in the second paragraph of the firm's letter.

In connection with Mr. Pratt's memorandum of July 5th, requesting that Menzies Hardware Co. Ltd., Chilliwack, B. C., be given an opportunity to quote on this work, the Indian Agent wires, as follows:-

"Your telegram twelfth Menzies Hardware are authorized agents for McLennan McFeely whose tender you have and would participate in any installation for that firm - Step - Letter from McLennan McFeely stating this being mailed you tonight"

R.P.

I would appreciate receiving authority, at an early date, to proceed with the installation of the refrigerating system as this is the holiday period at the school and the work can be done more easily.

When replying, please return the quotations which I am attaching to this memorandum.

T. R. L.
Acting Director.

November 10th, 1937.

I have received an account for $52.72 from the Reverend Principal of Coqualeetza Indian Residential School, covering material purchased for the construction of a vegetable room underneath the main barn of Coqualeetza Indian Residential School.

No authority was given for this expenditure, and I am forwarding for your information, a letter received from the Reverend Principal in explanation of the undertaking.

Will you kindly advise me whether in view of this explanation, it will be in order to pass the account, which I am holding pending your reply.

Your obedient servant,

A.O'N. Daunt.

Principal

SCHOOL——CHILLIWACK 4602
RESIDENCE—CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

November 3, 1937

Mr. A.O'N. Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr. Daunt:

I am enclosing herewith vouchers in quadruplicate for materials secured from the Valley Lumber Yards in connection with fitting up a Vegetable Room under the barn. I do not often go ahead without securing the Departmental authority, but something had to be done at once in order to save our vegetables. I had thought of getting a combined implement shed and gegetable house, and was making plans for it. This large room in the basement of the new barn was however available. I had it drained at School expense last Winter, but we were not sure that it would keep dry, and so I was somewhat undecided about using it. After investigating however, I found that it had no water in it even during the time of heavy rain, so I went ahead and had it fitted up.

It has given us a large room somewhat "L" shaped, approximately 36' long on each of two sides, and 18' wide. It is reached by a stairway from the main floor of the barn and can be locked securely. I have lengthened the air vents making them to lead from the floor of the barn to the floor of the vegetable room for the cold air, and from the ceiling of the vegetable room high up into the loft of the barn, for the other. We have sufficient bins and shelving to take care of all our vegetables.

The account is for materials only. The work was done by our Boat Builder and his helpers, and is a fine job. I am sure the Department will be pleased with the space we have made available in this way. I trust they will overlook my having gone ahead in this instance for the reasons given above, and will authorize payment of the account.

Yours sincerely,

R.C. Scott

MEMORANDUM:

Mr. K.H. Duly

I enclose a copy of a letter received from Reverend R.B. Cochrane, D.D., Secretary of the Board of Home Missions, The United Church of Canada, Toronto. You will note that this letter refers to a claim of the British Columbia Electric Railway Company against the Coqualeetza Indian Residential School, which is at Sardis, British Columbia. This building is owned by the Department, but the school is under the management of the United Church of [redacted]. Current expenses, such as payment for electricity, are met by the school management from the amount received from the Department for per capita grant.

I would appreciate your advising me whether or not, in your opinion, it would be advisable to take this case to Court.

Director.

RECORDS

My dear Mr. Hoey: Re: Claim of British Columbia Electric Ry. Co. against Coqualeetza Residential School.

As you probably know, for some years the electric power for the Coqualeetza Indian Residential School has been supplied by the British Columbia Electric Ry. Co. When Mr. Scott took over the principalship a few years ago, he called in a representative of the Company and he checked over all the wiring, meters, &c. However, on July 12th, 1935, Mr. L. McPhee, District Representative of the Company, wrote to Mr. Scott, making a claim for $3,493.93 (later revised to $2,503.03) for power allegedly used by the School and not paid for because of an alleged defect in the meter supplied by the Company.

Since the date of the claim, our office has been in correspondence with the Company in regard to the matter. Mr. Beaton, my former colleague, in discussing it in Ottawa had his attention drawn by the Solicitor of your Department to the case of General Dairies Limited vs. Maritime Electric Co. Ltd., the decision on which he thought provided us with a good defence against this claim of the B.C. Electric Company. However, when, at the request of the Executive of the Board of Home Missions, we consulted the law firm of Clearihue & Straith in Victoria, B.C., it was pointed out by them that this case had been appealed to the Privy Council and that the latter body had given a decision a few months ago, reversing the decision of the Court of Appeal. This case will be found in the Maritime Electric Company vs. General Dairies Limited 1937 1 D.L.R. 609. As a result of this decision of the Privy Council, the law firm I have mentioned above advise us that, in their opinion, the B.C. Electric Company could collect this bill, and, if it were not paid, the Company could turn off the electric current from the School.

Then we suggested that the Solicitors negotiate for a settlement with the B.C. Electric Company, and they write now to say that the Company will accept $1,000. in full settlement, to be paid at the rate of $32.50 a month.

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 2)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Now, our difficulty is that Mr. Scott has a deficit in the School account at the present moment and our Home Mission appropriation from the funds of the Church is exhausted. We have no available money with which to meet this unexpected - and to my mind - unfair claim. It does seem to us that the Indian Department ought to help us out in this unfortunate situation. It was no fault of Mr. Scott's, nor of our Board, that the Company's meter did not register the full amount of current which it is said was used. All the bills which were presented by the Electric Company were paid promptly. The Coqualeetza School is an enterprise which is carried on jointly by the Government and the United Church, and the per capita grant from the Government is not enough, of course, to make it possible to have any reserve from year to year.

As you know, the United Church is not a business organization and it is purely on charitable and Christian grounds that we are engaged in this work. My submission is that your Department ought to, at least, bear the major part of this account.

Will you be good enough to bring the matter to the attention of Dr. McGill and see if something substantial cannot be done.

With kindest regards,

Believe me,

Very sincerely yours,

RBC.MLT

SIR:-

I beg to forward you herewith, a letter from the Reverend R.C.Scott, Principal of the Coqualeetsa Indian Residential School, in which he requests to be supplied with sixteen more wire dishwashing baskets, for use at the school.

Twenty-two such baskets were originally supplied, under authority of your letter, No. 153-0-5, of July 30th, 1937, and the attached communication explains the need of the additional number now asked for.

The cost will be $24.00, and I would recommend that permission be given to make this purchase, as a charge against the balance of the credit available for this school.

Your obedient servant,

A.O'N.Daunt,
Indian Agent.

RNCL.

The Secretary,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

REV. R.C. SCOTT, B.A.
Principal

SCHOOL——CHILLIWACK 4608
RESIDENCE—CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

INDIAN OFFICE
NEW WESTMINSTER
OCT. 14 1937

October 13th, 1937.

Mr A.O'N.Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr Daunt:

I am glad to report that our new system of washing dishes with steam by means of the wire baskets kindly supplied by the Department is a great improvement on the oldw way. It has been especially valuable during this Measles epidemic. Dr McQuarrie and Dr Henderson both seemed pleased that we were handling the work in this way.
In order to make it thoroughly effective, I really need some more baskets. These supplied, take the large plates and the knives and forks at one time, but the "stalls" are much too high for the saucers. When these are put in, they slip through and lodge one on the top of the other in the bottom of the basket. They cannot be cleaned in that fashion. So we have to put them in the sink which is not very good in itself, and when they are finished, the basket from which they were taken has gone back into the dining room and confusion results.
If we had another 16 baskets, we could put the cups and saucers into them, and thus take care of all the dishes on each table at the one time , and ensure their getting the maximum benefit fo the steam and hot water. The tables could be washed down while the baskets were in the washing room, and would be ready for the dishes and to be reset upon their return.
Mr Forddred, our Engineer, takes charge of the washing and handles the steam, so that there is no danger to the children in any way.
The confusion resulting from the inability to handle ALL the dishes belonging to each table, at the one time, does not help to get the girls into the way of the new system. I am anxious that it should be a complete success and would greatly appreciate it if the Department would allow me to secure the additional 16 baskets. These would cost the same as the first ones, $1.50 each. Even though the sides are lower, being just half the height of the baskets for the plates, there is an extra compartment put int which makes up for the lesser amount of material used.
I am setting down a rough sketch of the basket I need.
Hoping for a favorable reply from the Department, I am,

Yours sincerely,
R.C. Scott
PRINCIPAL.

RCS/

P.S . ## The above would of course, be a charge against the sum authorized for repairs for the current year. There is just over $1000.00 of the original $2000.00 still remaining, according to my count, so that there would appear to be room to include the above. It is getting late to attempt outside painting now.

Dear Mr. Daunt:

Enclosed please find account in quadruplicate for Robertson Bros. in connection with renewing the cement platform at the kitchen door. This was an item authorization for which you secured directly from Ottawa.

The price authorized was $175 and the account is considerably less which is very gratifying. They have made a fine job and our back door approach is now in good shape.

Thanking you for your co-operation in this respect, I am,

Yours sincerely,

R.C. Scott

This is to certify that the above is a correct voucher of expense in connection with renewing the platform at the kitchen door at Coqualeetza Residential School, Sardis, B.C. The materials used were of good quality and the labor was well done and it is a fair and just charge on the Government of Canada.

September 8, 1937

Mr. A.O'N. Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr. Daunt:

I beg to enclose account in quadruplicate for the supplying of the wire baskets for washing dishes, as set out under item No.5 of your letter of August 5th.

I found it necessary to have twenty-six baskets rather than twenty-two. On the other hand I have bought the fittings out of the School account, and we have been able to do the work ourselves, so that the $15 estimated for that will be available for the extra $9 for baskets. This will leave a balance of $5.88. I trust this will be satisfactory to the Department.

I am not initiating the new system until we have our enrolment complete, and the School on a more permanent organization than at present.

Yours sincerely,

R.C. Scott

INDIAN AFFAIRS BRANCH

Ottawa, November 9, 1937.

MEMORANDUM:

Mr. H.R. Daly

I enclose a copy of a letter received from Reverend R.B. Cochrane, D.D., Secretary of the Board of Home Missions, The United Church of Canada, Toronto. You will note that this letter refers to a claim of the British Columbia Electric Railway Company against the Coqualeetza Indian Residential School, which is at Sardis, British Columbia. This building is owned by the Department, but the school is under the management of the United Church of Canada. Current expenses, such as payment for electricity, are met by the school management from the amount received from the Department for per capita grant.

I would appreciate your advising me whether or not, in your opinion, it would be advisable to take this case to Court.

Director.

Board of Home Missions
The United Church of Canada,

299 Queen St. West,
Toronto 2, Ontario.

November 4, 1937.

Mr. R.A. Hoey,
Superintendent of Welfare and Training,
Indian Affairs Branch,
Dept. of Mines and Resources,
O t t a w a.

My dear Mr. Hoey: Re: Claim of British Columbia Electric Ry. Co. against Coqualeetza Residential School.

As you probably know, for some years the electric power for the Coqualeetza Indian Residential School has been supplied by the British Columbia Electric Ry. Co. When Mr. Scott took over the principalship a few years ago, he called in a representative of the Company and he checked over all the wiring, meters, &c. However, on July 12th, 1935, Mr. L. McPhee, District Representative of the Company, wrote to Mr. Scott, making a claim for $3,493.93 (later revised to $2,583.03) for power allegedly used by the School and not paid for because of an alleged defect in the meter supplied by the Company.

Since the date of the claim, our office has been in correspondence with the Company in regard to the matter. Mr. Beaton, my former colleague, in discussing it in Ottawa had his attention drawn by the Solicitor of your Department to the case of General Dairies Limited vs. Maritime Electric Co. Ltd., the decision on which he thought provided us with a good defence against this claim of the B.C. Electric Co. However, when, at the request of the Executive of the Board of Home Missions, we consulted the law firm of Clearihue & Straith in Victoria, B.C., it was pointed out by them that this case had been appealed to the Privy Council and that the latter body had given a decision a few months ago, reversing the decision of the Court of Appeal. This case will be found in the Maritime Electric Company vs. General D airies Limited 1937 1 D.L.R. 609. As a result of this decision of the Privy Council, the law firm I have mentioned above advise us that, in their opinion, the B.C. Electric Company could collect this bill, and, if it were not paid, the Company could turn off the electric current from the School.

Then we suggested that the Solicitors negotiate

www.collectionscanada.gc.ca

for a settlement with the B.C. Electric Company, and they write now to say that the Company will accept $1,000. in full settlement, to be paid at the rate of $32.50 a month.

Now, our difficulty is that Mr. Scott has a deficit in the School account at the present moment and our Home Mission appropriation from the fundsof the Church is exhausted. We have no available money with which to meet this unexpected - and to my mind - unfair claim. It does seem to us that the Indian Department ought to help us out in this unfortunate situation. It was no fault of Mr. Scott's, nor of our Board, that the Company's meter did not register the full amount of current which it is said was used. All the bills which were presented by the Electric company were paid promptly. The Coqualeetza School is an enterprise which is carried on jointly by the Government and the United Church, and the per capita grant from the Government is not enough, of course, to make it possible to have any reserve from year to year.

As you know, the United Church is not a business organization and it is purely on charitable and Christian grounds that we are engaged in this work. My submission is that your Department ought to, at least, bear the major part of this account.

Will you be good enough to bring the matter to the attention of Dr. McGill and see if something substantial cannot be done.

With kindest regards,

Believe me,

Very sincerely yours,

(Sgd) R.B. Cochrane,D.D.

P.C. 10/432

Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved by His Excellency the Governor General in Council, on the 3rd MARCH 1938

MINES AND RESOURCES:

The Board had under consideration a memorandum from the Honourable the Minister of Mines and Resources:-

"That the Coqualeetza Indian Residential School (United Church of Canada), Sardis, B.C., obtains its electrical power from the British Columbia Electric Railway Company;

That the above mentioned company recently discovered that, owing to defective meters, the amount charged the Coqualeetza Residential School for the past three years was $2,383.63 less than it should have been;

That the company first made a claim on the Coqualeetza Residential School for the above mentioned amount but have recently offered to settle for ONE THOUSAND DOLLARS ($1,000.00);

That in a similar case recently tried before the Privy Council it was ruled that the defendant was obliged to pay even though the meters were defective;

That the United Church of Canada, under whose auspices the Coqualeetza Residential School is operated, have appealed to the Department for financial assistance in paying the $1,000.00 claim of the British Columbia Electric Railway Company and have urged that Department provide at least half of the claim.

The undersigned has the honour to recommend that an amount of FIVE HUNDRED DOLLARS ($500.00) be allowed the Coqualeetza Indian Residential School toward the cost of the claim and that same be chargeable to Vote 189 - Indian Affairs Branch - Mines and Resources."

The Board concur in the above report and recommendation, and submit the same for favourable consideration.

Clerk of the Privy Council.

The Honourable
The Minister of Mines and Resources.

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

February 23, 1938

MAR 2 1938
RECEIVED

Dr. H.W. McGill,
Director of Indian Education,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada

Dear Sir:

This will acknowledge receipt of your circular letter of February 10th, File 150-65, dealing with necessities for fire drills, etc. In reply I beg to say that all Fire Escapes, Fire Exits, etc. are in good order, and are sufficient for the time being. We can empty the School in one minute and a half on regular drills by way of these Fire Escapes. Only when the drill is in the day time, do the pupils use the ordinary exits, and then only from the classerooms.

There is need however, for extending our Fire Alarm system so that it can be heard in the kitchens and laundry. There also ought to be one bell outside, so that in case of a daytime fire, staff members and older pupils on Play-grounds, in Manual Training Buildings or the Barns, could be summoned to help.

Our Fire Equipment is checked over regularly. Although this is a semi-fireproof building, I have a Night Watchman on duty from the first of November to March 31st. After this date, patrols are resumed by men members of staff at ten o'clock and at midnight. The engineer is on duty in the morning at six o'clock. He lights the fires and remains on duty. Staff members and older pupils have been instructed as to their position and duties. Notices giving these positions and duties, and the names of appointees, are posted on all floors and general fire regulations are posted on the Bulletin Board in the main corridor.

I shall bring the contents of this letter to the attention of Staff members at our next Staff Meeting.

Yours sincerely,

R.C. Scott.

PLEASE QUOTE
FILE 1-8-B.

NEW WESTMINSTER, B.C.
February 22nd, 1938.

Department File No.150-0-5.

RECORDS

SIR:-

I beg to acknowledge receipt of your letter dated February 8th, informing me that as there has been so much delay in forwarding requests for repairs and purchases for Coqualeetza Indian Residential School, and so many unexpected demands have been made on the Departmental appropriation from other sources, that it is impossible to do more than supply the urinals at a cost of approximately $628.74.

I instructed the Reverend Principal accordingly, and am now in receipt of the attached letter, regarding a Gang Plough, and which is self explanatory.

Authority to the amount of $150.00 was given the Indian Commissioner to make this purchase in your letter, File No.153-0-14 of September 21st, 1937, and the implement ordered by the Reverend H.C. Scott, who, however did not take delivery. The plough is now in Chilliwack, and before authorizing him to accept it, I shall be obliged if you will inform me whether the authority, in question, still holds good, in view of your more recent letter.

The purchase undoubtedly should have been completed last Fall, but the Reverend Mr. Scott was then enthused with the idea of a Tractor, of which I did not approve, and so the matter dragged. The plough is necessary, as they have to borrow one each year, which is a poor principle, and if it is possible to allow this purchase, I am in favour of it.

Your obedient servant,

J.O'N. Daunt.
Indian Agent.

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

February 18, 1938

Mr.A.O'N.Daunt,
Indian Agent,
New Westminster,B.C.

Dear Mr.Daunt:

Apropos of our conversation on the 16th instant with regard to the unexpended balance of the $2000.00 allotted to Coqualeetza for new equipment and repairs for the current year, I hope that the Department will allow the purchase of the Gang Plow, for which I requisitioned on September 10th,1937. You informed me by telephone that it had been authorized. Following a conversation with Captain Barry regarding an attempt to link up the School with the Indian farmers on adjoining Reserves, I wrote the Department through Mr.Indian Commissioner McKay, with regard to supplying a small tractor. You have a copy of that letter under date of September 29th,1937. Thus you will see that I brought this matter to the attention of the Department quite early in the year, and as soon as Commissioner McKay informed me of the inability of the Department to purchase a tractor, I immediately got in touch with Mr.Ironsides of Chilliwack agent for the Massey-Harris Company, and ordered a Two Bottom Horse Drawn Gang Plow. This plow is now in Chilliwack awaiting delivery. It was ordered in good faith by me, on the assumption that the balance of the $2000.00 would be available for Coqualeetza throughout the School year.

I would also like to say, that if I have seemed a bit slow in availing myself of this balance, in every respect it has been with the idea of keeping it as a sort of insurance against unforeseen expenses which often occur as the School year passes. Consequently I do hope that the Department can see its way clear to grant us this plow. It is quite beneath the dignity of this School, to go on borrowing equipment of this kind, and we really cannot get our work done without it. I may say we have horses on the farm for the above implement.

Trusting that the Department will allow the above authorization to stand, I am,

Yours sincerely,

R.C.SCOTT

Dear Sirs:

Enclosed herewith please find Tender of Farquharson and Eckel of Chilliwack for the installation of Urinals in this School as asked for direct.
This letter came to hand this afternoon, and after conference over the Telephone with Mr Farquharson a few minutes ago, I told him I thought it best to send the tender right on to Ottawa direct by Air Mail, as one of the firms from Vancouver had told me the tenders were to be in Ottawa by the 25th inst.
I 'phoned Mr Saunt's office in New Westminster, and received advice to do this, although Mr Saunt was not in at the time.
I trust this will be in accord with your mind. It seemed the best thing to do since the matter was being handled from Ottawa.

Tender Purs. Cpy

DEPUTY'D. 153-0-8

Ottawa, February 12, 1929.

MEMORANDUM:

THE DEPUTY MINISTER:

The Coqualeetza Indian Residential School, at Sardis, B. C., is owned by the Department but is operated under the auspices of the United Church of Canada. They obtain their electric current from the British Columbia Electric Railway Company. Last year the Company checked the meters in use at the school and found that they were defective and that this condition had been in effect for the preceding two or three years. This resulted in the meters registering under consumption, and, as the Company based their bills on the meter readings, they did not receive payment for the actual amount of electric current that had been used. After carefully checking the meters the Company submitted to the Principal of the Coqualeetza School an account for $2,583.03, which amount they computed was due them but had not been paid.

As the school authorities had paid the amount requested by the company during the period in question and as the discrepancy arose owing to defective meters owned by the company, the school authorities took the position that they were not responsible for payment of the claim for $2,583.03. The Principal wrote the Department at that time and asked our opinion, and it was found that a similar case had occurred in the province of New Brunswick. This was the case of General Dairies, Limited, versus Maritime Electric Company. The Supreme Court of Canada ruled that the General Dairies Limited was not liable for the payment but the Privy Council reversed this decision and gave judgment in favour of the Company.

In view of the information contained in the

above ....

www.collectionscanada.gc.ca

above paragraph, it would appear that the British Columbia Electric Company can legally collect the amount from the authorities of the Coqualeetza Residential School.

Within the last few months, the Company has offered to settle its claim against the school for $1,000.00. As you are aware, the school authorities pay for the electric current from the amount received for per capita grant. The authorities of the United Church of Canada point out that at the present time they are operating the Coqualeetza Residential School at a loss and are obliged to provide the deficit from their Mission funds. They have, therefore, appealed to the Department to assist them in meeting the claim of the British Columbia Electric Company. In view of all the circumstances, as outlined above, I feel that we should assist them to the extent of at least $[illegible]. and I enclose, for your consideration Memorandum to Council, which, I trust, will receive the approval of the Honourable the Minister.

Yours truly,

Director.

18th February, 1938.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

The undersigned has the honour to report:

THAT the Cowichan Indian Residential School (United Church of Canada), Sardis, British Columbia, obtains its electrical power from the British Columbia Electric Railway Company;

THAT the above mentioned company recently discovered that, owing to defective meters, the amount charged the Cowichan Residential School for the past three years was $2,563.03 less than it should have been;

THAT the company first made a claim on the Cowichan Residential School for the above-mentioned amount but have recently offered to settle for One Thousand Dollars ($1,000.00);

THAT in a similar case recently tried before the Privy Council it was ruled that the defendant was obliged to pay even though the meters were defective;

THAT the United Church of Canada, under whose auspices the Cowichan Residential School is operated, have appealed to the Department for financial assistance in paying the $1,000.00 claim of the British Columbia Electric Railway Company and have urged that Department provide at least half of the claim.

The undersigned has the honour to recommend that an amount of Five Hundred Dollars ($500.00) be allowed the Cowichan Indian Residential School toward the cost of the claim and that same be chargeable to Vote 163 - Indian Affairs Branch - Mines and Resources.

Respectfully submitted,

Minister of Mines and Resources.

Dear Sir:

With reference to your letter of January 27 in connection with requests received from the Principal of the Coqualeetza Indian Residential School I regret that owing to the fact that these requirements were not previously brought to the Department's attention it is not possible to authorize the total expenditure requested by Reverend Mr. Scott.

However, the Purchasing Agent has been supplied with the information regarding the estimate made by Metals Limited of Vancouver for installing new toilets and it is expected that an order will be placed in the near future.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Ottawa,
February 8, 1935.

Dear Sir:

I am in receipt of your letter of January 24 with reference to a request that you have recently received from the Principal of the Coqualeetza Indian Residential School in connection with repairs and new equipment.

There has been so much delay in forwarding requests from the Coqualeetza Residential School and there have been so many unexpected demands on our appropriation that I regret that we cannot authorize the total expenditure requested by Rev. Mr. Scott.

However, the Purchasing Agent has been supplied with the information regarding the estimate made by Metals Limited of Vancouver for installing the new toilets and an order will be placed in the near future.

In connection with this estimate which totals $528.74 it is noted that one item reads "50 feet 2 inch galvanized pipe at 4¢ -- $20.00". If the length of pipe and the price per foot is correct the extension should only read $2.00.

With reference to your letter of January 28 I regret that it is not possible to favourably consider at the present time the purchase of the new desks requested by the Principal.

Yours truly,

A. O'N. Beunt, Esq.,
Indian Agent,
New Westminster, B. C.

REV. R.C. SCOTT, B.A.
Principal

SCHOOL——CHILLIWACK 4602
RESIDENCE—CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

January 26, 1938

Mr. A.O'N. Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr. D aunt:

I am enclosing herewith Requisition Forms in triplicate for extra seating. The need is all in our three lower rooms. Our new children seem to be getting more nearly the grade age in White schools, and consequently our Primary, Junior and Intermediate classes are more crowded.

In our Primary Room we have forty-six pupils with forty desks. Miss Enves has been getting along using small tables, but it is not very satisfactory. The large class is due to our keeping the Primary children in school all day. They are very much better there than running about, and they are not big enough to do any work. I am asking for five No.5 desks for this room. In our Junior Room we have thirty-five desks, but we have forty-one in the afternoon class, and here again the teacher is getting along with improvised seats. We really need at least four No.4 seats. We can improvise for a couple of pupils well enough, but to seat six in improvised fashion is out of the question. In our Intermediate Room we have forty-two in the afternoon class with thirty-six desks. Here again we can improvise for three without difficulty, but we need very badly three No.2 desks, for the Intermediate classroom.

I trust that the Department may be able to furnish these, as it will facilitate the work and discipline of the classrooms greatly.

Thanking you I am,

Yours sincerely,

R.C. SCOTT

JAN 1 1938
Ottawa

Dear Sir:

I beg to transmit herewith a letter from Indian Agent Daunt, in which he recommends that the Department authorize an expenditure of $980.84 on repairs and new equipment for Coqualeetza Indian Residential School out of the appropriation of $2000.00 provided by the Department for such purposes. A copy of the Rev. Principal's letter to Mr. Daunt is attached hereto in which the various items making up the sum of $980.84 are listed.

Improved toilet and urinal arrangements are urgently needed at this school, and it is not understood why the Reverend Principal did not take action earlier in the year to seek authority for this expenditure and arrange to have the work carried out during the summer holidays, especially when he was aware that a sum of $2000.00 had been set aside by the Department to cover cost of repairs and new equipment.

Authority has already been received for the purchase of a new gang plow, which it is the intention of Principal Scott to purchase at an early date.

A set of disc harrows is necessary and should form part of the farm equipment.

The application is recommended for favorable consideration, and if funds are not available to take care of all the work, it is respectfully suggested that the items should be considered in the following order of importance,-

(a) Urinals and toilet equipment, including toilet valves - $883.34

(b) Repairs to eaves troughing and drain pipes, school and barn - 12.00

The Secretary,
Indian Affairs Branch,

NEW WESTMINSTER, B.C.
January 24th, 1938.

Dear Sir:-

Under date of May 18th, 1937, File No.153-0-5, the Department notified me that provision had been made in the current year's appropriation for an amount of $2,000.00 for repairs and improvements at the Coqualeetza Indian Residential School during the present fiscal year.

Acting on this, various improvements and repairs, including a Refrigerator, to a total cost of $1,017.33 have been completed, which leaves a balance of $982.67.

I have gone over the School with the Reverend Principal, particularly bearing in mind the report on sanitary conditions submitted by Inspector Barry, and am enclosing you herewith, a letter from the Reverend Principal, making application for various repairs to the total amount of $980.84, which leaves an unexpended balance on the appropriation of $1.83.

I would recommend that the necessary authority be obtained from the Department to expend the amount of $980.84, as a charge against the appropriation of $2,000.00 mentioned above.

Yours truly,

J.U'N. Daunt.

Mr A.O'N.Daunt,
Indian Agent,
New Westminster, B.C.

January 20th,1938.

Dear Mr Daunt:

I believe there is an amount of $ 982.67 which remains unexpended of the $2000.00 allowed for new equipment and repairs for the year 1937-8 which is now drawing to a close.
As there does not seem to be any need for waiting further for what might be termed emergency items, I wish to submit the following list of really important items which I trust the Department will give its sympathetic consideration.

1. Disc Harrows: ---------- $ 89.00

The Department was good enough to authorize the purchase of a Gang Plow,and for the same reason I am asking for a set of Disc Harrows,namely,we have none of our own.For years we have borrowed and have had to await the time when neighbors could lend us theirs.As the years have passed this has been more and more difficult until now it has become exceedingly uncofmortable,and it results in loss to the Farm through delays.
I have taken this item up with the Massey Harris Company through their local agent,Ironsides Ltd, of Chilliwack,and they can put in a set of 12 -suitable for a three horse team,and supply carrier for the tongue for the same at the above price. I trust that the Department will grant us this; it is fundamentally necessary for the Farm work and for the training of our Farm boys as well.

2. Urinals and Toilet Equipment: ---------- $ 683.34

Not long ago, I believe Inspector Harry sent in a report criticising very severely,our toilets and Lavatory conditions generally.I wrote to the Department through you on that matter.
At the same time,it is very urgent that we get the items listed at the foot of this paragraph. I may say that I have had Dr McQuarrie and Dr Henderson,our Local Medical Health Officer look over these premises and equipment and they both declare that it is "impossible" for us to keep these Toilets free from odor owing to the fact the the urine has penetrated the floor materials at the front of the toilets.Overseers on both sides do their best,and while I do not for a moment admit the situation to be just as Inpector Harry has apparently presented it,still it is imperative that something be done to lessen the danger to floors,with consequent odors,and perhaps menace to health.Certainly it is prejudicial to comfort or satisfaction to any of

Carried forward: ---------- $ 772.34

PUBLIC ARCHIVES ... ARCHIVES PUBLIQUES
CANADA

FC COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

2. Urinals etc Cont'd. Brought Forward:----- $ 772.34

I took this matter up with the Department some two years ago,and submitted prices etc,but nothing has been done. I feel that if now,after receiving reports as noted above,if nothing is done,the responsibility for conditions will have to rest with the Department. I shall still do my best in any case.

We have done away with the bed room pails in the dormitories,and have put in partitions in the corriders so that the toilets are available to the boys during the night.At present they have to use the Toilet bowls and it is in this way the floors become saturated with the dropping of urine,a certain amount of which is bound to find its way to the floors.The use of a urinal- a 1-Stall in each of the upper Lavateries would lessen this difficulty at least fifty per cent,if not to completely eliminate it.

The 2-Stall Urinals are for the Basement Lavatories where the boys wash and use toilet facilities at least three times a day.

I may say that we are very much pleased with the way the boys are responding to the endeavor we are making to give them better toilet facilities,such as toilet paper,deodorizers etc,and I feel sure that if we had these urinals.they would give hearty support to our efforts to improve conditions.I would urge this item upon the Department for most favorable consideration.

The matter of the new valves for both Boys' and Girls' sides,and for one Staff Lavatory,is almost an emergency one.In fact it is all that.The old valves have been in use since the original installation. I have renewed diaphragms,gaskets and other parts,but it is quite impossible to make these old ones function.In some cases they have had to be turned off,and are standing useless- one of the facts which Inspector Barry noted-and they simply cannot be made to work further.The list,with items and costs follows:

Senior Boys' Basement Lavatory-	I- 2 Stall Urinal	$	130.12
Junior Boys' " "	I- 2 Stall Urinal	$	130.12
Junior Boys' No.I Lavatory,	I- I Stall Urinal----		75.00
" " No.2. "	I- I Stall Urinal		75.00
Senior Boys, No's 3 & 4 Lavat'ies	I- I Stall Urinal.		75.00
Fittings:---- For 2-Stall Urinals, $15.00 ea. ----------			30.00
Labor ------ " " " " 10.00 ea. ----------			20.00
Fittings For I-Stall Lavatory 3 & 4 ----------			2.40
Labor----------			6.00
Fittings- For 2- I- Stall Urinals No's I & 2.----			39.00
Extra Pipe 50 Feet - 2 Inch Galvanized Pipe@ .04---			20.00
Labor ----------			12.00
Cement 5 Sacks @ .90 ----------			4.50
Labor, for Overseeing Cement layer,----			15.00
Total estimated cost--------		$	528.74

The above estimates I have secured from Metals Limited of Vancouver. The labor for installation will be done by accredited Plumber from Chill'k.

Carried Forward---------- $ 772.34

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 2)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

PCR COPY

2. Urinals etc Cont'd. Brought forward:---------- $ 772.34

All rough labor,apart from the Overseeing Cement worker to be done by the boys of the Manual Training Department of the School.
The difference in cost of fittings on above Urinals is due to the different outlets which must be found for the same.
All materials to be submitted with itemized cost, and labor costs to be set down at hourly rates,with the time taken etc.

Toilet Valves:

For Jr Boys' Basement Lavatory	1 Valve		
" Sr " " "	1 Valve		
" Jr Girls' " "	1 Valve		
" Sr " " "	1 Valve.		
" Staff Toilet,Girls'Side	1 Valve.		
Total	5 Valves @ $10.92-	$ 54.60	

(Included in total above----------$ 54.60.)

3. Re-shingling of two outbuildings: ---------- $ 54.00

One of these buildings is our Boat Shop,and the other is a building we are using for a Granary.Both are in great need of re-roofing.This work,apart from the 13,000 shingles needed,to be done by the boys of the Manual Training Department of the School. This item was authorized some time ago,but we have not been able to get the work done.This was largely due to the Measles Epidemic of Last Fall,which made it impossible to carry out plans.The work will be done as soon as the weather permits.

4. Sand Blow:---------- $ 142.50

This item also was authorized previously.The Blow is now in Chilliwack ready for delivery as soon as we need it for the Spring work.

5. Repairs to Eavestroughing and Down pipes,on Barn and on School Main Building. ---------- 12.00

Total.---------- $ 280.84

There may be some saving on these figures,but they are very close. The above amount,taken along with $1017.33 leaves the small balance of $1.83 out of the grant of $2000.00 given the School for Repairs and New Equipment.
Trusting the Department may see its way clear to authorize the above items,so that we may get the work done with despatch, I am,

Yours sincerely,

PRINCIPAL.

Superintendent of Welfare & Training,
Indian Affairs Branch,
Department of Mines and Resources,
O t t a w a, Ontario.

Dear Mr. Hoey: Re: Claim of British Columbia Electric Ry. Co. against Coqualeetza Residential School

I beg to acknowledge receipt of your letter of March 8th in reference to the above noted matter, and I want to thank you very much for the arrangement you have made for allowing a grant of $500.00 to assist the Board of Home Missions in meeting this claim of the British Columbia Electric Ry. Company.

Our Board is particularly short of money just now and many of our members felt that it was not quite fair that we should have to meet the whole of this account.

I note that you have sent a cheque for the amount to Mr. Scott.

With renewed thanks for your co-operation,

Believe me,

Very sincerely yours,

Mr. R.A. Hoey,
Superintendent of Welfare and Training,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada

Dear Mr. Hoey:

I have just been advised by Dr.R.B. Cochrane, General Secretary for the Board of Home Missions, that the Indian Affairs Branch of the Department of Mines and Resources, has been good enough to make a special grant of $500 to help meet the B.C. Electric account for Light and Power, allegedly supplied to the School, for which we are under obligation to pay them $1000.

This is a most timely and generous act, and I wish you would convey to those who have thus interested themselves upon behalf of the School, my deep appreciation. It will mean a very great deal to us, and I shall bend every effort to better the financial condition of the School, and to bring it as nearly as possible into harmony with the ideals of the Department. I am sure you have been personally interested in this matter, and I trust you will accept my very hearty thanks for your good offices.

Yours very sincerely,

R.C. SCOTT

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

March 15, 1938

Mr. R.A. Hoey,
Superintendent of Welfare and Training,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada

Dear Sirs:

I beg to say that I have received a tender for the extension of our Fire Alarm system with details as follows:

2 - 10" Fire Alarm Gongs @ $15.00 each	$30.00
1 Alarm Breaker	5.00
200 ft. conduit at $11.00 per 100 ft.	22.00
Conduit fittings	5.00
Wire	6.00
Labour	25.00
	$93.00

In case of fire in the daytime or early morning or after supper in the early evening, our present alarm would not be heard in the Kitchen, Laundry, Dining Room, nor at the Barns or Manual Training Building. It is planned to put one of these alarms in the corridor leading to Staff and Student Dining Rooms, Staff and Student Kitchens, Laundry, Bakeshop and Shoe Repair Shop. Then the second gong would be put on the end of the Boiler Room outside, which would throw the sound to the barns and Manual Training Building quite easily. As there are at least a dozen boys and the Farm Instructor busy milking both morning and evening, it is quite important that they should hear the alarm in case of fire.

I would also like to have three small Fire Extinguishers added to our equipment, one to be placed in the Sewing Room, and one in the Mending Room, and one in a dormitory above the Manual Training Building, which we some times use.

I would also respectfully draw your attention to the item in my estimates for 1938, for two fifty foot lengths of inch and a quarter Fire Hose, estimated cost $90.00, which should be provided not later than this Summer.

Thanking you for your cooperation at all times I am,

Yours sincerely,
R.C. Scott

FILE. Ottawa,
March 26, 1936.

Reverend Sir:

With reference to your letter of the 15th instant you say incur the following expenditure in extending the fire alarm system at the Coqualeetsa Residential School:

2 - 10" Fire Alarm Gongs @ $15.00		$30.00
1 Alarm Breaker		5.00
200 Ft. conduit at $11.00 per 100 ft.		22.00
Conduit fittings		5.00
[redacted]		6.00
[redacted]		25.00
		$93.00

Three 1½ quart fire extinguishers are being ordered. Regarding the two fifty foot lengths of fire hose the following information is necessary in order that purchase can be made by our Purchasing Branch:

(a) Type of hose - regulation rubber lined fire hose or unlined forestry hose.

(b) Type of couplings - with lug, lugless or rocker lug.

(c) Details regarding the thread of couplings required.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

SPECIFICATION for the Several Works and Materials Required for

[redacted]

for the

[redacted]

July, 1929

General:

The Contractors tendering on this work shall examine the premises and determine for themselves the amount and nature of the various works required, as it is the intention that everything necessary for a complete and perfect job shall be included and no excuse shall be taken for any oversight.

The Contractor shall supply all scaffolding, tools, materials and labour required to properly carry on the work to completion as speedily as possible. The materials used to be the best of the several kinds.

The whole of the works are to be carried out to the entire satisfaction of the Government Official acting under the instructions of the Department. Colours, etc., will also be selected by him.

The Contractor shall, on completion, leave the premises neat and clean, removing all rubbish and dirt whatsoever, and also repairing any damage to walls, glass and such like that may have arisen prior to the works being handed over.

Labour:

In the execution of the work as far as practicable and consistent with reasonable efficiency and economy, first consideration shall be given to the employment of those who if available and competent are most in need in the locality in which the works are to be performed, without any discrimination whatsoever; preference being shown to unemployed ex-service men and unemployed married and single men with dependents.

First Class Job:

Any work or material obviously necessary for the proper completion of the work, although not specified herein, is to be done or supplied by the Contractor without additional charge, it being understood that the amount of the tender covers everything necessary for a complete and first class job.

Character of Works, &c.

All the work is to be executed in a substantial and workmanlike manner and of the best materials and workmanship of their several kinds, in accordance with the specification and instructions given from time to time and all of the said work is to be carried out and completed under the direction of the Officer in charge or his representative to the full and entire satisfaction of the or any person delegated by him.

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 2)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

RE-COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The Contractor or his representative is to give personal and constant attention to the work of the building as well as of the workmanship.

None but skilful, experienced workmen and their apprentices are to be employed on the work.

Sales Tax

Amount of the tender shall include all sales taxes in force or applicable at the time. In the event of a reduction in such sales being legally authorized between the time of the acceptance of the tender and the completion of the work, the benefit derived from such reduction shall accrue and be payable to the Department, and an amount covering such reduction will accordingly be deducted from the sum or sums payable to the contractor under the original agreement.

INSTALLATION

Supply and install at the above school a new vertical boiler having an approximate heating surface of 165 sq. ft., to be approximately 32" diameter, and 7'6" long, and to carry a working pressure of 140 lbs. per sq. in.

Boiler to be constructed of steel. The shell plates to have a tensile strength of 55,000 lbs. The longitudinal seam to be D.R.B.H. The furnace plates to have a tensile strength of 55,000 lbs., and the longitudinal seam to be S.R. lap.

Tubes to be of the best standard quality, and to be 3" outside diameter and rolled and beaded at each end.

Boiler Mountings.

Boiler to be supplied with the following mountings:-

- A 1½" Spring Loaded Pop Safety Valve
- A 2" Main Steam Valve of the regrinding type
- 3 Try Cocks on the shell
- A Water Gauge Glass, & Guard & Cocks.
- A ½" Long Pattern fusible plug.
- A 1" Everlasting Type Blow Down Cock. The Nipple between blow-down cock and boiler to be extra heavy black pipe.
- 1 ½" Injector including all necessary valves and cocks.
- A 6" Dial pressure Gauge graduated to 200 lbs. with syphon and cock.

Smoke Pipe and Hood.

Supply and install a new smoke pipe and hood made out of heavy black iron. Hood to be flat top and to have a removable cover so arranged that free access to the tubes and tube sheet can be obtained. Smoke pipe to be taken from side of hood and connected to the chimney similarly to the present boiler. A damper is to be installed in smoke pipe between hood and chimney.

Indian Affairs. (RG 10, Volume 6442, file 880-5, part 2)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

[redacted]

Boiler is to be complete in every respect and to fully comply with the B.C. Inspection Act for steam Pressure vessels of that type, and to be fully guaranteed for one year against material or workmanship defects. The Contractor will be required to furnish the Commissioner of Indian Affairs at Vancouver two (2) photostatic copies of the Registered Certificate of Manufacture.

The Contractor will be required to remove the present boiler from the boiler room and store it where directed.

On completion the whole boiler, Head and smoke pipe are to be painted two coats of black fireproof paint. The boiler room is to be cleaned up, and all debris removed, leaving it in first class condition.

Dear Sir:

With reference to your letter of the 7th instant, I may say that an amount of $1,000 was included in the current year's appropriation for repairs, improvements, and new equipment required at the Coqualeetza Residential School.

We have already expended approximately $290, which leaves $710 still available.

Please let me know the full particulars regarding the boiler requested by the principal in order that arrangements can be made with the purchasing branch to secure it.

Yours very truly,

Philip Phelan

Dear Sir:

In the current years estimate, New Westminster Agency, an item for a new high-pressure boiler for Coqualeetza Indian Residential School was included in an amount of $750.00

Might I be informed, please, if this money is available as the school principal now informs me that this boiler is in very bad condition and should be replaced as recommended by T. J. Arnall in his report of June 30th, 1937.

Yours faithfully,

D.M. MacKay,

OFFICE OF THE
INDIAN AGENT

DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 1-8-B.

NEW WESTMINSTER, B.C.
April 21st, 1930.

SIR:-

I beg to forward you herewith, a communication addressed to the Department by the Reverend R.C. Scott, Principal of Coqualeetza Indian Residential School, in which he requests that a Singer Sewing Machine be supplied to the Boys' side of the Institution, in order that they may look after their own clothes.

The estimated price is $84.00 or with a motor $113.00.

I would recommend that any consideration possible be given to his request.

Your obedient servant,

A.O'N. Deunt.
Indian Agent.

Encl.

The Secretary,
Indian Affairs Branch,

REV. R.C. SCOTT, B.A.
Principal

SCHOOL——CHILLIWACK 4602
RESIDENCE—CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL

SARDIS, B.C.

April 18, 1938

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada

Dear Sir:

I have included in this years estimates for repairs and new equipment, one Tailoring Sewing Machine for our Boys' Side. In the estmiate I put in a price of $84.00, but on consultation with the Singer Sewing Machine Company, their recommendation was for a 31-k-15 machine with a motor, the total cost to be $113.

We have only one sewing machine on the Boys' Side, and the boys themselves are doing most of the mending of their own clothes. At present they do a great deal of sewing, patching, etc., by hand, but it is quite impossible to keep up with the demand. It is a fine thing that the boys are learning to look after their own clothes, but as I have said, there is such a volume of it that they ought to have equipment to take care of it. There will still be plenty of mending to be done by hand, but the surplus which has to remain over from week to week, would be gotten rid of if they had the machine we are asking for. Mr. Peake, our Boys Supervisor, is a tailor by trade, and it is owing to his oversight and training that the boys are able to do this work.

I would greatly appreciate it if the Department would see fit to honour our request. We have 125 boys, so that you will see a machine such as we are asking for would be quite in order.

Thanking you for your interest and help at all times, I am,

Yours sincerely,

R.C. Scott

AUG 11 1938
RECORDS

Dear Mr. Hoey:

Many times throughout the year I have recalled your letter to me under date of May 5th, 1937, File 159-6-5 in which you stated that consideration was being given to the installation of two or three Moving Picture Equipments in some of the Schools. Once again I would like to bring before you our need of better facilities along this line. Our small 16 mm. Silent Machine has been in use long time and before long will need either extensive repairs or renewal. Since my first letter, the library of 16 mm. films available for Schools has been largely increased, so that I am not now so much concerned, about a 35 mm. as compared with the 16 mm.

Last night Rev. A.R. Lett, Principal of St.George's School at Lytton, visited us enroute home from Vancouver, and gave us a very fine picture show, using his new Sound Machine, and this has increased my anxiety to secure some such equipment. I find that not only Companies carrying 16 mm. films for rental have increased their libraries, but Government Departments and University Extension groups and the Board of School Trustees of Vancouver have provided libraries which are available to Schools such as ours. The educational factor in the showing of these films is very strong. No amount of teaching or reading for instance, could have given to our children the conception of the Fraser Valley, the rolling country, mountains and lakes of the Interior from Lytton to Telkwa, B.C., as did the showing of Mr.Lett's films last evening.

In addition to the educational needs, there is still the need for providing recreation owing to the strict quarantine which we are placed under for nearly two thirds of the School Year. Between Measles in the School before Christmas, and the amount of Whooping Cough, Scarlet Fever and Chicken Pox in the surrounding community since Christmas,

Mr. R.A. Hoey

April 8, 1938

we have been left to ourselves to provide for our childrens' needs. Again let me say that I feel the quarantine is amply justified, as the health of the School has been excellent since Christmas. With the exception of a few mild cases of Chicken-pox, we have had little or no sickness.

Hoping that Coqualeetza may be one of the schools favored with the installation which you have in mind, and assuring you of my willingness to cooperate in any reasonable scheme which the Department may evolve, I am,

Yours sincerely,

RECORDS

Mr. R.A. Hoey,
Superintendent of Welfare and Training,
Indian Affair Branch,
Department of Mines and Resources,
Ottawa, Canada

Dear Sir:

Thank you for your letter of March 26th authorizing an expenditure of $93.00 for an extension to the Fire Alarm system at Coqualeetza Residential School, as outlined in my letter of March 15th. I am having this work completed, and shall send forward invoices with full details as soon as possible.

I note that three, one and one half quart, Fire Extinguishers are being ordered, for which I thank you.

With regard to the two fifty feet lengths of Fire Hose, I beg to say that the hose is an unlined woven pliable type, which folds flat in the holder on the hydrant. The couplings are brass with two lugs upon which we use a spanner, and there are five threads inside the coupling which seem to me to be the ordinary pipe thread. Please note that the size of the hose is one and one half inch and not one and one quarter inch as in my letter of March 15th.

Hoping this information will be satisfactory,

I am,

Yours sincerely,

Mr. D. M. MacKay,
Indian Commissioner for British Columbia,
P.O. Box 70,
Vancouver, B. C.

Dear Sir:

As intimated in our conversation with you a day or two ago, we consider that the installation of a vertical boiler at the Coqualeetza Indian School is not of the most economical type, as when the boiler is under working conditions for laundry and sterlizing purposes, it has to be forced so as to maintain the head of steam required; and from this view point we would suggest the consideration of the installation of a boiler of the horizontal type, which we consider would be better suited for the requirements. It would be much more economical to operate as it would not require to be forced as a steady head of steam can be maintained at a very low operating cost.

Furthermore, with this type of boiler the steam space is such that there always would be available a reserve amount of steam.

Furthermore, with the horizontal type of boiler much easier firing conditions are required, and with the travel of the gases being in a horizontal position you do not have the quick pull through that you have with the vertical type of boiler.

We would propose in this connection the supplying of a horizontal return tubular boiler complete in accordance with the requirements of the B. C. Inspection Act for a minimum working pressure of 135#, and with a heating surface of 155 square feet.

INDIAN COMMISSIONER

Instead of the ordinary brick setting we propose supplying steel casing made of 1/4" plate with connecting angles for bolting the panels of the casing together, and the interior of the casing would be lined with one inch of asbestos and 4 1/2" of brick, with the exception of the fire box portion which would be 9" thick.

This boiler complete with all steam mountings, and necessary castings for hand firing, completely connected up with suitable smoke pipe, etc., and including the removing of the old boiler would be at a price of One thousand three hundred and eighty-seven dollars ($1,387.00). This also being inclusive of all cartage and sales tax and installation charges.

This price is somewhat higher than that quoted by us on the vertical installation, but in the long run it would be a cheaper installation owing to the saving effected in operation.

Trusting this proposal will have your consideration, and awaiting your further word, we remain,

Yours truly,

District Resident Architect,
Dept. Public Works, Canada,
Victoria, B.C.

Dear Sir:

I beg to report that I inspected Boiler No.: 43804 B.C.
on the 10th day of June, 1938, and have found it in
the following condition:

Owned by the Department of: Mines & Resources, Indian Affairs Branch
Located at: Indian Residential School, Sardis, B.C.
Manufactured by: Vulcan Iron Works, Vancouver, B.C.
Date: 1925 H.P.: 8 Size: 30" x 6'7"

Type: Vertical Tubular	Condition of Plates: Fair
Condition of Stays: Good	Condition of Rivets: Fair
Condition of Tubes: Poor	Working Pressure Allowed: 90 lbs.
Safety Valves set at: 90 lbs.	Condition: Good
Hydrostatic Test: See remarks	Hammer Test: Plates sound
Deflection Test: Not taken	Condition under Test: Poor
Steam Gauge: Not fit for use	Water Gauge: Good
Test Cocks: Good	Fusible Plug: Good
Blow-off Cock: Good	Blow-down Pipe: Good
Side Walls: } No brick	Bridges: }
Front Walls: }	Back Walls: } No brick
Front Arches: } Plates fair	Back Arches: } Plates fair
Smoke Pipe & Breechings: Good	Firebars: Good
Amount of Coal Used: No record	Kind: Bituminous
Quality: Satisfactory	B.Th.U. per lb.: 12,000 to 12,500
Steam Valves: Good	Feed Valves & Checks: Good

REMARKS: This boiler has passed its usefulness and will require retubing and new steam gauge. If this is done it is much too small for the work it has to do. I reported this last year and since then there is a further demand for steam, so must be changed for one of 15 to 20 H.P. before school starts. Steam pressure allowed for present laundry requirements.

F.J. Arnall

Dear Sir:

Reporting on his inspection of the machinery in the Coqualeetza Residential School on June 10 last Mr. T. J. Arnall writes as follows:

"Guards on No. 1 washing machine to be moved back so that there will be 6" more clearance from gear wheels.

"Guards on drier to be made more rigid.

"Steam hose on dish steriliser in pantry to have two clamps on each end and to be more securely clamped to steam pipes."

The above matter should receive the attention of the school staff.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

I am in receipt of your letter of the 19th ultimo submitting a quotation of $786.00 for painting the main building, the manual training building and residence at the Coqualeetza Indian Residential School.

When the vertical boiler requested in your letter of the 19th ultimo is purchased the full amount provided in the current year's appropriation for repairs and improvements at the Coqualeetza School will have been expended. Under these circumstances it is not possible to favourably consider the expenditure required for painting. You should direct Indian Agent Daunt to include this item when preparing his estimates for the fiscal year 1939-40.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

DEPUTY MINISTER

Indian Commissioner MacKay has brought to our attention the fact that a new boiler is required immediately at the Coqualeetza Indian Residential School, Sardis, B.C., Electoral District of Fraser Valley, New Westminster Indian Agency.

As the cost of the boiler and its installation will involve an expenditure between $800.00 and $900.00 I would appreciate it if the Honourable the Minister would approve of the purchase. In that event the attached purchase order should be forwarded to the Purchasing Agent.

Extract for 153-0-5

Original on 153-0-6

Extract from Inspector Barry's report dated January 20, 1939.

I turned on the valves of the three outside hydrants and discovered that there was no water in the pipes that supply these outside hydrants. Water to the hydrants comes to them from inside the school. The pressure in the Sardis town supply is low in any case, about 40 pounds, and because of the size of the various supply pipes inside the school the pressure at the outside hydrants is too low for much success in fighting a fire of any size. As it would not be possible to increase the pressure much in any event I am not making any special recommendation at the present time. I just wish the Department to be aware that in case of fire at this school we shall have to depend mainly on chemical extinguishers, of which there are a number and these have been tested lately.

(Sgd.) Gerald H. Barry,
Inspector of Indian Schools, B.C.

Extract from Major MacKay's letter of January 31, 1939.

The Inspector's observations on the water supply and fire fighting arrangements have been noted. Although I am not familiar with the system, it would appear from the information supplied by the Inspector that the point of diversion for supply of water for fire fighting purposes should be to the main pipe before it enters the school and not as present installed. This point of diversion should be so installed and protected that the supply for fire fighting purposes could be turned on immediately as required at any season of the year. I am asking Mr. Daunt to examine the system and submit suggestions as to how it can be improved and made more effective, using the present source of supply.

(Sgd.) D.M. MacKay,
Indian Commissioner for B. C.

Ottawa,
February 2, 1939.

Dear Sir:

With reference to your letter of the 23rd ultimo you may purchase material at a cost not exceeding $200.00 for manual training purposes at the Coqualeetza Indian residential school.

When forwarding the account you should distinctly state on it that the material was secured in order to allow the boys to get practical training in vocational work and that the expenditures should be charged to B.C. Special.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Major D. M. MacKay,
Indian Commissioner,

BRANCH

RECORDS

P.O. BOX 70
VANCOUVER, B.C. January 23, 1939.

Dear Sir:

An application has been received from Mr. R.C. Scott, Principal of Coqualeetza Residential School, through the New Westminster Agency office, for assistance to the extent of $200.00 to purchase materials required to make certain improvements to two cottages on the school property to provide accommodation for certain members of his staff.

The amount applied for is to be used entirely for the purchase of materials, the carpenter and other work to be done by the senior boys of the school, under supervision, as a Manual Training project. No provision was made in either the current year's estimates or those submitted for 1939-40 to provide for such an expenditure, but as the proposed work would provide an excellent opportunity for the older boys to receive some practical training in carpenter and other work, I would recommend the application for favorable consideration should funds be available from unexpended balances.

The application was referred to Inspector Barry, a copy of whose reply is enclosed, together with a copy of Mr. Scott's letter to Mr. Indian Agent Daunt in the matter.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B.C.

Vancouver, B.C.

January 20, 1919.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

I have read with some care an application from Rev. P.C.Scott, Principal of the Coqualeetza Indian Residential School, dated January 16th,in which he requests that approval be given for the expenditure of some $200.00 for materials in connection with the accommodation of certain members of his school staff.

I may say at once that I am very anxious that the services of Mr Huddlestone be retained as Boat Builder at this school. The retention on the staff of instructors who are married men,and who are well adapted for the work, is a very important factor in regard to the future of the School.

Could this matter,please,be considered as a Manual Training Project? The cost of materials only is being asked for and even here if the sum of $200.00 is exceeded the school authorities will be responsible for the balance. The boys,under supervision,will do the work and thus learn the best way to make such improvements to their own homes on the various Reserves.

I would therefore strongly recommend that not more than $200.00 be set aside for the above mentioned Manual Training Project if there is any available fund from which such a sum might be obtained so late in the Fiscal Year.

Yours very truly,

Gerald H. Harry.

G.H.H. Inspector of Indian Schools, B.C.

Mr. A. O'N. Daunt,
Indian Agent,
New Westminster, B.C.

Re: Farmer's Cottage at Coqualeetza.

Dear Mr. Daunt:

On August 3rd, 1934, File 1-8-B, I took up with the Department through you, the matter of accommodation for our farmer, for even at that time, I could see that if we were to keep efficient help, one would have to provide for a married man. This has been my experience ever since. I had to pay rent for a cottage for Captain P.F.Pirie until the beginning of this School year, when Mr. R. Carter became Farm Instructor upon the resignation of Captain Pirie. Up to now Mr.Carter has been living in a small cottage just behind the residence, but it is totally inadequate, as he has four children, and there is only one bedroom, and another sort of enclosed verandah space, which they are using for the time being as another bedroom. As his children are growing up, it is absolutely necessary that he have more accomodation. Consequently, I had a cottage moved from down near the Boat Shop, to a position on the left of the driveway as you proceed to the Preventorium. This was done at School expense, at a cost of $56.00.

The case for accomodation for the Farm Instructor has been emphasized by my experience with the Boat Builder, Mr. R. Huddlestone. As you know, we have been most fortunate in having an instructor of the type of Mr. Huddlestone, who not only understands his business, but has a way of getting his instruction over to the boys who have worked with him in the Boat Shop. He got married just over two years ago, and then because I had no accomodation at the School, and of course because he thought he was going to better himself, he resigned and we lost his services. During the Fall Term, I interviewed several Boat Builders, but was not able to secure a suitable man. Either he was a really good man and wanted too much money, or they were men of doubtful standing in their work, and men whom I could not be at all sure of fitting into the life of the School as an instructor. However, I am glad to say, for the School's sake, we have been able to re-engage Mr. Huddlestone, and if I can get accomodation for him and his family here

at ..

www.collectionscanada.gc.ca

at the School, he is quite willing to again undertake an instructor's position and I hope by the end of this month we will be again busy in our Boat Shop. As the majority of our boys will be fishermen when they leave, I am sure the Department will be heartily behind this phase of our School work.

From the foregoing, you will see that my problem is one of accomodation for both the Farm Instructor and the Boat Builder. Having moved the afore mentioned cottage, I have now two cottages which could be fitted up if I could get the help of the Department. I took this up with Inspector Barry last week, and he was of the opinion that the work of reconditioning these cottages under the supervision of our Manual Training Instructor, would be very valuable training for our senior boys. It would be necessary however, for me to secure the materials. When I wrote in 1934, my scheme was to build a bungalow for the Farm Instructor at a cost of $820.81. This the Department was not willing to undertake, but if they would now be agreeable to allowing us $200 for necessary materials, we could fix up both of these cottages, and thus have accomodation for these two very necessary instructors. All work would be done by the Manual Training staff and the senior boys. The materials needed would include:- replacement of doors and windows, wall board, painting, kalsomine, chimney repairs, shingling and bathroom equipment, septic tank, piping in water and water connections. Itemized statements of description, amount and cost of materials would be submitted to the Department in the usual way, the total cost not to exceed $200. All charges submitted will be for materials only, the work to be done by our senior boys as a Manual Training project, and any cost over and above the $200 would have to be absorbed by the School.

From my knowledge of Indian villages, that is exactly what is needed in very many of them, namely a reconstruction of the houses. In many of these villages, they have water piped to the homes, and the training that these boys would get in the above project, ought to be valuable both as training and as a suggestion of what can be done with an old building.

I trust that you may see your way clear to recommend this expenditure on the part of the Department, and as I have said, I feel sure it will be a very practical training for these boys, and will help to solve the problem of accomodation for staff, which has been a very pressing one for the School.

Thanking you for your interest at all times, I am,

Yours sincerely,

"R. C. Scott"

LIST OF EQUIPMENT FOR SUGGESTED CHANGES IN HEATING SYSTEM AT

COQUALEETZA RESIDENTIAL SCHOOL

1 Only automatic electric sump pump: (supplied by Pumps and Power, Ltd. of Vancouver) - Description:
Vertical motor driven condensation return centrifugal pump; ¾ H.P. 1800 R.P.M. 110/220 volt. 60 Cycle vertical ball bearing motor; mounted on steel cover plate with stuffing box 24" diameter, designed for 5 ft. depth of concrete pit, complete with float, switch and copper float:
(Price f.o.b. Vancouver, including sales tax).....$225.

24 Only, half inch thermostatic traps (@ $3.50)..... 84.

16 Only, three quarter inch thermostatic traps (@ $4.15)..... 66.

Fittings for above installation estimated at ..... 45.

The prices on traps were furnished by the Dunham Heating Co. of Vancouver. This firm has a centrifugal pump also, but it handles only condensation from a system heating up to 8000 sq. ft. and costs $235.00 while the pump listed above is good for a heating system up to 10,000 sq. ft. area, and costs $1000 less.

I may say that the whole scheme has been discussed by our Engineer with Mr. Thompson, Manager of the Dunham Heating Co.

The sump to be made and cemented by school labor under the superintendence of the Engineer. Cement to be supplied by the school.

Respectfully submitted,

PRINCIPAL.

REQUISITION FOR SUPPLIES File No. 153-0-6

April 26 19 39

This space for use of Head Office only

Requisition No. .....

.....

Order No.

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF Coqualeetza Indian Residential School

VOTE 70 Allotment 12-432

SHIP TO Rev. R.C. Scott, Principal, Coqualeetza Indian Residential School, Sardis, B. C.

Purpose for which required Equipment for heating system

NOTE:—Requisition for non-consumable equipment, state if New Issue or Replacement.
" consumable equipment and supplies use columns 1 and 2.

Quantity		Quantity on hand (1)	Quantity used per month (2)	Unit Price	TOTAL
1	Automatic electric sump pump:				
	Vertical motor driven condensation return centrifugal pump: ½ H.P. 1800 R.P.M. 110/220 volts 60 cycle vertical ball bearing motor: mounted on steel cover plate with stuffing box 24" diameter, designed for 5 ft. depth of concrete pit, complete with float, switch and copper float.				
24	Half inch thermostatic traps.				
16	Three quarter inch thermostatic traps.				
	Fittings for above installation.				

Note: The Principal of the school states that a suitable type of electric sump pump can be secured from Pumps & Power Ltd. of Vancouver at a cost of $325.00 f.o.b. Vancouver including sales tax.

He also advises that the traps can be secured from the Dunham Heating Co. of Vancouver at the following prices:

Half inch traps $3.50 each ...$84.00

Three quarter inch traps $4.15 each ...$66.00

The above is required at the earliest possible date.

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

AIR MAIL

Ottawa, June 28, 1939.

EXD

Reverend Sir:

Your letter of the 24th instant reached my office this afternoon and I am very much disturbed to note that you have arranged for the painting of the building. When you visited the Department you were informed that money was available for this purpose, but no authority whatever was given to you to proceed with the work.

As you are aware, there are very definite regulations in force now, requiring that all material be purchased through our Purchasing Branch, and it is also necessary to consult our Head Office before employing anyone to do work at a residential school for which the Department is expected to pay.

Since you were in Ottawa I have been expecting to hear from you every day, giving the quantities of paint required and other information regarding the painting of the Coqualeetza school, but your letter of the 24th instant is the first communication that has been received in connection with this matter since you were here.

Please let me have your explanation regarding your action in this matter at the earliest possible date.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

REGISTERED

Dear Mr. Hoey:

Referring to our conversation when in Ottawa in April, with regard to getting the paint so that we could do the work ourselves on the smaller buildings, I beg to say that I have received the enclosed statement from Davies and Logan of Chilliwack. They tendered on the whole job, but there was so little difference between any one of the three tenders, that I felt it better to give the contract for the main building, the Principal's residence and the Manual Training building to Menzies Hardware, and they are now at work, although the weather has been so wet that it has been exceedingly hard to make much headway.

Your suggestion was I think, in consultation with Mr.Phelan, that we might get the paint on the enclosed list and charge it to the B.C. Special Grant. All the buildings are very very much in need of painting. This is only too apparent in the work already undertaken and I trust that it may be possible for us to get the materials as enclosed. We will begin in the late summer and try to finish up in the early Fall when the weather is usually good. I may say that Davies and Logan are agents for Marshall-Wells paint and they are giving us the wholesale price, F.O.B. Vancouver.

I would be glad if you would advise me as soon as possible, so that I may keep our staff busy through the summer.

whether I may purchase this material

Yours sincerely,

C O P Y - to be returned to
Indian Affairs when letter is signed

Ottawa, June 20, 1939.

Dear Miss Dixon:

I have for acknowledgment your letter of June 17, in which you state that representations have been made to the Minister of National Defence on behalf of the Coqualeetza Indian Residential School, where it would appear a ton or one and a half ton truck is urgently needed.

The officials of the Indian Affairs Branch inform me that with the exception of certain emergencies, where trucks were required to haul water to supply the needs of two schools in the prairie provinces, no trucks or automobiles have been purchased for these institutions at any time. At residential schools where automobiles or trucks are in use, these have been purchased by the principals from the ordinary per capita grants allowed to such schools by the Department. The Coqualeetza school, with an enrolment of 225 pupils, will receive this year a total grant of $[illegible],250. This will be the first time in recent years when the grant will be paid in full, provision having been made in this year's estimates for the restoration of the 5% reduction made in such grants several years ago. In view of this restoration, the Principal of the Coqualeetza school should experience little difficulty in securing the funds necessary for the purchase of a truck.

The officials inform me that the Principal of this school visited the Department a

C O P Y

DEPARTMENT OF NATIONAL DEFENCE

Office of the Minister, OTTAWA,

June 17, 1939.

Dear Mr. Pratt:

I understand that your Department purchases trucks for your various residential schools. Representations have been received by the Minister on behalf of the Coqualeetza Residential School, Sardis, B.C., where it is stated they are urgently in need of a ton or a ton and a half truck.

The Principal, the Reverend R. C. Scott, has nothing for the transportation of his pupils except an old Buick car which he had made over into a truck. This has seen constant use and is stated to be unsafe for the transportation of the pupils at the present time. For your information I may say that the engine model is stated to be a 1917 model and the brakes are in very bad condition.

They use the truck for carrying drinking water during thw two months they camp near White Rock, and as they have to bring two barrels at least of water each day for drinking and cooking purposes, they will certainly require some kind of vehicle before they go to camp. They also take the children once a week to Blaine, to the picnic park, and use the old truck and the Principal's car between the camp and the park, both going and retumning.

They also need transportation in case any of the pupils become ill and have to be taken to a doctor or hospital. With sixty to seventy pupils at the camp, it can be expected that this will be necessary at least once or twice during the camp season. The Principal cannot leave his own car there all the time, and if the truck is unfit for use, they are without means of transportation and there is no telephone within two miles of the camp.

I understand -

W.J.F. Pratt, Esq.,
Private Secretary to the
Minister of Mines and Resources,
Ottawa.

I understand an expensive vehicle is not required, but that the Principal would like one which could be used for freight, and also have seats put in for the transportation of pupils as mentioned above.

It would be greatly appreciated if you would have one of your Departmental officials look into this and do whatever you can to assist. I am informed that the Principal is quite unable to solve this problem through school funds and that something should be done before the beginning of camp, the 1st July.

Yours very truly,

(Miss) A. Dixon,
Private Secretary.

FILE 27337-15-16

OTTAWA June 7, 1939.

Memorandum

Mr. R.A.Hoey

With reference to your requisition of April 26th, file 153-0-5 for automatic electric sump pump and thermostatic traps for the Coqualeetza Indian Residential School, Sardis, B.C., I may state that competitive prices were obtained with the following results:-

(a) The lowest quotation on the pump was $139.75 f.o.b. Sardis, submitted by The Canadian Fairbanks-Morse Co.,Ottawa, for delivery through their Vancouver Branch of a Penberthy automatic electric sump pump.

(b) On the 24 half-inch thermostatic traps and 16 three-quarter inch thermostatic traps, the quotations were:

Empire Brass Co. Vancouver	$3.50 less 2%	each-for Dunham ½" traps
Crane Ltd., Vancouver	$3.30 less 2%	" for Hoffman ½" traps

Both these companies appear to be quoting on a substitute for the 16 - 3/4" thermostatic traps, as their price is $1.59 net for 16 -¾" x ½ Blk mall reducing elbows.

I would suggest that the advice of Mr. C.E.Webb, Dominion Water & Power District Engineer, 739 Hastings St. West, Vancouver, B.C., be obtained, and that if the pump offered by Canadian Fairbanks-Morse Co., is satisfactory, it be ordered through Major MacKay's office. Similarly it should be possible to secure traps of satisfactory design from Crane Ltd., or Empire Brass Co. of Vancouver. I may add that these two firms are on our approved list, while the two indicated on your requisition are not.

When the purchases have been completed, please send voucher and invoices to this office for the usual action.

W.M.Bailey
Departmental Purchasing Agent.

JUL 3 1939
REGISTERED

Dear Mr Hoey:

I have your letter of the 23th inst this evening.
I cannot say how deeply I regret having gone ahead with the painting job without first consulting the officials here.
While I certainly did not take your words as authorizing me to go on with the work, I did however take them to mean that the matter was settled, and I inferred that the officials here had been informed and seeing that this particular figure had been accepted, as I thought, there was nothing to hinder my getting Menzies to do the work in accordance with the letter submitted to me a year ago, and sent on to the Department.
I have secured figures each year for the last three years, and have included the amounts in the repair sheet sent in to the Department. Consequently, as I have said above, when you mentioned the matter to me, it seemed as though it hadat last been decided, and I proceeded upon getting home, to see Menzies and advise them that their contract had been accepted.
I have been confusing all along, the acceptance of a figure for forwarding to the Department, and its being actually accepted. I have always felt that if a figure was for any reason not acceptable, it would not be forwarded by our officials here. Consequently, when this particular figure was the one which appeared on the sheet you showed me in Ottawa, I inferred that nothing else was necessary.
I have tried at all times to cooperate with the Department, and I would not for the world have gone ahead with this work, had it not been for what I now see to have been a rather stupid lack of thought on my part. I ought to have known that some notification should have been forthcoming from our officials here, but I really did not know it was the policy of the Department to get what seemed to me, to be a repetition of a figure, before accepting it. The procedure has never been explained to me, and it was only a few days ago when I mentioned the work being undertaken to Mr Daunt, that he explained that I had really gone ahead upon my own authority and that it would not be acceptable to the Department.
I apologize most sincerely, and only hope that my action has not been construed to have been owing to anything you may have said to me while in Ottawa, for it was only indirectly so, and I now see that I did not understand at all, the workings of the Department in these matters.
I am enclosing a copy of a letter which I am sending to Mr Daunt to be forwarded to Major MacKay, which I trust will make clear that I, and I alone am to blame.
I did not write you earlier about the materials for painting the other buildings, because I have been more than busy, and the weather has been such as to render any work of that kindimpossible. Consequently, I decided to wait and get the materials later and then do the work toward the end of the holidays, and complete it when the pupils came back as the weather is usually good in September.
I trust that some arrangement may be made which will be acceptable to the Department in the present instance, and can only say again how greatly I regret having seemingly set departmental regulations at nought; I did not realize I was doing so.

RC S/

Yours sincerely,
R. C. Scott
Principal.

Mr A.O'N.Daunt,
Indian Agent,
New Westminster, B.C.

June 29th, 1933.

Dear Mr Daunt:

I am in receipt of a letter from Mr Reay by Air Mail this evening in which he assures me that he is much disturbed over my having gone ahead with the painting of the school building without authority. He states that his information to me was simply that there was money available for that purpose, but it was in no sense giving me any authority to go ahead with the work.
That is quite right. I did not take it that he was authorizing me to proceed with the work, but seeing I have misconstrued entirely the action of the Department in setting aside the particular sum involved, as being tantamount to acceptance, I inferred that officials here had been advised, and that it was expected that I would proceed to advise the firm which gave that particular amount as their figure for the job.
I now see that I have been quite wrong, and I want to take the full blame for my action.
With all the extra worry of this year, and the School closing pressing upon me, I am afraid that I did not take time to really think the thing through. At the same time, I want to say, that I have been quite wrong in my understanding of department regulations, for I have proceeded on the assumption that no further action was to be expected by our officials here, if the figure set forth in a repair sheet was accepted as a basis by Ottawa.
I shall certainly never be involved in such a mistake again, and wish to apologize and to hope that the Department will accept my explanation, and be good enough to do what may be possible to bring the matter in line with their usual procedure. Meantime, I again wish to say how much I regret the entire occurrence, for I really do wish to act in harmony with the Department in all things.
I suppose I was influenced too, by the knowledge that this particular firm (Menzies) is and old time Liberal organization, and that their figure was the lowest one received.
I would appreciate it if you would forward a copy of this letter to the Commissioner, and assure him that I shall come in the first of the week to express my regret personally.

Yours sincerely,

Dear Sir:-

The following is our quotation for painting three buildings, (Residence, Main Building, and Manual Training Building) for Coqualeetza Institute, Sardis, B. C.:-

All three roofs sprayed with black oil stain. Moss to be cleaned off residence roof.

Paint:

Residence:- Where old paint is peeled, scrape with steel brush, and give one coat of buff paint then cover all walls buff, trim brown, with white sash.

Manual Training Building:- Two coats: First coat all buff, second coat, walls buff, trim brown, and sash white.

Main Building:- One coat: Trim brown, and sash white.

Supply all materials and labour, and leave all work finished for the sum of $797.00.

All paint to be used to be Martin Senour.

Gentlemen:

We are pleased to submit you a proposal covering the flooring work required at the Indian School, Sardis, B. C.

We estimate that there is an area to cover of 343 square feet, and we will furnish and apply Tremco Asphalt Mastic 1/4" thick, installed complete for the sum of NINETY-FOUR DOLLARS, ($94.00), which price includes Sales Tax.

This price is made up of $55.00 for material and $39.00 for labour.

We trust we may be favoured with your order for this work, and can assure you of a first class job in every respect.

Yours very truly,

Dear Mr. Hoey:

We received a phone message from Mr.Indian Agent Daunt saying that the paint job on the school had been authorized, Menzies tender being accepted for the work. I beg to say that I greatly appreciate this.

Once again I would like to say how much I regret having misunderstood what you said to me while at Ottawa. I hope sincerely it has not made any difficulty. I saw Commissioner McKay yesterday and he explained in detail to me the significance of any such action on my part and also the procedure with regard to such matters. My not having had any experience in these things since the appointment of a Purchasing Agent was largely to blame for my hasty conclusion. As a matter of fact, I had asked for and received four tenders for the work previously and Menzies was the lowest of them all. As I was given to understand that the political aspect was also in order, it made it all the easier for me to assume that my action was justified. I shall certainly exercise every care in future.

Again hoping there has been no complications for yourself or anyone else,

I am,

Yours sincerely,

Dear Mr. Scott:

I have your letter of the 29th ultimo, with reference to the painting of the Coqualeetza Residential School, and have also received from Indian Commissioner MacKay your letter to him dated the 27th ultimo.

Major MacKay was advised by radiogram on the 4th instant that the Menzies Hardware Company could complete the painting at the price mentioned in your letter - $797.

I can easily realize from your letter why you thought you had authority to proceed. However, as pointed out in the communication of June 28, there are certain regulations that we are obliged to follow at the present time, and I feel certain that in future, when you wish to incur any expenditure for which the Department is expected to pay, you will obtain our authority before proceeding with the work.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

AIRMAIL

Dear Sir:

I beg to forward herewith a letter received this morning from Mr. Indian Agent Daunt enclosing a letter from Rev. R.C. Scott, Principal of Coqualeetza Indian Residential School regarding the painting of the main buildings of the Coqualeetza unit at an estimated cost of $797.00. Mr. Scott's letter is self-explanatory and need not be reviewed here other than to observe that the Rev. Principal accepted information given to him during a conversation with the Department, while in Ottawa recently, as sufficient authority to proceed to incur an expenditure of some hundreds of dollars.

Mr. Daunt informed me of the situation by telephone on the 27th instant when I suggested that he obtain a letter of explanation from Mr. Scott and forward same with a copy of Mr. Menzies' tender with a report to this office.

I doubt very much if the Department intended that work involving an expenditure of such magnitude should be undertaken without reference to the officials of the Branch through the regular channels of the service.

In view of the circumstances, however, I consider it would be well to authorize Menzies Hardware Ltd to continue and complete the work seeing that a considerable expenditure has already been incurred.

Yours faithfully,

D. M. MacKay.

June 28th, 1939.

Dear Sir:-

With reference to our telephone conversation of yesterday, regarding painting etc. at the Coqualeetza Indian Residential School, I beg to forward you herewith, a letter received from Reverend R.C. Scott, Principal, in explanation of the situation.

I am also enclosing a tender from Messrs. Menzies Hardware Company, Limited, Chilliwack, for $797.00, which, I understand, is the amount of the Contract discussed in Ottawa by Mr. Scott with Mr. Hoey.

In view of the circumstances, as detailed by Mr. Scott, I would recommend that the matter be referred to the Department, and if the facts are as stated, authority be obtained for the above Firm to complete the work, which they have already commenced.

Yours truly,

A.O'N. Daunt.

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

June 27th, 1939.

Mr A.O'N.Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr Daunt:

Re Painting Principal's Residence, Main Building, and Manual Training Building.

Enclosed herewith please find letter from Menzies Hardware Co., of Chilliwack undertaking to do this work, specifying materials, details of work, and cost of same.
You may remember that I sent you the estimates for this work in September of last year along with other items . I presume it was sent on to the Department in the regular way.
When I was in Ottawa in the end of April last, Mr Hoey showed me the above figure along with some others, and said that an amount of $1025.00 had been allowed to Coqualeetza for repairs etc. I saw that the item referred to above, was the one sent in by Menzies Hardware last summer. When Mr Hoey aided " do not be too long getting started at this work" I naturally thought that he was informing me so that I might see to its being undertaken without delay, and it never occurred to me that neither you nor the Commissioner hadheard of it.
If it is the policy of the Department that such undertakings should be authorized also from this end, It is possible Mr Hoey had no other thought than that I would take it up with you upon my return.
However, seeing I had been informed down there, I went right at the work when I got home. It looks as though I am at fault, but as I have said, it never occurred to me that you had not been notified, and seeing the item had been sent on to Ottawa in the regular way, I did not realize that it should have been again taken up through your office.
I would be glad if you would inform Commissioner MacKay of this side of the occurrence, for I certainly would never knowingly have done anything aside from the regular procedure.
The slight increase in the amount of the contract is due to the fact that the moss was much more rank after a year's growth than when the original figure was submitted. At that, Mr Menzies informed me today that it had cost him more than twice what he had estimated this last time. The moss could not be removed by a long handled brush, but had to be dug out from between the shingles with smaller tools, and it took time.
I trust that you may see your way clear to recommend this expenditure and that Major MacKay will overlook my seeming neglect to put the item through in the regular way. As I have said, it never occurred to me that it had not been dealt with here.
There are other items pending of which Mr Hoey spoke, I shall take them up throuhg your office in a day or two.
Regretting very muchg my lack of thought in this matter, I am,

Yours sincerely,

R.C. Scott

PRINCIPAL.

ADDRESS REPLY TO
DOMINION WATER AND POWER BUREAU

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

QUOTE FILE 37332-4

Vancouver, B. C.,
July 15, 1939.

Sir:-

With reference to your letter of 13th June enclosing memorandum of the Departmental Purchasing Agent on material for Coqualeetza Indian Residential School, I wish to say that I have taken up this matter with the Principal of the school and with Indian Agent Daunt.

It appears that the heating plant of the school has not given satisfaction to the school authorities for many years. The school engineer, who recently met with a fatal accident, evolved a plan to improve conditions, with the material referred to in the memorandum. So far as I have been able to determine no definite record exists of the improvements contemplated.

Lacking such a plan I am not prepared to recommend that the material mentioned in the memorandum would serve the purpose intended, if installed. Under the circumstances I would suggest that an inspection and test be made by a heating expert when the plant is in operation sometime in the winter.

Improvements made as a result of such inspection and tests are more likely to give permanent satisfaction.

Enc.

Re: COQUALEETZA SCHOOL

Dear Sir:

I desire to acknowledge receipt of your letter of the 26th instant and to state that you are authorised to proceed with the additional repairs to the basement of the above named school. It is noted that the additional cost is not likely to exceed $63.40.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Major D. M. MacKay,
Indian Commissioner for B. C.,

VANCOUVER, B.C. Aug. 26, 1939.

Dear Sir:

With reference to the application of the Coqualeetza Indian Residential School to re-surface the basement corridor on the girls' side of the basement at a cost of $85.75 which was approved by your letter of the 20th ultimo, File 153-0-5, I would advise that this work was commenced a few days ago when it was found that the underlying foundation of the floor was in very bad condition and unsuitable for re-surfacing without special additional work, this condition not being in evidence until the existing floor had been torn up. The condition is due partly to the fact that pipes have been run under the corridor, and in some cases pulled out leaving spaces along the under-foundation to subside, and also to the fact that over quite an area, the foundation was only three-quarters of an inch thick. Due to this it is now found necessary to build up the old foundation and reinforce it in spots requiring additional material as follows:

Tremco Mulsumastic	35 gals.
Tremco Primer	7 gals.
Cement	5 sacks.
Sand & Gravel aggregate	1½ Cu. yards.

Materials and labor to cost $68.40.

Under the circumstances there is no option but to recommend the additional expenditure and I would appreciate authority for the same, by air mail, if at all possible, in order to have the work completed before re-opening of the school.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B. C.

Indian Affairs Branch,
Department of the Interior,
Ottawa, Canada,

Welfare and Training Service.

Dear Sirs:

This will acknowledge receipt of your letter under date of July 24th, File 150-1-5, containing excerpts from the report of Mr T.J.Arnall, Boiler Inspector.
I beg to say that I have called the attention of our new engineer, Mr John Nicol, to the wording of this report, and he will attend to carrying out the instructions of Mr Arnall with regard to both boilers mentioned.
I have also written to the Patterson Boiler works, who installed Boiler No. 44858 with regard to re-rolling the tubes. If they will not do it, (Mr Arnall informed me that it was their duty seeing they had not inspected the boiler after installation, except to ask if it were functioning properly) I shall see that it is done at once.
The connection between the H.P. boiler and the L.P. heating boilers will not, of course, be again allowed.

Yours sincerely,

R. C. Scott

Principal.

Dear Sir:

In view of the information contained in your letter of the 18th instant the Department agrees with you that no further action should be taken at the present time with reference to the heating plant at the Coqualeetza residential school.

As you mention in the last paragraph of your letter the plant might be inspected when it is in operation this fall and a report submitted to the Department at that time.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir: Your File 153-0-5.

I enclose herewith letter dated 15th instant from District Chief Engineer Webb relative to the heating plant at Coqualeetza Indian Reserve School and your letter of the 8th ultimo.

While I am not personally familiar with this matter, it occurs to me that it might be considered advisable to withhold any action relative to this plant until the question of the future use of this institution has been determined as the future requirements may differ considerably from those of the past.

You will observe that Mr. Webb recommends inspection and test by an expert and the time for this would naturally be when the plant is in operation in the fall.

Yours faithfully,

For D. M. MacKay.

Dear Sir:

I beg to transmit herewith a letter from Mr. Indian Agent Daunt regarding furnishings for the staff sitting room at Coqualeetza Indian Residential School, together with quotations from David Spencer Ltd. on the articles required.

It is noted that the supply of these furnishings was taken up with Mr. Phelan during his recent visit to the school.

Perhaps I should add that an amount was provided by the Agent in the estimates of the current year and those of 1940-41 to provide these furnishings, but was struck out in each case by this office in view of the proposed arrangements for the transfer of the school to the medical services division of the Branch.

Dear Sir:

Mr. Indian Agent Daunt has applied for authority to expend a sum of $71.00 on repairs to the bake ovens at the Coqualeetza Indian Residential School. The need for these repairs was drawn to the attention of Mr. Phelan when he visited the school some weeks ago.

It is understood that of the amount of $1030.00 set aside for repairs at Coqualeetza this year ~~that~~ a balance of $83.80 is still available from which the proposed expenditure might be met.

The application is recommended for favourable consideration. An early reply would be appreciated.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B.C.

FILE 1-8-B.

NEW WESTMINSTER, B.C.
October 19th, 1939.

Dear Sir:-

I have received a request from the Reverend Principal of the Coqualeetza Indian Residential School, for permission to incur an expenditure of $71.00, for repairs to the bake-ovens at the School.

When Mr. Phelan was at Sardis, the matter was brought to his attention, although no action was taken at the time.

I understand that an amount of $1,020.00, was set aside for repairs at Coqualeetza this year, of which, to date, the sum of $936.20 has been expended. This consisted of $782.05 to Menzies Hardware for painting, and $154.15 to F.M. Beatty Limited, for floor repairs. There is, therefore, a balance of $83.80 available, and I would recommend that authority be given to expend the sum of $71.00 for the repairs to the bake-oven, as requested.

Yours truly,

R.O'N. Daunt.
Indian Agent.

Memorandum:

MR. BAILEY

The attached account covers the cost of emergency repairs at the Coqualeetza residential school. On the account No. 3131 from Fred.M. Beatty there is an item of $51.40 for material and on the account No. 3133 an item of $28.65 for material. This makes a total of $80.05 for which I should appreciate your issuing a purchase order so that the account may be paid.

NOV 10

Dear Mr.Hoey:

I beg to say that I have received your letter under date of October 4th, File:150-65, enclosing copy of a letter of February 10th,1938 with regard to fire drills.

We are carrying out the instructions of the Department and since getting the letter have been holding fire drills every week. Previous to that time we were holding them every two weeks in September and October. Each member of staff has written instructions as to his and her position and the sheet containing these positions is posted in dormitories and other departments, as well as that for the positions of the older children appointed for fire duty. None of our fire doors are locked and the windows are made into doors opening outwards in one piece so that there is no delay in exit.

Last March our fire alarm system shorted at about five o'clock in the morning, causing bells to ring. It was a complete surprise to everyone and was a very good test of discipline. I am glad to report that I was called immediately by the staff member appointed, and dressing hurriedly, reached the front lawn just as the girls were forming up in line. The staff member on duty in the girls' dormitory instructed the girls to each one put a blanket over their shoulders so that although they had not taken time to dress, they were fairly well protected. The drill was carried out just as though it had been a practice one and it was a great satisfaction to me, for we had often wondered what actually would occur if we had a fire. The only missing factor to cause panic might have been the presence of smoke, but the test was sufficiently real to afford fair confidence in the actions of both staff and pupils.

When I came to the school, I found they were using the dormitory over the Manual Training shop for accommodation of boys about twelve years of age. I was not satisfied at that time with the fire escape, an iron ladder, and had it lengthened. I also took precautions with the heating and have always had at least one staff member and one senior boy in charge. I thought of asking for assistance from the Department to provide an iron fire escape similar to those on the main building, but in view of the fact that the school may be discontinued, I did not press that expenditure this year. After a good deal of thought, I decided to build a wooden stairway down the outside of the building as this would be a big advantage over the one stairway in the building, which was almost sure to be a regular "flue" in case of fire. I purchased the materials out of school funds and had the work done by our Manual Training instructors and their senior class.. Each boy in

www.collectionscanada.gc.ca

Mr.R.A. Hoey. November 4th,1939

the Senior Class, made a drawing of the proposed stair case and then assisted in building it. It comes down from the middle window of the front, which opens out in one piece like a door, along the side of the building, providing an easy and safe exit. The boys are using this stairway in all fire drills just as though they were in the main building.

As the building of this stairway was a bona fide Manual Training project, I presume the Department will be quite agreeable to my including the cost of materials in my regular quarterly Manual Training vouchers. The total cost was under twelve dollars.

I may say I also have a night watchman on duty from the 1st of October.

Assuring you of my desire to co-operate at all times, I am,

Yours sincerely,

RCS/EW

The Indian Agent,
Alert Bay. B.C.

Dear Mr Todd,

Further to our conversation of to-day's date, I have to make application for the transfer of the washer, extractor, dryer and motors therefore from the laundry of the Cequalutza School, same to be included in our Departmental inventory on receipt.

As you are aware , we do the laundry work for the preventorium and the volume is becoming heavier than our present equipment can handle, and the addition of this equipment would prove a real boon to the School. The equipment from Cequalutza is motor powered and as we have city power now installed in the School for electric ironers, this equipment could be hooked in on the power lines and an unnecessary load avoided for our Diesel engines.

There is ample room in our laundry for the installation of this equipment and I am prepared to recommend to the Commission that the School will meet freight charges on the shipment from Vancouver or from Sardis should there be no funds available. The addition of this equipment would be well worth the $30.00 or $40.00 required to pay freight.

As it appears that time is a factor, would you consider wiring the Department either at Vancouver or Ottawa to have a salvage sale of this equipment delayed until this application can be given consideration?

Thanking you,
Sincerely yours,

-Principal.

AIR MAIL

Dear Sir:

On receipt of your letter of the 29th ultimo I ascertained from the Assistant Superintendent of Medical Services that the laundry machinery which was discarded at the new Coqualeetza Hospital has already been disposed of by turning it in to the firm from whom the new machinery was purchased and thereby reducing the costs of the latter.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

March 29, 1941.

Sir,-

Enclosed please find a request received from Principal Anfield in regard to laundry machinery at the old Coqualeetza School which, we understand, is being scrapped and turned over to the Salvage Department for disposal.

If this is correct, I would recommend that this equipment be transferred to the Alert Bay Residential School, as it is apparent from Mr.Anfield's letter they could use to good advantage, and are willing to pay any charges in respect to removal of same.

As I understand Major MacKay is now in Ottawa, I am sending this letter direct by Air Mail so that early action can be taken in the matter before the equipment is turned over to the Salvage Department for disposal.

Your obedient servant,

(M. S. Todd)
Indian Agent

Alert Bay, B.C.,
March 29, 1942.

Sir,-

Enclosed please find a request received from Principal Anfield in regard to laundry machinery at the old Coqualeetza School which, we understand, is being scrapped and turned over to the Salvage Department for disposal.

If this is correct, I would recommend that this equipment be transferred to the Alert Bay Residential School, as it is apparent from Mr.Anfield's letter they could use to good advantage, and are willing to pay any charges in respect to removal of same.

As I understand Major MacKay is now in Ottawa, I am sending this letter direct by Air Mail so that early action can be taken in the matter before the equipment is turned over to the Salvage Department for disposal.

Your obedient servant.

Dear Sir:

I beg to enclose herewith, Application Form for Andrew Walker, #818 of Kitamaat, which I trust you will find in order.

There are several application forms to get yet. The parents have sent the children in and I am trying to get the forms completed. Owing to mail going in to some places only once a month, it is difficult to hurry this procedure, but I shall give it my earnest attention.

The above boy was reported along with others on our December Quarterly Return.

Yours very sincerely,

R. C. Scott

APPLICATION FOR ADMISSION

To the
Deputy Superintendent General
of Indian Affairs,
Ottawa, Canada

January 1st 1936

Sir,—

I hereby make application for admission of the undermentioned child into the Coqualeetza Indian *Residential School; to remain therein under the guardianship of the Principal for such term as the Department of Indian Affairs may deem proper:*

Indian name of child No Indian name 0578

English name Florence Good

Age 9

Name of Band Nanaimo Indian Band

No. of ticket under which child's annuity is paid

Father's full name and No. Louis Good

Mother's full name and No. Sybil Good (Maiden Name Wise)

Parents living or dead Mother dead and Father living

State of child's health See Over page

Religion United Church of Canada

Does applicant speak English? Yes

Previously attended Nanaimo Indian Day School for 3 years

Louis Good,
(Signature of Father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

John C. Wright
Signature of Missionary Teacher or Witness

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

H. Graham
Agent

*Principal or other official of the school must not sign as witness

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Ottawa, March 9, 1936.

Dear Sir:

With reference to your letter of the third instant, you may inform the Principal of the Coqualeetza Residential School that the Department approves the re-admission of Livingstone Adams for a period of 6 months from May first, 1936. The Principal should distinctly understand that grant for this boy will not be allowed after October 31, 1936. It should also be understood that the Department will only allow the school the per capita grant.

Yours truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

Mr. J. D. Sutherland,
Department of Indian Affairs,
Ottawa,
Ont.

Dear Mr. Sutherland:-

I am enclosing for your information copy of a petition received recently from our Skidegate Mission on the Queen Charlotte Islands in British Columbia. I have no idea where the letter was from October 8th to March 5th - when it was received in our office.

It may be too late to do anything about the appeal of these people for this academic year, but surely with the Coqualeetza school ending the calendar year 1938 with an unprecedented overdraft, due to the fact that they are approximately fifty children short of the per capita number allowed by the Department of Indian Affairs, the matter should be taken very seriously.

With very kind regards, I am,

Yours sincerely,

Kenneth J. Beaton

K.J.B.
mcl

P.S. The names and ages of the children desirous of proceeding to Coqualeetza were not included in the communication, and I have written for them.

SKIDEGATE MISSION, B.C.,
Oct. 8th, 1935.

Rev. R. B. Cochrane, D.D.,
Rev. K. J. Beaton, B.A.,
Rev. Colin Young, D.D.,
299 Queen Street, West,
Toronto, Ont.

Dear Sirs:-

We, the undersigned ex-pupils of Coqualeetsa Residential School, Sardis, B.C., take this opportunity to lay a serious grievance before you as representatives and Secretaries of the Board of Missions of the United Church of Canada, to which Church we all belong.

Recently our people have been informed by the Local Indian Agent that no more boys and girls of this place are to be sent to the aforementioned school for their education, and we and our parents are very greatly disappointed and disturbed over the matter, and for the following reasons:

1. The day school of our village has never in the past, nor does it now supply all the advantages in education such as we require, Domestic Science, Music, Vocational Instruction, Boat Building, etc. Invaluable preparation for life service. Why should our younger brothers and sisters and our children be denied these advantages which heretofore been given us?

11. During the recent epidemic of Flu in our village many fathers and mothers died, leaving several children of school age now having lost one or both of their parents are very greatly in need of guardianship and guidance at the critical time of life. This, serious at all times, is doubly so just now in view of present conditions when parents find it difficult or impossible to support their families. Why should innocent children suffer throughout their lives because of the whims of present Government officials?

It has been our hope for some years that a Residential School be built by the Government for our children somewhere in this district, say at Skidegate or Port Simpson, for the education of girls from United Church homes. We have been encouraged to expect this, but this changed policy of the Government kills any such hope. Would it surprise you to learn that there are more than two hundred and fifty people, seventy-five of whom exercise leadership in moral and religious endeavor is given over to Coqualeetsa? Is the present Government not concerned to mature moral and religious conditions among the

PHOTOCOPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Indian people? Or is the present trend the product of immature conclusions or ridiculous fads on the part of some officials in the Indian Department who are seemingly all-powerful to-day?

As children of the Church we lay our grievance before you in the HOPE that your influence as our advocates may speedily change the policy of the Department so that several needy cases in our village may receive sympathetic consideration and be permitted to proceed immediately to the school of our choice to receive such education which has been heretofore denied us.

We attach herewith the names and ages of children who are desirous of proceeding to Coqualeetza, and who by the ruling of the School Inspector are denied that privilege. Trusting that you will give our complaint and protest your serious and immediate consideration, we subscribe our names.

Copy for:
Mr. J. D. Sutherland,
Dept. of Indian Affairs,
Ottawa, Ont.

March 31st,
1936.

To
The Chief and Council,
Skidegate,
Queen Charlotte Islands,
B.C.

Dear Sirs:-

On March 5th we received from Skidegate a petition signed by 41 members of the Band asking us to use our influence to have the restrictions in regard to children from Skidegate being educated at Coqualeetza relaxed.

I am returning for your files a copy of your petition, and would like to remind you that you did not enclose a list of children who are at present applying for reception at Coqualeetza and being refused - according to your statement - by the Department of Indian Affairs.

I would like to say that we have found the permanent officials of the Department very reasonable in all our transactions with them, and that I have no doubt they will give every consideration to this petition, which is being sent forward to them to-day, exactly as you have presented it to us. The Department, like the Board of Home Missions in recent years has suffered from drastic reductions in income and undoubtedly some of the curtailment of service which has characterized the last five years is due entirely to financial limitations.

As soon as I hear from the Department I will communicate with you again.

Yours very truly,

KTB:L.
Encl.

Ottawa, April 3, 1936.

Dear Mr. Beaton:

I have your letter of the 31st ultimo, enclosing copy of a petition from Skidegate, signed by a number of ex-pupils of the Coqualeetza Indian Residential School, requesting that the Department authorize the admission of children from the Skidegate Reserve to the above named school.

In this connection I would refer you to your letter of October third, last, and my reply of the 8th of the same month. The Department will approve of placing in the Coqualeetza Indian Residential School any orphan, destitute, or neglected child from the Skidegate Reserve, who is of school age and in good health. Arrangements could be made during the coming summer to select the children of the classes mentioned and have them taken to Coqualeetza. I note you have written for the names and ages of the children. When you have this information, I should be glad to hear further from you in the matter.

I can assure you the Department is desirous of assisting in every way possible in obtaining the full number of pupils for which grant is provided at the Coqualeetza School, and it should be possible, next summer, to obtain the required number from the Skidegate and other reserves in northern British Columbia and on the West Coast.

Yours truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

153-0-10.

Ottawa, April 14, 1936.

Dear Sir:

With reference to the March quarter return of the Coqualeetza Residential School, please arrange with the Principal to forward application forms and certificates of health for No. 826, Henry Pahl; and No. 0595, Rena Bolin.

You may inform the Principal that the discharge of the following pupils is approved:-

No. 0346 - Marjorie Underwood;
0524 - Dora Modeste;
0533 - May Purnell;
659 - Roy Manson;
No. 0567 - Jean Little;
593 - Walter C. Joe;
655 - Archie Dick;
781 - Abel Ward.

In checking the returns, it is found that the undermentioned pupils have been absent from the school during the whole quarter, in most cases owing to ill health:-

Nos. 593; 617; 636; 637; 655; 659; 672; 673; 683; 686; 690; 695; 700; 702; 710; 712; 723; 727; 741; 742; 746; 755; 761; 763; 764; 766; 767; 770; 772; 774; 780; 787; 790; 792; 795; 797; 804; 806; 0397; 0417; 0447; 0459; 0478; 0479; 0485; 0493; 0508; 0509; 0510; 0511; 0515; 0522; 0527; 0548; 0550; 0555; 0556; 0557; 0561; 0570.

If these pupils are not likely to return to the school within the next few months, the Department considers it would be advisable to apply for their discharge. If, at any time, their health improves to such an extent that they can again return to school, application can be made for their re-admission. You might take up this matter with the Principal, on the occasion of your next visit to the school.

Yours truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

EXTRACT FROM REPORT OF MR. G. H. BARRY, INSPECTOR OF INDIAN SCHOOLS, ON HIS INSPECTION OF THE KITAMAAT INDIAN DAY SCHOOL ***** Date of Inspection April 29, 1936.

Original on No. 162-15-6.

I would recommend that the following pupils be sent on from the Kitamaat Indian Residential School to Coqualeetza Indian Residential School, should a request be made to the Department for permission to transfer them. It would in my opinion be much in the interest of the below mentioned children that they be given at least two years in Coqualeetza.

HANNAH MORRISON - Age 14. Grade 6. An attempt may be made to marry her off at an early age if left in the village. Her sister was married at 16 and such marriage has I understand not been very satisfactory. With two years at Coqualeetza she will be in a much better position to express her own wishes in the matter of marriage, and she will have a better idea of Handicrafts and Vocational Work.

AMELIA GRAY - Age 14. Grade 5. Living with an Aunt. Mother is dead. Teacher reports that her home life is not very happy and that she would be better of if sent out of village for a couple of years. I should certainly like to see her at Coqualeetza. This is the case of a child from a home that is not very satisfactory.

153-0-10

Ottawa, May 8th, 1936.

Dear Sir,-

The Department has been informed by the Associate Secretary of the Board of Home Missions, United Church of Canada, that you will receive a request in the near future to approve the admission to the Coqualeetza Indian Residential School of the following children:-

Dela H. Greene
Mary A. Greene
Pauline M. Greene
Velma Pearson
Wesley Pearson
Clifford Jones
Pauline Jones
Philip Stevens
Billie Stevens

The Department has already advised the Associate Secretary that we are prepared to approve placing in the Coqualeetza Residential School any orphan, destitute or neglected child from the Skidegate Reserve who is of school age and in good health.

It may be possible, however, that some Indians who would be in a position to support their children and send them to the day school on the reserve would prefer to place their children in the Coqualeetza Residential School. When you receive such requests, you should at once advise the Department giving full particulars regarding the reasons for the parents wishing the children placed in a residential school rather than sending them to the day school.

Yours truly,

J. D. Sutherland.

LIST OF PUPILS 16 YEARS AND OVER, AT COQUALEETZA RESIDENTIAL SCHOOL.

MAY 1st, 1936.

NO.	NAME.	AGE	REASON FOR REMAINING AT SCHOOL, ETC.
515	✓ Frank Calder,	17 OK	Return to finish Grade 12 in High S.
542	✓ Moses Leeson,	21	" " " " 12 " " " Both the above pupils have done well in Xmas and Easter Exams at Chilliwack High School.
558	✓ Philip Watson,	18 OK	Has done well in Grade Ten. Return for work in Grade 12 if successful.
563	✓ Allan Young. discharge	21	Worked in Shoe Department this year. Will be going home June 30th.
570	✓ Franzen Stokan,	17 OK	Good at farming and wishes to get a practical training. Has done well this year. Shows interest in his work and is the best teamster and plowman we have got. Father anxious to have him remain for another year. He comes from Musqueam Reserve. Not interested in fishing.
593	✓ Walter C. Joe, discharge	16	Discharged this last Quarter.
606	✓ Philip Clarke,	16 OK	Comes from poor family, (Greenville, Naas River) He is doing well at Motor Mechanics, Boat Building and Navigation Ought to have another year at this work.
	✓ Elmer Dick, (616)	16 OK	This lad is dependable, industrious and progressive. His father is the chief Boatbuilder at Cape Mudge and the boy will have a shop to go to when he grad uates. He ought to have another year in Boatbuilding. He is also one of our best fullbacks, and a good example to the other boys, in school and out.
	✓ Eddie Nelson, (631)	16 (17)	Remained out this last year owing to shortage of funds, and so that his sister could come. Ought to have a chance of one more year in which to graduate, if he wishes. Will strike him off if he does not return this Fall.
633	✓ Donald Gladstone	16 OK	This boy is slowly and steadily im- proving. He has not yet reached his limit, in Class Room or Manual Train- ing. Ought to stay for another year.
636	✓ John Wilson, discharge	18	Will apply for discharge. Not likely to return. Absent this year.
637	✓ Vernon Jones,	17 OK	Very anxious to return for another year to take Grade 8. Will discharge him if he does not come this Fall.
652	✓ Sidney Wilson,	16 OK	Would like if this boy could remain for another year to take Navigation He works on a fish Packer every sum- mer, and this course is helpful. He is good in his work
675	✓ Chris Matthews, NO	18	Ir. Grade 10. Return for High School.

List of 16 year old pupils etc etc

NO.	NAME	AGE	REASON FOR RETURN ETC ETC.
681	Wilfred Sam.	16	This boy has a very poor home,none at all practically as his mother died this Spring and we have to keep the younger children i in School this summer at the father's request. Another year would help him,and see him in better shape to go home.He is backward,but very willing. Would discharge him in a years time.
684	Gordon Angus.	17	Very diligent,and very anxious to get a good grounding in farming and gardening.He was in charge of our gardening last summer holidays.Very dependable and eager to learn.Comes from Yale,and will devote himself to farming upon Graduation.
692	Eddie Underwood,	16	Has been on Rest Cure for over a year.Is much improved.Anxious to get on in Manual Training,Navigation and Motor Mechanics.Ought to be under supervision for another year for his health.
710	Arthur J.Stewart.	17	Absent without leave this year.Will apply for his discharge.
716	Harry Amos,	17	Has done good work in our shoe repairing department,but ought to have another year in it.He would then be in a fairly good position to do any ordinary work when he gets home to Kitimaat.There is no shoe repairer in that village.
723	Willis White,	16	Absent without leave. Will likely apply fo his discharge.
736	Elmer Greene,	16	This boy has been on Rest Cure from time to time.His father is a poor provider and his home conditions bad.He is very faithful in his work and has made good progress in spite of his health handicap.Ought to have at least another year under supervision.
747	Alec.Stevens,	17	Has made fair progress in all studies this year.Is very anxious to get a better grounding in Navigation and Motor Mechanics.Plays Right Wing in our football team.
758	Gordon Robinson,	17	In High School,Grade 9. Ought to have a chance to go on to Grade 10.One of our very best students.Fine in Navigation. Comesfrom Kitimaat.
777	Charles P.Wilson,	16	This lad has a poor health history. Has been on Rest Cure for a year and is now in our PReventorium.Has improved a lot.Ought to be under supervision for another year. Takes Navigation class in Preventorium.
786	Benjamin Tait,	16	Is an adopted boy. Very dependable.Good at Manual Training Motor Mechanics and Navigation. Ought to have another year at least.Home condition poor.

LIST OF 16 YEar OLD STUDENTS ETC ETC.

NO.	NAME.	AGE	REASON FOR RETURN ETC ETC.
788	Frank Venn.	I6	This boy shows slow improvement.He is backward.Home conditions very poor.Ought to have at least another year at School. He takesNavigation.Health none too good.
709	Adolphus Marks,	I6	Shows general improvement. Came in late and with little previous schooling.Was a "Problem"boy back in Massett,and was sent to School by Mr Gillette to get him out of a bad environment.Is good at Navigation,Manual Training and Motor Mechanics. Has made good during his stay.He has a very poor home,and ought to be in School at least another year.This next year,I would say,would be the critical one for him,and I would very much dislike seeing him go back to the old environment without more time here.
802	Philip Louie,	I7	In High School,Grade IO and a good student.Ought to have a chance to go on in Grade II if he wishes.
811	Donald Elliott,	I8	In Grade 9 High School,slow but gets there.Ought to have at least another year at school if successful.
321	William Stephens,	I6	Very progressive,good at music and drawing; interested in Manuel Training,Motor Mechanis and Navigation.Would like very much to have this boy for another year. He is a half breed,but lives the Indian mode of life entirely.Has only made a beginning at what I believe will be a really fine preparation for later life.
823	Norman George,	I8	Bright student in first year High School.Ought to have a chance to go on if he is successful this year. He is much interested in Navigation and Motor Mechanics.

GIRLS I6 and over.

0346	Marjorie Underwood,	I7	Discharge applied for and granted this last quarter.
0361	Josephine Williams,	I6	Just discharged the beginning of this year from our Rest Cure.Ought to be under oversight for another year. Is a willing pupil and has made fair progress.
0417	Rita Brown,	I6	Absent this year without leave.Ought to return to graduate,if room for her next Fall.

LIST OF 16 YEAR OLD PUPILS, Etc ETC. (4)

NO.	NAME.	AGE	REASON FOR RETURN ETC.
0426.	Evelyn Williams,	I6	Making good progress this year in Class Room and especially in Home Economics. Ought to have another year with emphasis on these subjects
0432	Katie Moon,	I6	This girl's mother is dead. She lives with her grandmother and grandfather who are not a very good type. She is doing well, makes slow progress, is willing. Another year will help her greatly.
Laura Lewis 0437		I6	This is another Cape Mudge girl. Her parents wish her to have another year. She is the type that needs to be steadied a bit before leaving the School. She is in Grade 8 and may wish to take High School work. She is bright and eager.
0444	Jean Walker,	I6	One of our brightest students. Her I. Q. is high. Her mother has no established home to offer her. She is in Grade 8 and ought to return for either High School work, or more advanced course in Home Economics etc.
0447	Emma Bolton	I6	Absent without leave. Ought to return to Graduate if room for her next Fall. She stayed out owing to financial loss through poor fishing.
0479	Katheleen McMillan, Dead	I7	Will apply for discharge this Quarter
0485	Caroline Wilson,	I6	Stayed home because of financial shortage. Ought to return to Graduate Will discharge her if she does not come back next term.
0497	Vesta Matthews,	I6	Vesta has done better work this year than for some time. Seems to be taking more interest. Will get more out of her course for another year and ought to remain.
0502	Josephine Wilson,	I6	Is in Grade 8 this year, and may want to take High School. Health none too good, but home conditions poor. Has brother and sister at home, very ill with T.B. Ought to be allowed another year at School.
0506	Mrytle Kelly,	I8	In Grade II, High School. One of our best students. Ought to be allowed to take Grade I2 next year if she wishes. Has taken good marks in all examinations this year.
0524	Dora Modeste,	I8	Will ask for discharge unless this girl reports next Fall.
0549	Dolly Dick.	I6	A most dependable pupil, not extra clever in Class Room, but a girl who makes steady progress. Good in Home Economics, Home Nursing, and Music. Ought to have one more year.

0515	Annie Hunt, 15	Bella Bella, B.C.	No reason.
0522	Lavina White 14	Massett, B.C.	No Reason.
0550	Helen Douglas 16	Hartley bay, B.C.	Poor fishing.
0592	Verna Price, 15	Cape Mudge, B.C.	Sickness in family.

There are other children who have remained away, but the above are those of 15 years and over. I would like to be able, as stated in my letter, to secure the help of the Indian Agent should they stay away another year. If the School were to be full, as I trust it may, then of course all such children would have to go on the waiting list, or be discharged.
Some forty children remained away, most of them without permission, and it was this which caused the financial difficulty which we face just now. In addition, I graduated 29 pupils. By diligent recruiting, I have been able to get a goodly number of new pupils, but we are still short of the number we need in order to pay expenses.
Any consideration the Department may be able to extend will be much appreciated.

Signed: R.C. Scott

The Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ontario

Dear Sir:

Replying to your letter of April 20, File No. 1-'-F, I beg to enclose herewith application forms for No. 0575 - Peter Colin and No. 81, Jacob Grant. In the poor form of this latter application. It was made out by the missionary R.L McConnell at Alert Bay and corrected by Mr. Fougner, Indian Agent, who put in the full name of the boy, Jacob William and corrected the age from nine to eleven, and inserted the birthday. I had very great difficulty in securing this application. The parents sent the boy to school in the beginning of the year and then seemed to be on the move so constantly that the missionary was not able to get in touch with them until quite recently. September 10 was the date the boy entered school. There is only one mail a month to Alert Bay, thus a two months delay at the start of things.

I am also enclosing a list of names of sixteen young people and children who are in attendance and upon our rolls here at this school. I have given my reasons why I feel it would be wise to allow these children at least another year at this school. I would also like to get it for the school year. I would personally like to see them quite large. I feel that we are giving more practical value. I feel that we are [illegible] I will benefit largely [illegible]. I would like authority

I am also enclosing a list of names of children who are entered for school next Fall, but I hope to [illegible] school with [illegible] necessary to [illegible] but I would like to try to see all [illegible] be able to [illegible] to school, if [illegible]

OFFICE OF
INDIAN AGENT

DEPT. OF INDIAN AFFAIRS
MAY 27 1936
RECORDS

File No.1-8-B.

NEW WESTMINSTER, B.C.
May 23rd, 1936.

SIR,-

With reference to your letter dated the 14th of April, File No.153-0-10, and having reference to the March Quarter Return of the Coqualeetza Indian Residential School.

I beg to forward you herewith, a communication from the Reverend Principal, addressed to the Deputy Superintendent General, together with a list of pupils over sixteen years of age and his remarks connected therewith.

A further list of pupils absent from the School without permission, giving their Reserves, and the reason for their absence, is also attached.

You will note that the Reverend Principal would like to secure the co-operation of the various Indian Agents concerned, in order to have them return to School.

Application for admission in connection with Rena Bolin, No.0595, of the New Westminster Agency, and Jacob Grant of the Bella Coola Agency, are attached hereto.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

ENCLS.

153-0-10.

Ottawa, May 25th, 1936.

Dear Sir:

The Department is in receipt of your letter of the 23rd instant, enclosing letter of the 12th instant from the Principal of the Coqualeetza Indian Residential School. You may inform him that the admission of Rena Bolin and Jacob William Grant is approved.

The Department appreciates the financial difficulties of the Coqualeetza School, due to the fact that a number of children did not return after holidays last year. However, it must be kept in mind that the Indian Act provides that children over sixteen years of age can only remain in residential schools with our permission. When children have reached the age of sixteen or close to that age, and are allowed home on holidays and do not return, the Department considers it inadvisable to take any steps to force them to return. With this in mind, you should inform the Principal that the following pupils should be considered discharged from the Coqualeetza Residential School, and their names should not appear on future returns:

No. 631 - Eddie Nelson
" 672 - Cecil Tait
" 683 - James Amos
" 700 - Bennie Roberts
" 702 - Clarence Yeltadzie
" 710 - Arthur Stewart
" 804 - Teddy Robinson
No. 0397 - Lizzie Woods
" 0417 - Rita Brown
" 0447 - Emma Bolton
" 0478 - Minnie Lewis
" 0485 - Caroline Wilson
" 0515 - Annie Hunt
" 0550 - Helen Douglas
" 0592 - Verna Price.

The respective agents are being written regarding pupils Nos. 695, 755, 774, 780, 787 and 0522, with a view to ascertaining if it is possible to have these children return to the Coqualeetza Residential School for the academic year 1936-37.

The list of pupils at present in the school who are sixteen years of age and over, and whom the Principal wishes to retain for another year, has been very carefully considered. It is realized that in some cases there are very special reasons why certain children should be retained but, at the same time, in the case of pupils of eighteen years of age and over, unless there are exceptional circumstances, the Department considers it is not in the best interests of all parties concerned to keep them at school. They are really adults, and if, through force of circumstance, they have not obtained higher standing by the time they have reached eighteen or nineteen, our experience shows that in the majority of cases there is no great benefit obtained by keeping them longer at school. In considering the lists submitted by the Reverend Principal, the Department has endeavoured to be as fair as possible, both to the pupils concerned and to the

A. O'N. Daunt, Esq.,
Indian Agent,
New Westminster, B.C.

POOR COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Coqualeetza School, as well as recognizing our own responsibility in the expenditure of public funds. Our decision regarding this list is as follows:

(1) The undermentioned should be discharged as from June 30, 1936:

No. 563 - Allan Young
" 593 - Walter C. Joe
" 636 - John Wilson
" 710 - Arthur J. Stewart
No. 723 - Willis White
" 0346 - Marjorie Underwood
" 0479 - Kathleen McMillan
" 0524 - Dora Modeste
" 0567 - Jean Little.

(2) The following may remain in the school for another year:

No. 515 - Frank Calder
" 558 - Philip Watson
" 570 - Franzen Stokan
" 606 - Philip Clarke
" 616 - Elmer Dick
" 633 - Donald Gladstone
" 637 - Vernon Jones
" 652 - Sidney Wilson
" 681 - Wilfred Sam
" 684 - Gordon Angus
" 692 - Eddie Underwood
" 716 - Harry Amos
" 736 - Elmer Greene
" 747 - Alec Stevens
" 758 - Gordon Robinson
" 777 - Chas. P. Wilson
" 786 - Benjamin Tait
" 788 - Frank Venn
No. 799 - Adolphus Marks
" 802 - Philip Louie
" 821 - William Stephens
" 0361 - Josephine Williams
" 0417 - Rita Brown
" 0426 - Evelyn Williams
" 0432 - Katie Moon
" 0437 - Laura Lewis
" 0444 - Jean Walker
" 0447 - Emma Bolton
" 0485 - Caroline Wilson
" 0497 - Vesta Matthews
" 0502 - Josephine Wilson
" 0506 - Myrtle Kelly
" 0549 - Dolly Dick
" 0550 - Helen Douglas
" 0579 - Emily Wilson.

With regard to those pupils mentioned above for whom permission is being granted to remain for another year, the Department considers that we should not be responsible for their expenses in going on holidays. Such pupils should either be retained in the school during the holiday period or the Principal, to ensure their return, should obtain from the parents the return fare of each of them. Our experience shows that, while principals or others interested may consider that pupils of sixteen years of age and over should remain in school for a longer period, when such pupils are allowed home it is extremely difficult, in many cases, to have them returned.

For your convenience, I enclose an extra copy of this letter which you may forward to Rev. Mr. Scott.

Yours truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

Ottawa, June 20, 1936.

Dear Sir,-

I have your letter of the 15th instant, with reference to the application for the admission of three Peterson children to the Coqualeetza Indian Residential School. The information contained in your letter has been carefully considered and it is, also, noted from the application forms that the medical examiner states that each of these children has active tuberculosis.

The Department is not prepared to approve their admission to the Coqualeetza Residential School.

Yours truly,

J. D. Sutherland.

Prince Rupert B.C.
June 11th 1936

Sir:-

I beg to acknowledge receipt of your letter of May 28th last. with reference to Heber Clifton and Douglas Vern who did not return to the Coqualeetza School at the expiry of their holidays last fall.

In this connection, I would state that had the matter been reported by the Principal of the school to this office at the time, steps would have been taken for their immediate return.

However, I shall get into touch with the parents as soon as possible and arrange for their return unless there is some valid reason why they should not do so.

Your obedient servant,

H. M. Jamieson

Indian Agent

Ottawa, May 29th, 1936.

Dear Sir:

In writing you yesterday, the Department did not mention the following pupils:

43 - No. 542 - Moses Leeson, 21 years of age,
58 " 676 - Chris. Matthews, 18 years of age,
D-43 " 811 - Donald Elliott, 18 years of age,
D-43 " 823 - Norman George, 18 years of age.

These pupils have reached an age where it is very difficult for the Department to consider allowing them to remain longer in the Coqualeetza School. The Principal's report shows that Donald Elliott would only be in Grade 10 next year, and Norman George is just completing his first year high school work. Chris. Matthews is stated to be in Grade 10. The reason for wishing Moses Leeson to remain is that he may complete Grade 12.

Unless these pupils have the intention of making practical use, along academic lines, of the education they are receiving, the Department does not see any necessity for returning them to the school simply that they may attend another year at high school.

I should appreciate if you would personally discuss the status of these four pupils with the Principal and advise me what action you consider it is best to take in their regard.

Yours truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

Dear Sir:

The Department is informed by the Principal of the Coqualeetza Residential School that Heber Maitland, No. 755, of Kitimaat, and Jerry Starr, No. 760, of Klemtu, did not return to the Coqualeetza School at the expiry of their holidays in the Fall of 1935.

If these boys are in good health, it is considered that it would be in their best interests to return to Coqualeetza after the holidays this year. If you know of any reason why they should not return please advise me at once. Otherwise, you should make the necessary arrangements to send them to Coqualeetza when the school reopens after the summer holidays. In this event, payment of their transportation will be made on receipt from you of a properly certified account in triplicate.

Yours truly,

J. D. Sutherland,

EXTRACT FROM REPORT OF MR. INSPECTOR BARRY
ON HIS INSPECTION OF THE SKIDEGATE INDIAN DAY SCHOOL.
(Date of Inspection May 29/36)

Original on File No. 157-11-6

Miss Phillips gave me the names of the following children whom she understands it is intended to send to residential school if the Department will permit. The remarks are the result of either my own observation or of the teacher's record.

Della Green - Age 12. Grade 4. Very good in Tests set at inspection. She would be a great success in a residential school, and could take Entrance Test in another three or four years at Coqualeetza. Mr Green is the Secretary of the Indian Council and wishes to send two other children with Della I am informed. I did not see these or if I did I have no special notes about them. They come from a good home.

Velma Pearson - Age 11. Grade 3. Very poor in Tests set at my inspection. Very poor pupil for a residential school. I understand that her parents also wish to send Velma's brother, who is I am informed somewhat deformed and unable to stand straight. There is I understand T.B. History in this family and I doubt the children could pass the medical test or that they should go if they could.

Kenneth Jones - Age 8,
Stanley Jones - Age 7. In this case the mother is dead and these children live with their grandmother. They might well be sent to Coqualeetza if they can pass the medical test.

Pauline Jones - Age 9. Others in this family have been to Coqualeetza. Pauline is reported by teacher to be a good student. There is no special reason for this child to go to residential school outside the fact that others in the family have been there. I would not object to her going myself.

I hope that the above information will indicate just the type of children who are seeking admission in the Indian residential school from this village. It will be noted that Pauline Jones is not a relation of Kenneth and Stanley Jones. The whole of the above with the exception of the Pearson children might be allowed to go to Coqualeetza this next September as there are at least eight new Beginners ready for admission to this day school next term. I am, however, that the day school here be permitted to grow to two full time Divisions as soon as possible.

June 24th, 1936

Sir,-

Replying to your letter No. 153-0-10 of May 28th, I may say that I interviewed the parents of Heber Maitland and of Jerry Starr, regarding the matter of the boys not returning to Coqualeetza School in the fall of 1935. I am assured by the parents of Heber Maitland of Kitimaat that he will return to the school in September next, but it is doubtful if Jerry Starr will do so. The only excuse the parents have was that the boy was not well. However, he will be examined when the doctor next visits the Reserve.

BRANCH

DEPARTMENT OF INDIAN AFFAIRS
AGENCY

NEW WESTMINSTER, B.C.
July 13th, 1936.

File No.2-8-B.

SIR:-

I beg to forward you herewith, the School Return for the Quarter ended June 30th, 1936, received from Reverend R.C. Scott, Principal of Coqualeetza Indian Residential School.

On checking this return and having in mind your letter dated May 28th, Departmental File No.153-C-10, I found numerous discrepancies, so returned the report to the Reverend Principal. It has now come back with the attached letter of explanation, so I am sending it to you for your consideration.

It appears to me that the best way of handling this School is to have a definite ruling, that, when pupils are absent for an entire quarter, they should automotically be shown discharged, as from the end of that quarter. Without some such drastic and definite ruling, the School is liable to increase its slackness in regard to such matters, so the sooner they are brought into line the better.

I shall be glad to receive your definite instructions in the matter at your early convenience.

Your obedient servant,

A.J.N. Daunt.
Indian Agent.

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

INDIAN OFFICE
NEW WESTMINSTER
JULY 13 1936

July 11th, 1936.

Mr A.O'N.Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr Daunt:

I beg to acknowledge receipt of your statment regarding the Blue Sheets which I have just sent you, in which you point out that I have not followed the instructions of the Department regarding discharges as set forth in their letter of May 28th last, a copy of which you had sent forward to me.
In reply I beg to say that I have asked for more discharges than the Department has asked for in Paragraph (I) of that letter, and have included most of those asked for there.
With regard to the first list of pupils, of whom the letter says "Their names should not appear on future returns", I beg to point out that on Page 2, Paragraph (2) the Department authorizes at least four of these same pupils to remain in School for another year.
This being so, and in view of the fact that it is quite impossible for me to advise the pupils involved, that they will not be allowed to return, and seeing I have already letters telling me that several of them are planning to come back, it seemed unwise to ask for the discharge of any but those whom I have set down on the Discharge Sheet which accompanies the returns.
I note that the Department says that any who may return could be re-admitted, but my experience with regard to allowing pupils to come to School and then trying to secure the Admission Forms, has shown the great difficulties involved. The children come to School, and the parents, in most cases, go off to their trap lines or to places where they put up their winter supply of fish, and it is months before I can get the necessary forms. In one such case, that of Henry Pahl, I have been unable for the past year to get the required forms.
In view of these facts, and especially as the per capita grant is in volved in only one case- that of Allan Young, I would greatly appreciate it if the Department would allow the returns for this Quarter (June) to stand, with the distinct understanding that all the names set forth in their letter of May 28th will be put upon the Discharge sheet for the September Quarter, thus clearing up the whole matter without the chance of complications arising from any of them returning as is almost certain at the present moment. All who do not return should certainly be struck off the Roll, and I shall undertake to see that this is done. I am quite in agreement with the desire of the Department to have the names of all these pupils taken off, if they do not return in September next.
With regard to Allan Young, the only name which involves the Per Capita earnings, he has been in residence all the past School year and in harmony with the practice of the Department's usage, I would appreciate it if his name might remain until the September Quarter returns go in, and we might receive the Per Capita grant for the 43 days allowed for holidays in the usual way.
I would be glad if you would acquaint the Department with the information contained in this letter, and trust that they will be agreeable to my request.
Thanking you in anticipation, I am,

Yours sincerely,
R C Scott
PRINCIPAL.

153-0-10.

Ottawa, July 13, 1936.

Dear Sir:

With reference to your letter of the 3rd instant, you may inform the Principal of the Coqualeetza Indian Residential School that the Department will allow an amount not exceeding $400 towards the travelling expenses of pupils at that school this year. This amount is intended to cover the transportation of pupils to and from their homes on holidays, the cost of bringing new pupils to the school and the cost of sending home those pupils who are being discharged.

Transport requisitions should not be used in paying travelling expenses of pupils. Such expenses should be paid in cash and receipts attached to your vouchers.

Yours truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

OFFICE OF
INDIAN AGE[illegible]

203-6 Roge[illegible]
Vancouver, B. C.
July 6th [illegible]

Sir:

re: File No.153-0-10.

I beg to acknowledge receipt of your letter of the 20th instant regarding the Petersen children.

While it is true that the medical report showed active tuberculosis, this does not mean that they are infective. They were particularly closely examined and found to be above the average in health. I have referred your letter to Dr.McQuarrie at the instance of the Reverend Principal and he will no doubt write you direct from the medical point of view. The Reverend Principal says that the children are being taken care of by the School, and he would like to accept them as pupils.

If, however, you finally decide that they cannot be admitted to the School, I do not know what can be done with them. Their mother, an Indian woman, has died, and there is no orphanage or other institution to which they can be sent. Their father, a white man, is a fisherman, and is in the northern waters; he could not take the children with him even if we were able to locate him.

I hope after you have received Dr.McQuarrie's report, you will be able to reconsider your decision in this matter.

I have the honour to be,
Sir,
Your obedient servant,

Fred J.C. Ball

2-8-B.

Ottawa, July 20, 1936.

Dear Sir:

The Department is in receipt of your letter of the 13th instant, enclosing the June quarter return of the Coqualeetza Residential School.

In view of the information contained in the Principal's letter of July 11th, it has been decided to accept the June quarter return, with the distinct understanding that all pupils whose names were mentioned in official letter of May 28th, and who have not returned to the school by the time the September quarter return is being prepared, shall be included on the discharge sheet for the September quarter.

Please inform the Principal that, in future, in the case of any pupil who is absent from the school for three months, his or her name should be struck off the return and included on the discharge sheet.

In the case of re-admissions to the school, it is not necessary to secure new application forms. The only information the Department requires, when it is desired to re-admit a pupil who has been formerly attending the Coqualeetza School, is that application for such re-admission should be made to the Department by the proper Indian Agent, and assurance, by a medical certificate, that the pupil for whose re-admission application is being made is in good health.

It is noted that the June quarter return contains the names of three Peterson children, who come from the Vancouver agency. The application forms submitted for these children showed that the medical examiner considered each of them has active tuberculosis. Mr. Agent Ball was informed, in official letter of June 20th, last, the Department was not prepared to approve their admission to the Coqualeetza School. Please request the Principal to have these children re-examined at once, and, if they have active tuberculosis, they should be returned to their grandfather, who resides on the Capilano reserve.

Yours truly,

T. R. L. MacInnes,
Acting Secretary.

Dear Dr. McQuarrie:-

I am enclosing herewith copy of a letter received from the Department on the subject of the Petersen (Mary Matthias Joe) children, which is self-explanatory.

Mr. Ball replied to the Department and stated that he was asking you to make a report, from the medical point of view, direct to them, but in the rush before his departure, he omitted to dictate a letter to you.

If these children are returned to the Reserve, there is no one to look after them properly and they just run wild, whereas at the School, they are getting on very well, and Capt. Scott says he wwould like them to stay.

Yours very truly,

(Sgd.) Doreen Heelas

CANADA

OFFICE OF
INDIAN AGENT

File No.400-7-15.

NEW WESTMINSTER, B.C.
July 11th, 1936.

Departmental File No.153-0-10.

SIR:-

I beg to forward you herewith, copy of communication received from the Office of Mr. Indian Agent Ball, Vancouver Agency, and also one from the Education Branch of the Department, in connection with the illegitimate children of Mary Mathias Joe, deceased, a Squamish Indian woman, who resided on the Capilano Indian Reserve.

Prior to relinquishing the position of Medical Superintendent of the Vancouver Health Unit, I arranged to have these three children clinically examined and X-Rayed at the Vancouver Chest Clinic, as I was informed that an application was being submitted to the Department to have them admitted to the Coqualeetza Indian Residential School at Sardis. I heard nothing more about them until I was informed that they had been in Coqualeetza School for two months, but not in the Preventorium.

Following the receipt of this information, I instructed the Reverend Principal that they were to be immediately removed from the student body and admitted to the Preventorium. Now I find that the Department will not sanction their admission to the School in any event.

Mr. J.D. Sutherland, Acting Superintendent of Indian Education, has apparently been misinformed about the health of these three children. None of them have active pulmonary tuberculosis disease of the infectious type. One child is entirely free of the disease, while the second has "type F" and the third "type G", neither of which are to be classified as "open" cases. From a medical standpoint all three of them are fit subjects for admission to Coqualeetza Indian Residential School.

I am not particularly interested in anything but the medical end of this problem, but I am interested in keeping the main student body of this School tuberculosis-free.

I feel that if our efforts along these lines are going to be successful, there must be the fullest co-operation between the School, the Indian Agent and myself, in connection with the admission of suspected children such as these to Coqualeetza or any other School, which we are trying to keep free of tuberculosis. Two of these children are potential spreaders and since their admission the disease may have made such progress as to render them a source of danger to the whole student body. I cannot understand why Mr. Indian Agent Ball did not consult me before these children were sent to Coqualeetza Residential School.

Your obedient servant,

A.L. McQuarrie, M.D.
Assistant Director of Medical Services for B.C.

REV. R.C. SCOTT, B.A.
Principal

Phones
SCHOOL ---CHILLIWACK 1602
RESIDENCE -CHILLIWACK 1607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

The Secretary,
Department of Indian Affairs,
Ottawa, Canada.

August 29th, 1936.

Dear Sirs:

I am in receipt of a letter from Mrs Burnin of Kitimaat Girls'N Home, saying that she had recommended the transfer of three girls to Coqualeetza, namely:
Hannah Morrison, Amelia Gray, Lilian Hall.

I have also a letter from Mr Indian Agent Gillette, of Bella Coola, saying that he had recommended these transfers.
I am really at Butedale at the moment, and have been approached by the parents of these girls asking me to take them along with pupils leaving here today.
I am very anxious to have these pupils from Kitimaat Home, and feel that we can make it very much worth while in their interest at Coqualeetza. We are more and more prepared to give them practical training, and the contact with the larger consitiuency of a school like Coqualeetza is in itself calculated to be helpful. Emily Wilson, who came to us under transfer from Kitimaat Girls' Home last year, has done very well indeed and I would greatly appreciate it, if the Department could see its way to authorize the transfer of the above three pupils.
Hoping for a favorable reply in the near future as there is only one boat a month in to Kitimaat, and I have refused to allow these girls to come until I have the consent of the Department, I am

Yours sincerely,
R. C. Scott.

RCS/ PRINCIPAL.

P.S. The next boat in to Kitimaat is about the 26th of September.

Ottawa, August 4, 1936.

Dear Sir:

With reference to your letter of the 23rd ultimo, the Department approves the transfer of Abel Paul, Allan Hall, Gilbert Smith, Hannah Morrison and Amelia Gray from the Kitamaat School to the Coqualeetza Indian Residential School, provided there is no objection on the part of the parents.

Regarding their transportation, the Department has advised the Principal of the Coqualeetza School in connection with the amount allowed for transportation of pupils to and from the Coqualeetza School this year. You should therefore make application to him for the funds required for the above mentioned children's travelling expenses to Coqualeetza.

Yours truly,

Philip Phelan,

July 23rd, 1936

DEPT. OF INDIAN AFFAIRS
JUL 31 1936
RECORDS

Sir,-

The principal of the Residential School at Kitimat has asked that Abel Paul, Allan Hall and Gilbert Smith be transferred to Coqualeetza School. The Residential School at Kitimat does not keep boys after they have reached the age of eleven years.

The Principal has also asked if the Department would approve of sending Hannah Morrison and Amelia Gray to Coqualeetza. These girls are each 14 years of age. The Principal recommends that these be given further training at coqualeetza, as they are promising pupils. I notice also that Captain Barry also recommends that they be sent to Coqualeetza.

I understand from Rev. Mr.Scott that there is room for all of the above children at Coqualeetza School, and I would recommend that they be allowed to go there.

There is nothing in the letters I have received from Kitimat, as to who will pay the fares for these children. If the parents are unable to meet this expense, would the Department provide transportation, if approval is given for their transfer.

Your obedient servant,

J. Gillett

Ottawa, July 30th, 1936.

Dear Mr. Hanson,-

In the absence of Doctor McGill, the Deputy Superintendent General, I desire to acknowledge receipt of your letter of the 21st instant, enclosing letter received by you from Chief Councillor William Matthews of Massett.

Owing to lack of funds, the Department is unable to provide the amount that would be required to permit Indian residential schools to pay transportation costs of children whose homes are located at a considerable distance, in order to allow them home for holidays. Under these circumstances, it is not possible to consider authorizing the Coqualeetza Indian Residential School to send home for holidays the children attending that school from the Massett Reserve. For your information, I may add that, during the holiday period, those children who remain at the Coqualeetza School are taken to a summer camp located on the ocean.

Yours very truly,

Acting Deputy Superintendent General.

Mr Olaf Hanson, M.P.
Ottawa Canada

Massett, Reserve B.C
June 25th 1936

Dear Sir:-

Your letter of May 28th received, We are very glad to know you were successful in securing some money for repairing our wharfe. In a way we are helpless, we have no voice to demand our rights, that is why the Massett people appreciate your consideration, we are one and all very gratefull, let us hope we may have a chance to show you how much we value your help.

Our Indian Agent, Mr Gillet, was transfered to Bella Coola, now we have no one here to look after the interest of the people, we have several very important matters to be attended to right now, we hope you would take time to look into this at once.

We have some Children in Coqualeetza Residential School, Sardis B.C and "Alert Bay "we have been unable to get our children to come home for for their Holidays the last two Summers, it is a hardship and great burden on all our poor people, when we have to pay for their transportation to and from the School, it cost [illegible] for one child eighty dollars for two children, now eighty dollars will buy enough grub for [illegible] wife and four children to last them allthrough the winter, We appeal to you to ask the authorities to enforce the provision laid down in the Indian Act, which reads

"[illegible] provide for the transport of Indian Children to and from the Boarding or Industrial Schools [illegible] which [illegible] transportation to and from such schools for the usual vacation."

We have some others matters to put before you at a later date

With [illegible], I remain

Respectfully

Chief Councillor

Wm Matthews

Copy sent to Dr. McQuarrie

July 24th, 1934.

Dear Sir:

It is desired to refer to the problem of the three Peterson children who have been in the Coqualeetza Indian Residential School but who were directed not to be formally admitted to that institution. In this connection, I wish to refer for your convenience to the Department's letters 8-88 of July 20th, July 6th, and June 20th. Doctor McQuarrie has reported on their medical examination to the effect that none of them have active pulmonary Tuberculosis in a communicable form.

The matter seems to have become somewhat involved, and I think the best way of dealing with it is to lay down two principles which the Department would like to have followed.

1. That the Department cannot authorize the admission to Residential Schools of children who are not recognized as Indians. On this point it may be said that if the father has definitely abandoned them the Department might consider a recommendation for their admission to the Band whether entitled to interest distribution or otherwise. If the father has not abandoned them, he should provide for their maintenance away from the Reserve. If they are to live on the Reserve, they should be recognized as members of the Indian Community.

F. J. C. Hall Esq.
Indian Agent
203-6 Rogers Bldg.
Vancouver, B. C.

Indian Affairs. (RG 10, Volume 6442, file 880-10, part 1)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

POOR COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

2. That the Department does not wish to have admitted to the Coqualeetza School children who are already subjects for preventorium treatment. Admission to the school involves the Department taking charge of the children for a period of several years, and it does not wish to assume such responsibility for children who are in a doubtful condition from a Tuberculosis standpoint. This may not be entirely feasible at all schools, but it is feasible, and the Department thinks essential, in a school which has been placed under a definite system of Tuberculosis control as Coqualeetza.

It is desired that you will review the situation in the light of these observations. The present direction is that the children should not be in the school, and you should take whatever measures are necessary to remove them from it. The matter can be reconsidered on the basis of your further report before the school opens in the fall.

Yours truly,

T. R. E. MacInnes
Acting Secretary

MP

Headquarters

Sub-Division

Detachment

P. C. R.

1. The above named, Donald GLADSTONE, aged 16 years, and Freda PEAL, aged 10 years, Indian children, arrived in Vancouver at the Union Steamship Docks, by S.S. Catala, at 8.00 P.M. of the 10-9-36 from Namu, B.C., on their way to Coqualeetza Residential School at Sardis, B.C.

2. Donald GLADSTONE informed me that Capt. R. C. Scott, Principal of the Coqualeetza Residential School, was supposed to have met them at the Union Steamship Docks. Capt. R. C. Scott not being there when the Indian children arrived, and not having informed this Office of their expected arrival, the children were left stranded on the Union Steamship Docks till approximately 10.00 P.M. of the 10-9-36, at which time the Ticket Agent at the Union Docks got in touch with the R.C.M.Police at Fairmont Barracks Const. Davidson brought the children to the R.C.M.Police Barracks where they spent the night.

3. On the 11-9-36 I got in touch with Capt. R. C. Scott and he asked me to have the children sent out to the Indian School at Sardis, B.C.

4. These children belong to the Bella Coola Indian Agency. As no arrangements were made for transportation from Vancouver to Sardis, B.C., I purchased tickets at the B.C. Electric Bus Terminal from funds of Donald GLADSTONE which were turned over to me from the Ticket Agent at the Union Docks. Also purchased dinner, breakfast and lunch, informing Capt. R. C. Scott of the fact so that he could refund the amount to the boy on his arrival.

5. At 12.15 P.M. I saw the above children safely depart for Sardis, B.C.

No Expense Incurred.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
IND AN AGENT

203-6 Rogers Bldg.,
Vancouver, B. C.
September 17th 1936.

Sir:

re: File No.153-0-10.

I beg to acknowledge receipt of your letter of the 24th of July regarding the three Petersen children. I discussed this matter personally with Mr.Sutherland last week, and he was of the opinion that the Provincial Child's Welfare Branch should take care of them, but upon taking it up with them today, they say that as Petersen and the mother were not married, the children are Indian. This is in contradiction to the third paragraph of your letter in which you state that the Department cannot authorize the admission to Residential Schools of children who are not recognized as Indians.

There is no possibility of the Squamish Band accepting these children as members, even if it were advisable to do so.

As you are aware, there are many children of this class in Residential Schools in this Province. The reason these children appear to be subjects for preventorium treatment is that the newly appointed Medical Superintendent, Dr. Atkinson, examined these children, and as they were his first cases, went into a great deal of detail in having blood tests and other examinations made through the Provincial Board of Health. Actually, I understand that when he made the examinations, he considered them far above the average of the children who are placed in Residential Schools, and passed by medical officers.

The father, Carl Petersen, is up North and presumably will not return until after the Fall fishing.

The Superintendent of Neglected Children is absent at the present time, but on her return, the matter will be taken up with her, although her office advised me that she had already had this case under consideration and had decided that she could do nothing as these children were the illegitimate offspring of an Indian woman, and therefore outside her jurisdiction.

Would it not be satisfactory to have the opinion of the School Principal and Medical Officer, as to what disposition should be made of these children?

I have the honour to be,
Sir,
Your obedient servant,

B/DH.

Ottawa, September 24, 1936.

Dear Sir:

I have your letter of the 17th instant, in further reference to the case of the three Peterson children, who, it is understood, are still in the Coqualeetza Indian Residential School but whose admission has not been approved, on account of uncertainty as to their status and also on account of the condition of their health.

In this connection I would request that you have the Medical Officer for the School examine these children and report regarding their present state of health. If their health is found to be satisfactory and they would not be a menace to the other pupils of the school, the Department would, in view of all the circumstances in their case, be favourably disposed to approve their admission as regular grant-earning pupils. When you receive the report of the medical officer, please forward same for the Department's consideration. You should state, also, if these children are at present in the Coqualeetza School or if they were returned to their mother's home on the reserve.

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

A.O'N.D. (2)

Of the foregoing pupils, Hannah Morrison, Amelia Gray, Lilian Hall, Rhoda Williams, are pupils transferred from Kitimaat Girls' Home. The first three were approved under Department letter dated Sept. 5th. I have been informed by Mrs Durnin, Matron of Kitimaat Home that the transfer of Rhoda Williams had also been approved, although I have not had offical confirmation.
William Allan Hall, Gilbert Smith, James Abel Paul, came in also as transfers from Kitimaat Girls Home having reached the age of twelve years. Application forms for all these pupils have been received from Kitimaat Girls' Home, and I presume the Department holds the duplicate in each case, so that a new application will not be required. Application forms will follow for all others as soon as possible.
I beg to apply for the discharge of the following pupils, for the reason set forth opposite each name on Form 33:

No 558 Philip Watson,
~~No 563 Allen Young,~~
No 606 Philip Clarke,
No 617 Stanley Modeste,

Mr A.O'N.Daunt,
Indian Agent,
New Westminster, B.C.

October 14th, 1936.

Dear Mr Daunt:

I beg to enclose herewith our Blue Sheets for the September Quarter and trust that you will find them now in order. It has proved impossible to secure the names of the mothers of new pupils in one or two instances, but as the Indian Agent in the Agency has signed the applications, and has not apparently been able to secure the name, it has not been possible for us either.

I beg to make application for the Admission of the following pupils:

No 834 Joseph Nelson,
" 835 Albert Walker,
" 836 Gilbert Smith,
" 837 George Amos,
" 838 Tom Robinson,
" 839 Willie Gus,
" 840 James Alexander,
" 841 Percy Tait,
" 842 James Gosnell,
" 843 Job Paul,
" 844 Earl Williams,
" 845 Thomas H.Pollard,
" 846 Andy Schonner,
" 847 Oscar Snow,
" 848 Donald Snow,
" 849 Peter Snow,
" 850 Peter King,
" 851 Claude Davidson,
" 852 Tommy Arnold,
" 853 Alec Sam,
" 854 Allan Hall,
" 855 Freddie Modeste,
" 856 Wesley Pearson,
" 857 Philip Stevens,
" 858 Billy Stevens,

No. 0601 Ida Modeste,
" 0602 Jean Elliott,

Ottawa, October 28, 1936.

Dear Sir:

In official letter of May 29th the Department referred to four pupils. Included in the recent application for discharge are pupils Nos. 511 and 523, but no mention is made of pupils Nos. 542 and 676. Both of these should be discharged at once, if this has not already been done. Their names are included in the list of those whose discharge is approved, and their names should not appear on future returns.

Yours truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

November 20th, 1936.

SIR:-

With further reference to your letter dated the 28th of May, File No.153-0-10, and my reply dated November 10th, in which I informed you that I had instructed the Reverend R.C. Scott, Principal of Coqualeetza Indian Residential School, to discharge pupil No.542, Moses Leeson.

I have now received the following from Reverend Mr. Scott:-

"With reference to Moses Leeson, I would regret exceedingly if this pupil had to be discharged. He is one of the best we have ever had, and had he been advised earlier would likely have asked for the special courses, upon which he is now engaged. In other words I feel that it would be an injustice to him to have him leave Coqualeetza this year. He is going into his work in Shoe Repairing, Navigation, and Motor Mechanics with fine application. The Department was good enough to allow Allan Young to remain for Shoe Repairing last year, and I am sure it has meant and will mean a good deal to him that he had the opportunity. Moses Leeson is quite as worthy of similar consideration. However, I realize that there must be an end some time to continuing older boys and girls at School, unless for such special reasons, and would greatly appreciate it if the Department would allow me to keep him in school for the remainder of the academic year, even though they feel they could not allow the Per Capita Grant for him. I have several more pupils this year, as we have accommodation for them, even though we are not able to ask for the Grant, and would like to include him in the number. I feel a bit personally responsible to see that he gets a chance for this special training."

Regarding the above, it would appear that plenty

File No.1-8-B.

NEW WESTMINSTER, B.C.
November 10th, 1936.

SIR:-

With reference to your letter dated the 28th of October, File No.153-0-10, in which you direct that Pupils Nos. 542 and 676 of Coqualeetza Indian Residential School, should be discharged at once.

I beg to refer you to your letter dated October 1st, File No.153-0-22, in which Christopher Matthews (No.676) is authorized to attend Chilliwack High School during the Academic year 1936-1937, and that the advanced educational grant of $50.00 will be allowed for him.

I instructed the Reverend R.C. Scott to discharge No.542, Moses Leeson, and am enclosing his reply from which it would appear that he wished to carry him this year in Diesel Engineering. As, however, the Department are not purchasing the demonstration engine for this School, and this boy is twenty-one years of age, I am informing the Reverend Principal that the original order must stand.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

REV. R.C. SCOTT, B.A.
Principal

SCHOOL——CHILLIWACK 4602
RESIDENCE—CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

November 6, 1936

Mr. A.O'N. Daunt,
Indian Agent,
New Westminster, B.C.

INDIAN OFFICE
NEW WESTMINSTER
NOV 9

Dear Mr. Daunt:

This is to acknowledge receipt of your letter containing list of pupils admitted to Coqualeetza last Quarter and also list of pupils discharged at the same time. I am giving attention to those pupils whose application forms and certificates of health as mentioned in your letter are not complete.

Regarding No. 542-Moses Leeson, who is the only remaining pupil of the four suggested for discharge by the Department, I beg to say that I have been waiting until we had something more definite with regard to the Diesel engine which we have asked for before taking up his case with the Department. When I spoke to him of the suggestion from the Department that it might be better for him to discontinue High School work, unless he was preparing for some definite career, for which that work would be a preparation, he told me that he thought it was necessary for him to complete High School before undertaking a course in Diesel engineering. I explained to him that if it was a practical course rather than one in advanced theory, we could give him all he needs here at Coqualeetza. He was quite satisfied to leave High School and said that he would think about taking the course here. Consequently I waited for further word before taking up his case. He came back to School late as he was engaged in Fall fishing, and is here now. He has been one of our very best pupils, thoroughly dependable and has made satisfactory progress in his work. He is very anxious to take Shoe Repairing, for which he seems to have a natural ability, Motor Mechanics, Navigation and Boat Building, and if the Department would allow him to remain for this year, I am sure he would get a lot of practical benefit from his work. He has been for some time on the Shoe Repairing. Mr. Forddred says he is by far the best workman he has had. I am sure that we can give him enough Navigation and Diesel engine instruction to greatly increase his usefulness in the fishing industry, and therefor increase his chances of better financial returns. He would be able to work at the Shoe Repairing in the Winter and as there is no one in his home village doing such work, his spare time in Winter might be profitably employed.

I have been gathering data for an appeal to the Department for assistance in getting equipment for Shoe Repairing and shall be writing shortly about this. I would greatly appreciate it if the Department could see its way clear to allow this pupil to remain for this year. I greatly appreciate the consideration the Department has shown in these cases, and in this instance I am very sure that Leeson would amply justify any such privilege that may be granted him. Hoping that you may see your way clear to recommend it to the Department.

Yours sincerely,
R.C. Scott

December 3, 1936

The Secretary,
Department of Indian Affairs,
Schools Branch,
Ottawa, Canada.

Dear Sir:

I beg to acknowledge receipt of your letter of November 25th over signature of Mr. J.D. Sutherland with regard to the list of pupils sent in by Captain Barry, a copy of which you enclosed with your letter. I beg to say that practically the same list was submitted to you through Mr. Daunt early in May. Not having heard anything I presumed that the Department was willing for these children to remain for this year. I note in your present letter that you are willing that these children, or most of them, should remain until the end of June next. I appreciate the consideration thus given the School. It is very necessary that we maintain our pupilage to the maximum this year in an endeavor to absorb the deficit of last year, owing to diminished pupilage. I can understand the viewpoint of the Department, but would like to say that in many instances these pupils get a good deal more out of their school years from sixteen to eighteen than out of any other two years in the School. I infer in view of the fact that the Department has added equipment for Manual Training, Motor Mechanics, Boat Building and Girl's Handicrafts, that it would be their wish to allow certain students to remain even after they have reached the age of sixteen years. If not, it would seem to take away any meaning from the policy of the past. I am quite in accord with the desires of the Department to make the education of Indian children in Residential Schools as practical as possible, and also to lessen the number of students above sixteen years. At the same time I think a few students who are likely to make use of it, should be allowed High School privileges and that students specially worthy should be allowed extra training along practical lines. These would be cases to be taken up with the Department directly, and I shall try before the end of this School year to bring before you any suggestion I have to make with regard to such pupils for next year. I greatly appreciate your cooperation by issuing

The Secretary,
Department of Indian Affairs,
Schools Branch,
Ottawa, Canada

Dec. 3, 1936

instructions to Indian Agents concerned to assist in recruiting for the School. At the same time I would point out the difficulty that would face them, as it does me, in view of the fact that the Department is placing strong emphasis on Day Schools. For instance, Campbell River has been one of our good villages, but a Day School has recently been built there and I have refrained from recruiting. One or two children have come in fom there this year, but they are from under-privileged homes.

Assuring you of my desire to cooperate and to work with the Department along lines that seem in the best interests to all concerned, I am,

Yours sincerely,

H. McScott

R.C.SCOTT
Principal

Ottawa, November 25, 1936.

Dear Sir,-

The Department is in receipt of your letter of the 20th instant, with further reference to Moses Leeson - pupil No. 542 of the Coqualeetza Indian Residential School.

In official letter of the 19th instant, youraction in instructing the Principal to discharge this boy was approved. However, in view of the contents of Reverend Mr. Scott's letter, the Department now considers that this boy might be allowed to remain at the Coqualeetza Residential School.

It is noted from Mr. Scott's letter that there are more pupils in the school than the number for which grant is allowed. You may, therefore, inform Reverend Mr. Scott that the Department approves of Moses Leeson remaining in the school for a short additional time, in order that he may complete his course but his name should not be included among the regular grant-earning pupils.

Yours truly,

J. D. Sutherland.
Acting Supt. of Indian Education.

A. O'N. Daunt, Esq.,
Indian Agent,
New Westminster, B. C.

153-0-10

Ottawa, November 25, 1936.

Reverend Sir,-

The Department is in receipt of Inspector Barry's report regarding his inspection of the Coqualeetza Indian Residential School on the 12th and 13th instant.

With his report, Inspector Barry forwarded the enclosed list of pupils who are sixteen years of age and over. You are, no doubt, aware of the requirements of the Indian Act, viz., that pupils should not be retained in a residential school after they reach the age of sixteen unless our permission has been obtained. Our files do not indicate that such permission has been requested except in a very few cases.

Mr. Barry is of the opinion, in which the Department concurs, that it should be possible to obtain younger children and, in this regard, I may say that we are prepared to cooperate with you by issuing definite instructions to the Indian Agents concerned to assist you in recruiting for your school.

It is our desire that the pupils whose names are shown on the enclosed list should be discharged from the Coqualeetza School within a reasonable time and, certainly, all of these should be discharged not later than the end of June, 1937. The Department does not wish the pupilage at the Coqualeetza School to be suddenly reduced below the number for which grant is provided but, in writing this letter, we simply wish to point out to you our views in the matter and I feel you will agree that the matter can be handled within the next six or seven months in a manner that will meet with our approval and, at the same time, will not effect the finances of the Coqualeetza Residential School.

On the suggestion of Inspector Barry, I enclose copy of circular letter with reference to fire drill.

Yours truly,

J. D. Sutherland.
Acting Supt. of Indian Education.

15-3-0-10

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

File No.2-8-3.

NEW WESTMINSTER, B.C.
January 8th, 1937.

SIR:-

I beg to forward you herewith, School Report received from Reverend R.C. Scott, Principal of Coqualeetza Indian Residential School, for the Quarter ended December 31st, 1936.

In this Return you will note that there are included Pupils Nos.0492, Ivy Smith and 0534, Dorothy Smith, who were discharged in the September Quarter for unauthorized absence. These girls reported to the School in November and were taken on again by the Reverend Principal, so I have made a note to that effect in Form No.33.

Pupils Nos.0493, Lily George, 0563, Dorothy Billy and 0566, Violet Reid are shown for the second consecutive quarter as absent without authority. I drew the attention of the Reverend Principal to this, as according to the regulations they should be discharged, but he tells me that he is hoping to get them back shortly and requests permission to keep them on the roll.

I am also forwarding you herewith, the following applications for admission, in connection with pupils shown as joining the School in the September Quarter:-

No. 838- Thomas Robinson.	0603- Elizabeth Tait.
No. 841- Percy Tait	0604- Helen Nelson
No. 840- James Alexander.	0606- Phyllis Moore
No. 842- James Gosnell.	0619- Della Greene
No. 850- Peter King	0620- Pauline Greene
No. 856- Wesley Pearson	0621- Velma Pearson
No. 860- Victor Adams	0625- Vina Woods.

There are a number of other pupils from that Quarter whose applications have not come through this office, but as they all belong to Northern Agencies, it is possible that they have been sent to you direct. Should this not be the case, I will take the matter up with the Reverend Principal.

You will understand that it is very difficult for me to get a check on admissions to this School, as practically all the pupils come from points far outside this Agency.

Your obedient servant,

H.O'N. Daunt.
Indian Agent.

ENCLS.

Ottawa, January 20, 1937.

Dear Sir:

With reference to your letter of the 6th instant, enclosing the December quarter return of the Coqualeetza Residential School, you may inform the Principal that the admission of the following children is approved:

Thomas Robinson	Elisabeth Tait
Percy Tait	Helen Nelson
James Alexander	Phyllis Moore
James Gosnell	Della Greene
Peter King	Pauline Greene
Wesley Pearson	Velma Pearson
Victor Adams	Vina Woods.

You may also inform him that no applications or certificates of health have yet been received for the following:

No. 837	No. 0601
" 843	" 0602
" 851	" 0605
" 852	" 0607
" 853	" 0608
" 857	" 0611
" 858	" 0612
" 859	" 0613
	" 0618
	" 0623
	" 0624
	" 0626.

Please request Dr. Scott to obtain the necessary application forms for the above.

The undermentioned children were shown on the September quarter return but do not appear on the December quarter return, although no application has been received for their discharge:

File

March 10, 1937

The Secretary,
Indian Affairs Branch,
Dept. Mines and Resources,
Ottawa, Canada

Dear Sir:

This will acknowledge receipt of your letter of February 26th, File 153-0-10, with regard to Max and Jean Elliott, pupils at Coqualeetza School. I appreciate very much the fact that these children are being allowed to stay until the end of June. At the same time I wish it were possible for their cases to be reconsidered. They are certainly Indian children for all intents and purposes, living the Indian mode of life in a village where there is no Day School. Their parents are Indians. Even though the father is not recognized as an Indian he is living all the time on an Indian Reserve.

So far as our pupilage is concerned, if the Department insists on the graduation of all our sixteen year old pupils, it means almost a twenty percent exodus of our present enrolment. When you add to these the number who will remain out for the usual causes, I can foresee difficulty in filling the School another year. However, I am concerned for the future of these children, and if it were possible, would appreciate very much the reconsideration of their cases. I shall be glad to cooperate with the Department in every way.

Yours sincerely,

R.C. Scott

Ottawa, February 26, 1937.

Rev. Sir:

The Department is in receipt of your letter of the 17th instant, with reference to Jean Elliott.

From the information given in your letter it is not considered that this girl is a ward of this Department. You refer to her brother, Max Elliott, who is at present a pupil at the Coqualeetza School. He was sent to Coqualeetza in 1933, but on reviewing our files, it is found that no application was ever submitted for our approval.

Both Max and Jean Elliott may remain at Coqualeetza until the end of June. At the end of that time, however, they should be returned to their parents. It is felt that there should be no great difficulty in securing a sufficient number of recognized Indian children to keep the Coqualeetza School at full strength.

Yours truly,

T. R. L. MacInnes,
Secretary.

RECEIVED
Indian Affairs Branch
FEB 24 1937

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada

Dear Sir:

I beg to bring before you the case of Jean Elliott, daughter of John Elliott of Ladysmith. This man is for all intents and purposes an Indian. He lives the Indian mode of life and claims to have been received as a member of the Chemainus Indian Band, to which his wife belongs. I have taken this matter up with Mr. Indian Agent Graham of Duncan, and he informs me that Elliott was not accepted by the Department as a member of that band.

Last Summer when I was visiting the Indian fishing camp at Cape Mudge, Mrs. Elliott asked to have their little girl received at School. There was nothing in the circumstances or the appearance of this man to indicate that he was anything but an Indian, consequently I received the girl and she has been here at School since September. Seeing that there is no Day School at Ladysmith, and her brother Max Elliott, No.773 has been at this School for the last three years, I would appreciate it very much if the Department would agree to this girl being received as a grant earning pupil at Coqualeetza. Mr. Graham is quite willing, but simply waits for the permission of the Department as is usual in such cases.

Thanking you in anticipation I am,

Yours sincerely,
J. R. Scott

Dear Sir,-

I have your letter of the 12th instant, enclosing a return requesting the discharge of three pupils from the Coqualeetza Indian Residential School and, in reply, to inform you that the discharge of the following is approved:-

No. 0544 - Mary J. George
" 0545 - Isabel George
" 0546 - Mary V. Silliscemult

It is noted that the Principal is endeavouring to obtain the applications and certificates of health for the admission of the children referred to in official letter of January 20, last. It is hoped that he will be able to forward these with his March quarter returns.

Yours truly,

Philip Phelan.
Chief, Training Division.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

File No.1-6-1.

NEW WESTMINSTER, B.C.:--
February 12th, 1937.

SIR:-

In reply to your letter dated the 20th ultimo, File No.153-0-10, I beg to forward you herewith, Form No.33, for addition to the September Quarterly Report, applying for the discharge of the three pupils, No.0-544, Mary J. George, No.0-545, Isabel George and No.0-546, Mary V. Sillaseemult.

These pupils were absent from the School at that time, and as under the regulations they were not carried on the December Quarter Return. Form No.33 should have been rendered for them in September and this was not done, the attached, therefore, will complete the September report.

With reference to the missing applications and certificates of health, I have received the following report from the Reverend Principal:-

"I have your letter of the 25th instant, with regard to our December Quarter returns and the comments upon the same by the Department. With regard to the pupils whose Applications and Certificates of Health have not been received, I am working on these and hope to have them all in hand before the March Quarter. I have one or two completed now. There is no mail for instance into Kemano or Gardiner Canal and I just have to take chances on getting it in. I am enlisting the help of the Missionaries at other points and shall push the matter and forward these not later than the next Quarterly returns."

Your obedient servant,

J.C'M. Daunt.
Indian Agent.

Encl.

FORM 33

153-0-10.

Ottawa, April 10, 1937.

Dear Sir:

With reference to your letter of the 2nd instant, enclosing the March quarter return of the Cequaleetza Indian Residential School, you may inform the Principal that the admission of the following children is approved:

William Gus,
Clifford Jones,
Ida Modeste
Ruby Gertrude Pellard,
Arnold Tommy,
Lawrence C. Pellard,
Norma Kelly.

You may also inform him that the discharge of the following pupils is approved:

No. 590 - Billy Roberts,
" 637 - Vernon Jones,
" 770 - Campbell Smith,
" 783 - Patrick McMillan,
" 820 - Charlie " ,
No. 0563 - Dorothy Billy,
" 0493 - Lily George,
" 0566 - Violet Reid,
" 0570 - Violet Quocksister,
" 0598 - Florence Good,
" 0599 - Rosabelle Good.

The death of pupil No. 853, Alex Sam, is regretted.

RB. In letter dated January 20th, you were requested to inform Dr. Scott that no applications or certificates of health had yet been received for the following pupils: -

No. 837 - Geo. Ames,
" 843 - Job Paul,
" 851 - Claude Davidson,
" 857 - Philip Stevens,
" 858 - Billy " ,
" 0602 - Jean Elliott,
" 0605 - Agnes Grant,
" 0607 - Hazel Agau,
No. 0608 - Freda Peale,
" 0611 - Bernie Matthews,
" 0612 - Jean Adams,
" 0613 - Bernice Bright,
" 0618 - Martha Sam,
" 0623 - Muriel Collinson,
" 0626 - Alice Brown,
" 0627 - Phyllis Shaw.

Please remind Dr. Scott that the applications for the above children are still outstanding.

Yours truly,

A. O'M. Deane, Esq.,
Indian Agent,
New Westminster, B.C.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

File No.2-8-B.

NEW WESTMINSTER, B.C.
April End, 1937.

SIR:-

I beg to forward you herewith, Report received from Reverend R.C. Scott, Principal of the Coqualeetza Indian Residential School, for the Quarter ended March 31st, 1937.

You will note that I have had the Reverend Principal discharge all pupils who were carried over from the last quarter as being absent from the School. This brings the list pretty well up to date, and we seem to have succeeded in eliminating the large number of such doubtful cases as filled the list last year.

I am enclosing the following applications for admission, which have been outstanding:-

William Cox
Clifford Jones
Ida Modeste
Arnold Tommy
Lawrence C. Pollard
Norma Kelly
Ruby Gertrude Pollard.

Approved →

I understand from the Reverend Principal that there are still some to be obtained, but he assures me that he is doing all he possibly can to get them in.

Also Discharged Under

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

ENCLS.

Ottawa, May 7th, 1937.

Dear Sir,-

In view of the information contained in your letter of the 28th ultimo, the Department approves the transfer of Emma Adams and Ivy Duncan from the Kitamaat Indian Residential School to the Coqualeetza Indian Residential School. Payment of their transportation will be made on receipt from you of a properly certified voucher, in triplicate.

Yours truly,

Philip Phelan,
Chief, Training Division.

Ottawa, May 4th, 1937.

Dear Sir,-

The Department is in receipt of your letter of the 16th ultimo, with reference to the children of Mrs. Frank Jones of the Skidegate Indian Reserve.

In view of your recommendation, the Department approves the admission of Kenneth, Stanley and Laurina Jones to the Coqualeetza Indian Residential School on the understanding that they are physically fit. The usual application forms and certificates of health should be forwarded to the Department.

Yours truly,

Philip Phelan.
Chief, Training Division.

Massett, B.C.
April 16th, 1937.

Q.C.I.

15b/4125

Sir:-

I have just returned from a visit to the Skidegate Indian Reserve, where the subject, children goimg to the Coqualeetza Residential School was discussed at the Council meeting.

One case of neglected children was brought before my notice where there are five young children, this is a case of a broken home, the result being that the children are the sufferers, the mother in question is Mrs Frank Jones, and she wrote the Principal of the above School for admittance for three of her children, the Council asked me recommend to the Department the admittance of these Children (Kenneth 9 Years Stanley 7 years and Laurina 6 years) as soon as possible.

I investigated the above case the following day, and found conditions for the children very bad, the woman stating that Mr Jones sends very little to support them, so in view of the circumstances, I strongly recommend that the above children be sent to the Coqualeetza Residential School as soon as possible.

The Principal of the above School is willing to accept these children right away owing to the circumstances that exist at this home,

Your obedient servant,

B.T. Phillips

B.T.Phillips,

Ottawa, June 11th, 1937.

Dear Sir,-

The Department is in receipt of a letter from Dr. A. L. McQuarrie, in which he recommends that, as they are receiving treatment in the Coqualeetza Residential School preventorium, the following pupils should be allowed to remain for another year:-

No. 692 - Eddie Underwood
" 736 - Elmer Greene
" 777 - Chas. P. Wilson
" 759 - Wellington Morrison

You may inform the Principal of the Coqualeetza School that the Department will allow the usual grant for the above four boys during the academic year 1937-38.

Yours truly,

H. A. Moey.
Supt. of Welfare & Training.

File No.400-7-9.

NEW WESTMINSTER, B.C.
June 2nd, 1937.

SIR:-

It has been brought to my attention that there are four pupils in the Coqualeetsa Indian Residential School Preventorium, undergoing treatment, who will have reached the end of their school life at the conclusion of this year's school term.

The following children should be kept in the Preventorium for another year, so I would recommend that the Reverend Principal be allowed to continue carrying them, so as to give them a chance for complete recovery:

No.582 Eddie Underwood, 16 years, Saanichton Reserve, Cowichan Agency.

No.736, Elmer Greene, 16 years, Skidegate Reserve, Queen Charlotte Agency.

No.777, Charles P. Wilson, 16 years, Kemano, Bella Coola Agency.

No.759, Wellington Morrison, 18 years, Kitimaat Reserve, Bella Coola Agency.

Your obedient servant,

A.L. McQuarrie, M.D.

Ottawa, June 8, 1937.

Dear Sir,-

With reference to your letter of the 21st ultimo, the Department approves of George Williams being transferred from the Provincial Industrial School for Boys to the Coqualeetza Indian Residential School for a period of one year only. It is noted from Reverend Mr. Scott's letter that he will be placed in the shoemaking department.

Yours truly,

Philip Phelan.
Chief, Training Division.

SIR:-

I beg to forward you herewith, correspondence between the Reverend Principal of Coqualeetza Indian Residential School, and the Superintendent of the Provincial Boys' Industrial School, concerning the admittance of George Williams, an Indian boy from the Kitwanga Reserve, Babine Agency, to the former Institution.

As, apart from the nature of the offence for which this youth has been committed to the Industrial School, he is over seventeen years of age, the matter is passed to you for your consideration.

Will you kindly return the file with your reply.

Your obedient servant,

A.O'N.Daunt,
Indian Agent.

May 19, 1937

Mr. A.O'N. Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr. Daunt:

I am enclosing two letters from the Principal of the Provincial Industrial School for Boys, which are self-explanatory. I have really had good fortune thus far with problem cases and have had no trouble in a single instance. I have a boy in School now from Kitimaat who just escaped being sent up to Prince Rupert for trial on a case similar to this. We have the girls here too, who were involved at Kitimaat, and were sent in by Mr. Gillett the Agent; so that our experience has been favourable to help out in such cases. However, this lad is along in years a bit and he is also over sixteen. From Mr. Boyes' letter it would appear that the Department is desirous of sending this lad to a Residential School. We are graduating both our Shoe Making lads this year, so that this boy might fit in alright. I would consider taking him on the understanding set forth in the last paragraph of Mr. Boyes' letter of May 17th. If you think the Department would be agreeable I shall be glad of your advice in the matter. Please return the letters when you reply.

FROM THE DEPARTMENT'S STANDPOINT.

With all good wishes and thanking you I am,

Yours sincerely,

R.C. Scott

Superintendent,
Coquileetza Residential School,
Sardis, B.C.

Dear Sir:-

I have received a letter from Mr. S. Mallinson, Acting Indian Agent at Hazelton, in which he asks me to inquire as to the possibility of your school accepting a boy from here.

This lad, George Williams, has been here for over a year and it seems a shame to keep him longer. He has never given a bit of trouble, has become a real worker in the shoe shop and should be sent home. Unfortunately there appears to be no home and the department is forced to send him to one or other of its Indian schools. Apparently Alert Bay is crowded, hence the suggestion that I get in touch with you.

If you have room for George I shall be pleased to notify Mr. Mallinson to that effect and to secure his transfer to you.

Very sincerely yours,

F.C.B.

FCB/C. Principal.

R.C.Scott, Esq.,
Principal, Coquileetza Residential School,
Sardis, B.C.

Dear Mr. Scot$,

I was pleased to receive your letter and to learn that you might have a place for George.

The boy was seventeen on January 12 of this year. He was sent in on a charge of Carnal Knowledge, having to do with a fifteen year old Indian girl on the Kitwanga Reserve. He arrived here May 2nd, 1936.

Since the day of his arrival he has never given us a minute's trouble. He works well, plays hard and tends strictly to his own affairs. Naturally a quiet fellow he is learning to smile and even laugh on occasion and if he could see a place for himself when he leaves here I think he would develope even more rapidly.

In the event of your deciding to try him I want you to know that we would be prepared to take him back at a moment's notice should his conduct become unsatisfactory to you.

Thanking you for your interest in the lad, I remain,

Very sincerely yours,

A. E. Pierce

RECORDS

SIR:-

With reference to your letter, File 153-0-10, of May 28th, 1936, in which it was instructed that a number of specified pupils of the Coqualeetza Indian Residential school, having reached the age limit, should be discharged as from the school year-end now approaching, I beg to enclose herewith a long Report from the Reverend Principal upon this subject.

You will note that Mr. Scott is anxious to retain pupils No. 664 Elmer Pollard, 0480 Helen McMillan, 0562 Mabel Lewis, and 0430 Marjorie Wilson, for another year. These pupils come from distant Agencies. Wilfred Sam, of the Skulkayn Reserve, in this Agency, has a very poor home to go to, and would be the better of another year in the school, if possible to allow it.

Mr. Scott requests to be supplied with Forms of Graduation Certificates, and I would recommend that a supply of these be sent him.

Will you kindly instruct me with regard to these discharges, so that the necessary returns may be made next September.

Your obedient servant,

A.O.T. Daunt,
Indian Agent.

Ottawa, Canada

Dear Sir:

Referring to your letter of November 25th, 1936, File No. 153-0-10, containing a list of pupils of this School who were sixteen years of age, or more, for whose discharge you asked not later than June 30th, 1937, I beg to reply as follows:

No.542, Moses Leeson has already been discharged. I am now asking for the discharge of the following pupils at June 30th next. In the Remarks column, letters signify as follows:

F.& G. - Farm and Garden. M.T. - Manual Training, B.B. - Boat Building, - M.M. - Motor Mechanics, D.E.S. - Domestic Economy Senior, which includes Dress-making, Sewing, Cooking, Home Nursing, Laundry and General House work.

NO.	NAME	AGE	GRADE	REMARKS
515	Calder, Frank	19	XII	Finishing Jr.Matric. this year. Do not advise going further in High School.
570	Stokan, Franzen	18	VI	Very good, especially in F.&G. and M.M. Age limit.
616	Dick, Elmer	17	VII	Reliable pupil, good in M.M. and B.B.
633	Gladstone, Donald	17	VI	Fair student, but a big boy who ought to be out at work.
649	Smith, Jacob Brown	16	IV	Backward in Class Room. Good at F.& G. Has reached his limit.
652	Wilson, Sidney	17	VII	Fair pupil. Age limit.
654	Paul, Wallace	16	VII	Fair pupil, dependable, good at F.& G. Age limit.
676	Matthews, Chris	18	XI	Fine type of boy, but feel he has reached his limit at High School.
684	Angus, Gordon	18	IX	Very dependable. Good at F.& G. Age limit.
692	Underwood, Eddie	17	VI	Fine type of boy, but has been in Preventorium for a year. Health much improved. Discharge to wait for X-Ray report. Age limit.

REV. R.C. SCOTT, B.A.
Principal

Phones
SCHOOL ---CHILLIWACK 3602
RESIDENCE --CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

0430 16yrs (4) 0480 16yrs 0563 15yrs

I have not included one name in the Girls' list, which was mentioned, namely, Marjorie Wilson. I am very anxious to have this girl remain at School for another year. Her father and mother are separated, and she is not developed enough to stand up under the circumstances which are certain to confront her. She is good at Cooking, sewing and Home Nursing and is very anxious to return for a year's work in these departments. She got 73% in her Departmental work, and Iw would greatly appreciate it if the Department would allow her to remain in school next year.
The same is true with regard to Helen McMillan, and Mabel Lewis. I have included their names in the list, but both these girls warrant another year in Handicrafts, and have asked to be allowed to remain. I can heartily recommend this to the Department.
Regarding the Boys' list:
I have taken the libery to leave the name of Elmer Pollard off the above list, although it is on that submitted by the Department, but I have included names which were not suggested by the Department. 664 16yrs
Pollard is perhaps our best pupil. He is much interested in Navigation, and ambitious to get his papers so that he can be put in charge of Seine Boats or large Fish Packers. He has secured a place on the Seine Boat "Otter Bay" at Alert Bay for the summer and is most anxious to be allowed to return to Coqualeetza for one more year in which to take more Navigation, and Motor Mechanics, as well as his Class Room work. I cannot too highly recommend him for this course, and trust that the Department will allow him the privilege. I feel sure it will mean progress in actual fitting out for his life's work. 136 16yrs
The name of Elmer Green, has also been ommitted. This lad is bad with Tuberculous glands and is in our Preventorium. I feel that he should be allowed to remain until he has been "X" Rayed again at the end of this School year when the matter of his discharge can be taken up.
The same is true of Charles Price Wilson, but he is in better shape than Elmer Green, and so I have included his name for discharge, as I think the "X" Ray report will be favorable.
The above list embraces the names of 45 pupils, which is a big class to discharge in one year. However, I am in favor of graduating Sixteen year old pupils, with exceptions such as I have intimated above. Hence, I shall be glad to have the support of the Department in recruiting pupils to take the places vacated by these listed above, as suggested in their letter of Nov. 25th/36 mentioned at the beginning of this letter.
I shall write more fully on this matter in a few days.
I shall be glad if I might have Certificates, such as the Department issues to pupils graduating from Residential Schools, for the above pupils, in time ofr our closing exercises next month.
Trusting this is all in order, and assuring you of my desire to co-operate in all that will increase the efficiency of the School, I am,

Yours sincerely,
R.C. Scott
PRINCIPAL.

RCS/

P.S.

I find that I have not mentioned the name of Wilfred Sam. Both his parents are dead; he has no home, and conditions on his home Reserve are bad. He is slow in Class Room, but started late to go to School. He has done better this year than any yet, and if he had another year to get more experience in farming, and in M.T. I am sure it would be money well spent by the Department. I wouldgreatly appreciate it if this lad were allowed another year.

NOTE.—One or more of these forms should be forwarded with each quarterly return and full particulars should be given regarding all pupils either admitted or discharged during the quarter.

FORM 33

153-0-10.

Ottawa, July 21st, 1937.

Dear Sir:

I have to acknowledge receipt of the June quarter return of the Coqualeetza Indian Residential School.

In checking this return, it is noted that application forms and certificates of health have not yet been received for the following pupils, although you were requested in letters dated January 20th and April 10th to have Dr. Scott obtain the necessary application forms:

No. 837 - Geo. Amos (Kitimaat)
" 843 - Job Paul (Killopo)
" 0605 - Agnes S. Grant (Kitimaat)
" 0607 - Hazel Assu (Cape Mudge)
" 0608 - Freda Peale (Alyansh)
" 0618 - Martha Sam (Soowahlie)
" 0626 - Alice Brown (Masset)
" 0627 - Phyllis Shaw (Kitimaat).

Please request Dr. Scott to obtain and forward to the Department at once the necessary forms for the above pupils.

Please also request Dr. Scott to forward the usual application form and certificate of health for No. 862, Arnold D. Kelly (Sumas), who is shown to have entered the school during the June quarter.

Yours truly,

Philip Phelan,
Chief, Training Division.

A. O'N. Deunt, Esq.,

FILE 1-8-B.

NEW WESTMINSTER, B.C.
August 24th, 1937.

Department File No.153-0-10.

SIR:-

With reference to your letter dated the 21st of July, I beg to forward you herewith, application forms and certificates of health for the following pupils to Coqualeetza Indian Residential School:-

No. 843- Job Paul
" 862- Arnold D. Kelly.
" 0605- Agnes S. Grant.
" 0618- Martha Sam
" 0626- Alice Brown.

Captain Scott informs me that forms of No.837, George Amos and No.0607, Hazel Assu have not been received, although he has made every effort to obtain them. Form No.0608, Freda Peale only lacks the medical examination, and will go forward with the returns in September.

No.0627, Phyllis Shaw, is a transfer from the Kitimaat Girl's Home, and as Captain Scott says when a transfer is made from one School to another, it has not been necessary in the past to forward a new application form, therefore, he did not do it in this particular case.

Your obedient servant,

A.W.N. Daunt.
Indian Agent.

August 5th,1937.

Sir:-

I have the honour to enclose herewith Application Forms for the Coqualeetza Residential School at Sardis,B.C. also for St Michael's Residential School at Alert Bay,B.C.

I have three Application Forms at Skidegate,being filled in by the Doctor,~~namely~~ for the following children, George Greene: Pearl Collison: and Arnold Pearson.these are not included with the enclosed Forms,There are eight Applications altogether from Skidegate,as Capt Barry suggested in his report to send as few as Possible to the Residential schools from Skidegate,I have selected the most urgent cases with a note attached to each application.and a note referring to the above three children.

There are also ~~eight~~ nine applications from the Massett Reserve ~~x~~ selected as the most deserving,out of 25,I have attached a note regarding each case giving cause why they should be allowed to go,I have not been able to get the Doctors report on all of them,owing to the Families being away on the Fishing grounds.

As the Children have to be at school at the end of August,would you be good enough to advise me by wire,of your approval or otherwise,and if applications are returned I will complete same ~~to your Office~~ and return same to your Office,

R

Prince Rupert,B.C.,Sept.7th,1937.

Sir:-

I have the honor to transmit herewith x x x x x
and beg to report as follows:
x x x

A great deal of my time was taken up in connection with applications for admission of pupils into the Coqualeetza and Alert Bay Residential schools.

On account of the poor fishing season many parents were unable to pay for the transportation of their children returning to school, and assistance had to be given in deserving cases.

Rev. R.C.Scott, Principal of the Coqualeetza school arrived in Prince Rupert on the 27th inst. to collect returning pupils. Also two lady members of the Alert Bay school staff arrived for the same purpose. Special care is given in the selection of pupils for residential schools, deserving and necessitous cases being given first consideration.

September 10th, 1937.

Dear Sir:

I beg to say that I am forwarding by this mail, one of the Certificates which were issued to pupils of this School who Graduated in June last. This particular one, was wrongly inscribed. It is made out to Vesta Williams, and it ought to have read "Vesta Matthews". I wonder if a new one might be issued to this pupil? If it is sent to me, I shall gladly forward it.
Another of our Graduates, Gordon Robinson, who graduated a year ago but took High School work, Grade 10 last year, and is being discharged as from June 30th last, says he did not receive a certificate. I would greatly appreciate it if a certificate might be issued to him also.
This lad was one of our best pupils, and did well in his work last year. He might have continued with good hopes of success, but felt that seeing he was going out along with others of his village to fish, trap and hunt, that he might better get at his life work. His record all through his School life was good, and I am hoping that in time he will give effective leadership to his people along lines that will make for their betterment.
Thanking you in anticipation of these courtesies, I am,

Yours sincerely,
R.C. Scott
PRINCIPAL.

Sir:-

The Department is in receipt of your letter of August 27th enclosing application for the admission of Vina Dolores Clifford to the Cequaleetza Indian Residential School.

Please communicate with the principal and, if he is finding difficulty in obtaining sufficient pupils, to bring the pupilage of the Cequaleetza Residential School to the number for which grant is provided, the Department will have no objections to your sending Vina Clifford to the school.

If, however, the placing of her in Cequaleetza would mean that an Indian child would have to be refused, the girl should not be sent to the school.

Yours truly,

Philip Phelan

OFFICE OF
INDIAN AGENT

Hazelton, B. C.

August 27th, 1937.

Dear Sir,-

re - Application of Vina Dolores Clifford for Admission to the Coqualeetza Indian Residential School.

I enclose, for your consideration, an application for the admission of Vina Dolores Clifford, age 7, to the Coqualeetza Indian Residential School, Sardis, B.C.

There is no doubt that the father of this child was a Whiteman but his identity was never established.

The mother is an unmarried Indian woman who is constantly sick, having received hospital treatment several times this year. She has often obtained employment as a maid but could not hold a position for any length of time owing, mainly, to ill health.

The grand-parents have a grown-up family, all living at home, and are bringing up the children of a deceased daughter.

Your obedient servant,

S. Mallinson

Ottawa, September 4, 1937

Sir:

The Department is in receipt of your letter of the 24th ultimo enclosing letter from the Principal of the Coqualeetza Indian Residential School with reference to Jean Elliott.

As the Reverend Mr. Scott was previously informed, it is extremely doubtful if this girl should be considered as one of our wards. However, if Mr. Scott finds difficulty in obtaining sufficient pupils to bring the pupilage of the Coqualeetza School to the number for which grant is provided, the Department will not object to his retaining Jean Elliott for another year. If, however, her retention in the School would mean that an Indian child would have to be refused, she should be returned to her mother.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

August 21, 1937

Mr. A.O'N. Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr. Daunt:

Some time ago I wrote the Department with reference to Jean Elliott, daughter of Jack Elliott of Ladysmith, being allowed to continue at Coqualeetza as a grant earning pupil. I wrote a second letter with regard to this girl, but have had no definite reply from the Department. Their first letter advised me that this girl would have to be discharged from Coqualeetza as her father rated as a White man. I would like to make another plea for this child.

Her mother is an Indian of the Ladysmith Band, and the father is a half-breed who lives with his wife permanently at Ladysmith. I understand that his brother's children attend Kuper Island School. He is to all intents and purposes an Indian, and lives the Indian mode of life entirely. There is no School of any sort near their home at Ladysmith, either Indian or White, and it means that this child, who is an Indian to all intents and purposes, will be denied an education. I have room for her and if the Department could see its way clear, I would be glad to have her continue at Coqualeetza.

Trusting that it may be possible to keep this girl, and awaiting the reply of the Department,
I am,

Yours sincerely,

R.C. Scott

	0691 Alice Robinson,	Papers to be secured.

Re Edmund and Laura Eliott: These are the children of Norman Eliott of Ladysmith, and are not registered as Indians. Their Cousin Jean Eliott was of the same standing and the Department granted her permission to attend as a Grant earning pupil. She is in poor health and I have not asked her to return. Other cousins of the above children, are Indians of the Quamichan Band. They live the Indian mode of life, and have no school near them. I did not recruit them, but they came in along with other children from their area. I have room for them at the present and would appreciate it if they were allowed to attend as Grant earning pupils for the year.

No. 882 Is an ex-pupil of Alberni Residential School. The father and mother are separated, and the mother has looked after him from his childhood. She lives in Vancouver, on Powell Street. The boy ought to do well here this year. His mother cannot support him now that he cannot be taken care of at Alberni.

Nos 766 and 767, also 724 and 0563, are all re-admissions having been discharged for being absent more than three months. Under arrangement with the Department their way is clear to re-enter, without new Application Forms.

Trusting you will find all this in order, I am,

Yours sincerely,

R. C. Scott

REV. R.C. SCOTT, B.A.
Principal

SCHOOL——CHILLIWACK 1402
RESIDENCE—CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

Mr A.O'N.Daunt,
Indian Agent,
New Westminster, B.C.

October 11th, 1937.

Dear Mr Daunt:

I am enclosing herewith Blue Sheets for the September Quarter, and also Form 33 duly filled in. I am sorry to be late in getting these in, but my Office Assistant went to the Hospital quite suddenly at the end of the month, and then the Measles invaded us almost immediately, and I have had little time for office work. I trust you will find the records in order.

I beg to make application for the admission of the following Pupils:

BOYS

No's	865 Benjamin Paull,	No's	879 Reggie Smith,
	866 Herbert Bill,		880 Cyril Edgar,
	867 William Bob,		881 Joseph SiaWallace,
	868 Louie Bob,		882 Francis Thomas,
	869 John Bob,		883 John Wesley Dick,
	870 Edgar Green,		884 Stanley Howard Jones,
	871 Edmund Elliott,		885 Charles Franklin Jones,
	872 Arthur Cross,		886 Leonard Allen arnell,
	873 Edgar Brown,		887 Frank Dixon,
	874 George Morgan,		888 Philip Parnell,
	875 James Stevens,		889 Arnold Pearson,
	876 Stephen Barton,		890 Joseph Hans,
	877 Harvey Brooks,		891 Thomas Hans,
	878 Fred Moon,		

GIRLS

No's	0672 Lavina Tommy,	No's	0682 Dorothy Benson,
	0673 Teresa Tommy,		0683 June Wilson,
	0674 Violet Underwood,		0684 Irene Grant,
	0675 Laura Elliott,		0685 Violet Hall,
	0676 Emily Paul,		0686 Lydia Tommy,
	0677 Alice Doolan,		0687 Myretta Kelly,
	0678 Josephine Doolan,		0688 Leeta Roberts,
	0679 Lottie Smith,		0689 Fanny Hans,
	0680 Cora Watts,		0690 Elizabeth Abraham,
	0681 Emily Stevens,		0691 Alice Robinson.

I am enclosing herewith application Forms duly filled in for all the above pupils with the following exceptions:

No'	865 Benjamin Paull,	Not yet returned from the Agent.

Dear Sir:

In checking the September quarter return of the Coqualeetza Indian Residential School, it is noted that we have not received application forms for pupils Nos. 0607, Hazel Assu, and No. 0608, Freda Peale.

Please forward the necessary forms for these two pupils.

Yours truly,

Philip Phelan,
Chief, Training Division.

APPLICATION FOR ADMISSION

To the
Deputy Superintendent General
of Indian Affairs,
Ottawa, Canada

Skidegate Mission B.C. Sept. 15/37

Sir,—

I hereby make application for admission of the undermentioned child into the Skidegate Residential School *Residential School; to remain therein under the guardianship of the Principal for such term as the Department of Indian Affairs may deem proper:*

Indian name of child Da 891

English name Thomas Harry Hans

Age 12 years

Name of Band Haida

No. of ticket under which child's annuity is paid

Father's full name and No. Isaac Hans

Mother's full name and No. Kathleen Hans

Parents living or dead Yes

State of child's health

Religion United Church

Does applicant speak English? Yes

Previously attended Skidegate Mission school for 5 years

Isaac Hans
(Signature of Father)

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

Vera I. Gladstone R.N.
Signature of Missionary or other Witness

Note—If mother or guardian signs, agent must forward full explanatory note.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

B. F. Halliday
Acting
Agent

***Principal or other official of the school must not sign as witness.**

Note—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

153-0-10

Ottawa, November 15, 1937.

Dear Sir:-

Reporting on his inspection of the Port Essington Indian Day School on October 29, 1937, Inspector Barry recommends that Silas and Roy Innes be sent to the Coqualeetza Indian Residential School. He states that the father is dead and that mother is not giving proper care to the children and, as a result, their home life is hopeless.

In view of the above information, it is considered that it would be in the best interests of these children to place them in the Coqualeetza Indian Residential School. You should have them examined by a medical officer and if he pronounces them physically fit, you may arrange for sending them to Coqualeetza at the earliest possible date. Payment of their expenses will be made on receipt from you of a properly certified account, in triplicate.

You should, of course, forward application forms and certificates of health for the Department's file.

Yours truly,

Philip Phelan,
Chief, Training Division.

Reverend Sir:-

Indian Commissioner MacKay has brought to our attention the case of two sons of Robert Kelly of the Sumas Band. These boys are aged four and five, respectively, and have an older brother at present in the Coqualeetza Residential School.

Mrs. Kelly died on November 8, 1936, and there are no relatives who can look after these children.

If at all possible, the Department would like to place them in the Coqualeetza Residential School, even though they are under the regular age for admission. If you are willing to accept them, please advise Indian Commissioner MacKay at once.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

DEC 5
Ottawa

Dear Sir:

When making request for Certificates for pupils graduating from this school last June, I neglected to inform you of Magnus Henry, pupil No.754, whose name was added to the list after I sent it in to you. I wonder if it would be possible to have a Certificate sent forward for him. He has written in for it from Kitimaat, and I am glad that he feels that he ought to have one.

Thanking you in anticipation I am,

Yours sincerely,

R.C. Scott.

RESIDENCE—CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

March 30, 1938

Mr. A.O'N. Daunt,
Indian Agent,
New Westminster, B.C.

Dear Mr. Daunt:

I am enclosing herewith Blue Sheets for the March Quarter, which I trust you will find in order. I am also enclosing Form 33 asking for the Admission of the following pupils:

No.895-James Irwin Point
No.896-Kenneth S. Jones
No.897-Lawrence Jones
No.898-August Joseph
No.899-Silas Innes
No.900-Roy Innes
No.0657-Audrey Point
No.0658-Mary Joseph
No.0659-Vina D. Clifford
No.0660-Ellen Bennett

I am also asking for the Discharge of the following pupils;

No.724-Willie Sylvester
No.848-Donald Snow
No.0492-Ivy Smith
No.0534-Dorothy Smith
No.0603-Elizabeth Tait

Application Forms are enclosed for the following:

No.837-George Amos
No.865-Benjamin Paul
No.882-Francis Thomas
No.894-Andrew Charles
No.896-Kenneth S. Jones
No.897-Lawrence Jones
No.898-August Joseph
No.899-Silas Innes
No.900-Roy Innes
No.0652- Emily Hall
No.0658- Mary Joseph
No.0660- Ellen Bennett

This completes the number of Application Forms with the exception of No.895-James Irwin Point, No.0657-Audrey Point, and No.0659-Vina D. Clifford. These were sent in direct to the Department by the Agent. We have secured copies of the first two from the Agent at Vancouver and we are writing to the Agent at Hazelton for a copy of Vina D.Clifford's Application Form so that we may have our files complete. So far as our records show, we have now sent forward Application Forms for all new pupils to date.

Yours sincerely,

R.C. Scott

Bella Coola, B.C.
May 11th, 1938

RECEIVED 1938 RECORDS

Dear Sir,-

Mrs. Durnin, principal at Kitimaat, is desirous of having Beatrice Stewart transferred from Kitimaat Indian Residential School to Coqualeetza, in June next. I may say that Rev. Scott of Coqualeetza has room for her. I recommend that the transfer be made as the mother of the girl is dead, and I consider she is too young to go to the canneries in the summer without proper supervision. Two years ago there was an unfortunate experience, in similar circumstances.

Your obedient servant,

J.Gillett,
Indian Agent.

MAY 19 [illegible]

R.

Extract from Inspector Barry's report of May 4, 1938:

VICTOR ROBINSON Age 11 Grade 2
RICHARD ROBINSON Age 9 Grade 1A

The father of the above children is dead. The mother has gone back to live in her father's house, where there are now three families. There is no proper home conditions for the above named children. I understand that they are noted for Coqualeetza but do not know just why they should prefer that school. Any Residential School would be satisfactory.

EDNA WILSON Age 12 Grade 1B

The father is dead. The mother is living with a cousin (?) in a very poor home. This girl is recommended for St. Michael's School.

COQUALEETZA RESIDENTIAL SCHOOL

- Sardis, B. C. -

Report:-
January 18,/35.

THE VOCATIONAL TRAINING - GIRLS

The instruction the girls receive in Cooking is a very practical one; for many pounds of potatoes, vegetables, meats, fish, fruits, cakes, puddings and pies are prepared, cooked and served.

Four girls in the morning and four girls in the afternoon, with a change of time table once a month, makes it possible for a number of girls to receive this training, within the school year.

In Laundrying the girls are instructed in sorting, washing and ironing. Between two and three thousand garments pass through the hands of the seven or eight girls on duty, during the week.

The Manufacturing Department is becoming a place of interest, for, at least twenty distinctly different types of articles are made there during a school term. A girl's training culminates at graduation, for she is then supplied with new materials to make a complete set of clothes, including woolen material for a suit.

During the last year, the opening of a very small Indian Handicraft and Home Craft branch, was made possible by a $100.00 grant from the Indian Department at Ottawa. This work is under the direction of Miss Aust, Columbian College, and includes carding, spinning, dyeing, knitting and weaving of yarns into Cowichan sweaters, weaving and hooking of them into rugs, using symbolic native designs. They have also used commercial wools for knitting and for weaving on simple and more complicated looms. The result has been some well knit sweaters and berets, and artistically woven radio mats, purses belts and bandings. Into these latter articles they have woven canoe, whale, thunder birds, arrow heads, basket and totem designs.

Since last November the girls have been keenly interested and greatly encouraged through the kindly interest of Mrs. Scott, who has made it possible for them to have extra tuition in cooking. twice a week, two to to the Principal's Residence and receive careful direction along this line. This is an expansion very much needed.

VOCATIONAL TRAINING - GIRLS. Cont'd.

The girls of our Residential Schools need encouragement in housecooking, laundrying, etc., necessary in family life; not only encouragement, but made to realize that it is not just daily routine, but that it all has a worthy Scientific and Economic side, very much needed in home life, and especially the home life of their villages.

A Home Economic plant or building is needed and a qualified Instructor. This would make it possible for the girls to have a minimum of five periods a week for three years, along the social science of housekeeping and home-making, and graduate from the school with a diploma.

Miss E. MacKay - Lady Superintendent.
Capt. R. C. Scott - Principal

Report of Inspec. Barry re visit to Lac la Ronge in June, 17 to 18/35

Vocational Training:

Attached to this report are very full statements with regard to the Vocational Training at the school. Statements with regard to the Girls' Work, Manual Training, Boat Building, and Navigation were prepared for me at the school. Owing to the prevailing blizzard conditions and sub zero temperature while I was at the school, it was quite impossible to see as much of this work as I should have desired. It is possible that I shall have an opportunity of inspecting the Boat Building and Manual Training later in the year, if I visit the school to carry out Tests preparatory to the children writing the Provincial Entrance Examinations at the end of June.

The Navigation Class is a new addition to the activities of the school. The instruction given by the Principal ought to be of the very greatest help to the boys when they graduate and are engaged in the various types of boat work along our coasts.

It will be noted that the boat being built here is a 28 foot gill net or trolling hull. I am very glad to learn that the boys are doing the actual work. Little benefit is gained by the boys when the instructor does most of the work and the boys just watch or help with the rough work only.

The Vocational Training of the girls is receiving increased attention. I am in favour of the giving of instruction in the handling of the small home; but I could not recommend any extra grant at present for this, as there are so many things badly needed in the school and mentioned in other parts of this report. I believe that it would be perfectly possible to have a few of the girls at a time attend to the cooking Etc. in the Principal's Residence, as is now being done, and that possibly this could be increased a little to cover the preparation of Staff meals Etc. as apart from the general work of the school. This or something very like it is being done, and I am of the opinion that this training must suffice for the present. The work in Weaving, Etc is proving a success.

Fire Protections: Fire drills are held regularly. It was of course quite impossible to hold such a drill during my visit to the school. The temperature was about six degrees below zero and there was a snow blizzard most of the time. Under these conditions to have attempten a Fire Drill would have been to expose the children to grave danger.

Dormitories: The general condition of the dormitories is quite satisfactory, as far as neatness, state of beds, floors, Etc. The dormitories located towards the front of the school were far too cold, even with the steam full on. The wind and snow make their way around the window frames. It is very necessary that something be done to remedy this state of things during the 1935 vacation period. It would be hard to exaggerate the adverse conditions under which the school was being carried on at the time of my inspection. It was found quite impossible to hold a conference with the Principal in his own office even with the steam heat full on and an extra electric heater working. The wind was blowing right into the room, and we had to retire to the office of the Lady Superintendent at the back of the building. The Department is taking a very grave risk of loosing a number of children through illness resulting from exposure to adverse health conditions during the winter at this school under present conditions. The failure of the heating plant is reported on again under the heading of Boiler Room.

Report:-
18th, January, 1935.

NAVIGATION CLASSES.

- Capt. R. C. Scott - Instructor -

Expense for equipment for these classes, the Department agreed, should be taken out of the grant of $600.00 for Boat Building Supplies.

A Compass, Parallel Rulers, Dividers, a Set of Charts and 18 copies of Rules of the Road have been secured at a cost of under $30.00.

Fifty-eight boys have been enrolled and two classes a week are held, one for the High School Students, and one for the Intermediates and Seniors. The course embraces a working knowledge of the Compass, laying of Courses, applying Deviation and Variation, familiarity with Signals, Buoys, Chart Reading and the Rule of the Road at Sea.

The boys seem greatly interested and the aim of the course is to help them to handle their own boats intelligently and to give them the rudiments of Navigation and Seamanship, which would make possible a start towards responsible positions upon boats for Fishing or S.S. Companies.

The assistance of the Department in providing equipment is much appreciated.

Capt. R. C. Scott,
Principal

COQUALEETZA RESIDENTIAL SCHOOL

- BOAT BUILDING -

Report:-
18th, January, 1935.

Through the kindness of the Department in granting $600.00 for materials, we have been able to begin a course in Boat Building this month (January, 1935).

The Instructor is Mr. R. Huddleston, formerly of the Sea Craft Boat Works, New Westminster, B. C. Mr. Huddleston is thoroughly trained and seems to have the knack of getting the boys to do the actual work under his supervision.

The Course will include building a 28' Fishing Boat, suitable either for gill netting or commercial trolling, and later on, two row-boats. Twelve boys are engaged, six in the morning and six in the afternoon, and each shift gives them three hours of continuous work. The work is laid down from a plan drawn by Mr. A. Halliday of Vancouver, a Marine Architect of long standing, and each class is instructed in what work may have been done by the other group, before going on with their own shift. This is a practical effort to make possible enlarged usefulness, with profit to the boys concerned and we feel that the Department will be well repaid for the initial outlay.

The salary of the Instructor, is, for the time being, paid by the school, out of Per Capita Funds, tut it is hoped that, providing the work done is worth while, the Department may see its way clear to relieve the school of this item. Future work will depend upon our being able to sell the boats produced, so as to buy materials for further boats. It is not, of course, proposed to go into such production on a larger scale than may be necessary to give the boys adequate instruction.

Mr. R. Huddleston - Instructor
Capt. R. C. Scott - Principal

COQUALEETZA RESIDENTIAL SCHOOL

- Sardis, B. C. -

Report:-
18th, January, 1935.

REPORT OF MANUAL TRAINING DEPARTMENT

The Manual Training course is divided into four divisions. The first, or elementary division gives a rudimentary knowledge of the bench tools and their use and care, demonstrated through a series of twelve exercises or models, such as small brackets, pot stands, etc. This embraces such operations as planing, sawing, chiselling and boring. Coupled with this, is the theoretical part, with the drawing of the models, printing and notes on the tool operations and assembly.

The secondary division is a continuation of the first, only following a more detailed course of models, with additional theory and drawing practice. The models range from a simple bench hook to small stools, trays, lamps, etc. Construction of these models employs a variety of joints such as butt, dado, mitre and mortise and tenon. Also tool operations as rabbeting and grooving. Finishing of models both painting and staining are introduced.

The third division branches into rural and farm projects, including milking stools, single trees, double trees, harness hooks, ladders, saw horses, etc.

The fourth division is a study in elementary cabinet making and involves table construction, frame construction, cabinet construction, door construction and drawer construction. The use, care and safety of machine operated tools are brought into this division. Elementary spindle turning on the lathe, is also a part of this division. The theoretical section deals with furniture designs and elementary drafting practices are introduced.

Mr. George Williams - Instructor.

Sir,

I beg to refer to your voucher No. 1050 dated March 13th, last, amounting to $4.65, in favour of Pilkington Brothers (Canada) Limited. The voucher was prepared in favour of this firm and attached to the voucher was the account certified by the Principal of the Coqualeetza School. There was nothing to show that the account had been paid by the Principal.

Cheque was issued, and it has now been returned by Pilkington Brothers, who state that the amount had already been remitted to them by the Principal of the Coqualeetza School.

You should point out to the Principal that extreme care should be exercised in presenting accounts. When these are paid by him, he should obtain receipted accounts, in triplicate, which should be handed to you, and the voucher should then be prepared in his favour.

Your obedient servant,

A. F. MacKenzie,
Secretary.

MAY 1 19
RECORDS

The Secretary,
Department of Indian Affairs,
OTTAWA, Can.

Dear Sir:

Your letter No. 153-0-11, under date of April 25th, 1935, came to hand today, re the grant towards salary of an assistant Manual Training Instructor at the Coqualeetza Residential School, as taken up by Mr. Scott, Principal, in the Department on April 24th, and we wish to express our appreciation of the assistance the Department is granting us in this respect, namely a grant of $40.00 per month on salary.

We shall render all accounts, certified, and in the manner required, in connection with the above grant.

With all good wishes, and again thanking you for this favor, I am,

Yours sincerely,

/EM

Ottawa, April 25, 1935.

Reverend Sir:

Referring to conversation while you were in the Department yesterday, regarding a grant towards salary of an assistant manual training instructor at the Coqualeetza Indian Residential School, I have to inform you that the Department will allow a grant towards salary at the rate of $40 per month. You should render certified accounts, in triplicate, in the usual manner, for the grant due.

Your obedient servant,

D. C. Scott
Secretary.

Rev. R. C. Scott, B. A.,
Principal,
Coqualeetza Residential School,
S a r d i s,
B. C.

Ottawa, April 5, 1935.

Sir:

Since writing you on the 1st instant regarding Pilkington Brothers' account of $4.65, another letter has been received from the firm in which they state that they returned the cheque through error, as they have found that the account had not previously been paid. Another cheque is, therefore, being forwarded to Pilkington Brothers in payment of their account.

Your obedient servant,

A. F. MacKenzie,
Secretary.

28 FOOT -------- GILL NET -------- TROLLER.

TRUNK CABIN ---- WHEELHOUSE ---- RAISED DECK.

COMPROMISE STERN.

Length (over all) 28 Ft. - Beam, 7' 3".

MATERIALS USED IN CONSTRUCTION:-

Keel Assembly Sided to 4 inches Net.

Keel -- 4" X 8" Fir. Keelson -- 3" X 6"
Stem, Keel Shoe and Guards ----- Gumwood.
Ribs -- 1" X 1½" Oak, spaced 7".
Planking -- 1" full, edge grain red cedar.
Sheer and Bilge Stringers --
2" X 4" Fir, full length, bolted to every rib.
Deck -- 1" Caulked.
Cabin and Wheelhouse -- 10 oz. Canvas covered on paint.
All hull and house work strongly fastened with all Galvanized fastenings.

Net Hatch, 5' 11" long, extending forward from rudder post to Fish Hold, the latter being 4' 9" long, and having water tight Bulkheads each end.

Cabin length, 9' with 5' 9½" head room. Four dropping windows. Wheelhouse head room, 6' 2".

Hull well caulked, puttied and finished with good Marine Paints and Varnish.

Rudder, with Skeg, carried aft of same up to Horn Timber, to avoid fouling nets. Iron half round Stem Band, overlapping and set flush with bottom face of keel shoe.

DESIGNED by T. Halliday, Naval Architect.
Vancouver, B. C.

BUILT at COQUALEETZA INDIAN RESIDENTIAL SCHOOL,
Sardis, B. C.

Dear Mr. Beaton,-

I have your letter of the 21st instant, with reference to Inspector Barry's report regarding manual training work at the Coqualeetza Indian Residential School. In view of the very definite information supplied in your letter, no further action will be taken at the present time.

Yours truly,

J. D. Sutherland.
Acting Supt. of Indian Education.

O t t a w a, Ontario.

December 21st,
1 9 3 5.

Dear Mr. Sutherland: Re: Manual Training, Coqualeetza School

I have read the extracts from Inspector Barry's report, enclosed in your communication of December 11th, with a good deal of interest, and my first reaction is one of surprise that Mr. Barry should have been inspecting this school for five years without having discovered before what he is reporting at the present time. There is absolutely nothing new in the situation except for the fact that very decided improvements have been made since Captain Scott became Principal.

None of us is satisfied that the handicraft being taught either to the boys or to the girls at Coqualeetza is ideal, and yet it is only fair to the school to say that of all the residential schools belonging to our own or any other Church, visited by our Commission in May, Coqualeetza was the only one that had a manual training department worthy of the name.

I do not think it is necessary that I should attempt to deal with the details of these criticisms, but I would like to make one or two observations.

The Manual Training Instructor at Coqualeetza is a very highly qualified man and is working for less than half the salary that he could get teaching his own specialty in a vocational or technical school. He is genuinely interested in Indian design, art and crafts, and is probably, outside of Dr. Raley, the best authority in British Columbia to-day on that line. The designs and other work on the girls' side which Captain Barry commends - and quite rightly so - owe a very great deal to this man's investigations and suggestions. Like all specialists, he does tend too much to the manufacture of exhibition pieces, and does not give sufficient attention to the manufacture of the simple articles of home furniture which the boys should normally use after they graduate. It should be said, however, that very considerable improvement in that respect has taken place during the last year and that in the building and outfitting of the Preventorium the Department undoubtedly saved about $1,000 through the fact that the senior boys did most of the work under the direction of this teacher.

The teaching on the girls' side is just as weak from the same standpoint and is also in process of evolution. Their work in the making of Cowichan sweaters, kimonos, and other such articles, is indisputably excellent, but the amount of actual experience

Indian Affairs. (RG 10, Volume 6442, file 880-11, part 1)

Photocopy

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

they get in making the clothes that they will need for themselves and their children after they graduate, is less than in some schools with a much less elaborate programme.

I do not attach much importance to Mr. Barry's criticism of the manufacture of totem poles by the hundreds. There is plenty of excellent hand carving being done on totem poles at Coqualeetza. The lathe and saw being used in the manufacture of the cheaper ones are not so expensive but that any Indian boy could easily buy them for himself after a good fishing season, and there does not seem to me to be any valid reason why the Japanese should pre-empt the market for totem pole place cards and that type of thing, while the graduates of our residential schools go idle for half the year. So far as it's being a commercial venture is concerned, I think it can easily be demonstrated that it has never been profitable to the school. I place a fairly high value on it, however, as indicating to these Indian boys the type of thing they can do in their own homes in British Columbia between fishing seasons that will increase their income.

Personally, I regard the instruction which is being given in boat building as satisfactory. I think the electrical and radio course is excellent. The boys are getting a fine training in navigation. I do not know the reason why the department of motor mechanics is not now under the direction of the teacher who has been heading it up for the last two or three years. I sat through one of his classes on the occasion of my last visit to Coqualeetza and considered that as a mechanic and as a teacher he was far above the average. He was the owner of a fine garage and repair station in the neighboring town of Chilliwack and it may be that his own business has increased to the point where he finds it impossible to give any time to the school. I will write to Captain Scott and find out. I do know that the boys in the class which graduated in motor engine work last year were all competent to take down, repair, and put together two or three different types of boat engines.

After I have heard from Captain Scott, I will communicate with you again.

Thanking you for letting me see this report,

I am

Yours sincerely,

Kenneth J. Beaton

Ottawa, December 11, 1935.

Dear Mr. Beaton,-

I enclose, for your information, a copy of Inspector Barry's report regarding the manual training work at the Coqualeetza Indian Residential School.

As it appears from the Inspector's report that the manufacture of totem poles is more or less a commercial enterprise and, consequently, may bring some revenue to the school, the Department considers it advisable to communicate with you before writing the Principal. We are inclined to agree with Mr. Barry's conclusions that it would be better to discontinue manufacturing totem poles by machinery.

I would appreciate receiving your comments regarding Mr. Barry's report.

Yours truly,

J. D. Sutherland.
Acting Supt. of Indian Education.

E X T R A C T from Inspector Barry's Report on his visit to the Coqualeetza Indian Residential School on October 28, 29 & 30, 1935. - Original on File 153-0-6.

In the words of the Instructor "A separate branch is the Indian Handicraft Section. We are attempting to give a course on Indian designs, carving, totem poles, etc., using, as near as possible, the native coloring. [redacted] poles are made from photos, cuts, or drawings of authentic poles. The decoration of Manual Training projects is dealt with here, and carved or painted Indian designs are applied wherever suitable. We are treating this as a Commercial subject and are trying to develop a market for Indian Crafts. I would like to suggest that the Department recognise this branch and endorse it in the School Curriculum".

With regard to the work outlined in the words of the Instructor above, I wish to say that I consider the making of totem poles as it is done at Coqualeetza a complete waste of time. The poles are first cut out roughly by hand saw and then finished by the boys. Such poles are, the Instructor tells me, being ordered by the hundred as a commercial or quasi [redacted]rcial venture. The poles have a label attached when finished saying that they are Indian craftmanship Etc. To me the poles that I was shown appear very poor indeed. They are not much better than the rubbish sent to B.C. from Japan, and in fact the Instructor admits that the poles made at Coqualeetza have to compete with the article as made in Japan. From a Manual Training point of view the construction of totem poles, largely by machinery, would not appear to have any value whatever. Efforts are being made at Alert Bay Indian Residential School to teach the Indian boys to carve out the totem poles by hand, the Instructor being a well known carver of such poles, Charlie James. This activity at Coqualeetza appears to me a very poor activity started just because St. Michael's Alert Bay was making some splendid poles. I would ask the Department to have the making of totem poles in Indian Residential Schools BY MACHINERY or PARTLY BY MACHINERY stopped as soon as possible. I expressed to the Instructor my own personal dislike of such machine made totem poles, and also informed him that there was a wide spread feeling in the Province that the making of totem poles partly by machinery at Coqualeetza was a very great mistake.

It will of course be understood that I am anxious that genuine native craft work be encouraged in the schools. I have reported on this in other years. The work now being done by the girls, as mentioned on the last page under the girls' part of this report on Vocational Training, deserves every encouragement.

The High School course in Manual Training is a continuation of the Fourth Division and is along more technical lines. Lathe work and operations are here taught to all pupils. Furniture construction is the foundation of the course. The Vancouver Technical School Course is being followed to some extent at least.

I may say that I am not very well satisfied with the work now being done in the Manual Training Class here. The best thing I saw was the construction of a T.B. Preventorium. I consider that there are a number of articles needed in the classrooms which should be constructed by the M. T. Class before such foolish things as totem poles are made. The making of farm

equipment

PUBLIC ARCHIVES ARCHIVES PUBLIQUES CANADA

PHOTOCOPY

equipment such as that described in Division Three is an activity of use to the Indians.

x x x x x x x x x x x x x x x x x x x x x x x x x x x x x x

It is hoped to introduce an Electrical and Radio Course along the basic lines laid down by the Vancouver ~~XXXXX~~ Technical School. Students of such course will construct actual ~~xxxxxxxx~~ circuits from a simple bell circuit to the more complex wiring for houses. Automobile and marine wiring and ignition, dry cells, storage batteries, generators, and delco systems will be studied. If the necessary funds are available actual radio projects will be taught, from the simple circuits used in crystal sets to more advanced circuits. This will enable students to service and repair existing sets, or to construct sets of commercial value.

The above three paragraphs are taken from the notes supplied to me at Coqualeetza. I may say that I am in favour of instruction being given to the older boys in the actual working and repair of engines likely to be used by them in fishing boats. I consider however that the Instructor should be an outside mechanic, which would not appear to be the present intention at the school. When I reported on this work some two years ago an outside mechanic was employed. I certainly do not think that expensive equipment should be supplied by the Department. No doubt the Indian Agent will advise if necessary when the school makes requests for a grant for this work.

In general I would like to see the Manual Training and any added courses in Motor Engineering or Electricity take a very much more practical turn than is at present the case in the school. Highly finished cabinet work, totem poles made partly by machinery, and other work depending on machinery unlikely to be available in an Indian village would appear to me a waste of time. The actual building of a small fishing boat of from 24 feet to 26 feet or 28 feet is a worth while project, as such boats are used in the fishing industry. The Indians of the northern parts of the Province are very anxious that their boys should be taught to repair such boats and their engines.

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

MR A.O'N.Daunt,
Indian Agent,
New Westminster, B.C.

Jan.13/36.

Dear Mr Daunt:

Enclosed please find letter re the re-organization of our Motor Mechanics Department, along with list of tools for same. There are two items which may cause comment, namely the paint and the old engines for blocks. I may say that all the expense for lumber used in re-arranging these rooms, for building work benches, desks and seats cupoards etc has been supplied by the School. It has taken a good deal of paint as we had to paint the walls for about six feet up, all around and then the tables, work benches seats etc took a lot. I have really gotten it, and it is most of it used already, but I felt it wasfair to ask the Department for a part of the cost of re-arranging. It is going to make the department a lot more efficient, as well as afford room for a Chemistry "Lab.", lecture room for Farm work etc etc.
The old engines we have at present are useless for any practical purpose and the old car engines we propose to secure, will afford the boys a fine chance to actully work with gas engines. The marine motor differs only in weight, and, stroke etc etc, the principle is the same for both. I trust that the Department will see its way clear to give us this help, particularly as we are saving around $450,00 for salary of an instructor, as I mentioned before.
Although I have no idea that such a thing might occur, yet it is only fair to say, that if Mr Williams were to leave us, we might not be able to get a Manual Training Instructor who could do all the work he is doing, and it might be necessary to ask again for an outside instructor. However, we shall not borrow trouble, for I feel sure that if we had to distribute motor mechanics in a different fashion, I would be able to fall back on Mr huddlestone who is really a genius at working with machinery- in a practical way.
I am really away up the East Coast of the Queen Charlottes en route to Skidegate and Masset. I felt this was the psychological time to see these people. I shall not have the time later on, and they will soon be scattering to their trap line etc. I am sure the trip will work out well for the School. I am not yet prepared to drop this big Northern area for recruiting. It may come to that later, but for the present I feel it would not be right or advantageous either to the Indians or to the School.
With kind regards, I am,

Yours sincerely, J. R. Scott Principal.

Dear Mr Daunt:

Jan. 13/36.

Regret that I omitted to enclose this sheet with the other part of the letter written today. This illustrates engine parts for use of boys just starting in. All boys will take notes and make drawings, as well as do the practical work. This was not possible under the old arrangement as we had not the room or equipment, desks etc, with room for same.
I should also have asked for a piece of blackboard 4' by' 8' for this new "Class Room" and would be glad if you would add it to the list of supplies asked for.

Blackboard 4' X 8'

Yours sincerely,

G. R. Scott

153-0-11

Ottawa, July 13, 1936.

Reverend Sir:

I have your letter of the 4th instant, enclosing papers written at examinations set for the students taking a course in Motor Mechanics at the Coqualeetza Indian Residential School. These papers have been examined with interest. It is considered that a very practical training is being given - which will be of great benefit to the boys.

It is noted that you are writing the Department, through Mr. Agent Daunt, regarding the supplying of a small Deisel engine, for instruction and demonstration purposes. You should state the cost involved in the purchase of this equipment. When the Department receives this information, consideration will be given as to whether the engine can be supplied.

As requested, I am returning herewith the examination papers and note books. I would request that you express to the boys whose papers you forwarded the Department's appreciation of their work.

Yours truly,

Encl.

A. F. MacKenzie,
Secretary.

From CHILLIWACK PROGRESS, May 13, 1936.

Fine Boat Job By Boys At Coqualeetza

Thirty-five Foot Power Boat of Special Design For Local Waters

A very fine power boat [illegible] has just been completed by a dozen boys of Coqualeetza Industrial School, Sardis, under the supervision of R. Huddlestone, formerly of the Seacraft Boat Works at New Westminster. The boys are between the ages of 14 and 17, and the work has been done in four months under normal instructional conditions.

The boat might be termed a combined cruiser and speed boat. She is 35 feet long with a 9 foot six beam and is said to be the largest boat ever [illegible] in these parts. It will be [illegible] speed boat [illegible] There [illegible]

The Progress was [illegible] launching on Saturday as a credit to the boys and their instructor. A small rowing rowboat is in course of completion and will probably be used at the school's summer camp at White Rock this season. Training in this department requires that one boat of the type referred to and two rowboats be completed each year not as commercial undertakings but for instruction purposes only.

The boys at Coqualeetza are not only trained in building sea and water-going craft but also in power plants. Under George Williams the boys are taught the principles of gas engine construction and repairs. In this way they are, on leaving school, proficient in building and repairing boats, taking down and repairing engines, and in other mechanics associated with their work in home and [illegible] Attention on the manual training department has separated the machine shop from the classroom where navigation and chemistry in addition to motor mechanics are taught.

The Progress was [illegible] at the arts and craft department by Principal Captain Scott, where wool is carded spun into yarn dyed in colors procured from native materials the yarn being woven into mats Cowichan sweaters and other articles by the girls of the school.

Where nearly two hundred pupils are assembled precautions as to health are important. In this matter Captain Scott reports that results through the medium of the Preventorium established some time ago have been very gratifying.

EX'D.

Ottawa, February 26th, 1936.

Dear Sir,-

With reference to your No. 1-8-B of the 21st instant, you may inform the Principal of the Coqualeetza Indian Residential School that the Department will allow a grant of $100.00 a year towards the expenses of the instructor of Indian handicrafts.

Yours truly,

A. F. MacKenzie.
Secretary.

A. O'M. Daunt, Esq.,

153-0-11

File No. 1-8-B

New Westminster, B.C.
February 21st, 1936.

SIR:-

I have received a request from the Reverend R.C.Scott, for a revival of the Grant of $100.00, made by the Department in 1933, (Your File No. 153-0-11, to Doctor Raley, Dec. 24th, 1933.), as a refund of the expenses for an Instructor of Indian Handicrafts, at Coqualeetsa Indian Residential School.

Mr. Scott is having Miss Aust up every week-end from New Westminster, to do this work. She is an excellent teacher, knows her work, and gets along well with the girls.

She teaches them to card, spin, and to dye wool, using nearly altogether native dyes, and finally, the knitting of this heavy yarn into "Cowichan Sweaters". In addition, she does all sorts of other work, such as the application of Indian designs to blankets, bath robes, pillows, throws, etc. The girls from the North, who may not be so interested in knitting "Cowichan Sweaters", are taught the knitting of sweaters, mitts, socks, etc , using the ordinary manufactured wool, which they would have to rely upon in their northern homes.

This instruction is of as much value to the girls, in their future lives, as Manual Training and Motor Mechanics are to the boys, and if it is at all possible, I would most strongly recommend that the recognition and assistance asked for, be extended to this valuable form of training.

Your obedient servant,

A.O'N.Daunt,
Indian Agent.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

File No.1-8-B

NEW WESTMINSTER, B.C.
January 24th, 1936.

SIR:-

I beg to enclose herewith, a letter from the Reverend Mr. Scott, Principal of the Coqualeetza Indian Residential School, supporting an application for Motor Mechanic Tools etc., to the amount of approximately $194.00.

Until now the Department have refunded the School at the approximate rate of $450.00 per year for this tuition service, and it is now proposed to replace this service by a Member of the School Staff. The saving in fees, therefore, will more than offset the cost of the tools asked for, and which will, of course, be necessary, as the late Instructor largely depended on his own outfit for the instruction given.

Mr. Scott's letter is explanatory and I would recommend that authority be given to make the purchases specified.

Your obedient servant,

A.O'N. Lamont.
Inspector.

ENCLS.

INDIAN OFFICE

Jan.10th,1936.

Dear Mr Daunt:

I am enclosing herewith a list of tools which we would like if the Department would be good enough to give us,for our Motor Mechanics classes. I would like to point out that we would have had to ask for these tools in any case,even had we carried on as we did last year,but with the re-organisation which we have effected,we have saved the Department an expenditure of $45.00 per month,which,extended for the ten months of the School year,totals the sum of $450.00. Looked at from this angle,the expenditure for tools is fairly a moderate one.As I have just stated,even had we carried on as last year,with an outside instructor,we would have had to ask for these tools so that the boys might have had the opportunity of actually doing work themselves.

I might say that I found the former arrangement not just satisfactory. While Mr Edwards is one of the best mechanics in British Columbia,still he is a very busy man in his own Garage,and I found that the senior boys were loth to join up with his classes and in some cases were withdrawing,because they said they did not get anything new,they had covered the work in the first year or so.There was no definite curriculum,and again,much of the work Mr Edwards did himself,while the boys looked on.Of course, he was handicapped for the want of tools,and a different arrangement would have had to be made in this connection even had he stayed.

Under the new plan,the instruction will be given by Mr Williams our Manual Training Instructor,and I feel sure he can do the work.He is practical,and at the same time has had the training in teaching. Added to that he has worked out a curriculum based on that of the Vancouver Technical School.Pupils will follow that course,and will write exams similar to those of the Vancouver Technical School and will be able to get credit for such work if they wish to continue.This is a gain I think.It will give the exceptional student a chance to go on if he wishes,and it will give the entire class the benefit of following a definite line of instruction.Every boy will take machine drawing and theory, and will actually do repair work,such as making and fitting gaskets,valve grinding,bearing fitting etc,in a simple series of exercises covering both the two and the four stroke engines.

A sample page of the course is enclosed,the ten units covering approximately ten weeks.

As I have said, tools are necessary if the instruction is to be practical and of the best value,hence our request as enclosed. We propose too,to use our assistant manual training instructor, who is a thoroughly qualified boat builder,to instruct the boys in actual installation of engines in boats. An engine bed will be set up,and an actual installation made,in the work room.

We also plan to adapt truck engines from automobiles for use in fishing boats. This is actually being done by fishermen up the coast and is thoroughly practical and makes it possible for boys who might not have an outfit for years,to acquire one.Engine costs are prohibitive for the average boy. A truck engine can be secured for a "song",and can be adapted for boat use.This will be another distinct gain,we feel.

In asking for automibile engines,I might point out that this is done in all automotive instruction schools.The system is the same as that of the marine engine,and it is feasible to get old

SARDIS, B.C.

A.O'N.D.

CAR engines at the ridiculously low figure suggested, which will be quite good as "blocks" for instruction purposes, and it may be we shall be able to get engines which we may be able to adapt for use by some of these boys. Some day, we shall build and equip a boat with such an engine, as one of our Boat Building projects.
In keeping with this programme, I have changed the quarters of the boat building class to one of the other buildings, not at present in use, which will give more room. It also gives the room formerly used as a boat shop, to be used as a "School room" for Motor Mechanics. The boys under Mr Williams have done all the work. Formerly only one room was used, and benches were carried in and out each time the class was called. They were old and unsightly, and the temperary character thus given to the class, did not help to make the boys feel they were actually at school.
New tables have been made, and new benches built, the walls of the room, and the equipment just mentioned have been painted, and as a result we have a class room for Motor Mechanics where the boys can sit down comfortaoly and do their theory and get instruction along theoretical lines. The room formerly used for both, will now be used only for practical bench work.
I may say in closing, that this class room will also be used for a "Lab" for the chemistry work in our Grades Nine and Ten, and will fill a much needed part of our equipment if we are to continue to do High School work. This undertaking by Coqualeetza, by the way has also saved the Department a big item for fees. Last year fees amounted to just over $600.00. This year, it will be only about one fifth of that amount. The room will also be used for my Navugation classes. I had formerly to use the Assembly Hall, without tables or black board. Cupboards are provided in this new room, for each of these classes.
The lumber used in this new set-up has been secured out of School funds, we are asking only for the paint. I trust that the Department may see its way clear to grant us the request for tools, and for old engines for engine blocks. If our classes are to practical we must have these "blocks". The ones now in the room are practically worthless, and cost, much more than the ones we now propose to secure.
In deep appreciation of the aid the Department has given to the School and assuring you that we desire to be as helpful as possible in this mutual task on behalf of the Indian people, I am,

Yours sincerely,
R. C. Scott

PRINCIPAL.

RCS/

P.S.

Samples are enclosed of the first year course as proposed herein, and a sample drawing to be done by the boys, also list of tools asked for. I should have said too, that through our Manual training instructor, we have secured the loan for th next two months, of a marine gas engine, such as is usdd by most fishermen up the coast. It will be in operation "cut down" to demonstrate working of each part. Ppwer is secured through a small electric motor. The course will cover another two years, each one more advanced and based on the preceding one.
R. C. S.

VOUCHERS IN QUADRUPLICATE FOR THE EXPENDITURE IN CONNECTION WITH THE MANUAL TRAINING IN WOODWORK AT COQUALEETZA RESIDENTIAL SCHOOL SARDIS, B.C. FOR THE QUARTER ENDED JUNE, 1936. CERTIFIED RECEIPTED ACCOUNTS ATTACHED.

1936	No. of Voucher	Name	Amount
March 31	1.	Monkhouse Bros.	$ 1.35
April 13	2.	Henry Disston & Sons.	3.13
April 14	3.	Marshall-Wells B.C. Ltd.	5.36
April 16	4.	Marshall-Wells B.C.Ltd.	4.17
April 30	5.	Valley Lumber Yards Ltd.	51.10
May 14	6.	Fred C. Myers Ltd.	4.53
June 1	7.	H.K.Chalmers	15.00
June 30	8.	G.Williams, Manual Training Instructor	225.00
June 30	9.	K.Huddlestone-Ass't Manual Training Instructor	120.00
			$ 429.64

I hereby certify the above in quadruplicate, is a true voucher of the MANUAL TRAINING in woodwork expenditure of Coqualeetza Resident School, for the quarter ended, June 30, 1936. Further that the receipted vouchers accompanying this account are correct, the materials received in good order, the services faithfully rendered, and it is a fair and just charge on the Government of Canada.

MOTOR MECHANICS DEPARTMENT. Part One.

To Remove and replace a cylinder head.

JOB SHEET 1

Information : The cylinder head is bolted to the top of the block and acts as a cover for the cylinders.

Tools Kit--speed wrench--sockets--putty knife.

Method:

(1) Drain water from cooling system.

(2) Remove high tension wires and plugs; break water joints on cylinder head.

(3) Break loose cylinder head bolts and speed off with the speed wrench.

(4) Lift off head.

(5) Clean faces of head and block free of all carbon with putty knife,taking care not to fill bolt holes with carbon.

(6) Put new gasket in place taking care that all holes required are in gasket and that gasket is properly positioned.

(7) Start all bolts before starting to tighten any up.

(8) Spin bolts down snug and then cinch up,half a turn at a time,beginning at centre and working outwards in all directions.

(9) Replace plugs,connections and fill radiator with water.

(10) Start engine and allow to run for ten minutes.

(11) Tighten bolts down again after running.

Note: aluminum alloy heads are not retightened after heating.

Indian Affairs. (RG 10, Volume 6442, file 880-11, part 1)

MOTOR MECHANICS DEPARTMENT.

Part one :Unit 7

General topic: The Engine(continued)

Valve Arrangements.

The type of motor cylinder head is determined by the arrangement of the valves. There are usually two valves to a cylinder, one inlet and the other exhaust. The various designs of heads are called by letters, which resemble the shape of the valve heads and the centre line of the cylinders.

Poppet Valves

All valves shown are of the poppet type; that is the valves pop or work up and down, being opened by the camshaft and closed by a spring. The stem acts as the guiding part of the valve while the head prevents the gases leaking.

"L" Head

An "L" head or side valve engine arrangement as shown, the valves are side by side and placed to one side of the cylinder. The stems project downward so that they can be worked off the camshaft with a short push rod or tappet. This is a very popular design because of simple construction and quiet operating.

"T" Head.

This has a valve on each side of the cylinder, one the exhaust and the other the inlet. Two camshafts are used, one working the inlet valves, the other the exhaust.

"I" Head.

The "I" head or overhead valve engine has the valves arranged directly above the cylinders. The valves are inverted or upside down and are worked by push rods and rockers from the camshaft. The valves are placed in a line parallel to the centre line of the engine; the advantage claimed is better scavenging of the cylinder. Sometimes the valves are worked directly from a camshaft placed on top of the cylinder head in which case the engine is known as an overhead camshaft engine.

"F" Head.

A combination of overhead and side valve is used in this type. The inlet valve is overhead, while the exhaust is in the side. The side is operated by a tappet or push rod and the overhead by a push rod and rocker.

Side Valve

A section of a side valve is shown in place in the cylinder block. The valve head fits in a seat, the angle being 45 though 30 seats are occasionally used. The valve head and seat are made gastight by grinding the valve so that it fits closely to the seat. The combustion chamber is completely sealed when the valves are closed. If the gases leak when the valves are closed, the valves require grinding. The valve stems move in the guide,

Indian Affairs. (RG 10, Volume 6442, file 880-11, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

PHOTOCOPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

which is removable and is made of cast iron. The valve port or opening conveys the gas to or from the valve.

Overhead Valve

The overhead valve is shown in the section drawing. The cylinder head in this case forms the valve seat,and on removing the head the valves and assembley come away with the head,so that regrinding and cleaning are very conveniently done.

Side Valve Assembly.

The valve assembly is shown. The camshaft raises the valve, the motion being transmitted to the valve stem through the tappet. The valve is closed by the spring which is of sufficient strength to prevent the gases leaking when closed. The seat is formed in the block,access to the valves being gained by removal of the cylinder head.The spring acts on the valve through the retaining cup which is locked to the valve stem by split taper collars, or rectangular or round pins. The guide clearance on the stem is .003" which is necessary to prevent sticking of valves.

Tappet

The tappet and adjustment are casehardened and may be shaped in a variety of ways where it works against the camshaft. The common designs are shown,a disc tappet and a rollar tappet.

Valve Clearance

Is the space between the end of the valve when closed and the tappet adjustment when the tappet is on the rounded portion of the cam. This adjustment is very important and is made when the engine is hot. The clearance differs with engines from .004"-.006" When adjusting it is good practise to set one cylinder at a time over one valve open. When of course the other is fully shut and can be adjusted. The engine is then turned until the valve adjusted is open and the other one set.

Overhead Valve Assembly

The motion is taken from the non-adjustable tappet by the pushrod to the rocker. The rocker is pivoted above the cylinder head to give a downward motion of the valve when the push rod moves up. The valve retainer shown is of the horseshoe type. The wearing points are hardened and lubricated by oil pumped from the interior of the engine.

Clearance

The clearance is checked where the rocker meets the valve stem. It is adjusted by the screw and locknut on the end of the rocker arm. Clearance runs from .006 -.010".

Valve Heads.

There are two types of valves, mushroom valve and tulip-head valve. The mushroom head valve has a domed head of cast iron fitted on a stem of steel. The tulip head is concave or light-trap and is made in one piece from tungsten, silicon-chromium, cobalt-chromium or other heat resisting steel. Valves made of special steel have a high strength even at bright red temperatures.

Valve Seats

Most of the modern engines have valve seats of hardened steel or hardened bronze for the exhaust valves. These are either pressed or screwed into place in the form of rings, one for each valve. These special seats resist the action of the burning gases better than the seats formed in the metal of the block, thus getting rid the necessity of grinding valves so often. Shrinking the seats into place is the most popular method of fitting. The rings are placed in liquid air which has a temperature of -190 C. This contracts the rings so that they can easily be driven into the recesses, then as the rings heat up to atmospheric temperature the rings are pressed tightly.

153 0 11

SCHOOLS: I visited and went over the Coqualeetza Indian Residential School. I met Captain Scott this time, though I had missed him before. At the time of my visit there were 223 children in the school. (Ithink this must be 123, but I have 223 in my notebook). I did not see the children in any of the classes as it was Founders' Day and they were all having a holiday.

I also went over the Preventorium which is nearly completed, and which is filling a long felt want.

The Principal mentioned several things required at the school. For instance, they are going in for boot making in the same way as the Mission School has done. This, of course, includes repairs. He states that they require a stitching machine which costs $103.00. Further, in the Manual Training class they are concentrating upon boat building, and instruction in marine engineering and navigation. All of this is useful to the Indians boys at the school who will have to earn their living by fishing. They badly want an old Deisel engine for instructional purposes. They have an old gasoline one, but a Deisel is required. I should suggest that the Deisel engine out of the ~~ship~~ Naskeena be given to the school for instructional purpose and a new Deisel put in the Naskeena of the Skeena River Agency. As you know, I am expecting this engine in the Naskeena to give out in time the same as the one in the Duncan Scott, and with the constant repairs I believe it would be a saving to remove this engine before a serious breakdown occurs.

The Principal also informs me that some fencing is required. He showed me the fence which certainly does require renewal and re-erection. This will cost $60.00, and I recommend that this be done.

Further, the roofing of the school is badly in need of repair in various places, and an estimate should be obtained of what is required in this way.

I found everything else at this school clean and tidy and in every way satisfactory. The children looked happy and healthy.

Yours truly,

(Geo. S. Pragnell)
Inspector of Indian Agencies.

File No.1-8-B.

NEW WESTMINSTER, B.C.
April 20th, 1937.

SIR:-

I beg to forward you herewith, Voucher No. 1031 for $397.42, representing Manual Training expenses at Coqualeetza Indian Residential School, for the March Quarter.

I regret very much that this account should be so late, but we were unable to get it sooner, and the Reverend Principal tells me that the fault lay with the Marshall-Wells Company, from whom he was unable to obtain accounts.

You will note we have made numerous corrections in the accounts, which I trust are now in order.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

ENCLS.

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

Mr A.O'N.Daunt,
Indian Agent,
New Westminster, B.C.

July 26th, 1937.

Dear Mr Daunt:

I beg to enclose herewith vouchers in Quadruplicate for our Motor Mechanics Department expenditures. This has at times been included in the ManualTraining Vouchers, and at times has been sent in direct as in this instance. The Department has been good enough to allow those formerly sent in, and I trust that those now enclosed may be given favorable consideration.
The Water pump, from the Simplex Company, was to give us another working unit, for demonstration in class room work, and ultimately we hope to adapt this particular Motor for Marine work. Thus the boat building class will have some chance to do such work. The repairs were all for Motor Mechanics equipment and do not include those for ordinary School purposes.

Yours sincerely,

R. C. Scott

RCS/ PRINCIPAL.

P.S. The account for the Water Pump was not received until last week, and was not paid until that date. Otherwise it would have gone into the March Quarter.

Ottawa,
May 2, 1933.

Reverend Sir:

The following is an extract fro. the annual report of .r. I. B. Ashbridge, Indian Agent for the West Coast Agency:

"Due to existing conditions on the Coast making it imperative that Indians seek other than their natural source of livelihood, it is respectfully recommended that manual training and domestic science be conducted on more practical lines. At resent the girls are taught fancy sewing and are employed in kitchens, both admirable in their way, but they should be taught how to make fishing nets and the operation of canning machinery, also how to wash without the aid of electric washing machines, and the baking of bread without electric bakeries. They should also be taught simple home nursing, hygiene, and kindred subjects.

"Boys should be taught practical boat building and operation of marine engines. These Indians are natural mechanics and could very easily be taught under a competent instructor. Every year these Indians lose hundreds of dollars owing to shipping furs not properly prepared, and this art could be taught to advantage."

As you have a number of Indians from the Coast in your school I am bringing Mr. Ashbridge's suggestions to your attention. I expect that you will give these your careful consideration as their adoption would result in the pupils receiving the practical training that they require.

Rev. W. C. Scott,

H.Q.D.

Ottawa,
March 7, 1938

Dear Sir:

With reference to your letter of the 9th ultimo and previous correspondence in connection with the equipment surplus to requirements at the R. C. A. F. Station at Vancouver, B. C., I enclose Salvage Minute No. 10873 authorizing a transfer of surplus stores, as per list attached, to you.

When you take delivery I would appreciate if you would place a value on the equipment transferred to you and forward this information to me in order that I may notify the Salvage Officer. The estimated value of this equipment is simply required for record purposes.

You should distribute the equipment you receive to the Residential Schools where manual training is being taught and where you consider the equipment could be used to the best advantage. It is felt that the schools should be prepared to pay the cost of the transportation of these articles in view of the fact that they are obtaining them free of cost.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Ottawa, February 19,1938.

Dear Sir,-

Reference is made to your letter of the 26th ultimo, regarding the surplus equipment, Department of National Defence, at the R.C.A.F. Station, Vancouver, B.C.

I am now advised by the Director, Indian Affairs Branch, that his branch would like to secure any equipment still available for use in the Manual Training Classes of the Indian Residential Schools of British Columbia. Delivery would be arranged by Major McKay, Commissioner of Indian Affairs at Vancouver.

It would be appreciated if you would transfer to us any articles still available.

Yours very truly,

Chief Executive Assistant.

Principal

SCHOOL——CHILLIWACK 4602
RESIDENCE—CHILLIWACK 4607

COQUALEETZA RESIDENTIAL SCHOOL
SARDIS, B.C.

May 14, 1938

Mr. R.A. Hoey,
Superintendent of Welfare and Training,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada

Dear Mr. Hoey:

I have your letter of May 2nd in which there are quotations from the report of Mr.P.B. Ashbridge, Indian Agent for the West Coast, with regard to Manual Training, etc. for Indian children.

In reply I beg to say that we are endeavouring to bring Coqualeetza School more and more in line with the wishes of the Department, and I fancy we are having fairly good success along lines which will be of assistance to the graduates of this School in later life. Some fancy sewing is of course taught the girls, but we are laying more and more stress on making their own clothes. The carding, spinning of wool in preparation for knitting and weaving articles of clothing is taught. They are taught to use native dyes from hemlock bark, alder bark and onion skin, etc. We have what we call a Home Economics Kitchen a separate unit from the main Student Kitchen. Here the girls are taught to plan, prepare and serve a meal similar to one that would be served in the ordinary home. I may say that all our girls use the wash tub. We have no electric washing machines or electric bakeries. We also have a Home Nursing Class which is under the care of our School Nurse, who is a graduate Registered Nurse. Here the girls are taught Home Nursing, Hygiene, etc. In addition, our Senior girls are detailed to the Presentorium where they learn to take care of the dishes of sick persons. These are washed separately. We use different colored dish pans, different colored dish cloths, and in every way try to impress upon them the need for keeping such dishes separate. The girls also get training in the taking of temperatures and the preparing of meals for the sick, although we do not of course allow them to do any nursing where they would come into close contact with tubercular cases.

Our boys are getting a very fine training in Boat Building. We built two 35 foot boats last year, and we are completing a second one this year, 33 feet in length. I am enclosing a copy of the specifications and materials used for this boat. This is a boat similar to the ones used on the inside waters. Next year, all being well, we may build a 38 footer, which will be of heavier construction suitable for the off-shore fishing in which our Queen Charlotte Island Indians engage. I am thoroughly conversant with both these types of boats. For fifteen years I was on the Coast in inland waters in Mission work, and for four years I was stationed at Queen Charlotte in the Marine Mission Work. I have just returned from a trip to the Islands and other points up the Coast in the endeavour to bring the School into closer touch with the people, to keep

Indian Affairs. (RG 10, Volume 6442, file 880-11, part 2)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

PHOTOCOPY

www.collectionscanada.gc.ca

in touch with graduates and in every way help to make the influence of the School more effectual and permanent. While in Skidegate, I saw Vernon and Clifford Jones rebuilding an old hull. Both these boys had been trained in our Boat Building Shop. They secured this 36 foot hull which had been in disuse for a good while, put in a new keel, some new timbers, raised the deck combing, laid on some new planking and recaulked the whole hull. They were also putting a new forefoot on her, and had secured an engine which they were installingwithout any other assistance than that of their father. The father was greatly delighted, and thanked me for the help we had given these boys. It just means that they will have become independent. It was very encouraging to me, and I would like to thank the Department sincerely for the assistance which they have given us in making this training possible.

Our Manual Training classes are this year being conducted on much more practical lines. It will likely result in a somewhat less spectular exhibit, but I am quite sure that the boys will have gained greatly in knowledge that will be of practical use. Over a year ago I thought of the making and repairing of Fish Nets, and I had a young Cape Mudge fisherman under promise to come and give the boys training along that line. He was also going to show them how to rig up trolling outfits and give them some idea of how to use such gear at different depths and at different seasons of the year. However, he failed me, but I have it in mind for another year. I have myself conducted a Junior and Senior class in Navigation and Seamanship throughout the year. I have several senior boys going out this year to work on Seine boats, and I am quite sure the knowledge they have gained will be of great use. They are taught "The Rule of the Road at Sea", Compass and Chart work, some knowledge of the buoyage system, the laying of courses, and practical suggestions in seamanship are given. The Department of Marine is tightening regulations all the time, and these young men will need not only to have local knowledge in the future, but knowledge such as I have indeifated above which will make it safe for them to take their vessels into strange Coast waters. The traffic in such waters is increasing all the time.

I trust that you will see from this that we are endeavouring to cooperate with the Department in every way to give the pupils a training which will best suit them for after school life. I would say that about 75% of the pupils of this School make their living from the sea or from Coast industries. I trust that you will be reassured, and feel that the grants paid by the Department to this School are being expended to the best of our ability to produce results in harmony with the aims of yourself and other officers in charge.

At the same time, if there should be any criticism of the size of boats built at Coqualeetza, I trust that my twent years experience and my practical knowledge of what is needed, together with the fact that we have a thoroughly capable Boat Builder in charge, will be given due consideration. When we first began, there was a disposition on Inspector Barry's part to want us to build a 24 or 25 foot boat for fishing purposes. A boat this size would be simply worse than useless in the areas from which most of our pupils come. It might do on the Fraser River, but in Northern waters it would be hopeless. I should have said that we build from two to four Row Boats each year, using both the Carvel and Clinker built types. The entire programme of Boat Building however, is kept upon an instruction basis and not a productive one.

Mr. R.A. Hoey. May 14, 1938

I refused an order for twelve Row Boats last Fall after one Gentleman had seen the Row Boat we exhibited at the Vancouver Exhibition.

Again let me say how greatly I appreciate the assistance of the Department in this entire programme. It is very gratifying to me, and I shall always be glad to receive suggestions that will be helpful and make for progress. The letter of Mr. Indian Agent Ashbridge is quite timely.

Yours sincerely,

H.C. Scott

Ottawa, Canada.

Dear Mr Hoey:

For some time now, I have been thinking of writing you with regard to some assistance to one of our Graduates, Joseph Edgar of Clo'oose, on the West Coast of Vancouver Island.
This lad was a member of our Boat Building Class for the last -more than two years. Last Fall, Mr Huddlestone, our Boat Builder, thought it would be a good thing for each of his six boys to make a Model of a fishing boat; then I was to act as judge, and the best Model would be used as a pattern for a boat.
Each boy made a Model, and then I examined each one. There was not very much difference between most of them, but the one made by Joseph I chose because the lines were a bit better than those of any of the others. Of course I did not know who had mad it. Mr Huddlestone concurred in my judgement, but suggested one or two minor changes that would be an improvement.
Well, that was the boat which you saw when you made your visit last June.
I have had a letter from Joseph and one from his father, and they are both very anxious to have this boat. The father says, " in order to give my two boys a chance to make a few dollars". I know they need a new boat, and the fishing grounds they frequent-right out on the open pacific, demand the best. I have been nolding the boat at Four Hundred Dollars, as this would only give us the cost of materials, and allow a balance for replacement of tools and equipment etc. The Department gave us the money to get materials for our first boat, and then we sell, and re-imburse the School, and get more materials. This we must do in this case.
Joseph offers Two Hundred Dollars down, and the balance next year. It is a big order for him, and I have wondered if it would not be possible for the Department to make him a grant of One Hundred Dollars toward this boat. It is not more, perhaps, than they do for Graduates in other parts, and it would certainly be a great inspiration to this lad, and to others, for I would like to see other boys build their own boats. As I have said, this lad designed this boat, and worked on it right from start to finish, and I know it would do a lot to create a right sort of pride-that of craftmanship-if it were made possible for him to secure it for his very own.
I trust that you will give this request your earnest consideration, and if at all possible make a grant to this lad which will enable him to get this boat. I am quite sure that four hundred dollars is a big order for him. One the other hand we can easily sell the boat for Four Hunded as it is a fine seaworthy craft, but the more I think of it, the more I feel that a Hundred dollars invested in this lad would bring dividends in character and accomplishment in the years to come.
Thanking you for your interest and help at all times, I am,

Yours sincerely,

RCS/ PRINCIPAL.

Mr. R.A. Hoey,
Superintendent of Welfare and Training,
Indian Affaris Branch,
Department of Mines and Resources,
Ottawa, Canada

Dear Mr. Hoey:

This will acknowledge receipt of your letter of September 3rd, File:153-0-11, advising us of an arrangement whereby we may purchase Boat Building materials at a cost not to exceed $100.00 in connection with sale of our last years fishing boat to Joseph Edgar of Clo'oose, on the West Coast of Vancouver Island.

I beg to say that this boy and his father called at the School this week and put down the $200.00 in cash and they will take the boat away as soon as arrangements can be made.

I appreciate very much the consideration the Department has shown in this matter, and I am quite sure that Joseph and his cousin, Martin, will be materially assisted in their work as fishermen by acquiring this new boat. Both of these boys were in our Boat Building Class last year.

Again thanking you I am,

Yours sincerely,

R.C. SCOTT

153-0-11

Ottawa,
September 3, 1938.

Reverend Sir:

I am in receipt of your letter of the 24th ultimo with reference to the boat that was built by the boat building class of the Coqualeetza Residential School last year.

I note that you are prepared to sell this boat to ex-pupil Joseph Edgar for $400.00 -- $200 of this amount to be paid this year and the balance next year. I have further noted that you suggest that the Department make a grant of $100.00 to Joseph Edgar to assist him in meeting this year's $200.00 payment.

Very careful consideration has been given to your suggestion but present regulations would not permit our making a grant in the manner that you recommend.

However, the Department would be prepared to purchase materials for the boat building class at a cost not exceeding $100.00. This amount would be over and above any other purchases that we might be making for the Coqualeetza School. In this event you would accept $100.00 from Edgar this year and in addition would receive materials costing $100.00 from the Department. By handling the matter in this way we will not subject ourselves to any criticism from the Auditing Branch. You should, therefore, purchase material for the boat building class at a cost of $100.00 and forward certified accounts in triplicate.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Mr.A.O'N. Taunt,
Indian Agent,
New Westminster,B.C.

Dear Mr. Taunt:

Enclosed herewith please find invoices in quadruplicate for purchases of boat building materials up to the amount of One Hundred Dollars.

You may remember that I took up with Mr.Doey, the matter of some consideration being given to Joseph Edgar, a Clo'oose boy, who had designed and had helped to build a fishing boat suitable for use on the West Coast of Vancouver Island. In reply, Mr.Doey stated in the letter referred to in the Cover Sheet,of these invoices, that he would find it possible he thought, to make a payment of boat building materials to the amount of One Hundred Dollars.

As we have not had a Boat builder **until** recently, I was not able to get the list of materials to be actually used, made out. Now however, we have been fortunate enough to secure once more, the services of Mr... Pendleton, and we are all ready to begin work on a new boat. Part of the materials to be used will be those listed.

Consequently, it would appear that the invoice is in order, and I would be glad if you would forward it to the Department at your convenience.

Thanking you in anticipation, I am,

Yours sincerely,

R.C.SCOTT
PRINCIPAL

RCS/EW
Encl.

P.S.
I might say, of course, that in this way the boy will be able to buy the boat. We have already paid $200.00 down on it.

DATE 1941.	SERVICE	
March 4	To Compensation allowed for maintenance of tuberculous Indian patients in the Sardis Indian Preventorium during the month of February,1941, under authority of Departmental Letter, File No.153-0-25, dated October 15th, 1940. These Preventorium expenses were paid by Agency Cheque No.6225 from Department Advance Cheque No.016610 for $550.00. The total amount of accounts $496.92. Kindly expedite return of this cheque, so that it may be available to meet March expenses.	
	TOTAL	$496.92

I HEREBY CERTIFY that the above account is correct, that the materials have been supplied, the work performed and that the charges are due and payable, that the expenditure has been incurred legitimately and that each item of the same is a fair and just charge against the Government of Canada.

DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

FILE 1-7-C.

New Westminster, B.C.
March 11th, 1941.

SIR:-

I beg to report that I duly cleared the operation charges, in connection with the Sardis Indian Preventorium, for the month of February, and under date of March 4th, submitted Form I.A.181, attached to Agency Voucher No. 913 for $496.92, in favour of the New Westminster Indian Agency Trust Account.

The gross per diem cost was ninety-nine and a fraction cents per capita, which is very reasonable for the service rendered.

Statements of these charges, together with receipted bills from the various Firms, are enclosed, in duplicate, for your information, and records.

I shall be obliged if you will see that the $496.92 paid out, is returned in time to meet the March expenses. Whatever balance remains from the advance of $550.00, held by me, will be returned, with I.A.181, for March.

Your obedient servant,

encls.

H.H.Daunt,
Indian Agent.

The Secretary,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

23-1 25

1-7-C.

New Westminster, B.C.
March 11th, 1941.

SIR:-

I beg to report that I duly cleared the operation charges, in connection with the Sardis Indian Preventorium, for the month of February, and under date of March 4th, submitted Form I.A.181, attached to Agency Voucher No. 913 for $496.92, in favour of the New Westminster Indian Agency Trust Account.

The gross per diem cost was ninety-nine and a fraction cents per capita, which is very reasonable for the service rendered.

Statements of these charges, together with receipted bills from the various firms, are enclosed, in duplicate, for your information, and records.

I shall be obliged if you will see that the $496.92 paid out, is returned in time to meet the March expenses. Whatever balance remains from the advance of $550.00, held by me, will be returned, with I.A.181, for March.

Your obedient servant,

A.O'N.Daunt,
Indian Agent.

Encls.

The Secretary,
Indian Affairs Branch,

PLEASE QUOTE
FILE 1-7-C.

New Westminster, B.C.
April 14th, 1941.

SIR:-

I beg to report that I duly cleared the charges in connection with the operation of the Sardis Indian Preventorium, for the month of March, and under date of March 31st, submitted Form I.A.181, attached to Agency Voucher No.1037, for $515.09, in favour of the New Westminster Indian Agency Trust Account.

The gross cost, per diem, was 92 and a fraction, cents per pupil, which is very reasonable for the service rendered.

Statements of these charges, together with receipted bills from the various parties and firms, are enclosed, in duplicate, for your information and records.

The unexpended balance of $34.91, which remained from the $550.00 advance, after paying these charges, was returned to the Receiver General, on March 31st, so I shall be obliged if you will see that a new advance of a similar amount of $550.00, is sent here, in time to take care of the April payments.

Your obedient servant,

Encls.

A.O'N.Daunt,
Indian Agent.

NEW WESTMINSTER, B.C.
May 14th, 1941.

Department of Mines and Resources
Indian Affairs Branch
MAY 19
Ottawa

SIR:-

I beg to report that I duly cleared the operation charges, in connection with the Sardis Indian Preventorium, for the month of April, 1941, and under date of May 3rd, submitted Form I.A.181, attached to Agency Voucher No.60 for $514.92, in favour of the New Westminster Indian Agency Trust Account.

The gross per diem cost was ninety-five and a fraction cents per capita, which is very reasonable for the service rendered.

Statements of these charges, together with receipted bills from the various Firms, are enclosed, in duplicate, for your information, and records.

I shall be obliged if you will see that the $514.92 paid out, is returned in time to meet the May expenses.

Your obedient servant,

A.O'N. Daunt.
Indian Agent.

ENCLS.

The Secretary,
Indian Affairs Branch,

DEPARTMENT OF MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

Letter No. [illegible]

Office of the New Westminster *Indian Agency,*

June 4th, 1941. 19

Sir,

I enclose herewith Vouchers Nos. 153 [illegible],

amounting to $ 536.97 *in favour*

of New Westminster Indian Band Treasurer,
New Westminster, B.C.

for Compensation allowance for maintenance of tubercular Indian patients in the Curtis Indian Preventorium, during the month of May, 1941.

This expenditure was authorized by Departmental Allotment No. 20-199-879.

Letter No. 153-0-25 *dated* October 14th, 1941.

Your obedient servant,

Indian Agent

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,

OFFICE OF THE
INDIAN AGENT

CANADA
DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

153-1-15

FILE 1-7-C.

New Westminster, B.C.
June 13th, 1941.

SIR:-

I beg to report that I duly cleared the operation charges in connection with the Sardis Indian Preventorium, for the month of May, 1941, and under date of June 4th, submitted Form I.A.181, attached to Agency Voucher, No. 153, for $536.97, in favour of the New Westminster Indian Agency Trust Account.

The gross per diem costs were 99½ cents per capita, which is very reasonable.

Statements of these charges, together with the receipted bills from the various Firms, are enclosed, in duplicate, for your information, and records.

I shall be obliged if you will see that the $536.97 paid out, is returned in time to meet the June expenses.

Encls.

Your obedient servant,

A.O'N.Daunt,
Indian Agent.

The Secretary,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

DEPARTMENT OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH
21 1941
REGISTERED

NEW WESTMINSTER, B.C.
July 17th, 1941.

SIR:-

I beg to report that I duly cleared the operation charges in connection with the Sardis Indian Preventorium, for the month of June, 1941, and under date of July 4th, submitted Form I.A. 181, attached to Agency Voucher No.248 for $526.24, in favour of the New Westminster Indian Agency Trust Account.

The gross per diem costs were $1.06 cents per capita, which is very reasonable.

Statements of these charges, together with the receipted bills from the various firms, are enclosed, in dupaicate, for your information, and records.

I shall be obliged if you will see that the $526.24 paid out, is returned in time to meet the July expenses.

Your obedient servant,

A.C'N. Daunt.
Indian Agent.

Encls.

AUG 23 19[illegible]
REGISTERED

SIR:-

I beg to report that I duly cleared the operation charges in connection with the Sardis Indian Preventorium, for the month of July, 1941, and under date of August 2nd, submitted Form I.A.181, attached to Agency Voucher No. 335, for $531.78, in favour of the New Westminster Indian Agency Trust Account.

The gross per diem cost was $1.13 , per capita, which is reasonable.

Statements of these charges, together with the receipted bills from the various Firms, are enclosed, in duplicate, for your information, and records.

The amount of $531.78, expended, has already been refunded to the Trust account by the Department.

Your obedient servant,

Encls.

A.O'N.Daunt,
Indian Agent.

The Secretary,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

1-7-C.

NEW WESTMINSTER, B.C.
September 13th, 1941.

SIR:-

I beg to report that I duly cleared the operation charges in connection with the Sardis Indian Preventorium, for the month of August, 1941, and under date of September 5th, 1941, submitted Form I.A.181, attached to Agency Voucher No.397 for $529.59, in favour of the New Westminster Indian Agency Trust Account.

The gross per diem costs were $1.04 cents per capita, which is very reasonable.

Statements of these charges, together with the receipted bills from the various Firms, are enclosed, in duplicate, for your information, and records.

With reference to the account from Messrs. McLennan, McFeely & Prior Limited, Chilliwack, for one second hand Jasper range and hot water coil, this was to replace a stove removed from the Preventorium to the Alberni Indian Residential School by Reverend R.C. Scott. The expenditure was authorized by Major D.M. MacKay, Indian Commissioner.

I shall be obliged if you will see that the $529.59 paid out, is returned in time to meet the September expenses.

Your obedient servant,

for A.O'N. Daunt,
Indian Agent.

Encls.
